Department of Wildlife and Parks

Notice of Available Grant Funding

The Kansas Department of Wildlife and Parks (KDWP) announces that applications from private landowners for participation in the Landowner Incentive Program (LIP) will be accepted until September 1, 2007. KDWP received \$500,000 in funding for the LIP from the U.S. Fish and Wildlife Service (FWS), Department of Interior, to aid in the protection and management of priority habitats, including streams and associated riparian areas, playa lakes and grasslands.

This voluntary program will enable private landowners to receive technical guidance and financial incentives to benefit at-risk species identified in the Kansas Wildlife Action Plan. Priority species include Lesser Prairie-Chicken, Black-tailed Prairie Dog, Ferruginous Hawk, Northern Pintail, American Avocet, Black Tern, Cassin's Sparrow, Whooping Crane, Green Toad, Flathead Chub, Arkansas Darter and Topeka Shiner. Some examples of potential projects to enhance habitat include restoring native vegetation, brush and invasive weed management, and restoring playa lake hydrology.

To effectively utilize available funding, KDWP will limit participation to privately owned (nongovernmental) land within the mixed-grass and short-grass prairie regions that are west of the Flint Hills. Within this area, special consideration will be given to projects in the Red Hills, Cimarron River Sandsage, Arkansas River Sandsage, Smoky Hills and Playa Lakes areas. Proposed projects must contribute to the enhancement of at least one priority species or its habitat to be eligible. Landowners also must agree to allow authorized personnel access to project lands, and the FWS requires landowners contribute a minimum of 25 percent of the total project cost. This match can either be a cash contribution from a nonfederal source or in-kind contributions of labor, materials and equipment use. A committee of professionals will review completed applications based on established rating criteria to ensure all applicants are considered fairly and that the best projects are chosen.

Landowners interested in participating should contact the LIP coordinator at the Kansas Department of Wildlife and Parks, 512 S.E. 25th Ave., Pratt, 67124, (620) 672-5911. Persons with special communication needs may utilize the Kansas Relay Center, (800) 766-3777.

For more information about the grant program, go online to federalaid.fws.gov/lip/lip.html. The Catalog of Federal Domestic Assistance reference number is 15.633.

Request for Comments

Kansas will be implementing a new managed care program for statewide substance abuse services funded in partnership with Medicaid and SAPT block grant funds. The Centers for Medicare and Medicaid Services (CMS) require a Quality Improvement Strategy for this type of managed care program that is available for public comment. The initial strategy has been created for implementation beginning July 1, 2007, in collaboration with Kansas' Substance Abuse Pre-paid Inpatient Health Plan (PIHP) contractor. This strategy's focus is on monitoring the new program and improving substance abuse treatment services for Kansans. The strategy will evolve over time under the guidance of a statewide quality committee of substance abuse stakeholders.

Persons throughout Kansas may contact Kim Brown at kbrown@srs.ks.gov to receive a copy of the entire QIS document for review. Comments may be sent to the above e-mail address or to Kim Brown, Addiction and Prevention Services Office, 10th Floor North, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-157.

Request for Comments

The Kansas Department of Health and Environment has prepared a Kansas/NPDES water pollution control general wastewater control permit for operating wastewater treatment/retention facilities for ready-mix concrete plants, concrete product plants and their associated facilities. The draft permit covers both total retention facilities and facilities that discharge treated wastewater to surface waters of the state. The draft permit also requires the permittee to continue to update and comply with its stormwater pollution prevention plan.

A general wastewater permit is provided for those entities engaged in similar activities and discharging the same types of wastewater. The wastewater from these types of activities has a low public health and environmental risk. A general permit is placed on public notice once during the life of the permit and then is made available, without further public notice, to entities for activities that meet the requirements of the permit. The permittees also are required to meet all other federal, state and local requirements including local zoning ordinances.

The draft permit contains limits for oil and grease, total suspended solids and pH, and monitoring for effluent flow, sulfate and chlorides. The permittee also is required to record usage of concrete and water treatment additives and conduct inspections of the stormwater runoff control system. To be covered under the draft permit, the permittee is required to submit the Notice of Intent and receive a signed and dated permit from KDHE.

Copies of the Notice of Intent application, instructions, draft permit and fact sheet may be viewed at the KDHE Web site at www.kdheks.gov/water/tech.html or requested in hard copy by contacting the Kansas Department of Health and Environment, Bureau of Water - Technical Services Section, 1000 S.W. Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consulting engineering firms to perform engineering surveys as needed, statewide. Three to five firms will be selected. A response may be submitted by e-mail to neil@ksdot.org or seven signed copies of the response can be mailed to Neil Rusch, P.E., Assistant to the Director, Division of Engineering and Design, KDOT, Eishenhower State Office Building, 700 S.W. The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select the firm to perform the professional services required for completing the advertised project. It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

- 1. Size and professional qualifications;
- 2. experience of staff;
- 3. location of firm with respect to proposed project;
- 4. work load of firm; and

(continued)

These regulations are proposed for adoption on a permanent basis. A summary of the proposed new regulations and amendments of existing regulations and their economic impact follows:

K.A.R. 44-12-103. Tattoos, body piercing, and body markings. This regulation is amended by creating a new subsection (c), which prohibits the maintenance of existing body piercing holes or openings. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-105. Unsanitary practices. This regulation is amended by making the violation in subsection (b) a Class II offense. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-106. Hair standards and appearance. This regulation is amended by striking "males" and substituting "inmates." The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-107. Use of safety devices. This regulation is amended to increase the severity of the offense to a Class II. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-208. Misuse of state property. An amendment to this regulation specifically includes a provision that property of any state agency, not only the Department of Corrections, may be the subject of the disciplinary action. Additionally, an amendment exempts normal wear and tear of clothing and shoes from misuse of state property. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-210. Accounts. An amendment to the regulation indicates that no checking or savings account outside of the facility trust fund will be allowed. Previously an account of this nature could be created by the inmate with the authorization of the warden. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-211. Telephones. This is a new proposed regulation that addresses inmate telephones making it a Class I violation for an inmate to: (1) Use another inmate's personalized identification number (PIN) or permit another inmate to use the inmate's PIN; (2) be a party to call forwarding; (3) call any telephone number not listed on the inmate's authorized calling list; (4) participate in any call involving a party at a phone number other than that originally called, including receiving information relayed by an intermediary, and either relaying or receiving information over any telephone service other than that authorized by the secretary or corrections for inmate usage; (5) initiate any call to a party on the inmate's authorized calling list and then permit the telephone to be used by

another inmate, whether in speaking to the authorized party or to another party; or (6) use the telephone in furtherance of any illegal activity. The proposed regulation has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-212. Accessing unauthorized computerbased information. This proposed new regulation prohibits inmates from accessing information, data or images based on computers that are not approved by the Secretary of Corrections for inmate access. Its purpose is to provide regulation in an area of facility operations made necessary by the increased use of computers in the daily operations of the department, including installation of computer terminals in cell-houses for use by correctional counselors and corrections officers. Though highly unlikely in technical terms, it also addresses instances of misuse of the department's web-based inmate legal research service, as well as the more likely prospect of theft of information concerning another inmate's trust account by accessing the account on computer kiosks made available to inmates for access to their own account information. The proposed regulation has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-304. Disobeying orders. An amendment to this regulation in subsection (a) provides that an order, directive or instruction given to an inmate from any employee of an organization or firm in charge of the inmate shall be obeyed. An amendment to subsection (b) provides that the specific circumstances surrounding the charged disobeying orders shall be included in the disciplinary report, any investigative report prepared and any report writer's written statement in lieu of testimony if used. A new subsection (c) is added to provide that violation of the regulation shall be a Class I offense. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private business or individuals.

K.A.R. 44-12-306. Threatening or intimidating any person. This regulation is amended to add a new subsection (c) wherein the subjective impression of the target of the alleged threat or intimidation is not an element of this offense or necessary to prove a violation of this offense. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-307. Avoiding an officer. This regulation is amended to classify circumstances wherein the offense shall be a Class I offense and other circumstances when the offense shall be a Class II offense. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-308. Improper use of prepared food. [Retitled from "improper use of food."] This regulation is amended by inserting the word "prepared" before the word "food" wherever the latter word appears in the text, including the title. Also, the phrase "or kitchen" is de-

leted from the regulation. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-309. Kitchen utensils and shop tools. This regulation is amended by deleting Class I offense language so that all violations of the regulation are Class II offenses. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-312. Use of stimulants, sedatives, unauthorized drugs, or narcotics, or the misuse or hoarding of authorized or prescribed medication. This regulation is amended to prohibit inmates from misusing, tampering with or defacing any authorized or prescribed medication in subsection (b). The definition of misusing medication is expanded to prohibit inmates from keeping medication beyond the stop date, as designated by the health care provider, or dealing and trading prescribed medications within the meaning of K.A.R. 44-12-205. Tampering with or defacing is defined as altering or disfiguring the original packaging of the medicine.

A new subsection (d) creates a presumption that an inmate has used a substance prohibited for consumption by this regulation if the inmate: (1) refused to provide a urine sample or other sample of bodily fluid or tissue pursuant to an authorized alternate substance abuse testing method; (2) fails to provide a urine sample or other sample of bodily fluid or tissue of sufficient quantity; or (3) fails to provide any sample of urine, bodily fluid, or tissue within two hours. A bona fide medical or psychological condition verified by a duly licensed practitioner that prevents or hampers the provision of any sample within a two-hour time period shall constitute a defense to this charge. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-315. Lewd acts. This regulation is amended in subsection (b) in three regards. First, manipulation of a sex organ is added as a prohibited activity. Secondly, the state of mind or scienter component that accompanies exposure or manipulation of a sex organ is broadened, by exchanging the conjunction "and" for the disjunctive "or," so that engaging in such activity with either knowledge or reasonable anticipation on the part of the inmate that the inmate will be viewed by others, or with an intent to arouse or gratify the sexual desires of the inmate or another, constitutes a lewd act. Thirdly, first and second violations of the regulation will no longer be treated as a Class II offense, but will instead be a Class I offense. The purpose of these changes is to clarify for and emphasize to inmates that sexually suggestive physical gestures will not be tolerated in department facilities. The proposed regulation has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-320a. Interfering with official duties. This regulation is a restoration of the former K.A.R. 44-12-320 but with new language that makes it a Class I of-

fense for an inmate to intentionally disrupt, sabotage, impede or interfere with the official duties of any officer, employee or contract employee. The proposed regulation has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-325. Security threat groups; inmate activity; limitations. An amendment to this regulation in subsection (a) proposes clarification of the meaning of the word "one" to mean "a person." One amendment in subsection (c) proposes that unsanctioned prison groups now be identified as security threat groups. Additionally, an amendment in this same subsection prohibits inmate possession of any items associated with a security threat group whether in original condition or altered condition. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-601. Mail. A series of amendments to this regulation are proposed. First, subsection (b)(5) authorizes discarding of correspondence sent with funds to be applied to an inmate account unless such correspondence qualifies as legal mail and the envelope containing the funds and correspondence is marked as such.

Second, subsection (b)(10) provides clarification to the inmate and staff regarding the application of prohibitions of an inmate writing to a person who has filed an objection to the correspondence. The regulation clarifies that the director of victim services will be provided with the written objection and will advise the warden of the facility where the offender is assigned of the objection to correspondence.

Third, amendments to subsection (d)(2) provide that the notice of censorship of correspondence will be provided to the sender of the correspondence, if known, by the facility mail room staff within three business days. Additionally, all protests to censorship decisions will be forwarded to the secretary of corrections or his designee for final review and disposition. Inmates will be given the option of having the censored items, in their entirety, mailed out of the facility at their expense or destroyed. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-901. Dangerous contraband. This regulation is amended by the deletion of "serious" and the addition "or injury" in (a)(1) and (3). Also, in subsection (a)(1) "principal administrator" is deleted and replaced with "secretary of corrections or warden." Subsection (a)(4) is deleted and subsection (b) mandates that confiscated contraband be forfeited by the inmate. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-902. Contraband. [Re-titled from "less dangerous contraband."] This regulation has been amended by deleting "less dangerous" from the title and at subsection (c). In subsection (a)(1), the reference to "moderately dangerous" in the facility environment is

(continued)

deleted. Subsection (b) mandates that confiscated contraband be forfeited by the inmate. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-903. Tobacco contraband. This new proposed regulation prohibits inmates from possession of tobacco products, tobacco substitutes and smoking paraphernalia except for bona fide religious activities sanctioned by the facility warden. The proposed regulation has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-1101. Attempt, conspiracy, accessory, solicitation; liability for offenses of another. This regulation is amended to add a new subsection (e) making an inmate responsible for an offense committed by another inmate if the inmate intentionally aids, abets, advises, hires, counsels or procures the other to commit the offense. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-1201. Increased penalty for involving or victimizing an inmate under 18. An amendment to the regulation proposes the clarification of the word "one" to mean "an inmate." An amendment in subsection (a) proposes the findings that must be reached by the disciplinary hearing officer prior to the imposition of an increased penalty. An amendment designated at subsection (b) defines the maximum length of sentence of disciplinary segregation that may be given under this regulation as 120 days. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-1301. Class I offenses. This regulation is amended by striking the current language in (b)(3) to read "work without incentive pay, not to exceed five days." This penalty shall not include a fine and shall apply only to ordinary inmate work assignments. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-1302. Class II offenses. This regulation is amended by striking the current language in (b)(3) to read "work without incentive pay, not to exceed five days." This penalty shall not include a fine and shall apply only to ordinary inmate work assignments. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-1303. Class III offenses. This regulation is amended by striking the current language in (b)(3) to read "work without incentive pay, not to exceed five days." This penalty shall not include a fine and shall apply only to ordinary inmate work assignments. Also, (b)(5) is amended to only allow restitution of at least \$3.00. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-12-1306. Use of restitution. Subsection (a)(5) of this regulation is amended providing that notice of the amount of any restitution shall be given in the original disciplinary report or an amended disciplinary report served upon the inmate at least 24 hours prior to the disciplinary hearing. The inmate shall be given an opportunity at the sentencing phase to present evidence regarding the appropriate amount of restitution.

Subsection (b) is amended to clarify who is to receive the restitution, if ordered. Specifically, the Department of Corrections shall deliver to any entity, including governmental agencies or units, any money collected from the inmate to satisfy a restitution order. A small favorable impact may be anticipated for entities to which restitution is owed.

K.A.R. 44-12-1308. Disciplinary segregation; limits. This regulation is amended to reverse a previous amendment effective January 3, 1995, by restoring the regulation to the original version, effective May 1, 1985, through adding a subsection (a) stating: "The maximum sentence of disciplinary segregation for all violations arising out of one incident shall not exceed 60 days." The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-101a. Waiver of rights. This regulation is amended at subsection (a) by deleting a witness requirement. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-106. Administration of oaths; designation of persons authorized. This regulation is amended by striking "prison" and substituting with "facility." The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-201. Disciplinary report and written notice. This regulation is amended to establish the unit team manager's authority to grant diversion of charges pursuant to the new procedure in new regulation 44-13-201a, to permit unit team managers to offer summary judgments, as well as to take no contest and guilty pleas and impose sentences thereon. In subsection (c) the unit team managers are given the same duty and authority as shift supervisors currently enjoy regarding the review of the disciplinary report. In subsection (d) the disciplinary report's specified contents includes an additional requirement of a factual basis for, and the amount of, any restitution for any injury or damage resulting from the charged violation. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-201a. Diversion procedure. This is a new proposed regulation that allows unit team staff to implement an intervention plan to address the behavior issues that led to, or resulted in, the disciplinary charge. The disciplinary charge is held in suspension for a period up to six months in length while the intervention plan is followed, and, if successful, the charge is dismissed; other-

wise, the charge is reinstated and the case proceeds. The proposed regulation has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-201b. Summary judgment procedure. This regulation is amended in a number of regards to make the procedure more efficient. Verifications pursuant to K.S.A. 53-601 are substituted for notarizations of summary judgment reports, and the procedures to follow in event that the inmate refuses to accept the proposed summary judgment are clarified. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-202. Amendment of the charge. An amendment to the regulation reformats subsection (b) by providing two options when a disciplinary case has been dismissed without a finding of guilt—the reviewing authority may either reinstate or amend the charge in a Class I or II case and remand the case for hearing. In the case of a Class III charge, the reviewing authority may reinstate or amend the charge and remand for hearing.

In subsection (d), the regulation provides that if a hearing officer determines that an amendment of a charge is necessary before a final determination of guilt or innocence, the inmate may continue the case for hearing on a different date in order to prepare a defense or waive any time periods allowed to prepare a defense and proceed with the hearing on the amended charges. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-307. Administrative review of request for witnesses; denial of requests; issuance of summons; voluntary nature of witness appearance. This regulation is amended by a minor word structure change at subsection (b) by inserting the phrase "administrator or" before "hearing officer" and then striking the phrase "or administrator" after "hearing officer." The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-402. Continuing the hearing; recesses; time limits; extensions. This regulation is amended to include the diversion procedure pursuant to K.A.R. 44-13-201a as an additional reason why an inmate disciplinary hearing may be continued. Also at subsection (c), the requirement of personal approval by the warden of certain continuances has been deleted. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-403. Conducting the disciplinary hearing. This regulation is amended to require, rather than merely permit, the assignment of a staff assistant when the inmate is disruptive or refuses to be present at the disciplinary hearing, thereby allowing the hearing to proceed in absentia. The regulation is further amended to provide for provision of written explanation to the reporting officer in the event the case is dismissed, for *in camera* review of videotaped evidence by the hearing officer, and to permit telephonic hearings for inmates held

in administrative and disciplinary segregation. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-404. Presence of inmate and presence of charging officer at disciplinary hearings; officer statements in lieu of testimony. This regulation is amended at subsection (a) to provide that if the inmate is not present at the disciplinary hearing a staff assistant shall be assigned in accordance with K.A.R. 44-13-403 and 44-13-408. Subsection (b) is amended to add three new grounds to excuse the charging officer's presence at the disciplinary hearing: the charging officer is absent due to activation for military service; charging officer has been separated from employment with the facility for reasons unconnected to the disciplinary report; and the charging officer is otherwise unlikely to be available for testimony as determined by the hearing officer. Also, in subsection (b) "institutional" is replaced with "facility." Further, subsection (b) is amended to require the hearing officer to document the facts and grounds in the case record when the charging officer is excused from appearing at the disciplinary hearing. Subsection (e) provides a new procedure in which the disciplinary hearing for inmates who are detained in administrative or disciplinary segregation may be conducted by telephone. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-405a. Calling witnesses. This regulation is only amended to update terminology at subsection (a), (a)(11), and (a)(13) by replacing "prison" with "facility." The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-406. Disposition. This regulation has been amended by clarifying the disciplinary hearing officer's duties in imposition of penalties, in subsection (b)(1) and (2). Subsection (b)(4) permits the hearing officer to suspend all or part of the sentence for a period of not less than 90 and not more than 180 days. Subsection (c) requires the warden to determine the final disposition of evidence in accordance with K.A.R. 44-5-111 when the warden conducts the administrative review of the disciplinary disposition pursuant to K.A.R. 44-13-701. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-408. Assistance from staff. This regulation is amended to require the hearing officer to appoint a staff assistant if at least one of six conditions is met: (1) the inmate is incapable of self-representation due to physical or mental disability, whether temporary or permanent. (2) The inmate is illiterate in the English language. (3) The charge is too complex for the inmate to readily comprehend or defend against. (4) Testimony or other evidence will be given, either directly or indirectly, by a confidential inmate informant or witness. (5) The inmate either refuses to attend or has been removed from the

(continued)

hearing. (6) Any other circumstance exists that, in the judgment of the hearing officer, substantially impairs the inmate's ability to participate meaningfully in the inmate's defense. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

Amendment of these regulations would permit the streamlining of administrative review and appeals of disciplinary offense cases. Amendments to subsection (a) allow the warden to take a number of additional actions when conducting the administrative review of Class I and Class II cases.

Subsection (a)(5) allows the warden to suspend all or part of a sentence for a period of at least 90 but not more than 180 days.

Subsection (b) requires the warden to dispose of personal property that has been the subject of the disciplinary violation in accordance with K.A.R. 44-5-111.

Subsection (d) allows the warden to correct any mistake of law or other clear error anytime before a decision is made by the secretary during a subsequent appeal by the inmate. K.A.R. 44-13-703. Appeal on the record to the secretary of corrections in class I and II offense cases only. This regulation is amended at subsection (a) to allow the secretary to review Class III offenses, when a Class III offense is included among Class I or Class II offenses.

The current language in subsection (e) is deleted and replaced with the following: The facility's legal counsel may be asked by the secretary to prepare and submit a responsive argument. The responsive argument shall be submitted to the secretary within five calendar days of receipt of the request. The secretary's request for a responsive argument shall not extend the time limits for the secretary's review of the inmate's disciplinary appeal as established in K.A.R. 44-13-704.

Lastly, the mistake of law or clear error language proposed in K.A.R. 44-13-701 also is found in subsection (f) of this regulation. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.

K.A.R. 44-13-704. Secretary of corrections' final review on appeal. This regulation is amended by adding new actions that the secretary may take after reviewing the inmate disciplinary appeal and by changing some of the verbiage to those actions already permitted. Subsection (a) authorizes any of the following actions: (1) Approve the decision; (2) amend the charge in accordance with K.A.R. 44-13-202 and remand the disciplinary case to the disciplinary administrator for a new hearing; (3) disapprove the decision and dismiss the case; (4) reduce the penalty; (5) suspend all or part of a sentence for at least 90 and not more than 180 days; (6) remand the case to the disciplinary administrator and order a new hearing; (7) remand the case to the disciplinary administrator for clarification of the record and return the case to the secretary for further consideration; (8) amend the disciplinary charge, reduce the disciplinary report to a summary judgment, and impose one of the following: (A) Restriction from privileges for not more than 10 days; (B) a fine not to exceed \$10.00; (C) work without incentive pay for not more than five days, which shall apply only to ordinary inmate work assignments; and (D) restitution of at least \$3.00 and not more than \$20.00; or (9) remand the case to the disciplinary administrator with any instructions necessary to ensure compliance with the disciplinary procedure and rules of conduct. The proposed amendment(s) has no quantifiable economic impact upon the Department of Corrections, inmates, other governmental agencies, private businesses or individuals.
