Kansas Development Finance Authority**

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, June 1, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the K DFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 000671—Maximum Principal Amount: \$140,000. Owner/Operator: Neil Popelka. Description: Acquisition of 160 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Neil Popelka and is located at Section 16, Farmington Township, Republic County, Kansas, approximately 5 miles north and 1 mile west of Narka.

The bond, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the K DFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the K DFA.

(3) Taxes associated with financing the operations. These taxes shall be allowed only as amortized cost.

(4) Special assessments on land for capital improvements. These assessments shall be amortized over the estimated useful life of the improvements and allowed only if related to patient care.

(5) Start-up costs of a new facility.

(A) Start-up costs may include the following:

(i) Staff salaries and consultation fees subject to the limitations specified in paragraph (b)(1);

(iii) is amortized over a period of 60 months or more;

(6) Expenses. Each cost that can be identified as an organization expense or capitalized as a construction expense shall be appropriately classified and excluded from start-up costs.

(7) Payments made to related parties for services, facilities, and supplies. These payments shall be allowed at the lower of the actual cost to the related party and the market price.

(10) Lease payments. These payments shall be allowed only if reported in accordance with the generally accepted accounting principles appropriate to the reporting period.

(1) The interest expense shall be allowed only if it is established with either the following:

(A) Any lender or lending organization not related to the borrower; or

(B) the central office and other related parties under the following conditions:

(i) The terms and conditions of payment of the loans are on arm's-length basis with a recognized lending institution;

(ii) the provider demonstrates, to the satisfaction of the agency, a primary business purpose for the loan other than increasing the rate of reimbursement; and

(iii) the transaction is recognized and reported by all parties for federal income tax purposes.

(2) Interest expense shall be reduced by investment income from both restricted and unrestricted idle funds and funded reserve accounts, except when the income is from restricted or unrestricted gifts, grants, and endowments held in separate accounts with no commingling with other funds. Income from the provider's qualified pension fund shall not be used to reduce interest expense.

(3) Interest earned on restricted and unrestricted industrial revenue bond reserve accounts and sinking fund accounts shall be offset against interest expense up to and including the amount of the related interest expense.

(4) The interest expense on that portion of the facility acquisition loan attributable to an excess over historic cost or other cost basis recognized for program purposes shall not be considered a reasonable cost.

(d) Central office cost. This subsection shall be applicable in situations in which the federally qualified health center is one of several programs or departments administered by a central office or organization and the total administrative cost incurred by the central office is allocated to all components.

(1) Allocation of the central office cost shall use a logical and equitable basis and shall conform to generally accepted accounting procedures.

(2) The central office cost allocated to the federally qualified health center shall be allowed only if the amount is reasonable and if the central office provided a service normally available in similar facilities enrolled in the program.

(3) The provider shall bear the burden of furnishing sufficient evidence to establish the reasonability of the level of allocated cost and the nature of services provided by the central office.

(4) All costs incurred by the central office shall be allocated to all components as a central cost pool, and no portion of the central office cost shall be directed to individual facilities operated by the provider or reported on any line of the cost report other than the appropriate line of the central office cost on any other line of the cost report outside of the central office cost allocation plan.
