**State Conservation Commission****Notice of Hearing on Proposed  
Administrative Regulations**

A public hearing will be conducted at 9 a.m. Wednesday, August 2, in the State Conservation Commission conference room, 109 S.W. 9th, Suite 500, Topeka, to consider the adoption of proposed permanent regulations of the State Conservation Commission's Multipurpose Small Lake Program.

This 60-day notice constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations. Comments may be sent to the State Conservation Commission, 109 S.W. 9th, Suite 500, Topeka, 66612-1299, prior to the hearing date. All interested parties will be given an opportunity to address their views during the hearing. The State Conservation Commission will consider all written and oral comments submitted by interested parties as a basis for approving, amending and approving or rejecting a proposed regulation.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Scott Carlson at (785) 296-6803.

The proposed regulations for adoption address the expenditure and accountability of State Water Plan Special Revenue Funds. The program is targeted to construction or renovation of an existing lake. Eligible sponsors as defined in statute include any entity with taxing authority

and right of eminent domain plus rural water districts and public wholesale water supply districts. As dams age, renovation is becoming an important concern. The amendments to the Multipurpose Small Lake regulations address renovation. The state needs to ensure the safe operation of lakes, protect investments, protect the environment, and extend and achieve the intended purpose of the structure.

The amendments to the Multipurpose Small Lake Program is a result of 2005 Kansas legislative action that directed the commission to amend Kansas administrative regulations under the authority of K.S.A. 2-1915 to receive and disburse renovation grant funds to address renovation needs for multipurpose small lakes. Many of these lakes have reduced water storage capacity due to sedimentation. These lakes can be used by municipalities for a significant public water supply. The program's grant renovation funds will be granted to eligible entities for removal of sediment, rehabilitation of structures and engineering fees. This program also may provide funds for lake inundation area mapping.

The proposed regulations considered for adoption consist of **K.A.R. 11-4-1 through 11-4-16**, excluding **11-4-5**. The economic impact of these regulations on other governmental agencies would involve costs associated with the processing of warrants to support the contract payment procedures of the financial assistance contracts with landowners. Also, costs would be incurred due to application review and research regarding dam designs and mitigation plans. County governments may experience potentially less infrastructure damages if flood structures are rehabilitated. Municipalities will incur less of a financial burden in the renovation of a small lake required for public water supply. The impact on private citizens statewide would be realized through state tax dollars expended on a financial assistance program targeted to eligible entities and dam owners aimed at lessening the financial hardship for public benefit. In targeted areas where this program is implemented, local citizenry may experience reduced flooding of private and public waters. Citizenry within an area served by a renovated lake used for public water supply may incur a reduced cost for water due to state funds assisting in the cost of small lake renovation and experience a more stable water supply. The program will enhance and/or protect the environment, protect cultural resources and reduce erosion. The Multipurpose Small Lake Program grant recipient would be impacted positively if receiving financial assistance for renovation assistance. The costs associated with small lake renovation would create an undue financial burden on dam owners if public assistance was not provided.

A copy of the full text of the regulations and economic impact statements may be obtained by contacting the State Conservation Commission office at (785) 296-3600.

## Notice of Hearing

The Kansas Department of Health and Environment has prepared seven Total Maximum Daily Loads (TMDLs) for streams in the Lower Arkansas River Basin that are impaired by not meeting state water quality standards for chloride and sulfate. These seven TMDLs complete the requirements of Kansas to develop TMDLs for impaired waters in the 12 river basins of the state by June 30, 2006. These requirements were established under a schedule dictated by an April 13, 1998 Court Decree between the state, the Sierra Club, the Kansas Natural Resources Council and the U.S. Environmental Protection Agency to implement Section 303(d) of the Federal Clean Water Act.

The seven TMDLs presented for public review are:

1. Arkansas River from Hutchinson to Maize — Chloride
2. Arkansas River from Maize to Derby — Chloride
3. Arkansas River from Derby to Arkansas City — Chloride
4. Upper Little Arkansas River — Chloride
5. Turkey Creek in McPherson County — Chloride
6. Cow Creek in Rice and Reno Counties — Chloride
7. The Medicine Lodge River — Sulfate

These TMDLs are available for review at the Kansas Department of Health and Environment TMDL Web site: <http://kdheks.gov/tmdl/>. Additionally, copies of the TMDLs can be obtained by contacting the Bureau of Water, Watershed Planning Section, at (785) 296-6170.

A public hearing to take testimony from interested parties will be held from 3 to 6 p.m. Wednesday, June 7, at the Kansas Department of Transportation Building, 1220 E. Fourth St., Hutchinson. The first portion of the hearing will be a briefing by the Watershed Planning Section outlining each of the seven TMDLs. The public record for these TMDLs will be held open until June 20. After reviewing the testimony and public comments, KDHE will make any appropriate revisions to the seven TMDLs and will submit them to Region VII of the U.S. Environmental Protection Agency by June 30.

Any individual with a disability may request accommodation in order to participate in the public hearing process and may request the proposed TMDLs in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting KDHE.

Firms not selected to be short-listed will be notified by letter.

A Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. **Kansas Long Range Transportation Plan**

**Scope of Services**

KDOT seeks to develop a SAFETEA-LU compliant Long Range Transportation Plan (LRTP) in which a variety of issues, ranging from system needs to future funding sources to address those needs, would be examined. It is anticipated that the LRTP process would take 12-plus months. KDOT intends for the LRTP process to be open and transparent and KDOT recognizes that stakeholder involvement is critical to developing and ultimately implementing a successful LRTP.

**Phase I:** Needs Assessment and National Scan. Phase I work centers on developing baseline information including:

1. Needs assessment to include system status and projected system needs (pavement, bridges, capacity and other modes), drawing on KDOT performance measure information and CANSYS information among other sources.
2. Demographic and economic trends information (including population growth and decline).
3. Freight analysis including impact to transportation infrastructure, ability of infrastructure to accommodate freight growth, and KDOT's policies and organizational structure to address growth freight volumes.
4. Review of state funding capacity.
5. Future state funding source options review. Scan at the national level for transportation funding trends and emerging approaches.
6. Review KDOT organizational and program structure for appropriateness for today's world.
7. Review the process and appropriateness of KDOT's delivery of local project programs.
8. National scan of LRTPs along with identification of best and innovative practices from other Departments of Transportation. KDOT intends for this effort to challenge our thinking and ways of doing business as we face the transportation challenges of the next 20 years.
9. Citizen/stakeholder communication and involvement. Results to Local Consult meetings held across the state in summer 2006 where communities identified their transportation needs will be included. Present results of Phase I at a statewide transportation summit. Identify state and national transportation issues and lead the discussion.
10. Develop Phase II work plan.

**Phase II:** Work centers on drafting recommendations for each component listed above, more extensive public outreach and development of the LRTP.

**Phase III:** Includes finalizing the LRTP and rolling it out to the public and stakeholders.

KDOT reserves the right to negotiate with the firm selected for Phase I work to conduct Phase II and Phase III work or seek another consultant.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

1. Size and professional qualifications;
2. experience of staff;
3. location of firm with respect to proposed project;
4. work load of firm; and
5. firm's performance record.

SENATE BILL No. 506

AN ACT concerning persons required to register pursuant to the Kansas offender registration act; providing for an annual driver's license or identification card; residency restrictions; juvenile offenders required to register; sexually violent predators; registration requirements; amending K.S.A. 59-29a02, 59-29a07 and 59-29a11 and K.S.A. 2005 Supp. 8-243, 8-247, 8-247, as amended by section 4 of this act, 22-4902, 22-4904, 22-4905, 22-4906, 22-4909 and 74-9501 and repealing the existing sections; also repealing K.S.A. 2005 Supp. 8-247, as amended by section 2 of 2006 Senate Bill No. 554.

WHEREAS, Subsection (a)(7) of K.S.A. 2005 Supp. 22-4902, and amendments thereto, shall be known and may be cited as Miki's Law: Now, therefore,

Be it enacted by the Legislature of the State of Kansas:

New Section 1. (a) Notwithstanding the provisions of K.S.A. 8-1325 and 8-1329, and amendments thereto, an identification card issued to an offender, as defined in K.S.A. 22-4902, and amendments thereto, who is required to register pursuant to the Kansas offender registration act, K.S.A. 22-4901 et seq., and amendments thereto, shall expire on the first birthday of the applicant following the date of original issue. Renewal of any identification card issued under this section shall be made for a term of one year and shall expire in a like manner as the originally issued identification card, unless surrendered earlier.

(b) Identification cards issued under this section shall be readily distinguishable indicating that such person is a registered offender.

(c) Identification cards issued under this section shall comply with all other provisions of K.S.A. 8-1324 through 8-1333, and amendments thereto.

(continued)

New Sec. 2. On and after the effective date of this act, cities and counties shall be prohibited from adopting or enforcing any ordinance, resolution or regulation establishing residential restrictions for offenders as defined by K.S.A. 22-4902, and amendments thereto. The provisions of this section shall expire on June 30, 2008.

Sec. 3. K.S.A. 2005 Supp. 8-243 is hereby amended to read as follows: 8-243. (a) Upon payment of the required fee, the division shall issue to every applicant qualifying under the provisions of this act the driver's license as applied for by the applicant. Such license shall bear the class or classes of motor vehicles which the licensee is entitled to drive, a distinguishing number assigned to the licensee, the name, date of birth, residence address, and a brief description of the licensee, a colored photograph of the licensee, a facsimile of the signature of the licensee or a space upon which the licensee shall write such licensee's usual signature with pen and ink immediately upon receipt of the license and the statement provided for in subsection (b). No driver's license shall be valid until it has been signed by the licensee. All drivers' licenses issued to persons under the age of 21 years shall be readily distinguishable from licenses issued to persons age 21 years or older. In addition, all drivers' licenses issued to persons under the age of 18 years shall also be readily distinguishable from licenses issued to persons age 18 years or older. On and after July 1, 2004, the secretary of revenue shall implement a vertical format to make drivers' licenses issued to persons under the age of 21 more readily distinguishable. Except as otherwise provided, on or after July 1, 2004, no driver's license issued by the division shall be valid until a colored photograph of such licensee has been taken and verified before being placed on the driver's license. The secretary of revenue shall prescribe a fee of not more than \$4 and upon payment of such fee the division shall cause a colored photograph of such applicant to be placed on the driver's license. Upon payment of such fee prescribed by the secretary of revenue, plus payment of the fee required by K.S.A. 8-246, and amendments thereto, for issuance of a new license, the division shall issue to such licensee a new license containing a colored photograph of such licensee. A driver's license which does not contain a colored photograph of the licensee as required may be issued to persons exempted from such requirement. Any such license shall be valid for the purposes of the motor vehicle drivers' license act and the division shall set forth upon such driver's license the words "valid without photo." Any person who is outside the state and for whom the division provides for renewal of the driver's license by mail is exempt from the requirement to have a colored photograph of such person placed on such person's driver's license. Any person belonging to a religious organization which has a basic objection to having their picture taken may sign a statement to that effect and such person shall then be exempt from the picture requirements of this section.

(b) All Kansas drivers' licenses issued to any person 16 years of age or older shall contain a form which provides a statement for making a gift of all or any part of the body of the licensee in accordance with the uniform anatomical gift act, except as otherwise provided by this subsection. The statement to be effective shall be signed by the licensee in the presence of two witnesses who shall sign the statement in the presence of the donor. The gift becomes effective upon the death of the donor. Delivery of the license during the donor's lifetime is not necessary to make a valid gift. Any valid gift statement executed prior to July 1, 1994, shall remain effective until invalidated. The word "Donor" shall be placed on the front of a licensee's driver's license, indicating that the statement for making an anatomical gift under this subsection has been executed by such licensee.

(c) Any person who is deaf or hard of hearing may request that the division issue to such person a driver's license which is readily distinguishable from drivers' licenses issued to other drivers and upon such request the division shall issue such license. Drivers' licenses issued to persons who are deaf or hard of hearing and under the age of 21 years shall be readily distinguishable from drivers' li-

censes issued to persons who are deaf or hard of hearing and 21 years of age or older.

(d) *A driver's license issued to a person required to be registered under K.S.A. 22-4901 et seq., and amendments thereto, shall be assigned a distinguishing number by the division which will readily indicate to law enforcement officers that such person is a registered offender. The division shall develop a numbering system to implement the provisions of this subsection.*

Sec. 4. K.S.A. 2005 Supp. 8-247 is hereby amended to read as follows: 8-247. (a) (1) All original licenses shall expire as follows:

(+) (A) Licenses issued to persons who are at least 21 years of age, but less than 65 years of age shall expire on the sixth anniversary of the date of birth of the licensee which is nearest the date of application;

(+) (B) licenses issued to persons who are less than 21 years of age or are 65 years of age or older shall expire on the fourth anniversary of the date of birth of the licensee which is nearest the date of application; or

(+) (C) any commercial drivers license shall expire on the fourth anniversary of the date of birth of the licensee which is nearest the date of application; or

(D) licenses issued to an offender, as defined in K.S.A. 22-4902, and amendments thereto, who is required to register pursuant to the Kansas offender registration act, K.S.A. 22-4901 et seq., and amendments thereto, shall expire every year on the date of birth of the licensee.

(2) All renewals under : (A) paragraph (1) (A) shall expire on every sixth anniversary of the date of birth of the licensee ~~and all renewals under paragraphs (2) and (3) ; (B) paragraph (1) (B) and (C) shall expire on every fourth anniversary of the date of birth of the licensee; and (C) paragraph (1)(D) shall expire every year on the date of birth of the licensee.~~ No driver's license shall expire in the same calendar year in which the original license or renewal license is issued, except that if the foregoing provisions of this section shall require the issuance of a renewal license or an original license for a period of less than six calendar months, the license issued to the applicant shall expire in accordance with the provisions of this subsection.

(b) If the driver's license of any person expires while such person is outside of the state of Kansas and on active duty in the armed forces of the United States, the license of such person shall be renewable, without examination, at any time prior to the end of the sixth month following the discharge of such person from the armed forces, or within 90 days after reestablished residence within the state, whichever time is sooner. If the driver's license of any person expires while such person is outside the United States, the division shall provide for renewal by mail.

(c) At least 30 days prior to the expiration of a person's license the division shall mail a notice of expiration or renewal application to such person at the address shown on the license. The division shall include with such notice: (1) A copy of the eyesight examination form; (2) a copy of the written examination prescribed by subsection (e); (3) a copy of the Kansas driver's manual, prepared pursuant to K.S.A. 8-266b, and amendments thereto; and (4) the written information required under subsection (g).

(d) Every driver's license shall be renewable on or before its expiration upon application and payment of the required fee and successful completion of the examinations required by subsection (e). Application for renewal of a valid driver's license shall be made to the division in accordance with rules and regulations adopted by the secretary of revenue. Such application shall contain all the requirements of subsection (b) of K.S.A. 8-240, and amendments thereto. Upon satisfying the foregoing requirements of this subsection, and if the division makes the findings required by K.S.A. 8-235b, and amendments thereto, for the issuance of an original license, the license shall be renewed without examination of the applicant's driving ability. If the division finds that any of the statements relating to revocation, suspension or refusal of licenses required under subsec-

tion (b) of K.S.A. 8-240, and amendments thereto, are in the affirmative, or if it finds that the license held by the applicant is not a valid one, or if the applicant has failed to make application for renewal of such person's license on or before the expiration date thereof, the division may require the applicant to take an examination of ability to exercise ordinary and reasonable control in the operation of a motor vehicle as provided in K.S.A. 8-235d, and amendments thereto.

(e) (1) Prior to renewal of a driver's license, the applicant shall pass an examination of eyesight and a written examination of ability to read and understand highway signs regulating, warning and directing traffic and knowledge of the traffic laws of this state. Such examination shall be equivalent to the tests required for an original driver's license under K.S.A. 8-235d, and amendments thereto. A driver's license examiner shall administer the examinations without charge and shall report the results of the examinations on a form provided by the division, which shall be submitted by the applicant to the division at the time such applicant applies for license renewal.

(2) In lieu of the examination of the applicant's eyesight by the examiner, the applicant may submit a report on the examination of eyesight by a physician licensed to practice medicine and surgery or by a licensed optometrist. The report shall be based on an examination of the applicant's eyesight not more than three months prior to the date the report is submitted, and it shall be made on a form furnished the applicant with the notice of the expiration of license under subsection (c).

(3) In lieu of the driver's license examiner administering the written examination, the applicant may complete the examination furnished with the notice of the expiration of license under subsection (c) and submit the completed examination to the division.

(4) The division shall determine whether the results of the written examination and the eyesight reported are sufficient for renewal of the license and, if the results of either or both of the examinations are insufficient, the division shall notify the applicant of such fact and return the license fee. In determining the sufficiency of an applicant's eyesight, the division may request an advisory opinion of the medical advisory board, which is hereby authorized to render such opinions.

(5) An applicant who is denied a license under this subsection (e) may reapply for renewal of such person's driver's license, except that if such application is not made within 90 days of the date the division sent notice to the applicant that the license would not be renewed, the applicant shall proceed as if applying for an original driver's license. If the applicant has been denied renewal of such person's driver's license because such applicant failed to pass the written examination, the applicant shall pay an examination fee of \$1.50 to take the test again.

(6) When the division has good cause to believe that an applicant for renewal of a driver's license is incompetent or otherwise not qualified to operate a motor vehicle in accord with the public safety and welfare, the division may require such applicant to submit to such additional examinations as are necessary to determine that the applicant is qualified to receive the license applied for. Subject to paragraph (7) of this subsection, in so evaluating such qualifications, the division may request an advisory opinion of the medical advisory board which is hereby authorized to render such opinions in addition to its duties prescribed by subsection (b) of K.S.A. 8-255b, and amendments thereto. Any such applicant who is denied the renewal of such a driver's license because of a mental or physical disability shall be afforded a hearing in the manner prescribed by subsection (c) of K.S.A. 8-255, and amendments thereto.

(7) Seizure disorders which are controlled shall not be considered a disability. In cases where such seizure disorders are not controlled, the director or the medical advisory board may recommend that such person be issued a driver's license to drive class C or M vehicles and restricted to operating such vehicles as the division determines to be appropriate to assure the safe operation of a motor vehicle by the licensee. Restricted licenses issued pursuant to this

paragraph shall be subject to suspension or revocation. For the purpose of this paragraph, seizure disorders which are controlled means that the licensee has not sustained a seizure involving a loss of consciousness in the waking state within six months preceding the application or renewal of a driver's license and whenever a person licensed to practice medicine and surgery makes a written report to the division stating that the licensee's seizures are controlled. The report shall be based on an examination of the applicant's medical condition not more than three months prior to the date the report is submitted. Such report shall be made on a form furnished to the applicant by the division. Any physician who makes such report shall not be liable for any damages which may be attributable to the issuance or renewal of a driver's license and subsequent operation of a motor vehicle by the licensee.

(f) If the driver's license of any person expires while such person is outside the state of Kansas, the license of such person shall be extended for a period not to exceed six months and shall be renewable, without a driving examination, at any time prior to the end of the sixth month following the original expiration date of such license or within 10 days after such person returns to the state, whichever time is sooner.

(g) The division shall provide the following information in a person's notice of expiration or renewal under subsection (c):

(1) Written information explaining the person's right to make an anatomical gift in accordance with K.S.A. 8-243, and amendments thereto, and the uniform anatomical gift act;

(2) written information describing the organ donation registry program maintained by the Kansas federally designated organ procurement organization. The written information required under this paragraph shall include, in a type, size and format that is conspicuous in relation to the surrounding material, the address and telephone number of Kansas' federally designated organ procurement organization, along with an advisory to call such designated organ procurement organization with questions about the organ donor registry program;

(3) written information giving the applicant the opportunity to be placed on the organ donation registry described in paragraph (2);

(4) inform the applicant in writing that, if the applicant indicates under this subsection a willingness to have such applicant's name placed on the organ donor registry described in paragraph (2), the division will forward the applicant's name, gender, date of birth and most recent address to the organ donation registry maintained by the Kansas federally designated organ procurement organization, as required by paragraph (6);

(5) the division may fulfill the requirements of paragraph (4) by one or more of the following methods:

(A) Providing printed material enclosed with a mailed notice for driver's license renewal; or

(B) providing printed material to an applicant who personally appears at an examining station;

(6) if an applicant indicates a willingness under this subsection to have such applicant's name placed on the organ donor registry, the division shall within 10 days forward the applicant's name, gender, date of birth and most recent address to the organ donor registry maintained by the Kansas federally designated organ procurement organization. The division may forward information under this subsection by mail or by electronic means. The division shall not maintain a record of the name or address of an individual who indicates a willingness to have such person's name placed on the organ donor registry after forwarding that information to the organ donor registry under this subsection. Information about an applicant's indication of a willingness to have such applicant's name placed on the organ donor registry that is obtained by the division and forwarded under this paragraph shall be confidential and not disclosed.

(h) *Notwithstanding any other provisions of law, any offender under subsection (a)(1)(D) who held a valid driver's license on the effective date of this act may continue to operate motor vehicles until*

*(continued)*

*the next anniversary of the date of birth of such offender. Upon such date such driver's license shall expire and the offender shall be subject to the provisions of this section.*

(b) If the driver's license of any person expires while such person is outside of the state of Kansas and on active duty in the armed forces of the United States, the license of such person shall be renewable, without examination, at any time prior to the end of the sixth month following the discharge of such person from the armed forces, or within 90 days after reestablished residence within the state, whichever time is sooner. If the driver's license of any person expires while such person is outside the United States, the division shall provide for renewal by mail.

(c) At least 30 days prior to the expiration of a person's license the division shall mail a notice of expiration or renewal application to such person at the address shown on the license. Application for renewal of a valid driver's license shall be made to the division in accordance with rules and regulations adopted by the secretary of revenue. If the division finds that any of the statements relating to revocation, suspension or refusal of licenses required under subsection (b) of K.S.A. 8-240, and amendments thereto, are in the affir-

mative, or if it finds that the license held by the applicant is not a valid one, or if the applicant has failed to make application for renewal of such person's license on or before the expiration date thereof, the division may require the applicant to take an examination of ability to exercise ordinary and reasonable control in the operation of a motor vehicle as provided in K.S.A. 8-235d, and amendments thereto.

(e) (1) Prior to renewal of a driver's license, the applicant shall pass an examination of eyesight and a written examination of ability to read and understand highway signs regulating, warning and directing traffic and knowledge of the traffic laws of this state. Such examination shall be equivalent to the tests required for an original driver's license under K.S.A. 8-235d, and amendments thereto. A driver's license examiner shall administer the examinations without charge and shall report the results of the examinations on a form provided by the division, which shall be submitted by the applicant to the division at the time such applicant applies for license renewal.

(2) In lieu of the examination of the applicant's eyesight by the examiner, the applicant may submit a report on the examination of eyesight by a physician licensed to practice medicine and surgery or by a licensed optometrist. The report shall be based on an examination of the applicant's eyesight not more than three months prior to the date the report is submitted, and it shall be made on a form furnished the applicant with the notice of the expiration of license under subsection (c).

(3) In lieu of the driver's license examiner administering the written examination, the applicant may complete the examination furnished with the notice of the expiration of license under subsection (c) and submit the completed examination to the division.

(4) The division shall determine whether the results of the written examination and the eyesight reported are sufficient for renewal of the license and, if the results of either or both of the examinations are insufficient, the division shall notify the applicant of such fact and return the license fee. In determining the sufficiency of an applicant's eyesight, the division may request an advisory opinion of the medical advisory board, which is hereby authorized to render such opinions.

(5) An applicant who is denied a license under this subsection (e) may reapply for renewal of such person's driver's license, except that if such application is not made within 90 days of the date the division sent notice to the applicant that the license would not be renewed, the applicant shall proceed as if applying for an original driver's license. If the applicant has been denied renewal of such person's driver's license because such applicant failed to pass the written examination, the applicant shall pay an examination fee of \$1.50 to take the test again.

(6) When the division has good cause to believe that an applicant for renewal of a driver's license is incompetent or otherwise not qualified to operate a motor vehicle in accord with the public safety and welfare, the division may require such applicant to submit to such additional examinations as are necessary to determine that the applicant is qualified to receive the license applied for. Subject to paragraph (7) of this subsection, in so evaluating such qualifications, the division may request an advisory opinion of the medical advisory board which is hereby authorized to render such opinions in addition to its duties prescribed by subsection (b) of K.S.A. 8-255b, and amendments thereto. Any such applicant who is denied the renewal of such a driver's license because of a mental or physical disability shall be afforded a hearing in the manner prescribed by subsection (c) of K.S.A. 8-255, and amendments thereto.

(7) Seizure disorders which are controlled shall not be considered a disability. In cases where such seizure disorders are not controlled, the director or the medical advisory board may recommend that such person be issued a driver's license to drive class C or M vehicles and restricted to operating such vehicles as the division determines to be appropriate to assure the safe operation of a motor vehicle by the licensee. Restricted licenses issued pursuant to this paragraph shall be subject to suspension or revocation. For the pur-

pose of this paragraph, seizure disorders which are controlled means that the licensee has not sustained a seizure involving a loss of consciousness in the waking state within six months preceding the application or renewal of a driver's license and whenever a person licensed to practice medicine and surgery makes a written report to the division stating that the licensee's seizures are controlled. The report shall be based on an examination of the applicant's medical condition not more than three months prior to the date the report is submitted. Such report shall be made on a form furnished to the applicant by the division. Any physician who makes such report shall not be liable for any damages which may be attributable to the issuance or renewal of a driver's license and subsequent operation of a motor vehicle by the licensee.

(f) If the driver's license of any person expires while such person is outside the state of Kansas, the license of such person shall be extended for a period not to exceed six months and shall be renewable, without a driving examination, at any time prior to the end of the sixth month following the original expiration date of such license or within 10 days after such person returns to the state, whichever time is sooner.

(g) The division shall provide the following information in a person's notice of expiration or renewal under subsection (c):

(2) written information describing the organ donation registry program maintained by the Kansas federally designated organ procurement organization. (5) the division may fulfill the requirements of paragraph (4) by one or more of the following methods:

(A) Providing printed material enclosed with a mailed notice for driver's license renewal; or

(B) providing printed material to an applicant who personally appears at an examining station;

(6) if an applicant indicates a willingness under this subsection to have such applicant's name placed on the organ donor registry, the division shall within 10 days forward the applicant's name, gender, date of birth and most recent address to the organ donor registry maintained by the Kansas federally designated organ procurement organization. The division may forward information under this subsection by mail or by electronic means. The division shall not maintain a record of the name or address of an individual who indicates a willingness to have such person's name placed on the organ donor registry after forwarding that information to the organ donor registry under this subsection. Information about an applicant's indication of a willingness to have such applicant's name placed on the organ donor registry that is obtained by the division and forwarded under this paragraph shall be confidential and not disclosed.

(h) Notwithstanding any other provisions of law, any offender under subsection (a)(1)(D) who held a valid driver's license on the effective date of this act may continue to operate motor vehicles until the next anniversary of the date of birth of such offender. Upon such

date such driver's license shall expire and the offender shall be subject to the provisions of this section.

Sec. 12. K.S.A. 59-29a07 is hereby amended to read as follows: 59-29a07. (a) The court or jury shall determine whether, beyond a reasonable doubt, the person is a sexually violent predator. If such determination that the person is a sexually violent predator is made by a jury, such determination shall be by unanimous verdict of such jury. Such determination may be appealed. If the court or jury determines that the person is a sexually violent predator, the person shall be committed to the custody of the secretary of social and rehabilitation services for control, care and treatment until such time as the person's mental abnormality or personality disorder has so changed that the person is safe to be at large. Such control, care and treatment shall be provided at a facility operated by the department of social and rehabilitation services.

(b) At all times, persons committed for control, care and treatment by the department of social and rehabilitation services pursuant to K.S.A. 59-29a01 et seq., and amendments thereto, shall be kept in a secure facility and such persons shall be segregated at all times from any other patient under the supervision of the secretary of social and rehabilitation services and commencing June 1, 1995, such persons committed pursuant to K.S.A. 59-29a01 et seq., and amendments thereto, shall be kept in a facility or building separate from any other patient under the supervision of the secretary. *The provisions of this subsection shall apply to any facility or building utilized in any transitional release program or conditional release program.*

(c) The department of social and rehabilitation services is authorized to enter into an interagency agreement with the department of corrections for the confinement of such persons. Such persons who are in the confinement of the secretary of corrections pursuant to an interagency agreement shall be housed and managed separately from offenders in the custody of the secretary of corrections, and except for occasional instances of supervised incidental contact, shall be segregated from such offenders.

(d) If any person while committed to the custody of the secretary pursuant to K.S.A. 59-29a01 et seq., and amendments thereto, shall be taken into custody by any law enforcement officer as defined in

(continued)

K.S.A. 21-3110 and amendments thereto pursuant to any parole revocation proceeding or any arrest or conviction for a criminal offense of any nature, upon the person's release from the custody of any law enforcement officer, the person shall be returned to the custody of the secretary for further treatment pursuant to K.S.A. 59-29a01 et seq., and amendments thereto. During any such period of time a person is not in the actual custody or supervision of the secretary, the secretary shall be excused from the provisions of K.S.A. 59-29a08 and amendments thereto, with regard to providing that person an annual examination, annual notice and annual report to the court, except that the secretary shall give notice to the court as soon as reasonably possible after the taking of the person into custody that the person is no longer in treatment pursuant to K.S.A. 59-29a01 et seq., and amendments thereto, and notice to the court when the person is returned to the custody of the secretary for further treatment.

(e) If the court or jury is not satisfied beyond a reasonable doubt that the person is a sexually violent predator, the court shall direct the person's release.

(f) Upon a mistrial, the court shall direct that the person be held at an appropriate secure facility, including, but not limited to, a county jail, until another trial is conducted. Any subsequent trial following a mistrial shall be held within 90 days of the previous trial, unless such subsequent trial is continued as provided in K.S.A. 59-29a06 and amendments thereto.

(g) If the person charged with a sexually violent offense has been found incompetent to stand trial, and is about to be released pursuant to K.S.A. 22-3305 and amendments thereto, and such person's commitment is sought pursuant to subsection (a), the court shall first hear evidence and determine whether the person did commit the act or acts charged. The hearing on this issue must comply with all the procedures specified in this section. In addition, the rules of evidence applicable in criminal cases shall apply, and all constitutional rights available to defendants at criminal trials, other than the right not to be tried while incompetent, shall apply. After hearing evidence on this issue, the court shall make specific findings on whether the person did commit the act or acts charged, the extent to which the person's incompetence or developmental disability affected the outcome of the hearing, including its effect on the person's ability to consult with and assist counsel and to testify on such person's own behalf, the extent to which the evidence could be reconstructed without the assistance of the person and the strength of the prosecution's case. If after the conclusion of the hearing on this issue, the court finds, beyond a reasonable doubt, that the person did commit the act or acts charged, the court shall enter a final order, appealable by the person, on that issue, and may proceed to consider whether the person should be committed pursuant to this section.

Sec. 13. K.S.A. 59-29a11 is hereby amended to read as follows: 59-29a11. (a) Nothing in this act shall prohibit a person from filing a petition for transitional release, conditional release or final discharge pursuant to this act. However, if a person has previously filed a petition for transitional release, conditional release or final discharge without the secretary of the department of social and rehabilitation services approval and the court determined either upon review of the petition or following a hearing, that the petitioner's petition was frivolous or that the petitioner's condition had not so changed that the person was safe to be at large, then the court shall deny the subsequent petition unless the petition contains facts upon which a court could find the condition of the petitioner had so changed that a hearing was warranted. Upon receipt of a first or subsequent petition from committed persons without the secretary's approval, the court shall endeavor whenever possible to review the petition and determine if the petition is based upon frivolous grounds and if so shall deny the petition without a hearing.

(b) *No transitional release or conditional release facility or building shall be located within 2,000 feet of a licensed child care facility, registered family day care home, an established place of worship, any residence in which a child under 18 years of age resides, or the real*

*property of any school upon which is located a structure used by a unified school district or an accredited nonpublic school for student instruction or attendance or extracurricular activities of pupils enrolled in kindergarten or any grades one through 12. This subsection shall not apply to any state correctional institution or facility.*

(c) *Transitional release or conditional release facilities or buildings shall be subject to all regulations applicable to other property and buildings located in the zone or area that are imposed by any municipality through zoning ordinance, resolution or regulation, such municipality's building regulatory codes, subdivision regulations or other nondiscriminatory regulations.*
