Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Tuesday, July 25, in Room 108, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed rules and regulations of the Division of Personnel Services, Department of Administration, on a permanent basis.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Administration, 1000 S.W. Jackson, Suite 500, Topeka, 66612, or to Kraig.Knowlton@da.state.ks.us. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Faith Loretto at (785) 296-6006 or TTY (800) 766-3777. The north entrance to the Landon State Office Building is accessible, and handicapped parking is located across the street from the north entrance to the building.

Summaries of the proposed regulations and their economic impact follow. Note: Statements indicating that a regulation is "not anticipated to have any economic impact" or "is not anticipated to have any identifiable economic impact" are intended to indicate that no economic impact on the Department of Administration, other state agencies, state employees or the general public has been identified.

K.A.R. 1-2-46, Length of service, and K.A.R. 1-2-77, Retiree. K.A.R. 1-2-46 defines the term "length of service" and identifies certain types of work for the state of Kansas that are excluded from that definition, including time worked as a "temporary employee." Subsection (a)(1) of

K.A.R. 1- 2-46 is being amended to clarify that only time worked as a classified temporary employee in accordance with the provisions of K.A.R. 1-6-25 is to be excluded from length of service. Since this proposed amendment is merely a clarification and is not substantive, there will be no economic impact from this proposal.

Subsection (g) of K.A.R. 1-2-46 currently provides that "for purposes of leave accrual, layoff, and longevity bonus pay, the length of service of any retiree returning to state service" is to be reduced to zero and calculated on the same basis as that for a new hire. Amendments to subsection (g) of K.A.R. 1-2-46 are proposed in conjunction with the proposed revocation of K.A.R. 1-2-77, which defines the term "retiree." K.A.R. 1-2-46 (g) is the only place where the term "retiree" is used in the personnel regulations, so a specific regulation defining the term was determined to be unnecessary. In addition, revocation of the definition of "retiree" in K.A.R. 1-2-77 and the related amendment to subsection (g) remove a potential misreading created by a timing element contained in the definition of "retiree." However, the revocation and amendment would not change existing practices or the current application of those regulations. Therefore, the proposed revocation of K.A.R. 1-2-77 and the proposed amendments to K.A.R. 1-2-46 (g) will have no economic impact.

K.A.R. 1-3-5, Definitions; K.A.R. 1-3-6, Equal employment opportunity, affirmative action; and K.A.R. 1-9-18, Equal employment opportunity, affirmative action; discrimination prohibited. K.A.R. 1-9-18 is proposed to be revoked, and the contents of that regulation are being separated into two new regulations: K.A.R. 1-3-5 and 1-3-6. These proposed new regulations would be placed in Article 3, the title of which is to be changed from "Workforce Planning and Control" to "Equal Employment Opportunity and Affirmative Action" in order to emphasize the importance of these policies.

The provisions of K.A.R. 1-3-5 and 1-3-6 are substantially the same as those found in K.A.R. 1-9-18, but the requirements and terms have been updated to reflect the current terminology and practices of the state. In addition, existing provisions in K.A.R. 1-9-18 prohibiting discrimination have not been included in these new regulations since these prohibitions are covered elsewhere in state law, and the investigation and enforcement of discrimination actions are within the purview of the Kansas Human Rights Commission. Further, the list of characteristics on which employment decisions may not be based, as contained in the definition of equal employment opportunity in K.A.R. 1-3-5, would be amended by adding "military or veteran status" as another characteristic and by adding the phrase "except as otherwise provided by law" in recognition of specialized employment laws that provide for one or more of these characteristics to be a factor in certain employment decisions, such as the veteran's preference provided under Kansas law.

Because these new regulations do not contain new substantive issues or requirements and the prohibition with respect to discrimination remains in place elsewhere in state law, the revocation of K.A.R. 1-9-18 and the adoption of K.A.R. 1-3-5 and K.A.R. 1-3-6 are anticipated to have no economic impact.

(continued)

K.A.R. 1-5-8, Beginning pay. Under the existing provisions of K.A.R. 1-5-8, if authorization is given to one or more state agencies to provide a higher beginning pay rate for new employees in a certain class or geographical area, then each agency receiving that authority is to raise the pay of its current employees who are in the same class or geographical area to the higher beginning pay rate. Proposed amendments to K.A.R. 1-5-8 clarify the timing of this pay increase by stipulating that the pay increase is to take effect on the first day of the first pay period following the date on which the authorization for higher pay is granted. The proposed amendment makes it clear that the pay increase for incumbents need not be delayed until the agency fills the vacant position that serves as a basis for the request for higher beginning pay.

To the extent that this clarification results in agencies implementing the pay increases for incumbents somewhat sooner than they would if they read the current language as requiring a delay until the vacant position is filled, the salaries and wages expenditures of those agencies may increase minimally, and the incumbent employees would receive the pay increase more quickly. There will be no economic impact on the Department of Administration, state employees not in such classes, or the general public.

K.A.R. 1-6-2, Recruitment. K.A.R. 1-6-2 establishes minimum recruiting standards for vacancies in state agencies. The proposed amendment to this regulation expands the minimum recruiting standards by allowing persons who separate from state service due to a disability for which they receive disability benefits from KPERS or the U.S. Social Security Administration to be eligible to apply for all posted vacancies. This will provide these individuals with additional opportunities to be considered for state employment and is designed to enhance their ability to return to state service should they choose to do so. This amendment is not anticipated to have any measurable economic impact on the Department of Administration, state employees, or the general public.

K.A.R. 1-6-22a, Training classes. Currently, K.A.R. 1-6-22a provides that the duration of the training period served in a training class must be at least six months, but not more than 24 months. Proposed amendments to this regulation remove those standards from the regulation and replace them with language allowing training periods to be specified in written agreements between the director and the appointing authority of the agency in which the training class is used or, when a class is used by multiple agencies, by the director, after consultation with the affected agencies.

The qualifications of several professions, notably those in the surveying and inspecting industry, now require experience and training that exceeds the current limit on training periods. As a result, employees are forced to be considered full performance employees and elevated from the training class in which they were hired before they actually complete the certification, experience, and training requirements that are required of their occupation. The amendment will allow agencies with these types of occupations to accommodate their additional requirements within the state classification system.

As a result of this amendment, the employees in a small number of training classes for certain professions will serve a longer training period than they would have been required to serve under current language, thus taking longer to achieve permanent status and to move to the higher pay grade that coincides with moving from a training class to a full-performance class. This amendment will have no other discernible economic impact.

K.A.R. 1-9-7b, Military leave; voluntary or involuntary service with reserve component of the armed forces. K.A.R. 1-9-7b establishes the conditions and limitations for military leave involving voluntary or involuntary service with the reserve component of the armed forces. The primary amendment to this regulation is a proposed increase in the amount of military leave with pay available to eligible employees from 12 working days to 15. This increase is being proposed to recognize the armed forces' increased reliance on its reserve component for military initiatives as well as to bring Kansas into line with other states with respect to this type of leave. In order to ensure that the increase from 12 to 15 working days of paid military leave is implemented in an equitable manner, the amendments to this regulation will be effective on October 1, 2006.

This amendment will have a positive impact on employees called to active duty in that they will have three additional days of paid military leave to use before using their own accrued leave or military leave without pay. The employing agencies would be required to provide the three additional paid days of leave, which may result in additional expenditures for salaries and wages to the extent that affected employees may have otherwise used military leave without pay.

The remainder of the proposed amendments to this regulation are minor amendments that mirror the corresponding provisions of the Federal Uniformed Services Employment and Reemployment Rights Act (USERRA). These amendments will have no identifiable economic impact on the Department of Administration, state agencies or employees, or the general public.

K.A.R. 1-9-25, Alcohol and controlled substances test for employees in commercial driver positions, and K.A.R. 1-9-26, Pre-duty controlled substances testing for employees in positions assigned commercial driver functions. Currently, these regulations consist primarily of a restatement of the provisions of the federal regulations concerning alcohol and drug testing of applicants and employees in commercial driver positions along with provisions that establish a uniform, statewide standard for areas in which those federal regulations give employers some discretion. Proposed amendments remove those portions of the regulations already found in federal law. The amendments to these regulations do not change the existing policies in any way. Therefore, these amendments will have no identifiable economic impact.

Copies of the proposed regulations and the associated economic impact statements may be obtained from the Division of Personnel Services, (785) 296-4278, or at the following Web page: http://da.state.ks.us/ps/documents/regs/proposed.htm.

Notice of Hearing

The Kansas Department of Health and Environment has prepared seven Total Maximum Daily Loads (TMDLs) for streams in the Lower Arkansas River Basin that are impaired by not meeting state water quality standards for chloride and sulfate. These seven TMDLs complete the requirements of Kansas to develop TMDLs for impaired waters in the 12 river basins of the state by June 30, 2006. These requirements were established under a schedule dictated by an April 13, 1998 Court Decree between the state, the Sierra Club, the Kansas Natural Resources Council and the U.S. Environmental Protection Agency to implement Section 303(d) of the Federal Clean Water Act.

The seven TMDLs presented for public review are:

- 1. Arkansas River from Hutchinson to Maize Chloride
 - 2. Arkansas River from Maize to Derby Chloride
- 3. Arkansas River from Derby to Arkansas City Chloride
 - Upper Little Arkansas River Chloride
 - 5. Turkey Creek in McPherson County — Chloride
 - Cow Creek in Rice and Reno Counties Chloride
 - The Medicine Lodge River Sulfate

These TMDLs are available for review at the Kansas Department of Health and Environment TMDL Web site: http://kdheks.gov/tmdl/. Additionally, copies of the TMDLs can be obtained by contacting the Bureau of Water, Watershed Planning Section, at (785) 296-6170.

A public hearing to take testimony from interested parties will be held from 3 to 6 p.m. Wednesday, June 7, at the Kansas Department of Transportation Building, 1220 E. Fourth St., Hutchinson. The first portion of the hearing will be a briefing by the Watershed Planning Section outlining each of the seven TMDLs. The public record for these TMDLs will be held open until June 20. After reviewing the testimony and public comments, KDHE will make any appropriate revisions to the seven TMDLs and will submit them to Region VII of the U.S. Environmental Protection Agency by June 30.

Any individual with a disability may request accommodation in order to participate in the public hearing process and may request the proposed TMDLs in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting KDHE.

Requests or questions should be directed to Tom Stiles, Watershed Planning Section, KDHE, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367, tstiles@kdhe.state.ks.us, (785) 296-6170 or fax (785) 291-3266.

Settled solids are periodically removed and hauled to a construction and demolition landfill. Any makeup water needed is obtained from an on-site well. Domestic wastewater is collected in portable toilets and hauled to a KDHE-permitted facility. Although these facilities generally operate as nonoverflowing facilities, the general permit allows discharges of treated wastewater to surface waters of the state provided the discharge meets the limits in the general permit. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water-quality based.

Public Notice No. KS-GP-06-001

Public Notice of Draft Kansas Water Pollution Control General Stormwater Permit and National Pollutant Discharge Elimination System General Stormwater Permit for Stormwater Runoff from Industrial Activity

The Kansas Department of Health and Environment has prepared a draft general stormwater permit for industrial activity. This permit is a combined Kansas Water Pollution Control general stormwater permit and National Pollutant Discharge Elimination System general stormwater permit.

The permit is written primarily for stormwater runoff associated with industrial activity, addressing categories of facilities generally involved in materials handling, manufacturing, and transportation and/or production, as opposed to businesses more closely associated with providing services or trade at the retail level. Applicability is typically determined by comparing the facility's industrial activities and primary Standard Industrial Classification (SIC) code with the federal regulatory definition under 40 CFR 122.26(b)(14).

A general stormwater permit is provided for those entities engaged in similar activities and discharging stormwater of similar quality. A general permit is placed on

public notice once during the life of the permit and then is made available, without further public notice, to all qualified entities that meet the requirements of the permit. The permittees also are required to meet all other federal, state and local requirements.

The general permit requires the permittee to develop, implement and comply with a Stormwater Pollution Prevention (SWP2) plan. The SWP2 plan must contain certain items that are specified in the general permit, and the SWP2 plan must specify the "Best Management Practices" to be employed or what steps will be taken to minimize the contamination of stormwater runoff associated with industrial activity from the site.

Copies of all information, forms, reference materials and the general NPDES permit can be downloaded from the KDHE Stormwater Website at http://www.kdhe.state.ks.us/stormwater/index.html. Copies of these documents also may be obtained by writing the Kansas Department of Health and Environment, Bureau of Water-Industrial Programs Section, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before June 24 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-06-137/144, KS-06-071/072, KS-ND-06-011/012, KS-EG-006-024, KS-GP-06-001) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at http://www.kdhe.state.ks.us/feedlots. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

Doc. No. 033200

State of Kansas

Governmental Ethics Commission

Opinion No. 2006-10

Written May 17, 2006, to Karen L. Griffiths, Sebelius & Griffiths, LLP, Norton.

This opinion is in response to your letter of April 18, 2006, requesting an opinion from the Kansas Governmental Ethics Commission concerning local government conflict of interest laws, K.S.A. 75-4301 et seq. We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 75-4301 et seg., and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

You request this opinion in your capacity as attorney for the Norton Housing Authority (Authority), an agency of the City of Norton created pursuant to K.S.A. 17-2340 et seq. You state that the board of directors of the Authority hired an executive director in 2003 and a director of maintenance in 2004. The director of maintenance is the husband of the executive director. The minutes of the Authority's board of directors meeting on May 18, 2004 states that the board directly supervises the director of maintenance. The Authority has guidelines regarding nepotism in their personnel policy. The Authority's board

of directors adopted a waiver of their nepotism policy on May 18, 2004.

Your request is a result of issues raised by the Federal Department of Housing and Urban Development (HUD). HUD believes that there is a conflict of interest under K.S.A. 75-4301a because HUD interprets "business" under K.S.A. 75-4301a (b) to include the employment contract of the spouse.

Questions 1. Is it a violation of K.S.A. 75-4301 *et seq.* for the husband of the executive director of the Norton Housing Authority to be employed as the director of maintenance for the same Authority?

2. Does the hiring of a director of maintenance for the Norton Housing Authority constitute the making of a contract with any person or business which would be a conflict of interest under K.S.A. 75-4304?

Opinion

Regarding your first question, there are no statutes under the jurisdiction of the Kansas Governmental Ethics Commission that address or prohibit nepotism in the hiring of local governmental employees. The board of directors of the Norton Housing Authority hired a husband and wife to serve in different positions for the Authority. K.S.A. 75-4301 *et seq.* does not prohibit the hiring of spouses by the board of directors of the Authority.

Turning to your second question, K.S.A. 75-4301a (g) defines "contracts" to include "agreements for the performance of services." Additionally, K.S.A. 75-4304 states in pertinent part as follows:

- (a) No local governmental officer or employee shall, in the capacity of such an officer or employee, make or participate in the making of a contract with any person or business by which the officer or employee is employed or in whose business the officer or employee has a substantial interest.
- (b) No person or business shall enter into any contract where any local governmental officer or employee, acting in that capacity, is a signatory to or a participant in the making of the contract and is employed by or has a substantial interest in the person or business. . . .

K.S.A.75-4301a defines "substantial interest" in pertinent part as follows:

(a) "Substantial interest" means any of the following:

. .

- (2) If an individual or an individual's spouse, either individually or collectively, has received during the preceding calendar year compensation which is or will be required to be included as taxable income on federal income tax returns of the individual and spouse in an aggregate amount of \$2,000 from any *business or combination of businesses*, the individual has a substantial interest in that business or combination of businesses.
- (4) If an individual or an individual's spouse holds the position of officer, director, associate partner or proprietor of any *business*, other than an organization exempt from federal taxation of corporations . . . , the individual has a substantial interest in that *business*, irrespective of the amount of compensation received by the individual or individual's spouse. . . . (Emphasis added.)

It should be noted that this statute limits "substantial interest" to an interest held by an individual or individual's spouse in a "business." K.S.A. 75-4301a defines "business" as follows:

(b) "Business" means any corporation, association, partnership, proprietorship, trust, joint venture, and every other business interest, including ownership or use of land for income.

The Norton Housing Authority is a "governmental subdivision" as defined in K.S.A. 75-4301a (f). This Commission has consistently held that local subdivisions of government, including housing authorities, are not included in the term "business" under K.S.A. 75-4301a; and therefore, a "substantial interest" cannot be held in a local subdivision of government. (See Opinions 1995-17; 1996-6; 1997-37.) Thus, under the local government conflict of interest laws, neither spouse has a substantial interest in the Authority. Further, the board of directors of the Authority hired the director of maintenance. Assuming that the hiring of the director of maintenance constituted the making of a contract for purposes of K.S.A. 75-4304, that contract was made between the board members of the Authority and the director of maintenance. K.S.A. 75-4304 (a) would prohibit a member of the board of directors of the Authority from participating in making a contract with the director of maintenance if that board member had a substantial interest in the director of maintenance. Conversely, K.S.A. 75-4304 (b) would prohibit the director of maintenance from entering into a contract with the board of directors of the Authority only if a member of the board of directors who participated in making that contract had a substantial interest in the director of main-

In conclusion, it is not a violation of the local conflict of interest statutes for the husband of the executive director of the Norton Housing Authority to be employed as the director of maintenance for the same Authority. While the hiring of a maintenance director by the Authority may constitute making a contract under the local government conflict of interest statutes, under the facts provided, the making of that contract between the Authority's board of directors and the maintenance director does not violate K.S.A. 75-4301 *et seq*.

All revenue apportioned to a county shall be paid to its county treasurer and shall be credited to the general fund of the county.
- (b) (1) As an alternative and in lieu of the apportionment formula provided in subsection (a), all revenue received by the director of taxation from a countywide retailers' sales tax imposed within Johnson county at the rate of .75% or 1% after the effective date of this act may be apportioned among the county and each city located in such county in the following manner: (A) The revenue received from the first .5% rate of tax shall be apportioned in the manner prescribed by subsection (a) and (B) the revenue received from the rate of tax exceeding .5% shall be apportioned as follows: (i) Onefourth shall be apportioned among the county and each city located in such county in the proportion that the total tangible property tax levies made in such county in the preceding year for all funds of each such governmental unit bear to the total of all such levies made in the preceding year and (ii) one-fourth shall be apportioned among the county and each city located in such county, first to the county that portion of the revenue equal to the proportion that the population of the county residing in the unincorporated area of the county bears to the total population of the county, and second to the cities in the proportion that the population of each city bears to the total population of the county and (iii) one-half shall be retained by the county for its sole use and benefit.
- (2) In lieu of the apportionment formula provided in subsection (a), all money received by the director of taxation from a countywide sales tax imposed within Montgomery county pursuant to the election held on November 8, 1994, shall be remitted to and shall be retained by the county and expended only for the purpose for which the revenue received from the tax was pledged. - (c) (1) Except as otherwise provided by paragraph (2) of this subsection, for purposes of subsections (a) and (b), the term "total tangible property tax levies" means the aggregate dollar amount of tax revenue derived from ad valorem tax levies applicable to all tangible property located within each such city or county. The ad valorem property tax levy of any county or city district entity or subdivision shall be included within this term if the levy of any such district entity or subdivision is applicable to all tangible property located within each such city or county.
- (2) For the purposes of subsections (a) and (b), any ad valorem property tax levied on property located in a city in Johnson county for the purpose of providing fire protection service in such city shall be included within the term "total tangible property tax levies" for such city regardless of its applicability to all tangible property located within each such city. If the tax is levied by a district which extends across city boundaries, for purposes of this computation, the amount of such levy shall be apportioned among each city in which such district extends in the proportion that such tax levied within each city bears to the total tax levied by the district.
