Carol G. Green Clerk of the Appellate Courts

Governmental Ethics Commission

Opinion No. 2007-09

Written July 18, 2007, to Michael R. Santos, Deputy City Attorney, Overland Park.

This opinion is in response to your letter of July 2, 2007, requesting an opinion from the Kansas Governmental Ethics Commission concerning local government conflict of interest laws, K.S.A. 75-4301 *et seq.* We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 75-4301 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement:

You request this opinion in your capacity as Deputy City Attorney for Overland Park, Kansas, on behalf of Overland Park City Council member, John Skubal. You state that Council member Skubal is also an employee of Kaw Valley Engineering, a company that is currently under contract with the City of Overland Park (City) to provide certain engineering services. Council member Skubal received from Kaw Valley Engineering taxable income in excess of \$2,000 during the preceding calendar year, and he has filed a Statement of Substantial Interests with the Overland Park City Clerk and the Johnson County Election Office listing his interest in Kaw Valley Engineering. You also indicate that the City Council approves City expenditures twice each month based on presentation and consideration of an expenditure ordinance. Your questions involve Council member Skubal's involvement in discussions and actions by the City Council relating to Kaw Valley Engineering.

Ouestions:

- 1. Pursuant to the local conflict of interest laws, does Council member Skubal have a substantial interest in Kaw Valley Engineering based on his receipt during the preceding calendar year of over \$2,000 in taxable income from Kaw Valley Engineering?
- 2. May Council member Skubal participate in discussions and vote on contracts between the City and his employer, Kaw Valley Engineering?
- 3. May Council member Skubal participate in discussions and vote on City expenditure ordinances that include payments to Kaw Valley Engineering?
- 4. May Council member Skubal participate in City Council discussions relating to the development of a competitive bid request for proposals if Kaw Valley Engineering is expected to submit a proposal in response to the request?
- 5. May Council member Skubal participate in Council discussions relating to the review of proposals or bids submitted in response to the City's competitive bid request for proposals if Kaw Valley Engineering has submitted a proposal in response to the request?
- 6. May Council member Skubal vote on the actual award of a contract subsequent to Council discussions regarding a competitive bid request if Kaw Valley Engineering has submitted a proposal in response to the re-

quest, and the award of the contract is made subsequent to the proposals being culled by a selection committee that does not include Council member Skubal, and the company selected is based on discussions with the company to obtain the best deal for the City?

Opinion:

In response to your first question, K.S.A.75-4301a, which applies to local governmental officers and employees, defines "substantial interest" in pertinent part as follows:

(2) If an individual or an individual's spouse, either individually or collectively, has received during the preceding calendar year compensation which is or will be required to be included as taxable income on federal income tax returns of the individual and spouse in an aggregate amount of \$2,000 from any business or combination of businesses, the individual has a substantial interest in that business or combination of businesses.

Council member Skubal has a substantial interest in his employer, Kaw Valley Engineering, because he received over \$2,000 in taxable income from that business in the preceding calendar year.

Regarding your remaining questions, there are two statutes that limit a local governmental officer's actions involving contracts and other matters. K.S.A. 75-4304 addresses the participation of a local governmental officer in the making of certain *contracts* as follows:

- (a) No local governmental officer or employee shall, in the capacatiy of such an officer or employee, make or participate in the making of a contract with any person or business by which the officer or employee is employed or in whose business the officer or employee has a substantial interest. . . .
- (c) A local governmental officer or employee does not make or participate in the making of a contract if the officer or employee abstains from any action in regard to the contract.
- (d) This section shall not apply to the following:
- (1) Contracts let after competitive bidding has been advertised for by published notice; and
- (2) contracts for property or services for which the price or rate is fixed by law.

K.S.A. 75-4305 addresses the participation of a local governmental officer in acting on any matter as follows:

- (a) Any local governmental officer or employee who has not filed a disclosure of substantial interests shall, before acting upon any matter which will affect any business in which the officer or employee has a substantial interest, file a written report of the nature of the interest with the county election officer of the county in which is located all or the largest geographical part of the officer's or employee's governmental subdivision.
- (b) A local governmental officer or employee does not pass or act upon any matter if the officer or employee abstains from any action in regard to the matter.

It should be noted that the restrictions of K.S.A. 75-4304 are limited only to matters that involve the making of a *contract*, while K.S.A. 75-4305 addresses all matters that come before a local governmental officer.

In response to your second question, this Commission has always held that participating in contracts includes discussions and conversations with other council mem-

(continued)

bers regarding options before the Council, as well as the actual vote on the contract. See Opinions 1974-68 and 2003-25. Therefore, K.S.A. 75-4304 prohibits Council member Skubal from participating in discussions and voting on behalf of the City on contracts between the City and Kaw Valley Engineering unless the contract under consideration is let after competitive bidding without any negotiations, or the contract is for services for which the price or rate is fixed by law.

Your third question involves voting on City expenditure ordinances that include payments to Kaw Valley Engineering. We addressed similar questions in Opinions 1999-51, 2003-24 and 2007-08, and concluded that appropriation ordinances and resolutions are legislative in nature and do not involve the making of a contract. Therefore, because Council member Skubal has disclosed his substantial interest in Kaw Valley Engineering as required by K.S.A. 75-4305, he may participate in discussions and vote on expenditure ordinances that include payments to Kaw Valley Engineering.

Your fourth question inquires whether Council member Skubal may participate in the development of a competitive bid request for proposals when Kaw Valley Engineering is expected to submit a proposal in response to the request. We addressed a similar question in Opinion 2004-10 and opined that a city council member with a substantial interest in a potential bidder may participate in discussions regarding the preparation of the request for proposals and the decision to issue the request for proposals regardless of who may submit a proposal in the future. Therefore, Council member Skubal may participate in the development of a competitive bid request for proposals to which Kaw Valley Engineering is expected to respond.

The response to your fifth question regarding whether Council member Skubal may participate in reviewing proposals submitted in response to the City's competitive bid request for proposals when one of the proposals is submitted by Kaw Valley Engineering, depends on whether the contract will be let based solely on the proposals or whether the contract will be negotiated. In deciding whether a procurement contract is a contract "let after competitive bidding has been advertised for by published notice," we have previously opined as follows:

The Commission now determines that an individual whose involvement is limited to the competitive bid portion of a procurement contract will not be subject to the prohibitions contained in K.S.A. 75-4304. Conversely, an individual who is substantially involved in the preparation of the negotiated portion of a procurement contract will be subject to the prohibitions contained in K.S.A. 75-4304. Opinion 2004-10.

The Commission concluded in Opinion 2004-10 that a city council member was prohibited from participating in the negotiated portion of a contract if a business in which the council member had a substantial interest had submitted a proposal. Thus, Council member Skubal may participate in Council discussions relating to the review of proposals, including a proposal made by Kaw Valley Engineering, as long as the contract is awarded based only on the proposals, or as long as he is not involved in discussing any negotiated portions of the contract.

Your final question is whether Council member Skubal may vote on a contract awarded after competitively bid proposals, including one by Kaw Valley Engineering, are culled by a selection committee that does not include Council member Skubal, and the company selected is based on discussions with the company to obtain the best deal for the City. Under these facts, the resulting contract would be a negotiated contract because it is based on discussions with the bidder. Therefore, Council member Skubal may not vote on the negotiated contract if it is awarded to Kaw Valley Engineering; however, he would not be prohibited from voting on a negotiated contract between the City and another bidder in whom he has no substantial interest.

All interested parties may submit written comments prior to the hearing to Sherry C. Diel, Executive Director, Kansas Real Estate Commission, Three Townsite Plaza, Suite 200, 120 S.E. 6th Ave., Topeka, 66603-3511. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. pact statement in an accessible format. Requests for accommodation should be made at least three working days in advance of the hearing by contacting Kelly White at (785) 296-3411 or the Kansas Relay Center at (800) 766-3777.

The regulations are proposed for adoption on a permanent basis. The following is a summary of the proposed regulations and their economic impact:

K.A.R. 86-1-2. Examinations. The proposed amendment to the existing regulation updates statutory cites after passage of L. 2007, ch. 88, and eliminates the requirement for an applicant to obtain registration forms for the examination from the commission or testing service and clarifies that an applicant must register with the testing service to take the examination.

K.A.R. 86-1-5. Fees. The proposed amendment to the existing regulation implements K.S.A. 2006 Supp. 58-3063, which authorizes a fee for establishing each new branch office or primary office, for certification of a licensee's education history or certification of a professional corporation, and for licenses issued when a licensee affiliates with more than one primary or branch office.

The proposed regulation also implements L. 2007, ch. 88., sec. 1 and 4, which require that an applicant for an original license submit fingerprints for purposes of submission to the Kansas Bureau of Investigation for purposes of a criminal history check by the KBI and FBI. The regulation imposes a fee of \$64 for reimbursement to the commission for the cost of submission of the fingerprints to the KBI for purposes of the criminal history checks and for reimbursement of the commission's reasonable costs of administering the criminal history check program. The commission may seek reimbursement of \$64 from a licensee upon request for purposes of conducting a criminal history check in connection with an investigation being conducted by the commission.

K.A.R. 86-1-10. Approval of courses of instruction; procedure. The amendment to the regulation consisted of updating statutory cites after passage of L. 2007, ch. 88, and updating terminology.

K.A.R. 86-1-11. Minimum curricula and standards for course. The proposed amendment deletes obsolete language; updates statutory cites after passage of L. 2007, ch. 88; adds the requirement for each school offering a 30-hour course to salesperson applicants pursuant to K.S.A. 58-3046a(c) to use the content outline provided by the commission and to register the course under the title "Kansas practice course"; and requires any school offering the four-hour course under K.S.A. 58-3046a(d) to applicants for a broker's license who are nonresidents or who are Kansas residents applying for the license by equivalent requirements met in another jurisdiction to use the content outline provided by the commission and register the course under the title "Kansas law course."

K.A.R. 86-1-13. Submission of evidence of course attendance. The proposed amendment updates statutory cites after the passage of L. 2007, ch. 88; adds the requirement for each applicant for an original salesperson's license to submit with the application for licensure a certificate of course completion for the "Kansas practice

course" as required by K.S.A. 58-3046a(c); and requires each applicant for an original license as a broker who is a nonresident or who is a resident of Kansas applying for licensure by equivalent requirements met in another jurisdiction to submit with the application for licensure a certificate of course completion for the "Kansas law course" as required by K.S.A. 58-3046a(d).

K.A.R. 86-1-15. Change of last name. The proposed amendment to the regulation updates statutory cites after the passage of L. 2007, ch. 88.

K.A.R. 86-1-17. Responsibilities of schools. The proposed amendment to the existing regulation updates existing statutory cites after passage of L. 2007, ch. 88, and eliminates the requirement that schools collect and mail paper student opinion forms to the commission and, instead, requires the schools to notify the students before the conclusion of each course that a student opinion form may be obtained from the commission and is available electronically. The proposed regulation also permits schools to issue certificates of course completion to students electronically in addition to in person or by mail. The amendment prohibits schools from issuing a certificate of course completion to a student who is absent for more than 10 percent of the classroom hours scheduled for the "Kansas practice course." The amendment permits schools to issue certificates of course completion for distance education courses and rosters electronically in addition to hand-delivery or by mail. The amendment also adds the "Kansas practice course" and the "Kansas law course" to the list of courses for which a roster is not required to be submitted to the commission.

K.A.R. 86-1-18. Alternative licensing criteria for broker applicants. The proposed regulation updates statutory cites after passage of L. 2007, ch. 88.

K.A.R. 86-1-19. Submission of supporting documen**tation with application.** The proposed amendment adds the requirement that an applicant for an original license submit with the application the applicant's fingerprints and a completed waiver, on a form approved by the commission, and the fee required by K.A.R. 86-1-5(c)(1). The proposed amendment also adds that each applicant with a criminal history or who has pending criminal charges must submit with the application a letter from the proposed supervising broker or branch broker stating that the broker has reviewed a copy of the pertinent court records concerning the criminal case and is willing to supervise the applicant under the circumstances, and adds voluntary surrender to the list of documentation that must be submitted concerning any disciplinary action taken by the state of Kansas or any other jurisdiction against any professional or occupational license or certification held by the applicant. A license history certification from any jurisdiction in which the applicant is currently licensed or has ever been licensed and a notarized nonresident service of process appointment form for any applicant who is not a resident of Kansas to the documentation that must be submitted with the application. Each applicant for renewal must submit with the application for renewal documentation concerning any criminal matters, discipline taken against a professional or occupational license or certificate, and a nonresident service of process appointment form.

K.A.R. 86-1-20. Age of documentation submitted to the commission. This is a new proposed regulation that establishes a deadline of six months for the validity from the date of issuance for a certificate of licensure history issued by another jurisdiction concerning an applicant's history of real estate licensure in that jurisdiction and a criminal history check issued by the Kansas Bureau of Investigation or the Federal Bureau of Investigation.

K.A.R. 86-3-8. Brokerage agreements. The proposed amendment clarifies existing language.

K.A.R. 86-3-9. Legal counsel. The proposed amendment updates the regulation to current practice to require each broker to recommend to each client or customer that an attorney be retained by the client or customer to answer any legal questions involved in a real estate transaction. The existing regulation only required a broker to recommend that purchaser retain an attorney to pass upon the marketability of the title of the property and other legal questions involved.

86-3-10. Retention of records. The proposed amendment adds to the list of documentation that must be retained by a supervising broker or branch broker all documents and records that relate to any real estate transactions.

86-3-15. Reporting of information. This amendment updates language after passage of L. 2007, ch. 88, and deletes obsolete reporting requirements regarding the trust account.

86-3-19. Disclosure of interest in property purchased, sold, leased, or exchanged. The amendment clarifies current requirements regarding a licensee's duty to disclose in the real estate contract any interest the licensee has in the property and the transaction and the licensee's licensure status. The regulation defines "interest," "family" and "exchange."

86-3-21. Trust account documentation. The amendment specifies which events that require each supervising broker or branch broker that maintains a trust account to file a "trust account report" with the commission on a form approved by the commission within 10 days of any of the listed occurrences. The amendment also specifies which events trigger each supervising broker or branch broker that closes a trust account to file a "report on closing trust account" with the commission on a form approved by the commission, accompanied by a copy of the bank statement showing that the trust account has been closed within 10 days of the listed events. The existing regulation only addressed a broker's request for exemption from the requirement to maintain a trust account.

86-3-22. Transaction identification. The amendment updates statutory cites after passage of L. 2007, ch. 88, and clarifies existing language.

86-3-26a. Designated agents. This is a new regulation that clarifies brokerage relationships with salespersons or associate brokers who are not specifically designated in the written agency agreement when designated agents are involved in a real estate transaction and requires that a brokerage disclosure specify that a designated agent was appointed to represent the interests of the client.

The commission proposes that the following regulations be revoked because they are obsolete:

(continued)

K.A.R. 86-2-3. Credit reports.

K.A.R. 86-2-5. Summary adjudicative proceedings.

K.A.R. 86-2-7. Informal disposition of complaint by agreement.

K.A.R. 86-3-3. Trade name.

K.A.R. 86-2-3 is not used by the commission. K.A.R. 86-2-5 and K.A.R. 86-2-7 are no longer required under the current form of the Kansas Administrative Procedure Act, and K.A.R. 86-3-3 has been incorporated into L. 2007, ch. 88.

Due to the statutory amendments passed in L. 2007, ch. 88, the commission will need one additional staff person in licensing. The commission will be billed \$54 per applicant by the KBI for each criminal history check conducted by the KBI and FBI. The costs of the background checks will be recouped by the commission through a fee charged to the applicants. The commission also will need to track the progress of fingerprints and applications as they are processed and will incur additional mailing costs. The KREC also had programming costs of approximately \$25,000 to change the licensure database to reflect the changes in licensure requirements. The commission calculated its costs at \$10 per applicant for staffing, database programming, mailing, printing and paper costs.

K.A.R. 86-1-5 also was updated to reflect fees authorized by K.S.A. 2006 Supp. 58-3035 and 58-3063 concerning fees charged for primary and branch offices and certifications. The commission estimates the annual fees generated from primary and branch offices and certifications to be approximately \$9,000-\$9,500.

There will be a financial impact upon private individuals or other governmental agencies due to the fingerprint and criminal history check costs of \$64 because of the passage of L. 2007, ch. 88, the fees authorized by K.S.A. 2006 Supp. 58-3035 and 58-3063 for primary and branch offices and certifications ranging from \$10 each to \$25 each. The commission estimates that licensees will pay additional fees in the range of \$9,000-\$9,500 for primary and branch offices fees of \$25 each and the certifications fees of \$10 each. There may be a financial impact to supervising brokers and branch brokers to update brokerage relationship clauses in the real estate contract to reflect designated agency if that designation is already not included but the commission is unable to estimate the cost involved.

There should be financial savings to the approved course providers due to the elimination of the requirement for mandatory evaluation forms for courses and permitting education certifications to be submitted electronically. The evaluation form will be optional and notice to the student that it is available on the commission's Web site is mandatory during each course. The commission cannot estimate the amount of savings to the course providers, but estimates that it is the \$5,000-\$10,000 range for the savings in paper, printing and mailing costs.

Copies of the regulations and the economic impact statements may be obtained by contacting Sherry Diel at the address above, by calling (785) 296-3411 or by e-mail at krec@krec.state.ks.us.

K.A.R. 50-3-2—The amendments implement 2007 legislative changes to K.S.A. 2006 Supp. 44-705(d), as amended by L. 2007, Ch. 16, §2. The amended regulation codifies the Legislature's intent to waive the one-week waiting period for unemployment insurance benefits initial claims, when specified circumstances exist. In addition, the amendments clarify that unemployment benefits for the one-week waiting period will be paid in the claimant's fourth week of unemployment, provided there is not a break in claims during the period of three weeks consecutive to the waiting period and the claimant has met the eligibility requirements during that three-week period. The adoption of this amended regulation will not jeopardize the department's conformity with the requirements of the federal unemployment insurance program.

Economic Impact: The adoption of this regulation will have no appreciable economic impact on the unemployment insurance program.
