Request for Comments

The Kansas Department of Health and Environment and the U.S. Environmental Protection Agency, Region 7, have received a Toxic Substances Control Act (TSCA) PCB (polychlorinated biphenyls) storage permit application from Solomon Corporation, Solomon. Solomon Corporation is seeking a TSCA PCB-coordinated approval from KDHE and the EPA to operate a PCB commercial storage facility in Solomon.

The KDHE portion of the coordinated approval is a PCB facility construction permit. Facilities in Kansas that intend to treat, store or dispose of PCBs are required to obtain a PCB facility construction permit from KDHE. Solomon operates a transformer reclamation facility at 302 W. 7th St., Solomon. Solomon currently processes transformers that contain dielectric fluids that are either non-PCB or contain PCBs at concentrations below 50 parts per million (ppm). Solomon proposes to construct a permitted PCB commercial storage facility immediately

adjacent to the existing transformer reclamation facility. Solomon plans to consolidate the receipt of all oil-filled electrical equipment at the new PCB facility. Dielectric transformer fluid that contains PCBs at concentrations between 50 and 1,500 ppm will be drained out of the transformers and pumped into one of two 7,137-gallon PCB storage tanks. The two tanks will be enclosed within a concrete bermed secondary containment area inside the new building. The PCB dielectric fluid will remain in the PCB storage tanks until it is shipped from the facility by vacuum tanker truck for treatment or disposal. The EPA portion of the coordinated approval will allow Solomon to operate as a commercial storer of PCBs in accordance with TSCA requirements.

A copy of the administrative record, which includes the draft permit, permit application and all information pertaining to this permit action, will be available for public review through May 31 during normal business hours at the following locations:

There will be an availability session open to the public at the City Hall, 116 W. Main St., Solomon, from 2 to 4 p.m. May 16. Personnel from KDHE will be available to discuss issues and concerns related to the proposed Solomon Corporation PCB construction permit at this time.

A public hearing will be held at 6 p.m. May 16 at the Solomon City Hall. After consideration of all comments received at the hearing and during the public comment period, the KDHE secretary and the EPA regional administrator will make the final decision on the coordinated approval. Notice will be given to the applicant, to all persons who submitted written comments, and to those who requested notice of the final decision. State of Kansas

Governmental Ethics Commission

Opinion No. 2007-03

Written February 21, 2007, to Rodney J. Bieker, General Counsel, Kansas State Department of Education, Topeka.

This opinion is in response to your letter received by email on February 1, 2007, requesting an opinion from the Kansas Governmental Ethics Commission concerning the state level conflict of interest laws, K.S.A. 46-215 *et seq.* We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement:

You request this opinion in your capacity as the General Counsel for the Kansas State Department of Education (KSDE), and on behalf of Dr. Phyllis Clay, Director of Research and Evaluation for KSDE. You explain that prior to becoming employed with KSDE, Dr. Clay entered into a contract with the Pacific Institute for Research and Evaluation (PIRE) to facilitate data collection in four Kansas City, Kansas schools for a nation-wide evaluation PIRE is conducting on a drug prevention program in middle schools across the country. This data collection is a three-year process each spring that began in 2006 and will continue in the spring of 2007 and 2008. You indicate that Dr. Clay's work with PIRE is unrelated to her duties with KSDE and would be performed outside of her KSDE working hours.

Question:

May the Director of Research and Evaluation for KSDE, Dr. Phyllis Clay, on her own time outside of her state business hours, perform services under contract for PIRE?

Opinion:

Several sections of the state conflict of interest laws must be reviewed to answer your question. K.S.A. 46-286 involves participation in licensure, inspection or regulation of a business in which a state employee holds a position. K.S.A. 2006 Supp. 46-233 prohibits participation by a state employee in the making of certain contracts. Finally, K.S.A. 46-241 involves the use of confidential information by a state employee. Each will be addressed in turn.

K.S.A. 46-286 states in pertinent part:

(a) No state officer or employee, in the officer's or employee's official capacity, shall participate directly in the licensure, inspection or administration or enforcement of any regulation of or in any contract with any outside organization with which the officer or employee holds a position.

While KSDE may license, inspect and regulate the schools in Kansas City that are involved in the evaluation that PIRE is conducting, Dr. Clay's contract is with PIRE, and not with those schools. Therefore, this statute would not prohibit Dr. Clay's contractual services for PIRE.

K.S.A. 2006 Supp. 46-233, prohibits a state employee's participation in the making of contracts as follows:

(a)(1) No state officer or employee shall in the capacity as such officer or employee be substantially involved in the preparation of or participate in the making of a contract with any person or business by which such officer or employee is employed

(e) (2) "Substantially involved in the preparation or participate in the making of a contract" means having approved or disapproved a contract or having provided significant factual or specific information or advice or recommendations in relation to the negotiated terms of the contract.

In order to comply with this statute, Dr. Clay may not, in her capacity with KSDE, be substantially involved in preparing any negotiated contract or participate in the making of any negotiated contract between the state and PIRE. Should the occasion arise that KSDE would contract with PIRE, Dr. Clay must abstain from any participation on behalf of KSDE in the making of that contract while she is performing services for PIRE.

Finally, K.S.A. 46-241 provides that:

No state officer or employee shall disclose or use confidential information acquired in the course of his or her official duties in order to further his or her own economic interest or those of any other person.

This statute prohibits Dr. Clay from using any confidential information obtained in her employment with KSDE for her financial gain or for the financial gain of any other person, which would include PIRE.

In conclusion, the conflict of interest laws do not prohibit the Director of Research and Evaluation for KSDE from performing contractual services for PIRE as long as she does not, in her capacity with KSDE, participate in the making of a negotiated contract between KSDE and PIRE or misuse confidential information.

Opinion No. 2007-04

Written February 21, 2007, to Peter Freund, Chief of Staff, House Majority Leader, Representative Ray Merrick, Topeka.

This opinion is in response to your letter dated January 26, 2007, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the Campaign Finance Act (K.S.A. 25-4142 *et seq.*). We note at the outset that the Commission's jurisdiction concerning your questions is limited to the application of K.S.A. 25-4142 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement:

We understand that you are asking for this opinion in your capacity as Chief of Staff for the House Majority Leader, Representative Ray Merrick. You have received questions regarding for whom a legislator may solicit contributions during the legislative session. You acknowledge that a legislator may not solicit contributions for his or her own campaign during a legislative session from a political committee (PAC) or business; however, you ask for clarification regarding a legislator's limitations on soliciting contributions for party committees or PACs during a legislative session.

Question:

1. May a legislator solicit contributions for a political committee (PAC) or party committee after January 1 of each year and prior to adjournment sine die of the regular legislative session or at any other time in which the legislature is in session?

Opinion:

K.S.A. 25-4153a states as follows:

(a) No registered lobbyist, political committee or person, other than an individual, shall make a contribution after January 1 of each year and prior to adjournment sine die of the regular session of the legislature or at any other time in which the legislature is in session to a:

- (1) Legislator;
- (2) candidate for membership in the legislature;
- (3) state officer elected on a statewide basis;
- (4) candidate for state officer elected on a statewide basis;
- (5) candidate committee of persons described in paragraphs (1) through (4); or

(6) political committee established by a state committee of any political party and designated as a recognized political committee for the senate or house of representatives.

(b) No legislator, officer, candidate or committee described in paragraphs (1) through (6) of subsection (a) shall accept or solicit any contribution as defined by K.S.A. 25-4143 and amendments thereto, from any registered lobbyist, political committee or person, other than an individual, during such period of time described in subsection (a).

While your question asks for whom a legislator may solicit a contribution, the statute quoted above only addresses from whom a legislator may solicit a contribution. The Campaign Finance Act (Act) does not directly limit for whom a legislator may solicit, but it does prohibit a legislator from soliciting "contributions" as defined in the Act from registered lobbyists, political committees, or persons, other than individuals, after January 1 and prior to adjournment sine die of the regular legislative session or any other time the legislature is in session.

K.S.A. 2006 Supp. 25-4143(j) defines "person" as "any individual, committee, corporation, partnership, trust, organization or association." Because committees, including PACs and party committees, are included as persons under the Act, a legislator may solicit contributions during a legislative session only from individuals.

K.S.A. 2006 Supp. 25-4143(e)(1) defines "contribution" as follows:

"Contribution" means: (A) any advance, conveyance, deposit, distribution, gift, loan or payment of money or any other thing of value given to a candidate, candidate committee, party committee or political committee for the express purpose of nominating, electing or defeating a clearly identified candidate for a state or local office.

(B) Any advance, conveyance, deposit, distribution, gift, loan or payment of money or any other thing of value made to expressly advocate the nomination, election or defeat of a clearly identified candidate for a state or local office;

(C) a transfer of funds between any two or more candidate committees, party committees, or political committees;

Legislators may, after January 1 and prior to adjournment sine die of the legislative session, solicit contributions from any person, lobbyist or PAC for any PAC, party committee or candidate not listed in K.S.A. 25-4153a(a)(1) through (6). Therefore, a legislator may solicit for any PAC or party committee other than a political committee established by a state committee of any political party and designated as a recognized political committee for the senate or house of representatives.

Opinion No. 2007-05

Written February 21, 2007, to the Honorable Robert "Bob" Grant, State Representative, Topeka.

This opinion is in response to your letter dated January 25, 2007, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the Campaign Finance Act (K.S.A. 25-4142 *et seq.*). We note at the outset that the Commission's jurisdiction concerning your questions is limited to the application of K.S.A. 25-4142 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement:

We understand that you are asking for this opinion in your capacity as a State Representative. You indicate that you were involved in an accident on your trip home from Topeka on January 12, 2007, which damaged your vehicle such that it could no longer be driven. You had to rent a vehicle for your transportation from your home in Cherokee, Kansas to legislative sessions in Topeka. You acknowledge that you receive mileage payments of 43 cents per mile for round trips to Topeka to perform your legislative duties; however, that amount does not cover the cost of the rental car. You ask whether you may use your campaign funds to pay for the rental of the car.

Question:

Under the facts you have presented, may you use campaign funds to rent a vehicle to drive to Topeka to perform your legislative duties?

Opinion:

K.S.A. 25-4157a, which limits the use of campaign funds, states in pertinent part as follows:

(a) No moneys received by any candidate or candidate committee of any candidate as a contribution under this act shall be used or be made available for the personal use of the candidate and no such moneys shall be used by such candidate or the candidate committee of such candidate except for:

- (1) Legitimate campaign purposes;
- (2) expenses of holding political office;

(continued)

...
For the purpose of this subsection, expenditures for "personal use" shall include expenditures to defray normal living expenses for the candidate or the candidate's family and expenditures for the personal benefit of the candidate having no direct connection with or effect upon the campaign of the candidate or the holding of public office.

The response to your question depends on whether, under the Campaign Finance Act, the rental of a vehicle is a legitimate expense of holding political office. The statute specifically prohibits expenditures of campaign funds for personal use. The expenditure must have a direct effect upon the campaign of the candidate or the holding of public office. All other expenditures are for personal use, and thus are prohibited.

In Opinion No. 1996-16, we addressed the payment of auto expenses using campaign funds by stating two options that a candidate or office holder may use to be reimbursed from his or her campaign fund. One option is to be reimbursed by using the current mileage rate for each mile traveled on campaign or office holder business, and any extraordinary maintenance or repairs will be determined on a case-by-case basis. The other option is to be reimbursed for actual gas, oil and normal maintenance costs based on detailed records kept by the office holder. Opinion No. 2000-51 further clarifies the use of campaign funds for expenses associated with mileage by stating as follows:

Legislators and candidates for the legislature may use campaign funds to pay for otherwise un-reimbursed expenditures for mileage associated with the expenses of holding political office or for legitimate campaign purposes.

Driving from your home to Topeka to perform your legislative duties is an office holder expense for which you are compensated by the Legislature based on your mileage. As stated in Opinion No. 1996-16, the Commission will consider, on a case-by-case basis, payment of extraordinary maintenance or repairs. In your case, your accident occurred while returning home from performing your legislative duties. The damage to your car was such that the car could not be driven. Because you had no other vehicle, you were forced to rent a car in order to carry out your legislative duties in Topeka. Opinion No. 2000-51 allows you to use your campaign funds to pay for unreimbursed expenditures. In this case, that would be the difference between the mileage you receive from the Legislature and the cost of the rental vehicle to drive to Topeka to perform your legislative duties.
