## Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, April 19, at the State Corporation Commission office, 1500 S.W. Arrowhead Road, Topeka, to consider the adoption of proposed permanent regulations for the conservation of crude oil and natural gas.

This 60-day notice period from the date of this publication to the date of the public hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. Comments may be submitted to John McCannon, Assistant General Counsel, State Corporation Commission, Room 2078, Finney State Office Building, 130 S. Market, Wichita, 67202. All interested parties will be given a reasonable opportunity at the hearing to present their views orally or in writing in regard to the adoption of the proposed regulations. All written or oral comments submitted by interested parties on or before April 19 will be considered by the commission as a basis for making changes to these proposed permanent regulations.

Any person requiring special accommodations under the Americans with Disabilities Act needs to give notice to the commission at least 10 days prior to the scheduled hearing date.

Copies of the proposed regulations and the economic impact statements may be obtained from the commission office at 130 S. Market, Room 2078, Wichita, 67202, or from the commission's Web site at www.kcc.state.ks.us. Persons requesting a copy of the proposed regulations and economic impact statements, in accordance with K.S.A. 45-129, will be required to compensate the commission for the cost of reproduction.

The following is a brief summary of the proposed regulations and economic impact statements:

K.A.R. 82-3-303. This regulation describes the method for determining the open flow of a gas well and the procedure that must be followed when performing the multipoint back-pressure and one-point stabilized flow tests. The amendments to this regulation would allow electronic recording of the rate of flow and would permit the use of turbine meters. These changes allow oil and gas operators to take advantage of newer technology. This regulation also is being amended to require that the metering devices be properly calibrated and that any recalibration or refurbishment be documented. The amendments also contain wording and sentence structure changes for clarification.

Economic Impact Statement: The amendments to this regulation may have a slight economic impact on the industry due to the costs of calibrating the gas meters; however, most operators are already calibrating their meters. The amendment to this regulation will have no direct economic impact on the agency, other governmental agencies or the general public.

K.A.R. 82-3-304. This regulation establishes the testing requirements for gas wells to obtain allowables. The amendment to this regulation is a correction to the current wording.

Economic Impact Statement: This amendment will have no economic impact on the agency, industry, other governmental agencies or the general public.

This regulation also prohibits the use by insurance companies of any claim filed more than three years after the date of the claim.

There will be minimal economic impact on insurance companies, the Kansas Insurance Department and other governmental agencies. There may be a positive impact on consumers because motor vehicle claims resulting in less than \$1,000 damage and claims that are more than three years old will no longer be a factor used when determining premiums.

## Notice of Hearing on Proposed Administrative Regulations

All interested parties may submit written comments prior to the hearing to Deletria Nash, Kansas Insurance Department, 420 S.W. 9th, Topeka, 66612-1678, via facsimile at (785) 291-3673, or via e-mail at dnash@ksinsurance.org. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Deletria Nash at (785) 296-4140 or dnash@ksinsurance.org.

A copy of this regulation and/or the policy and procedure that is being adopted by reference, if applicable, may be obtained from the department's Web site, www.ksinsurance.org (under the Legal Issues link), or by contacting Deletria Nash. The charge for copies is 50 cents per page.

A summary of the regulation and the economic impact follows:

K.A.R. 40-7-25. Agencies; termination of contract; certification. The purpose of the proposed amendments is to terminate the certification of each individual agent when an insurance company terminates its contract with an agency if the agent's certification is derived only from the agency's certification. The proposed language is a technical change only in that it clarifies that the agent's certification is cancelled only if the agent received its certification solely through the agency whose contract has

been cancelled. The remaining changes update the statutes in the history section.

There will be little or no economic impact on agents, agencies, insurance companies, consumers, the Kansas Insurance Department and other governmental agencies, if any, given that there are no substantive changes to the regulation.
