Department on Aging

Request for Proposals

The Kansas Department on Aging (KDOA) is accepting proposals for the 2007 workforce enhancement grant for two types of educational programs. The first program would be solely for **unlicensed staff** who are presently working in certified and licensed long-term care nursing facilities. The second program would be for both **unlicensed and licensed staff** working in certified and licensed long-term care nursing facilities. The ratio of attendance at joint educational programs is two unlicensed staff for every one licensed staff. The unlicensed and licensed staff must be employed by the same nursing facility. **No reimbursement will occur if both the ratio and staff criteria are not met.**

Grant funds shall **not** be used to train unemployed individuals or individuals employed in freestanding or attached Assisted Living Facilities, Residential Health Care Facilities, Home Plus Facilities, Boarding Homes, Hospitals, Home Health Agencies or any other type of general employment. **If training is provided to ineligible persons, no reimbursement shall be made for such ineligible persons.** The proposal shall include the following:

- course objectives
- course outline with time frame
- teaching strategies
- qualifications of presenters
- method(s) for evaluating effectiveness of the education program
- copies of any handouts provided to attendees
- minimum and maximum number of participants for each program
- itemized budget of the anticipated costs of the program and the cost per enrollee including transportation and meals
- indicate the number of times the program would be offered and location of each program

Please submit an original and three copies of the application.

The objective of the grant program is to improve the quality of life and quality of care for residents in both certified and licensed long-term care nursing facilities by aiding in the development of ongoing statewide educational programs for unlicensed and licensed staff em-

ployed in these facilities. KDOA staff will review and approve proposals for appropriateness of course content and location at which the program will be offered, and will evaluate the effectiveness of all programs by obtaining feedback from participating facilities. The grant will not fund courses for certification as nurse aide, medication aide, home health aides, dietary managers or activity directors.

The objectives of the educational programs should include increasing the knowledge of unlicensed and licensed staff beyond the content of the initial certification course. Recommended but not all inclusive topics are:

- person-centered/directed care
- changing culture of nursing facilities
- care of residents with dementia
- care of residents at risk for pressure ulcers and with pressure ulcers
- reducing resident falls
- restorative care
- care of resident with incontinence and/or catheter
- safe-serve
- participation as a care plan team member
- federal and state regulations

The program may be offered at no cost to the nursing facility or long-term care unit or at a fee of not greater than \$10 per enrollee to be paid for by the nursing facility or long-term care unit. KDOA will reimburse the educational entity based on the proposed budget cost per enrollee and the number of enrollees that attend the program. Reimbursement for the enrollee's transportation and meals will be allowed and will be paid to the educational entity to disperse to the enrollee as appropriate.

Grant proposals must be submitted to KDOA by the close of business October 31. The grant period shall be between January 1, 2007 and January 1, 2008.

Successful applicants must comply with all state and federal regulations. Educational entities must submit a request for reimbursement form, completed transportation and meal cost form, and an evaluation of the effectiveness of the program. Upon receipt of this information, the educational entity will be reimbursed.

State of Kansas

Office of the Governor

Executive Order 06-08

WHEREAS, Article 1, § 3 of the Constitution of the State of Kansas vests the supreme executive power of the state in the Governor; and

WHEREAS, Article 1, § 4 of the Constitution of the State of Kansas vests in the Governor the power to require information from the officers of the executive department upon any subject related to their duties; and

WHEREAS, Kansas state government is a complex combination of organizations and functions providing a wide variety of services to citizens and other customers; and

WHEREAS, there is a recognized need to increase quality and lower costs of services provided to Kansas citizens through informed application of geographic information systems technology; and

WHEREAS, improved coordination of the state's geographic information systems resources and development of an infrastructure that promotes efficient service delivery and data sharing among state organizations, federal and local government entities is an essential element in improving the quality of services provided to the people of Kansas.

NOW, THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, I hereby reformulate the composition of the Kansas Geographic Information Systems Policy Board ("Board") with the following purposes and charges:

1. The Board shall establish public and private partnerships throughout Kansas to maximize value, minimize cost, and avoid redundant activities in the development and implementation of geographic information systems.
2. The Board shall foster efficient and secure methods for data sharing at all levels of government.
3. The Board shall coordinate, review, and provide recommendations on geographic information systems programs and investments and provide assistance with dispute resolution among geographic information systems partners.
4. The Board shall continue to establish Kansas' leadership role in the national effort to improve capabilities for sharing geographic information and ideas with other states.
5. The Board shall promote the use of geographic information systems technologies as tools to breakthrough structural and administrative boundaries to collaborate on shared problems and enhance information analysis and decision-making processes within all levels of government.
6. The Board shall be a standing advisory committee to the Information Technology Executive Council, and shall provide a copy of its annual report to the Council, as well as to the Governor and Legislature.
7. The Board shall consist of 37 members as follows:
 - a. Chief Information Technology Officer represent-

(continued)

ing the executive branch;

b. Chief Information Technology Officer representing the legislative branch;

c. Chief Information Technology Officer representing the judicial branch;

g. The Director of the Kansas Water Office, or designee;

h. The Commissioner of the Department of Education, or designee;

i. The Secretary of the Department of Health and Environment, or designee;

j. The Secretary of the Department of Revenue, or designee;

k. The Secretary of the Department of Transportation, or designee;

l. The Executive Director of the State Conservation Commission, or designee;

m. The Secretary of the Department of Wildlife and Parks, or designee;

n. The Secretary of Social and Rehabilitation Services, or designee;

o. The Director of the Kansas State Historical Society, or designee;

p. The Director of the Kansas Geological Survey, or designee;

q. The Director of the Kansas Biological Survey, or designee;

r. The District Chief of the United States Geological Survey; or designee; and

s. The District Chief of the Natural Resource and Conservation Service, or designee.

t. The Governor shall appoint the following 18 members whose terms of four years shall be subsequent to the terms of like members established by Executive Order 2000-07, with the exception that the terms of members who are serving on the board on the effective date of this Executive Order shall expire on September 30 of the year in which such member's term would have expired under Executive Order 2000-07. Two of the additional representatives of local government shall serve an initial term expiring September 30, 2008, with the remaining two additional representatives of local government serving an initial term expiring September 30, 2009, and all four thereafter shall serve a term of four years. The additional representative from a Regents institution shall serve an initial term expiring September 30, 2008, and shall thereafter serve a term of four years. Of the two additional representatives of a relevant statewide business or professional organization, one representative shall serve an initial term expiring September 30, 2008, with the remaining additional representative of a relevant statewide business or professional organization serving an initial term expiring September 30, 2009, and both shall thereafter serve a term of four years. Thereafter, members shall be appointed for terms of four

years and until their successors are appointed and qualified.

i. 9 representatives of local government; including cities, counties, or local government consortia of cities, counties, non-profit and private sector enterprises. Such members may include, but not be limited to, representatives from city and county commissions or planning councils, tribal government, law enforcement, county clerks, county appraisers and emergency planning divisions;

ii. 3 representatives of Regents institutions;

iii. 3 executives representing the private sector. Members from the private sector may include, but not be limited to, representatives from the trucking industry, utilities, telecommunications, publishers, agriculture, oil and gas industry, chambers of commerce, aircraft and auto industry, and the banking community;

iv. 3 representatives of a relevant statewide business or professional organizations, such as statewide associations of groundwater management districts, emergency planning, law enforcement, licensed surveyors, and other relevant technical professions or agriculture-related business.

8. All other members shall serve terms consistent with their terms of office, employment or appointment.

9. The Governor may remove a member from the Board should lack of attendance or lack of participation be demonstrated.

10. The Governor shall select a Chairperson and Vice-Chairperson from among the members who shall serve at the discretion of the Governor. The Board may elect other officers among its members and may establish any committees deemed necessary to discharge its duties.

11. Members of the Board shall not receive compensation, subsistence allowance, mileage or associated expenses. Officers or employees of state agencies who are appointed to the Board shall be authorized to participate on the Board as part of their duties and may claim subsistence allowance, mileage or associated expenses as permitted by law.

12. For administrative purposes, the Board shall be housed in the Division of Information Systems and Communications. The Board shall receive staff support from the State Geographic Information Systems Director.

13. The Board shall work jointly with officials from other state agencies, organizations and county, municipal and tribal governments, as well as with businesses and organizations in the private sector who are concerned with the efficient management of the State's geographic information systems resources.

This order shall continue in full force and in effect until the date of any subsequent Executive Order with respect to the subject hereof is promulgated.

Executive Order 2000-07 shall be rescinded on the effective date of this Executive Order.

This document shall be filed with the Secretary of State as Executive Order No. 06-08 and shall become effective immediately.

Board of Healing Arts

**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 10 a.m. Friday, November 3, at the office of the Kansas State Board of Healing Arts, 235 S. Topeka Blvd., Topeka, to consider the adoption of one proposed new rule and regulation (K.A.R. 100-22-6) dealing with dishonorable conduct.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the above-referenced rule and regulation. All interested parties may submit comments prior to the hearing to the Board of Healing Arts, 235 S. Topeka Blvd., Topeka, 66603. All interested parties will be given a reasonable opportunity to present their views, orally or in writing, concerning the adoption of the regulation during the hearing. In order to give all persons an opportunity to present their views, it may be necessary to request each participant to limit any oral presentations to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the regulation being considered and the economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Barbara Montgomery at (785) 296-8558. Handicapped parking is located at the west end of the Hutton Building, and the northwest entrance to the building is accessible.

A summary of the proposed new dishonorable conduct rule and regulation to be considered at the hearing and the respective economic impact follows:

K.A.R. 100-22-6. Notice to the public of licensure. This regulation requires each person licensed to practice a branch of the healing arts who performs direct patient care in an office to post a public notice. The regulation also specifies the conditions that the notice must meet.

There is no foreseen cost to either the board or the public to implement this regulation. No other methods were considered.

Copies of the proposed regulation and the economic impact statement may be obtained by contacting Cathy Brown, Kansas State Board of Healing Arts, at the address above or by calling (785) 296-3680, or from the board's Web site at www.ksbha.org/pubinfo.html.

A public hearing will be conducted at 11 a.m. Friday, November 3, at the office of the Kansas State Board of Healing Arts, 235 S. Topeka Blvd., Topeka, to consider the adoption of two proposed amended rules and regulations (K.A.R. 100-15-5 and K.A.R. 100-15-6) dealing with continuing education.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the above-referenced rules and regulations. All interested parties may submit comments prior to the hearing to the Board of Healing Arts, 235 S. Topeka Blvd., Topeka, 66603. All interested parties will be given a reasonable opportunity to present their views, orally or in writing, concerning the adoption of the regulations during the hearing. In order to give all persons an opportunity to present their views, it may be necessary to request each participant to limit any oral presentations to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the regulations being considered and the economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Barbara Montgomery at (785) 296-8558. Handicapped parking is located at the west end of the Hutton Building, and the northwest entrance to the building is accessible.

A summary of the two proposed amended continuing education rules and regulations to be considered at the hearing and the respective economic impact follows:

K.A.R. 100-15-5. Continuing education requirement. This regulation indicates the minimum number of hours required for each person who applies for renewal of a license to practice a branch of the healing arts. Additionally, this regulation has a provision for a licensee who may require an extension of time for submitting proof of continuing education. The proposed amendment to this regulation would provide additional options of obtaining 100 hours of continuing education credits over a two-year period or 150 hours of continuing education credits over a three-year period.

K.A.R. 100-15-6. Documentation of continuing education. This regulation specifies what type of proof is required to document completion of continuing education. The proposed amendment to this regulation would require persons who certify completion of continuing education to maintain documentation of completion for four years, rather than three years, following the date of certification.

There is no foreseen cost to either the board or the public to implement these regulations. No other methods were considered.

**Department of Agriculture
Division of Water Resources****Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 11 a.m. Thursday, November 9, at 1175 S. Range, Colby, to consider the adoption an amended regulation recommended by the Northwest Kansas Groundwater Management District Board No. 4.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to the chief engineer, Division of Water Resources, Kansas Department of Agriculture, Attention: Leslie Garner, 109 S.W. 9th, 4th Floor, Topeka, 66612, or by e-mail at lgarner@kda.state.ks.us. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Leslie Garner at (785) 296-4623 or fax (785) 368-6668.

This regulation is proposed for adoption on a permanent basis. A summary of the proposed regulation and its economic impact follows:

K.A.R. 5-24-10 — The proposed regulation changes the conditions under which 15 acre-feet exemptions would be allowed within Northwest Kansas Groundwater Management District No. 4. The overall effect would be to increase the number of 15 acre-feet exemptions allowed in fully appropriated areas that are not formally "closed," if they are offset by reductions in existing water rights.

No significant economic impact is anticipated.

Copies of the regulation and the economic impact statement may be obtained by contacting Leslie Garner at the address and phone number above or at <http://www.ksda.gov/Default.aspx?tabid=354>.

Department of Transportation

Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consulting engineering firms for the projects listed below. A response may be submitted by e-mail to neil@ksdot.org or seven signed copies of the response can be mailed to Neil Rusch, P.E., Assistant to the Director, Division of Engineering and Design, KDOT, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754. Responses shall be limited to four pages and must be received by 5 p.m. September 21 for the consulting engineering firm to be considered.

From the firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three, not more than five) and invite them to attend an individual interview conference. At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short-listed will be notified by letter.

The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select the firm to perform the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

Kansas Water Office

Notice Concerning Negotiations for
Water Supply Storage Space

The Kansas Water Authority at its August 4 meeting authorized the Kansas Water Office to enter negotiations with the city of Gardner for water supply storage space in Hillsdale Reservoir. On November 14, 2005, the city of Gardner submitted an application for 5,033 million gallons of water per year (mgy), a combination of its currently contracted volume (1,155 mgy) and projected needs (3,878 mgy).

A contract with the city of Gardner would fully commit the water supply in Hillsdale. The KWA has previously authorized the KWO to enter negotiations with the city of Edgerton for water from Hillsdale.

Other current and prospective customers for water supply from Hillsdale Reservoir were notified of the pending negotiations with the city of Gardner by a letter dated August 21, 2006, from the Kansas Water Office. They were given 21 days from the receipt of the notice to file a written request to negotiate for a contract from Hillsdale Reservoir.

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid.

This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before September 30 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-06-302/317) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdhe.state.ks.us/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

Request for Comments

The Kansas Department of Health and Environment and the U.S. Environmental Protection Agency Region 7 has received a renewal Resource Conservation and Recovery Act (RCRA) permit application for Basic Chemicals Company, LLC (Basic), the owner and operator, for a facility located at 6200 S. Ridge Road, Wichita, Sedgwick County. The KDHE and the EPA are providing notice of their intent to reissue a joint hazardous waste storage permit to the operator and owner of the facility.

Basic, formerly known as Vulcan Chemicals, was acquired as a wholly owned subsidiary of Occidental Chemicals Company in June 2005. The facility obtained interim status as a hazardous waste treatment, storage and disposal facility in November 1980 and was assigned the following EPA identification number: KSD007482029. The facility was originally permitted to store, treat and dispose of hazardous wastes, effective January 8, 1987. This application is for the renewal of the permit to continue operating the hazardous waste storage and disposal facility and for corrective action.

In October 1985, the state of Kansas received final authorization from the EPA to implement its own hazardous waste management program in lieu of the federal program, except for the portions covered by the 1984 Hazardous and Solid Waste Amendments (HSWA). The KDHE portion of the permit (Part I) will be issued under

the authority of K.S.A. 65-3431 (i) and 65-3431 (s). The EPA portion of the permit (Part II) will be issued under the authority of Sections 3002 (b), 3004 (u) and (v), and 3005 of the RCRA.

Part I of the permit will allow Basic Chemicals Company, LLC to store and dispose of hazardous waste at the facility located near Wichita in accordance with the conditions of the permit. The EPA portion (Part II) of the joint permit will address the corrective action requirements of HSWA.

The permit application, draft permit, related information and all data submitted by the applicant, as part of the administrative record, are available for public review from September 5 to October 20, Monday through Friday, at the following locations:

A formal public hearing has not been scheduled, but a hearing will be held if there is significant public interest. Requests for a public hearing must be made in writing and state the nature of the issues to be raised at the hearing. Anyone wishing to comment on the draft permit or request a public hearing should submit written statements postmarked not later than October 20 to Mostafa Kamal (KDHE) or to David Garrett (EPA) at the addresses listed above.

After consideration of all comments received, the KDHE secretary and EPA regional administrator will make a final permit decision. Notice will be given to the applicant, to all persons who submitted written comments, to those who commented at the public hearing and to those who requested notice of the final permit decision. If none of the comments received during the public comment period result in revision(s) to the draft permit, the permit will become effective immediately upon its issuance. If comments received during the public comment period result in revision(s), the permit will become effective 30 days after service of notice of the final decision or at a later date, if a review is requested under 40 CFR 124.19.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Aquila, Inc., which owns and operates the Judson Large Station, has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Aquila, Inc. owns and operates the Judson Large Station located at 11453 Fort Dodge Road, Dodge City. The source produces steam used for generation of electricity.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE South Central District Office, 130 S. Market, Suite 650, Wichita. To obtain or review the proposed permit and supporting documentation, contact Amer Safadi, (785) 296-1993, at the KDHE central office; and to review the proposed permit only, contact David Butler, (316) 337-6042, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Amer Safadi, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business October 2.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The

written request must be submitted to Sherry Walker, Bureau of Air and Radiation, not later than the close of business October 2 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Jon Knodel, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7622, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Board of Indigents' Defense Services

Notice of Hearing

A public hearing will be conducted at 1 p.m. Friday, October 6, at the Harvey County Courthouse, Court Room 3, second floor, 800 N. Main St., Newton, to consider the opening of a public defender office in the 9th Judicial District.

This notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed office prior to the hearing date. All interested parties may submit written comments prior to the hearing to Patricia A. Scalia, Executive Director, State Board of Indigents' Defense Services, 714 S.W. Jackson, Room 200, Topeka, 66603.

All interested parties will be given a reasonable opportunity to present their views orally on the proposed office opening during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Beth Child at (785) 296-8416. Accessible parking is located in front of the building.

Doc. No. 033553

State of Kansas

Governmental Ethics Commission

Opinion No. 2006-14

Written August 16, 2006, to Robert Lothman, Haviland.

This opinion is in response to your letter dated July 10, 2006, requesting an opinion from the Kansas Governmental Ethics Commission concerning the state level conflict of interest laws, K.S.A. 46-215 *et seq.* We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement:

You request this opinion in your capacity as a trooper for the Kansas Highway Patrol. Your question concerns off-duty employment of troopers. You state that the Highway Patrol outside employment policy has been interpreted to prohibit troopers from being employed as commercial truck drivers. You explain that according to the Highway Patrol, because troopers are charged with the responsibility for enforcement of applicable size and weight statutes and federal motor carrier safety regulations to ensure motor carriers and operators of other vehicles operate legally within the State, troopers may not work as commercial drivers. Your current assignment as a state trooper is in Kiowa County in southwestern Kansas. You indicate that it is difficult to find off-duty work in non-metropolitan areas of the State, and therefore, this policy effectively eliminates the opportunity to obtain off-duty employment to supplement your Highway Patrol income.

You have enclosed the Kansas Highway Patrol Rule of Conduct, ROC-06, regarding outside employment. This Commission does not interpret or opine on agency policies. Therefore, this opinion is based solely on the state conflict of interest statutes, K.S.A. 46-215 *et seq.*

Question:

Do the state conflict of interest statutes prohibit troopers or other employees of the Highway Patrol from being employed as off-duty drivers of commercial vehicles?

Opinion:

Several sections of the state conflict of interest laws apply to your question. K.S.A. 46-286 involves participation in licensure, inspection or regulation of a business that employs a state employee. K.S.A. 2005 Supp. 46-233 pro-

hibits participation by a state employee in the making of certain contracts, and K.S.A. 46-241 involves the use of confidential information by a state employee. Each will be addressed in turn.

K.S.A. 46-286 states in pertinent part:

(a) No state officer or employee, in the officer's or employee's official capacity, shall participate directly in the licensure, inspection or administration or enforcement of any regulation of or in any contract with any outside organization with which the officer or employee holds a position.

Because the Kansas Highway Patrol enforces size and weight statutes and federal motor carrier safety regulations, in order to comply with this statute, in your capacity as a trooper, you must recuse yourself from directly participating in the enforcement of any regulations relating to any business with which you are employed off-duty. This statute also prohibits you from participating directly in your capacity as a trooper in any contract between the State and any business for which you work off-duty.

K.S.A. 2005 Supp. 46-233, provides further regulation concerning a state employee's participation in the making of contracts as follows:

(a)(1) No state officer or employee shall in the capacity as such officer or employee be substantially involved in the preparation of or participate in the making of a contract with any person or business by which such officer or employee is employed

(2) Except as otherwise provided in this subsection, whenever any individual has participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business as an employee, independent contractor or subcontractor until two years after performance of the contract is completed or until two years after the individual terminates employment as a state officer or employee, whichever is sooner. . . .

. . .

(e) . . . (2) "Substantially involved in the preparation or participate in the making of a contract" means having approved or disapproved a contract or having provided significant factual or specific information or advice or recommendations in relation to the negotiated terms of the contract.

In order to comply with this statute, you may not in your capacity with the Highway Patrol be substantially involved in preparing any negotiated contract or participating in the making of any negotiated contract between the State and a business that employs you to work off-duty. Additionally, you may not accept employment with a business if you have participated as a state employee in making a contract with that business for two years after performance of that contract is complete.

Finally, K.S.A. 46-241, provides that:

No state officer or employee shall disclose or use confidential information acquired in the course of his or her official duties in order to further his or her own economic interest or those of any other person.

This statute prohibits you from using any confidential knowledge obtained in your employment with the Highway Patrol for your financial gain or for the financial gain

of any other person, which would include any business or person for whom you work off-duty.

In conclusion, this Commission does not opine on agency policies. Therefore, we offer no opinion regarding the Kansas Highway Patrol Rule of Conduct, ROC-06. According to the state conflict of interest laws, if you are able to completely remove yourself from the licensure, inspection, administration or enforcement of any regulation against your off-duty employer, and you do not participate in the making of a negotiated contract between the State and such employer, or misuse confidential information, the conflict of interest laws would not prohibit you from being employed as an off-duty driver of a commercial vehicle.

Opinion No. 2006-15

Written August 16, 2006, to Bridget Wilson, Topeka.

This opinion is in response to your letter dated July 25, 2006, requesting an opinion from the Kansas Governmental Ethics Commission concerning the state level conflict of interest laws, K.S.A. 46-215 *et seq.* We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement:

You request this opinion in your capacity as Unit Chief, Remedial Section/Orphan Sites at the Department of Health and Environment (KDHE). You have been offered employment by Terracon, an environmental consulting firm that currently has a contract with KDHE, Contract No. 06509.

You have explained that the request for proposals (RFP) for Contract No. 06509 was advertised as a negotiated procurement, due to the technical nature of the work to be performed under the contract. However, no negotiations were held with any bidders. Rather, all proposals were evaluated based on technical information and line item cost rates provided in the proposals. You state that all communication with potential vendors was referred to and handled by the Division of Purchases of the Department of Administration.

You were responsible for organizing the material for the RFP for State Contract No. 06509 which was submitted to the Division of Purchases. You were also involved in evaluating the proposals submitted by bidders to determine if bidders met the technical criteria established in the RFP. Based on your evaluation of the proposals, bidders were determined to be either technically or not technically capable of conducting the work. Once the technically qualified bidders were determined, you evaluated the line item costs submitted by the bidders to determine the lowest bidders for the contract.

You state that your only function was to evaluate and determine whether bidders satisfied the technical qualifications set forth in the RFP. You submitted your determinations regarding the technical qualifications and line item costs to KDHE's Remedial Section Chief of the Bureau of Environmental Remediation (BER) and to the fis-

(continued)

cal officer for BER. Once approved within BER, the proposals and your determinations were forwarded to the KDHE Director of Purchasing and to the procurement officer of the Department of Administration, Division of Purchases.

You inform us that there were no negotiations with any of the bidders, and that the contract was awarded on the basis of the lowest bids submitted by technically qualified bidders. The contract had three different and separate portions, referred to as Module A, B, and C. The contract was awarded to eight different bidders to perform various services under the contract. One of the successful bidders under the contract was Terracon. The contract was a two-year contract, with the option for two additional one-year renewals. Terracon and other bidders under this contract are currently in the last renewal year of the contract. Labor rate increases for each option year were built into the line item rates of the initial bid, and no negotiations were conducted with any contractor for the renewals. You did not sign or approve the contract or any of the renewals.

Along with your letter, you provided numerous documents including the RFP for Contract No. 06509, a memorandum containing your evaluations and determinations regarding the technical criteria and line item costs for proposals submitted, and the Contract Award to Terracon and seven other bidders.

Question:

Do the state conflict of interest laws prohibit you from accepting employment immediately with Terracon?

Opinion:

K.S.A. 2005 Supp. 46-233 places restrictions on a state employee's ability to accept employment after terminating their employment with the State. That statute states in pertinent part as follows:

(a)(2) Except as otherwise provided in this subsection, whenever any individual has participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business as an employee, independent contractor or subcontractor until two years after performance of the contract is completed or until two years after the individual terminates employment as a state officer or employee, whichever is sooner.

...

(d) Subsections (a) and (b) shall not apply to the following:

(1) Contracts let after competitive bidding has been advertised for by published notice. . . .

...

(e)(2) "Substantially involved in the preparation or participate in the making of a contract" means having approved or disapproved a contract or having provided significant factual or specific information or advice or recommendations *in relation to the negotiated terms of the contract.*" (Emphasis added.)

The prohibitions stated in K.S.A. 2005 Supp. 46-233(a)(2) apply to more than just the review or selection of a contractor. A state employee who provides significant factual information or specific information, advice or recommendations concerning the negotiated terms of a contract is subject to the prohibitions in the statute. The

particular facts of each situation must be reviewed to determine if an employee's involvement constitutes participation in the making of a contract under K.S.A. 2005 Supp. 46-233.

If a contract was the result of a competitive bidding process that included advertising by published notice, *and none of the terms or provisions of the contract were negotiated prior to signing*, the contract falls under the exception of K.S.A. 2005 Supp. 46-233(d)(1), and an employee's involvement in the making of the contract would not be subject to the prohibitions stated in K.S.A. 2005 Supp. 46-233(a)(2). See Opinion No. 2005-13. In Opinion No. 2000-48, we considered contracts that resulted from a combination of competitive bidding and negotiating, and concluded as follows:

[A]n individual who is substantially involved in the preparation of a pure competitive bid contract or whose involvement in a contract is limited to the competitive bid portion of a competitively bid/negotiated contract, will not be subject to the prohibition contained in K.S.A. 1999 Supp. 46-233(a). . . . Conversely, an individual who is substantially involved in the preparation of a pure negotiated contract or who is substantially involved in the preparation of the negotiated portion of a competitively bid/negotiated type of contract will be subject to the prohibitions contained in K.S.A. 1999 Supp. 46-233(a). . . .

Additionally, in Opinion No. 1999-33, this Commission determined that if there are material changes made to a renewal contract, the renewal contract will be considered to be a negotiated contract and not a contract let after a competitive bidding process.

Section 1.2 of the RFP for Contract No. 06509 indicates that it is a "negotiated procurement," but Section 1.3 of the RFP states that the contract may be awarded to the low bidder without conducting negotiations. The information you have provided indicates that, while the procurement was categorized in the RFP as being a negotiated procurement, the awarding of the contract was based solely on competitive bidding, without any negotiations. Thus, Contract No. 06509 was let after competitive bidding had been advertised for by published notice, and falls within the exception of K.S.A. 2005 Supp. 46-233(d)(1). The prohibition against an employee accepting employment with a state contractor would apply to you if there had been negotiated portions of Contract No. 06509 and you had been substantially involved in the preparation of those negotiated portions. Based on the information you provided, there were no negotiated portions or terms in Contract No. 06509. Therefore, the conflict of interest statutes do not prohibit you from accepting employment with Terracon immediately.

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, September 14, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFFA to issue its Agricultural Development Revenue Bond for the projects numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

Project No. 0006680—Maximum Principal Amount: \$190,355.33. Owner/Operator: Jason Haug. Description: Acquisition of 160 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Jason Haug and is located at the Northwest Quarter of Section 20, Township 2, Range 14, Nemaha County, Kansas, approximately 1 mile south and 5 miles west of Sabetha.

Project No. 000675—Maximum Principal Amount: \$24,480. Owner/Operator: Richard and Eileen Petersheim. Description: Acquisition of livestock to be used by the owner/operator for farming purposes. The project is being financed by the lender for Richard and Eileen Petersheim and is located at Section 4, Yoder Township, Reno County, Kansas, approximately 3 miles north and 1 mile west of Yoder.

The bond, when issued, will be a limited obligation of the KDFFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFFA, nor will it be an indebtedness for which the faith and credit and taxing

powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the KDFFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFFA.

Board of Healing Arts

Permanent Administrative Regulations

Article 27.—LIGHT-BASED MEDICAL TREATMENT

100-27-1. Supervision of light-based medical treatment. (a) (1) The phrase "class III or class IV device" shall mean a medical instrument that meets either of the following conditions:

(A) Is a class IIIa, class IIIb, or class IV laser product as defined by 21 C.F.R. § 1040.10, as in effect on March 31, 2000; or

(B) emits radiation in a continuous wave of more than one milliwatt or at a pulsed rate of more than five milliwatts.

(2) The phrase "immediately available" shall mean that the licensee either is physically present in the same building or can be present at the location where the service is performed within five minutes.

(3) "Licensee" shall mean a person licensed to practice medicine and surgery or osteopathic medicine and surgery in this state.

(4) The phrase "light-based medical device" shall mean any instrument that produces or amplifies electromagnetic radiation at wavelengths equal to or greater than 180 nanometers, but less than or equal to 1.0×10^6 nanometers, for the purpose of affecting the structure or function of any part of the living human body.

(5) The phrase "physically present" shall mean that the licensee is capable of constant, direct communication and is in the same office within the building where the service is performed throughout the entire time during which the service is performed.

(b) A licensee shall not authorize another person to perform a professional service using a light-based medical device unless either the licensee is immediately available or, except as limited by subsection (c), there is a written practice protocol signed by the licensee and the person performing the treatment that requires all of the following:

(1) The person performing the treatment will not provide any service for which the person is not competent by training, education, and experience.

(2) The person receiving the treatment is required to give consent to the treatment, after being informed of the nature and purpose of the treatment, risks, and expected consequences of treatment, alternatives to light-based medical treatment, and identification of the treatment as a medical and surgical procedure.

(3) The person performing the treatment is required to inform the person receiving the treatment of the licensee's identity, emergency telephone number, and practice location, if different from the location at which the treatment is performed.

(4) Each treatment is required to be performed only at a location that the licensee maintains for the practice of the branch of the healing arts for which the licensee is licensed.

(5) Each treatment provided while the licensee is not physically present is required to be performed within written operating parameters.

(6) Creation of an adequate patient record is required.

(7) The licensee is required to review the patient record and authenticate this review within 14 days following the treatment.

(8) The person performing the treatment is prohibited from delegating the use of the light-based medical device to another person.

(c) A licensee shall not authorize another person to perform a professional service using a class III or class IV device or an intense pulsed-light device substantially equivalent to a laser surgical device as defined by 21 C.F.R. § 878.4810, as in effect on January 16, 1996, unless either of the following conditions is met:

(1) The licensee is physically present.

(2) The licensee is immediately available, and there is a written protocol signed by the licensee and the person performing the treatment that meets the requirements of paragraphs (b)(1) through (b)(8).

(d) This regulation shall not apply to an order by a licensee to any appropriate person for the application of light-based medical devices for phototherapy in the treatment of hyperbilirubinemia in neonates.

(e) This regulation shall not apply to any of the following:

(1) Any person licensed under the healing arts act to practice chiropractic who engages in light-based physiotherapy;

(2) any licensed physical therapist who provides treatments as authorized by law; or

(3) any licensed occupational therapist who provides treatments as authorized by law. (Authorized by K.S.A. 65-2865; implementing K.S.A. 2005 Supp. 65-28,127; ef-

fective June 1, 2001; amended March 22, 2002; amended Sept. 15, 2006.)

Order a custom-made loose-leaf binder for the Kansas Register!

Custom-made binders are available to attractively hold up to a year's worth of your copies of the Kansas Register for permanent use. The high quality, durable casebound swinge-hinge binders are manufactured by ABZ Binder. (A swinge-hinge binder has more capacity and allows for easier interfiling than standard ring binders.) The three-inch binder features dark blue supported vinyl covering and gold imprinting, with a label holder on the spine.

\$15 each, includes shipping and handling.
 (Kansas residents must include applicable state and local sales tax.)
