Commission on Veterans' Affairs

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 10:15 a.m. Thursday, September 14, in Suite 701, Jayhawk Tower, 700 S.W. Jackson, Topeka, to consider the adoption of proposed rules and regulations of the Kansas Commission on Veterans' Affairs.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the executive director of the Kansas Commission on Veterans' Affairs, Suite 701, Jayhawk Tower, 700 S.W. Jackson, Topeka, 66603-3758. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Wayne Bollig at (785) 296-7465.

These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

**Article 4.—VETERAN MEMORIAL DONATIONS
TO THE KANSAS COMMISSION ON
VETERANS' AFFAIRS FOR THE CONSTRUCTION
AND MAINTENANCE OF CAPITAL
IMPROVEMENT PROJECTS**

K.A.R. 97-4-1. Definitions. As used in this article, unless the context clearly requires otherwise, the following terms shall have the meanings ascribed to them in this regulation: advisory committee, capital improvement project, improvement, commission, director, project representative, suitable memorial and undesignated donations.

There is no significant economic impact to state agencies, employees or the general public.

K.A.R. 97-4-2. Criteria for memorials for veterans. This regulation establishes the criteria memorials must meet including designating a project representative to work with the director in meeting the specific capital improvement needs of the Kansas Veterans' Home, the Kansas Soldiers' Home and the Veterans' Cemetery Program. This regulation also requires memorials to be nondiscriminatory and nonpartisan in nature and to be sensitive to architectural and historic plans and specifications of existing facilities at that location.

There is no significant economic impact to state agencies, employees or the general public.

K.A.R. 97-4-3. Financing. This regulation requires capital improvement projects funded by donations be totally

financed with private monies. Each proposal for a capital improvement project shall include a cost estimate to include necessary fees and expenses for consultants and any interest accrued on borrowed money during the period of construction and the cost of land, materials, labor, and ongoing maintenance and support.

This regulation ensures the agency and the state are aware of all costs associated with the project and includes provisions for including ongoing maintenance in the planning of the project. It also ensures the funds are available for completion of the project by requiring that once a project is accepted by the agency all funds raised for the construction of the capital improvement project, including funds necessary for ongoing maintenance, are deposited into the Kansas veterans' memorial fund of the state treasury before the acceptance of bids or the start of construction.

This regulation benefits the agency and serves to protect donors, ensures that monies given for a project will be used for the intended purpose, and has no effect on other governmental units. There are minimal anticipated costs to the state agency. Depending on the size of the capital improvement project and the amount of construction involved, it could have considerable positive economic impact on the community and public involved in the project.

K.A.R. 97-4-4. Proposals; use of names and references. This is a new regulation that outlines what constitutes a proposal and provides guidance for submission.

There is no significant economic impact to state agencies, employees or the general public.

K.A.R. 97-4-5. Fund raising materials for proposed memorials. This regulation requires commission approval of fund-raising materials for a proposed memorial ensuring full disclosure before the commission approves the use of any material referencing the KCVA, staff or any of its subsidiaries. It requires donors wishing to make reference to the KCVA in fund-raising materials to provide a cost estimate, disclose the percentage of funds raised that can be used for administrative expenses, and requires the statement, "If the project is not completed, all funds shall be returned to donors by the project representative, who shall make full restitution to donors less the administrative cost of returning the funds. This administrative cost of returning the funds shall not exceed the administrative cost outlined above."

This regulation benefits the agency and serves to protect donors. It ensures that monies given for a project will be used for the intended purpose and has no effect on other governmental units.

There is no significant economic impact to state agencies, employees or the general public.

K.A.R. 97-4-6. Financial reporting. This regulation requires quarterly progress reporting at agency commission meetings once a project is accepted by the KCVA. Reporting is to be made quarterly through completion providing full disclosure to the public and ensuring commission review and involvement in memorial projects once they are accepted.

There is no significant economic impact to state agencies, employees or the general public.

K.A.R. 97-4-7. Procedures for appointment of the advisory committee. When a project is accepted by the commission, an advisory committee shall be appointed by the commission, during a scheduled commission meeting, to further develop and refine the project.

There is no significant economic impact to state agencies, employees or the general public.

K.A.R. 97-4-8. Procedures following advisory committee submission of a final project plan. This regulation outlines the duties of the director upon receipt of a final project plan from an advisory committee. It provides guidelines for submitting plans to the secretary of administration for review.

There is no significant economic impact to state agencies, employees or the general public.

Copies of the regulations and the economic impact statement may be obtained by contacting the Kansas Commission on Veterans' Affairs at the address above, (785) 296-3976.
