Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 10 a.m. Tuesday, December 18, in the lower-level conference room at 1100 S.W. Wanamaker Road, Topeka, to consider the adoption of K.A.R. 117-8-1.

This 60-day notice of public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. All interested parties may submit written comments prior to the hearing to the Kansas Real Estate Appraisal Board, 1100 S.W. Wanamaker Road, Suite 104, Topeka, 66604. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for ac-

commodation should be made at least five working days in advance of the hearing by contacting Sally Pritchett at (785) 271-3373 or cheryl.magathan@kreab.state.ks.us.

The proposed regulation amendments are for adoption on a permanent basis. A summary of the proposed amendments to the regulation and the economic impact follows:

117-8-1. Uniform standards of professional appraisal practice. This regulation is being amended so that the board can adopt the 2008-2009 edition of Uniform Standards of Professional Appraisal Practice (USPAP), which is effective January 1, 2008, by reference with the exception of standards 6, 7, 8, 9 and 10. There will be no economic impact to the appraisers, state agencies or the public.

Copies of the regulation and its economic impact statement may be obtained by contacting the Kansas Real Estate Appraisal Board at (785) 271-3373, fax at (785) 271-3370, e-mail at cheryl.magathan@kreab.state.ks.us, or from the board's Web site at <http://www.kansas.gov/kreab>.

Department of Transportation

Notice to Consulting Engineers

The Kansas Department of Transportation is seeking proposals from qualified firms to develop KDOT's first Kansas Statewide Freight Plan (KSFP) for the project listed below. A response may be submitted by e-mail to neil@ksdot.org or seven signed copies of the response can be mailed to Neil Rusch, P.E., Assistant to the Director, Division of Engineering and Design, KDOT, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754. Responses shall be limited to four pages and must be received by noon November 15 for the consulting engineering firm to be considered.

From the firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three and not more than five) and invite them to attend an individual interview conference. At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short-listed will be notified by letter.

The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select the firm to perform the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

Nationwide, and in Kansas, demands placed on the transportation infrastructure for the movement of freight continues to grow and is projected to nearly double by 2035. The objectives of the KSFP are to gain a better understanding of freight transportation logistics practices and supply chains, industry perspectives on transportation barriers, and initiatives to address transportation shortfalls. All objectives should consider freight concerns from both urban and rural perspectives. The KSFP should result in recommendations for a freight transportation policy framework as well as freight performance measures and indicators.

The KSFP will be multimodal in nature and include the diverse components of the Kansas freight system: highways (motor carriers), rail lines (Class I and Class III), intermodal, air cargo and waterways. The base area of the study for the KSFP will be the state of Kansas. The plan must consider links to the national and international freight systems as well as regional freight corridors. The KSFP will provide KDOT with a working document outlining strategies and initiatives to address current, near term, and future freight transportation needs.

Ultimately, the KSFP should establish links with the Kansas Long Range Transportation Plan (LRTP), allowing KDOT to respond to stakeholder needs regarding the movement of freight in general, identify potential economic growth opportunities dependent of efficient and

cost effective freight transportation, and address public safety concerns associated with increased freight traffic across all transportation modes.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

1. Size and professional qualifications;
2. experience of staff;
3. location of firm with respect to proposed project;
4. work load of firm; and
5. firm's performance record.

106 AV-0001-04
Statewide

The Kansas Department of Transportation recently completed an update of the state's long-range transportation plan (LRTP). The LRTP is intended to improve the Kansas transportation network and strengthen the economic future of the state. The long-range planning process included both a comprehensive technical analysis of the current transportation system along with inclusive, broad-based public engagement opportunities.

It is the intent and purpose of this request for proposal to solicit detailed responses from a consultant or consultant team to provide services to update the Kansas Airport System Plan consistent with the conclusion contained in the LRTP.

The study will be a detailed analysis of the state aviation system, including defining roles and service levels for all public-use airports in the state. The Division of Aviation will be responsible for assembling an inventory of the physical assets of the airports and conducting local consultation meetings across the state. The consultant shall clearly define the information necessary to thoroughly analyze the system and the individual airports. The study shall identify current system performance levels, benchmarks and future performance goals.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

- 1. Size and professional qualifications;
2. experience of staff;

- 3. location of firm with respect to proposed project;
4. work load of firm; and
5. firm's performance record.

Notice of Hearing

A public hearing will be conducted at 8:30 a.m. Thursday, November 1, in the conference room in the office of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue Housing Development Revenue Bonds in an amount not to exceed \$14.5 million for Arbor Valley II, LLC., a limited liability corporation, or an affiliated entity (the borrower). The bonds will be issued, pursuant to K.S.A. 74-8901 *et seq.*, to finance the costs of construction of a 192-unit affordable housing community for seniors to be operated as Arbor Valley Apartments and located at 6423 S.W. Huntoon Ave. in Topeka, Shawnee County, Kansas, and related improvements and equipment to be used for public housing purposes (the project).

The bonds, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will the bonds constitute an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from amounts received from the borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

Notice Concerning Construction and Demolition Landfill Permit Modification

The Kansas Department of Health and Environment has received a permit modification request to include the current disposal area and a vertical expansion at the APAC-KS construction and demolition landfill operating under KDHE Permit 0487. The landfill site area consists of approximately 140 acres in total and is located at 7100 W. 167th St., Overland Park, Kansas, in the Southeast ¼ of Section 18, Township 14 South, Range 25 East. The permit update/modification application indicates that APAC-KS proposes to develop landfill operations laterally within the 82 acres and vertically within the facility footprint. The proposed update will result in a permitted final disposal area of 82 acres with final elevations rising from 1,000 feet (current permit) to 1,024 feet (proposed) above mean sea level. The proposed update/expansion will provide for approximately 1.44 million cubic yards of additional disposal capacity.

The Johnson County Board of Commissioners and the city of Overland Park's planning and community development director have certified that the application described herein is consistent with the county's solid waste management plan and local land use restrictions or zon-

ing. KDHE has reviewed the application and found it to be in conformance with state solid waste statutes and regulations.

KDHE is providing public notice of its intent to approve the proposed APAC-KS expansion. However, a final decision has not been made, and KDHE will consider additional information gathered during the public comment period and hearing before making a final decision. A copy of the administrative record, which includes the permit application, engineering drawings, draft permit and other information with respect to this permit action, will be available for public review October 22-November 26, during normal business hours, at the following locations:

Topeka, 66612
(785) 296-1600

A blank copy of the bureau's application may be obtained on the Internet at <http://www.kdheks.gov/waste>. Anyone wishing to comment on the proposed facility should submit written statements by 5 p.m. November 21 to Larry Molder II, KDHE, Bureau of Waste Management, 1000 S.W. Jackson, Topeka, 66612-1366. Comments also will be accepted via facsimile to (785) 296-1592 or by e-mail to lmolder@kdhe.state.ks.us. Comments that are postmarked by November 26 and received within one week thereafter also will be considered.

In addition, an informational meeting and public hearing will be held in conjunction with the public comment period. The informational meeting will be from 6 to 6:45 p.m. Tuesday, November 20, in the commons area of Pleasant Ridge Middle School, 9000 W. 165th, Overland Park. At the meeting, concerned individuals can ask KDHE personnel questions regarding the landfill in an informal setting. The public hearing will be conducted at 7 p.m. to provide a format for individuals to make formal comments, which will be recorded by KDHE. KDHE will subsequently respond to all formal comments in writing.

After consideration of all the comments received during the public notice period and hearing, KDHE will make a final decision on whether to issue the permit modification. Notice of the decision will be given to the applicant, to anyone who submitted written comments during the comment period, and to those who request notice of the final permit decision.

**Department of Health

The Kansas Department of Health and Environment is proposing to issue a five-year permit to the Osawatomie Generating Station pursuant to Title IV (Acid Deposition Control) of the Federal Clean Air Act and implementing regulations found in 40 CFR Parts 72 through 78. The effective date of the permit is from January 1, 2008 through December 31, 2012.

One combustion turbine affected by this permit action, identified as Unit 1, located at S31 T17S R23E, Paola, Kansas, and operated by Kansas City Power & Light Company, Kansas City, Missouri, would receive zero (0) allowances for each year from 2008 through 2012. Each allowance authorizes the unit to emit up to one ton of sulfur dioxide during or after each of the years specified above. Osawatomie Generating Station proposes to comply with the Acid Rain Program emission requirements by holding enough allowances to cover all sulfur dioxide emissions. Issuance of this permit would not affect the responsibility of Osawatomie Generating Station to meet all other existing local, state and federal sulfur dioxide emission requirements.

The designated representative for Osawatomie Generating Station is Stephen T. Easley.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and at the KDHE Northeast District Office, 800 W. 24th, Lawrence. To obtain or review the proposed permit and supporting documentation, contact Jason Heitman, (785) 296-1691, at the KDHE central office; and to review the proposed permit only, contact Pat Simpson, (785) 842-4600, at the KDHE Northeast District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Jason Heitman, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. Written comments must be received before the close of business November 19 in order to be considered in formulating a final permit decision.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sherry Walker, KDHE, Bureau of Air and Radiation, not later than the close of business November 19 in order for the Secretary of Health and Environment to consider the request.

The Kansas Department of Health and Environment is proposing to issue a five-year permit to the West Gardner Generating Station pursuant to Title IV (Acid Deposition Control) of the Federal Clean Air Act and implementing regulations found in 40 CFR Parts 72 through 78. The effective date of the permit is from January 1, 2008 through December 31, 2012.

Four combustion turbines affected by this permit action, identified as Units 1, 2, 3 and 4, located at S32 T14S R22E, Gardner, Kansas, and operated by Kansas City Power & Light Kansas City, Missouri, would receive 0, 0, 0 and 0 allowances, respectively, for each year from 2008 through 2012. Each allowance authorizes a unit to emit up to one ton of sulfur dioxide during or after each of the years specified above. West Gardner Generating Station proposes to comply with the Acid Rain Program emission requirements by holding enough allowances to cover all sulfur dioxide emissions. Issuance of this permit would not affect the responsibility of West Gardner Generating Station to meet all other existing local, state and federal sulfur dioxide emission requirements.

The designated representative for West Gardner Generating Station is Stephen T. Easley.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and at the Johnson County Environmental Department, 11811 S. Sunset, Suite 2700, Olathe. To obtain or review the proposed permit and supporting documentation, contact Jason Heitman, (785) 296-1691, at the KDHE central office; and to review the proposed permit only, contact Mike Boothe, (913) 715-6939, at the Johnson County Environmental Department. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Jason Heitman, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. Written comments must be received before the close of business November 19 in order to be considered in formulating a final permit decision.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sherry Walker, KDHE, Bureau of Air and Radiation, not later than the close of business November 19 in order for the Secretary of Health and Environment to consider the request.

Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment, Division of Health, Bureau of Consumer Health, will conduct a public hearing at 10 a.m. Wednesday, December
(continued)

19, in the Flint Hills Conference Room 3-A of the Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider amending the lodging establishment regulations. Temporary regulations became effective October 8, 2007. The following is a summary of the proposed regulations.

- Revocations of **K.A.R. 28-36-33 through 28-36-49**.
- **K.A.R. 28-36-70: Definitions**.
- **K.A.R. 28-36-71: Licensure, plans and specifications; variances** — addresses the process for obtaining a license, plans and specifications for new construction and major renovations, and the procedures for requesting a variance.
- **K.A.R. 28-36-72: Food service and food safety** — addresses food service in a lodging establishment and food safety procedures.
- **K.A.R. 28-36-73: Imminent health hazard** — requires cessation of operation in the affected portion of the establishment, notification of the regulatory authority and includes types of situations that is considered an imminent health hazard.
- **K.A.R. 28-36-74: General requirements** — addresses replacement of furniture and fixtures that may affect guest health or safety; handwashing sinks; hot and cold potable water, temperature of hot water, toilets and toilet room requirements.
- **K.A.R. 28-36-75: Personnel** — addresses employee health as it relates to the transmission of disease and employee hygiene.
- **K.A.R. 28-36-76: Guest and public safety** — addresses general guest safety concerns such as carbon monoxide detectors, smoke detectors, egress, fire extinguishers, emergency lighting and evacuation plans.
- **K.A.R. 28-36-77: Guest rooms** — addresses the specific cleanliness and sanitation of guest rooms. This regulation includes the frequency for servicing and cleaning guest rooms, requires clean linens and mattresses, addresses safety of appliances, pet advisory for guests and door locks for safety.
- **K.A.R. 28-36-78: Dishware and utensils** — addresses the cleaning and sanitization of dishware and utensils and the types of dishwashing equipment acceptable for use in a lodging establishment.
- **K.A.R. 28-36-79: Housekeeping laundry facilities** — addresses best practices for maintaining clean and sanitary linens, a clean laundry area, and the prevention of cross contamination between dirty linens and clean linens.
- **K.A.R. 28-36-80: Poisonous or toxic materials** — sets standards for safe handling and use of poisonous and toxic materials.
- **K.A.R. 28-36-81: Public indoor areas** — addresses the safety and sanitation of the general public areas within the establishment including equipment, floors, fixtures, stairs, landings, fitness rooms and public shower areas.
- **K.A.R. 28-36-82: Ice and ice dispensing** — addresses the protection of ice from contamination or adulteration.
- **K.A.R. 28-36-83: Exterior premises** — addresses cleanliness and safety of the exterior areas of the establishment and includes lighting for guest safety, garbage/refuse containers, vector control and storage areas.
- **K.A.R. 28-36-84: Swimming pools, recreational water facilities (RWF), and hot tubs** — addresses safety and sanitation of recreational areas operated by the

lodging establishment. Guest safety and water quality are included along with public health measure to be taken should a fecal or vomiting accident occur.

- **K.A.R. 28-36-85: Water supply** — addresses drinking water standards.
- **K.A.R. 28-36-86: Sewage systems** — addresses sewage sanitation.
- **K.A.R. 28-36-87: Electrical systems** — addresses items that protect the guests from electrical hazards.
- **K.A.R. 28-36-88: Plumbing systems** — addresses requirements to maintain safe water by use of air gaps and back flow devices and conformance with local codes where available.
- **K.A.R. 28-36-89: Heating, ventilation and air-conditioning** — addresses guest safety and comfort including thermostatic controls, gas shut-off valves, general maintenance, and use of unvented gas heating devices in a guest rooms.

The economic impact to industry will vary and be dependent on the size of the establishment and the condition of the lodging establishment. The cost may involve providing a guest notification sign that pets are allowed or clearly marking the depth of a swimming pool. In some cases it may involve installing smoke detectors and exit signs to ensure guest safety in case of a fire. During the implementation phase of these regulations, timeframes for coming into compliance with any new standard will be accorded industry. Economic impact to the Department of Health and Environment is estimated to be less than \$5,000 for the cost of making the regulations available on CD and on the Web, and for conducting informational meetings.

The time between publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written comments on the proposed regulations. Interested parties may submit written comments prior to the hearing to Mary Glassburner, Bureau Director, Bureau of Consumer Health, 1000 S.W. Jackson, Suite 330, Topeka, 66612-1365, or by e-mail at mglassbu@kdhe.state.ks.us. Interested parties will be given a reasonable opportunity to orally present their views of the proposed regulations during the hearing. To give all parties an opportunity to present their views, it may be necessary to require each participant to limit any oral presentation to five minutes.

A copy of the proposed amended regulations and the economic impact statement may be obtained by contacting Mary Glassburner at (785) 296-1705 or from the department's Web site at www.kdheks.gov/bch. Questions pertaining to the proposed regulations should be directed to Mary Glassburner.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request a copy of the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Mary Glassburner.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

Facility Name: Garland Mine No. 2

Facility Address: Deer Road & 250th St., Garland, KS 66741

Facility Description: The proposed action is to modify an existing permit for the discharge of wastewater during coal mining operations by

adding the two outfalls noted above. This is a surface bituminous coal mining operation. Mined coal is transported to a coal processing plant located at Garland Mine No. 1 where it is crushed, screened and washed. Coal washing wastewater is discharged through Outfall 001A1 at Garland Mine No. 1. Stormwater runoff and active strip pit dewatering flows are directed to sediment traps and ponds for settling prior to discharge through outfalls at this facility. All discharges are precipitation based. The proposed permit for the added outfalls includes limits for total recoverable iron, total suspended solids, settleable solids and pH. Monitoring for total recoverable zinc, total hardness sulfates, chlorine, total dissolved solids and effluent flow also will be required. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water-quality based. Only the modifications are subject to comment.

Legal Description: SW¼, S1, T28S, R1W, Sedgwick County

Facility Address: 2810 Southwest St., Wichita, KS 67217

Facility Description: The proposed action is to reissue an existing permit for discharge of noncontact cooling water. This facility manufactures outdoor equipment and proprietary injection molded plastic items. Groundwater used for noncontact cooling is discharged to the storm sewer. Aqua Mag and sodium hypochlorite are injected for one hour every 12 hours to treat iron reducing bacteria (Gallionella) in the well water. The proposed permit contains limits for total residual chlorine and pH. Monitoring of temperature, total recoverable copper, total sulfate, volatile organic chemicals and effluent flow also will be required. Contained in the permit is a schedule of compliance requiring the permittee to develop and implement an industrial stormwater pollution prevention plan within one year of the effective date of the permit. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water-quality based.

Discharge of wastewater from this treatment facility to surface waters of the state of Kansas is prohibited by this permit.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before November 17 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-07-283/295, KS-07-131/133, KS-ND-07-024) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdhe.state.ks.us/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

Department of Health
and EnvironmentPermanent Administrative
Regulations

Article 54.—TRAUMA SYSTEM PROGRAM

28-54-1. Definitions. Each of the following terms used in this article shall have the meaning specified in this regulation:

- (a) "ACS" means American college of surgeons.
- (b) "Department" means the Kansas department of health and environment.
- (c) "Designation" means a determination by the secretary that a hospital shall provide the trauma care required of a level I trauma center, level II trauma center, or level III trauma center.
- (d) "Level I trauma center" means a hospital that has the capability to provide the highest level of trauma care for every aspect of injury, from prevention through rehabilitation.
- (e) "Level II trauma center" means a hospital that meets the following conditions:
 - (1) Provides initial trauma care, regardless of the severity of the injury;
 - (2) is not necessarily able to provide the same comprehensive care as that provided by a level I trauma center; and
 - (3) does not have trauma research as a primary objective.
- (f) "Level III trauma center" means a hospital that provides initial trauma care or arranges for the appropriate transfer of trauma patients to a level I trauma center or a level II trauma center.
- (g) "Regional trauma council" means one of the six councils in the state established to address trauma and emergency medical care issues within a specific geographic area and to coordinate services to meet the needs of trauma patients injured within that area.
- (h) "Trauma" means any of the following:
 - (1) Any injury to a person that results from acute exposure to mechanical, thermal, electrical, or chemical energy;
 - (2) any injury to a person that is caused by the absence of heat or oxygen and that requires immediate medical intervention; or

(3) any injury to a person that requires surgical intervention or treatment to prevent death or permanent disability.

(i) "Trauma facility" means a hospital distinguished by the availability of surgeons, physician specialists, anesthesiology services, nurses, and resuscitation and life-support equipment on a 24-hour basis to care for persons with trauma. This term shall include the following:

- (1) Level I trauma centers;
- (2) level II trauma centers; and
- (3) level III trauma centers.

(j) "Trauma registry" means the database maintained and operated by the department to collect and analyze reportable patient data on the incidence, severity, and causes of trauma.

(k) "Verification" means the process by which the American college of surgeons confirms a hospital's trauma care capability and performance. (Authorized by K.S.A. 2006 Supp. 75-5665; implementing K.S.A. 2006 Supp. 75-5665 and K.S.A. 2006 Supp. 75-5666; effective Nov. 2, 2007.)

28-54-2. Standards for designation. The designation of a hospital as a level I trauma center, level II trauma center, or level III trauma center shall be made by the secretary based on the capability of the hospital to meet the requirements of the requested designation, as specified in this regulation:

(a) For level I trauma centers and level II trauma centers, verification by the American college of surgeons that the hospital meets the standards specified in the "resources for optimal care of the injured patient: 2006" or a determination by the secretary that the hospital meets equivalent standards; and

(b) for level III trauma centers, the "Kansas trauma care facility categorization criteria for level III trauma centers," published by the Kansas trauma program and the advisory committee on trauma and dated April 6, 2007, which is adopted by reference. (Authorized by and implementing K.S.A. 2006 Supp. 75-5665; effective Nov. 2, 2007.)

28-54-3. Application for designation. (a)(1) Each hospital administrator that seeks a certificate of designation for its hospital shall submit the following to the secretary:

(A) A designation application on a form provided by the department, which shall include one of the following:

(i) A copy of the applicant's current ACS verification certificate; or

(ii) documentation of successful completion of the secretary's on-site survey; and

(B) a nonrefundable application fee of \$500.

(2) An application shall not be deemed complete until all of the required materials have been received. Each applicant shall be notified by the department of the completeness of the application within 30 days after the application is submitted to the department.

(b) Any applicant seeking designation of its hospital as a level III trauma center may request an on-site survey from the department by submitting a request with the application. The applicant shall be notified by the department of the date on which the on-site survey is sched-

uled and the amount of the nonrefundable fee for the on-site survey, which shall not exceed \$15,000. The applicant shall submit this fee at least 30 days before the date of the on-site survey.

(c) The findings of the on-site survey team shall be provided to each applicant within 60 calendar days after the date of each survey. If a hospital does not meet the requirements for the level of designation for which the hospital administrator has applied, the hospital administrator shall be notified of the requirements that the hospital is required to meet for designation at the requested level. The hospital administrator shall submit to the secretary a plan of the proposed actions that the hospital will take to ensure compliance with the requirements. A second survey may be required by the secretary. The secretary's survey team shall make a recommendation for the designation to the secretary, based on the hospital's capability to meet the criteria for the requested level of designation.

(d) Each applicant specified in subsection (c) shall be notified by the secretary about the status of designation as a trauma facility within 90 days after the applicant's last survey.

(e) Each applicant who submits a current ACS one-year or three-year verification certificate with an application and the required fee shall be notified by the secretary about the status of designation as a trauma facility within 30 days after these required materials are submitted to the secretary.

(f) Each certificate of designation shall be valid from the date of issuance and for the period of time specified on the certificate. (Authorized by and implementing K.S.A. 2006 Supp. 75-5665; effective Nov. 2, 2007.)

28-54-4. Application for change of designation. (a)

Any administrator of a designated trauma facility may request a change of designation by submitting the following to the secretary:

(1) An application for a change of designation on the form provided by the department, which shall include one of the following:

(A) A copy of the applicant's current ACS verification certificate for the level of designation sought; or

(B) documentation of successful completion of the secretary's on-site survey for the level of designation sought. The applicant may request an on-site survey from the department by submitting a request with the application; and

(2) the nonrefundable fee of \$500.

An application shall not be deemed complete until all of the required materials have been received. Each applicant shall be notified by the department of the completeness of the application within 30 days after the application is submitted to the department.

(b) If the applicant seeking designation of its hospital as a level III trauma center requests an on-site survey by the department, the applicant shall be notified by the department of the date on which the on-site survey is scheduled and the amount of the nonrefundable fee for the on-site survey, which shall not exceed \$15,000. The applicant shall submit this fee at least 30 days before the date of the on-site survey.

(c) The findings of the secretary's on-site survey team shall be provided to the applicant within 60 calendar days after the date of the survey. The survey team shall make a recommendation for the designation to the secretary, based on the hospital's capability to meet the criteria for the requested level of designation.

(d) Each applicant specified in subsection (c) shall be notified by the secretary about the status of designation as a trauma facility within 90 days after the applicant's on-site survey.

(e) Each applicant who submits a current ACS one-year or three-year verification certificate for the level of designation sought with an application and the required fee shall be notified by the secretary about the status of designation as a trauma facility within 30 days after these required materials are submitted to the secretary.

(f) Each change of designation certificate shall be valid from the date of issuance and for the period specified on the certificate. (Authorized by and implementing K.S.A. 2006 Supp. 75-5665; effective Nov. 2, 2007.)

28-54-5. Certificate of designation; renewal. (a)

Each certificate of designation shall be valid for three years from the effective date specified on the certificate.

(b) (1) Each administrator of a designated trauma facility that wants to renew the trauma facility's certificate of designation shall submit the following at least six months before the expiration date specified on the certificate of designation:

(A) An application for renewal of the hospital's designation on a form provided by the department, which shall include one of the following:

(i) A copy of the applicant's current ACS verification certificate; or

(ii) documentation of successful completion of the secretary's on-site survey. If an applicant for renewal wants to request an on-site survey from the department, the applicant shall meet the requirements specified in K.A.R. 28-54-3 (b) and (c); and

(B) A nonrefundable renewal fee of \$500.

(2) An application shall not be deemed complete until all of the required materials have been received. Each applicant for renewal shall be notified by the department of the completeness of the application within 30 days after the application is submitted to the department. Except as otherwise provided in subsection (c), failure to renew the certificate of designation before the expiration date shall render the certificate invalid.

(c) The certificate of designation shall not expire on the specified expiration date if all of the required materials specified in paragraph (b)(1) have been submitted to the secretary at least six months before the expiration date on the certificate of designation. In this case, the certificate of designation shall expire on the earlier of the following dates:

(1) The date on which the certificate of designation is renewed; or

(2) the date on which the secretary denies the renewal application. (Authorized by and implementing K.S.A. 2006 Supp. 75-5665; effective Nov. 2, 2007.)

28-54-6. Voluntary termination of certificate of designation. (a) Each administrator of a trauma facility

(continued)

that decides not to maintain the trauma facility's certificate of designation shall notify the secretary in writing of that decision.

(b) The notification shall include the anticipated date of termination, which shall be at least 60 days after the date on which the notice is mailed, and shall describe the procedures by which the administrator will notify the medical care service providers in the regional trauma council in which the trauma facility is located. (Authorized by and implementing K.S.A. 2006 Supp. 75-5665; effective Nov. 2, 2007.)

28-54-7. Misrepresentation of certificate of designation. (a) The certificate of designation shall apply only to the hospital for which the administrator submitted the designation application and shall not extend to any of the hospital's satellite facilities or affiliates.

(b) No hospital administrator shall represent that the hospital is a trauma facility unless the hospital has a current certificate of designation or certificate of verification by the American college of surgeons. (Authorized by and implementing K.S.A. 2006 Supp. 75-5665; effective Nov. 2, 2007.)

Article 22.—DISHONORABLE CONDUCT

100-22-6. Notice to the public of licensure. (a) A person licensed to practice a branch of the healing arts shall not perform direct patient care in an office, unless the notice adopted by reference in this subsection is placed in a conspicuous location where the notice is reasonably likely to be seen by persons who receive direct patient care in the office. The document titled "notice to patients: required signage for K.A.R. 100-22-6," as prepared by the state board of healing arts and dated April 5, 2007, is hereby adopted by reference.

(b) As used in this regulation, "office" shall mean any place intended for the practice of the healing arts. This term shall not include a medical care facility, as defined by K.S.A. 65-425 and amendments thereto, which is licensed by the Kansas department of health and environment.

(c) Each violation of this regulation shall constitute prima facie evidence of dishonorable conduct. (Authorized by K.S.A. 65-2865; implementing K.S.A. 65-2836; effective Nov. 2, 2007.)

Article 3.—UNEMPLOYMENT
INSURANCE BENEFITS

50-3-2. Initial claims for benefits; intrastate workers. (a) Filing an initial claim. Each unemployed worker shall file a claim by telephone, mail, electronic mail, any other telephonic or electronic communications, or any manner prescribed by the secretary.

(b) Definitions. For purposes of determining eligibility for waiver of the one-week waiting period under K.S.A. 44-705 and amendments thereto, these terms shall be defined as follows:

(1) "Terminating business operations within this state" means the cessation or ending of activities that produce goods or provide services by an employer within the state of Kansas. The employer has not provided each employee displaced by this action an opportunity to transfer to another of the employer's business operations in Kansas, or the employer has no other business operation in Kansas. This term shall include the closing of a plant, store, or worksite; the destruction of the business due to natural disaster or civil disruption; and sale of the plant or store to another entity if the new owner does not keep all the employees of the previous owner.

(2) "Declaring bankruptcy" means the filing by an employer for any class of bankruptcy under the federal bankruptcy laws.

(3) The "WARN Act" means the worker adjustment and retraining notification act, public law 100-379, which requires an employer to give the employees at least a 60-day advance notice of a plant closing or mass layoff if an employment site will be shut down, resulting in any of the following:

(A) A facility or operating unit is shut down for more than six months.

(B) Fifty or more employees lose their jobs during any 30-day period at a single site of employment.

(C) A layoff of six months or longer meets one of the following conditions:

(i) Affects 500 or more employees; or

(ii) results in an employment loss of 50 to 499 employees if the employees comprise at least 33 percent of the active workforce at a single employment site.

(c) Effective date of initial claim. The effective date of an initial claim shall be the first day of the calendar week in which the filing date, as defined in subsection (d) of this regulation, occurs, unless otherwise provided. When filing occurs with respect to a week that overlaps a preceding benefit year, the effective date shall be the first day immediately following the expiration date of the preceding benefit year.

(d) Filing date of initial claims.

(1) Claim filed by telephone or other form of telephonic communication. The filing date of initial claims filed by telephone or any other form of telephonic communication

shall be the actual date the worker contacts the division's call center to file the initial claim. If the worker fails to provide all required information during the original call or within seven days of the original filing date, the filing date shall become the date the information is provided in its entirety.

(2) Claim filed by mail.

(A) The filing date of initial claims filed by mail shall be the date the worker mailed a written request to the division for claim forms or otherwise attempted to file a claim. If the worker fails to return the completed forms to the claims office by the end of the calendar week following the week in which the forms were mailed to the worker, the filing date of the initial claim shall be the date on which the completed forms are mailed to the claims office.

(B) When a worker is given claim forms for completion and directed by a division representative to complete and return the forms to the claims office, the filing date of the initial claim shall be the actual date the forms were given to the worker. However, if the completed claim forms are not mailed to the claims office before the end of the calendar week following the actual date the forms were provided to the worker, the filing date of the initial claim shall be the actual date the completed forms were mailed to the claims office.

(3) Claim filed by electronic mail or any other means of electronic communication. The filing date of initial claims filed by electronic mail or any other means of electronic communication shall be the actual date the claim is transmitted by electronic mail or other means of electronic communication to the division.

(e) Late filed initial claim by totally or partially unemployed workers. If the effective date of an initial claim, established in accordance with subsection (c) of this regulation, is later than the first day of the calendar week in which the worker became unemployed because of a late filing date, and if the worker establishes good cause for the late reporting in accordance with K.A.R. 50-3-4(a) and files the initial claim during the second consecutive week in which the individual is unemployed, the effective date of the claim shall be the first day of the week in which the worker became unemployed.

(f) New claims. A new claim for benefits shall be filed in a manner prescribed by the secretary, which shall set forth the dates and reasons for separation from recent employment, and any other information required by the division. A new claim for benefits filed by a partially unemployed or temporarily unemployed worker shall constitute that employee's registration for work. Claims by workers living outside the United States and its territories shall be filed in the same manner as that for intrastate claims. Claims personnel shall give each claimant necessary and appropriate assistance as they reasonably can, including referral to the public employment office most accessible to the employee.

Those employees temporarily unemployed, partially unemployed, or affiliated with a union that customarily places its members in employment may be excused from registration for work.

(g) Additional claims. A worker having previously established a benefit year that has not ended shall reinstate

the claim by filing an additional claim if either of the following conditions is met:

(1) The employee has earned wages equal to or in excess of the employee's weekly benefit amount.

(2) The employee has failed to continue the claim for one or more consecutive weeks and has had intervening employment.

The additional claim shall be filed in a manner prescribed by the secretary, which shall set forth the date and reasons for separation from recent employment, and any other information that the division may prescribe in the forms. Claims by workers living outside the United States and its territories shall be filed in the same manner as that for intrastate claims. An additional claim for benefits filed by a partially unemployed or temporarily unemployed worker shall constitute that employee's registration for work.

(h) Payment of benefits for waiting week pursuant to K.S.A. 44-705 and amendments thereto. The benefits for the waiting week period shall be paid in the claimant's fourth week of unemployment. A break in claims during the period of three consecutive weeks or the claimant's failure to meet the eligibility requirements during any of the three weeks shall result in a nonpayable waiting week. (Authorized by and implementing K.S.A. 2006 Supp. 44-709(a) and K.S.A. 2006 Supp. 44-705(d), as amended by L. 2007, ch. 16, §2; effective Jan. 1, 1966; amended Jan. 1, 1971; amended Jan. 1, 1974; amended May 1, 1980; amended May 1, 1983; amended Feb. 16, 2001; amended Nov. 2, 2007.)

Article 3.—PRODUCTION AND CONSERVATION OF OIL AND GAS

82-3-119. (Authorized by K.S.A. 55-152; implementing K.S.A. 55-152, 55-156, 55-157; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1984; revoked Nov. 2, 2007.)

82-3-123. Well bore; commingling of production.

(a) Applicability. Commingling of production from more than one source of supply shall be permitted if the total production potential is less than the allowable for a single common source of supply for the immediate area and after application and approval by the conservation division.

(b) Coalbed natural gas. Each well producing only coalbed natural gas shall be exempt from this regulation.

(c) Application. Each original application for commingling and one copy shall be filed with the conservation division. The application shall be submitted to the commission on the form provided by the commission and shall be accompanied by the following information:

(continued)

(1) A description of the well with a plat attached showing the location of the subject well, the location of other wells on the lease, the location of offset wells within a ½-mile radius of the subject well, and for each of these wells, the name of the lessee of record or the operator;

(2) the names of the upper and lower limits of the sources of supply to be commingled, with proposed perforations or open holes noted;

(3) a wireline log of the subject well;

(4) the production potential of oil, water, gas, or a combination for each source of supply;

(5) the total anticipated production for the formations sought to be commingled; and

(6) the applicant's license number.

(d) Allowable. The maximum well allowable for a well in which commingled production is approved shall be the following:

(1) For oil wells, the allowable for the deepest source of supply demonstrating productivity as specified in K.A.R. 82-3-203 or special order; and

(2) for gas wells, the allowable specified in K.A.R. 82-3-312, based on the combined actual open-flow potential from all producing zones or as provided by special order.

(e) Notice; protest. The applicant shall provide notice of the application as required in K.A.R. 82-3-135a. If a protest is filed in accordance with K.A.R. 82-3-135a, the application shall be set for hearing by the commission. Commingling shall be prohibited if the commission finds that waste or a violation of correlative rights is likely to result.

(f) Application for additional sources of supply. A new commingling application shall be required if the operator desires to open an additional source of supply that was not included in the initial application. (Authorized by K.S.A. 55-152, K.S.A. 55-604, K.S.A. 55-704; implementing K.S.A. 55-603, K.S.A. 55-605; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1985; amended May 1, 1987; amended May 1, 1988; amended May 8, 1989; amended April 23, 1990; amended Aug. 29, 1997; amended Jan. 25, 2002; amended Jan. 14, 2005; amended Nov. 2, 2007.)

82-3-123a. Well bore; commingling of fluids. (a) When applicable. Well bore commingling of fluids from one or more intervals with fluids from a production interval shall be permitted after application and approval by the conservation division.

(b) Application. Each original application for commingling and one copy shall be filed with the conservation division. The application shall contain the following information:

(1) A plat map showing the location of the subject well, the location of other wells on the lease, the location of offset wells within a ½-mile radius of the subject well, and, for each well, the name of the lessee of record or the operator;

(2) the intervals to be commingled, with proposed perforations or open holes noted;

(3) a well construction diagram of the subject well;

(4) any available water chemistry data demonstrating the compatibility of the fluids to be commingled; and

(5) an estimate of the amount of fluids to be commingled.

(c) Notice; protest. The applicant shall provide notice of the application as required in K.A.R. 82-3-135a. If a protest is filed in accordance with K.A.R. 82-3-135a, the application shall be set for hearing by the commission. Commingling shall be prohibited if the commission finds that waste or a violation of correlative rights is likely to result. (Authorized by K.S.A. 55-604; implementing K.S.A. 55-603, K.S.A. 55-605; effective May 8, 1989; amended April 23, 1990; amended Jan. 14, 2005; amended Nov. 2, 2007.)

82-3-124. Dual or multiple-completed wells. (a) When applicable. Production from more than one common source of supply through the same well bore shall be permitted if separation of each source of supply is maintained and after application and approval by the commission has been obtained.

(b) Application. Whenever an operator or producer desires to complete a well in more than one common source of supply, an original and one copy of an application requesting approval of dual or multiple completion shall be filed with the conservation division. The application shall be submitted to the commission on the form provided by the commission and shall be accompanied by the following:

(1) A description of the well with a plat attached showing the location of the subject well, the location of all other wells on the lease, the location of all offset wells within a ½-mile radius of the subject well, and for each of these wells, the name of the lessee of record or the operator. Well depths and producing sources of supply shall be properly designated on the plat;

(2) the names and upper and lower limits of the common sources of supply involved in the dual or multiple completion;

(3) a wireline log of the subject well;

(4) a complete description of the proposed installation including the size, weight, depth, and condition of all casing and tubing, the size of all drilled holes, the amount of cement used and the location of the tops of cement behind each casing string, the location or intended location of casing perforations, the type of packer to be used and the depth at which it is to be set. A diagram of the proposed installation shall be attached to the application;

(5) a description of the proposed plan for separately measuring and accounting for the production for each source of supply;

(6) a description of storage facilities;

(7) a description and diagram of the proposed wellhead to pipeline installation; and

(8) the applicant's license number.

(c) Notice. The applicant shall provide notice of the application pursuant to K.A.R. 82-3-135a.

(d) Commission supervision. All dual and multiple completions shall be made and operated under the direction of the commission. Packers shall not be installed, removed, reinstalled, or replaced in such a well, except upon notice to and with the approval of a representative of the commission. If one of the producing sources of supply is abandoned, the plugging of the abandoned source of supply shall be in accordance with the requirements of the commission.

(e) Plugging. If any common source of supply in an intended dual or multiple completion is found upon testing to be nonproductive, it shall immediately be plugged under the direction of a commission representative.

(f) Packer testing. Dual and multiple-completed wells shall be operated and maintained so as to ensure complete segregation of all fluids from the producing sources of supply. In monitoring installation of packers, and in inspecting dual and multiple-completed wells, tests shall be made by or at the direction of representatives of the commission to determine whether packer leakage exists. These tests may include bottom hole pressure measurements, chemical analysis of oil, water, and gas, and any other tests which indicate the effectiveness of the packer.

(g) Packer leakage. Whenever evidence of leakage of the packer in any dual or multiple-completed well is discovered, the packer shall be immediately repaired, a new packer shall be installed, or the affected producing source of supply shall be plugged.

(h) Allowable. The allowable for each source of supply shall be determined according to K.A.R. 82-3-203(b) or K.A.R. 82-3-312 for non-prorated common sources of supply or according to the basic proration order for prorated common sources of supply, or both.

(i) Packer installation. Operators shall notify the commission and the operators of offset producing leases at least 24 hours before installing a packer.

(j) Installation charge. An installation charge for each dual or multiple-completed well, and a charge for any inspection of such a well, shall be made to defray necessary expenses of supervision by the commission.

(k) Revocation. Failure of the operator of any dual or multiple-completed well to comply with any of the provisions of this regulation shall constitute grounds for the revocation of the order granting the dual or multiple completion, or the suspension or cancellation of current or future allowables of that well. If the order granting the dual or multiple completion of any well is revoked, all but one of the producing sources of supply shall immediately be sealed off under the direction of the commission.

(l) Approval. Tentative approval for dual or multiple-completed wells may be granted by the commission based on extenuating circumstances. Final approval may be granted after proper application. (Authorized by K.S.A. 55-602; implementing K.S.A. 55-605, 55-706, 55-603; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended, T-85-51, Dec. 19, 1984; amended May 1, 1985; amended May 1, 1987; amended May 1, 1988; amended May 8, 1989; amended April 23, 1990; amended Nov. 2, 2007.)

82-3-131. Vacuum and high volume pumps; application and approval. (a) Upon application, the installation and use of vacuum pumps in fields that are nearly depleted and the installation and use of high volume pumps may be permitted by the commission. A high volume pump shall mean one that is capable of producing total fluids in excess of 2,500 barrels per day. No application for commission approval shall be required for the installation and use of vacuum or high volume pumps in a field that is unitized for secondary recovery operations.

(b) The original and one copy of the application shall be filed with the conservation division. The application shall contain the following information:

(1) The applicant's license number;

(2) the name, location, and producing formation of the well or wells to be pumped;

(3) a plat map showing the subject well or wells, the location of all oil and gas wells on the lease, and the location of all offset wells within a ½-mile radius of the subject well or wells and their operators' names;

(4) the anticipated maximum daily production of oil, water, and gas;

(5) for vacuum pump applications, an estimate of the remaining recoverable hydrocarbon reserves underlying the subject lease;

(6) for high volume pump applications, the size and capacity of the pump to be used and the estimated oil-water ratio; and

(7) any additional relevant information that the commission may require.

(c) Each applicant shall provide notice of the application pursuant to K.A.R. 82-3-135a. (Authorized by K.S.A. 55-152; implementing K.S.A. 55-604; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1987; amended May 1, 1988; amended April 23, 1990; amended Nov. 2, 2007.)

82-3-140. Tertiary recovery project certification.

(a) Any interested party may file an application for certification of a tertiary recovery project. Each application for certification of a tertiary recovery project to the Kansas department of revenue shall be submitted to the conservation division and shall be accompanied by the following:

(1) The project name and its legal description;

(2) the type of tertiary recovery process to be implemented;

(3) exhibits and evidence required to support the application for certification; and

(4) any other relevant information that may be required by the commission.

(b) The applicant shall publish notice of the application pursuant to K.A.R. 82-3-135a. (Authorized by K.S.A. 55-152, 55-704, and 79-4217; implementing K.S.A. 55-604 and 79-4217; effective, T-87-46, Dec. 19, 1986; effective May 1, 1987; amended May 1, 1988; amended May 8, 1989; amended April 23, 1990; amended Nov. 2, 2007.)

82-3-300. Assignment of gas allowables in prorated pools; notice.

(a) Request for allowable. A gas well in a prorated common source of supply that is in conformance with all provisions of the applicable basic proration order shall be granted an allowable by the commission on the date of filing the latest of the following:

(1) A form as prescribed by the commission requesting an allowable for a gas well in a prorated pool;

(2) an acreage plat verifying the location of the well and a description of the acreage to be attributed to the well;

(3) the results of the state-supervised test as required by the applicable basic proration order; and

(4) in the case of a replacement well, either of the following:

(continued)

(A) Documentation that the operator has plugged the original well, caused the productive perforations to be squeezed, or otherwise isolated the productive zone; or

(B) an affidavit filed with the commission stating that the well is disconnected and surface equipment is sealed in preparation to be plugged or returned to other use within one year of the date of being sealed.

(b) Replacement wells. In the case of a replacement well, any accumulated overage or underage shall be transferred to the replacement well.

(c) Application for exception. A gas well in a prorated common source of supply that requires exceptions to any provision of the applicable basic proration order may be granted an allowable by the commission only after an application has been filed with the conservation division. Each application shall show the following:

(1) The exact location of the well and the acreage attributed to the well;

(2) the common source of supply from which the well is producing;

(3) the name and address of the purchaser, if known;

(4) a statement of the exception being requested and the reasons the exception should be granted;

(5) a plat showing the location and approximate depths of all wells and dry holes that have been drilled within one mile from the acreage to be attributed;

(6) the applicant's license number;

(7) the names and addresses of each person owning a royalty or working interest in the acreage to be attributed, and a certificate of mailing indicating the date on which service of a copy of the application was made to each person;

(8) the names and addresses of all operators of producing acreage abutting or adjoining the acreage to be attributed, and a certificate of mailing indicating the date on which service of a copy of the application was made to each operator;

(9) the names and addresses of all lessees of record of nonproducing acreage abutting or adjoining the acreage to be attributed, and a certificate of mailing indicating the date on which service of a copy of the application was made to each lessee;

(10) the names and addresses of all owners of record of the minerals in, or royalty of unleased acreage abutting or adjoining, the acreage to be attributed, and a certificate of mailing indicating the date on which service of a copy of the application was made to each owner;

(11) the names and addresses of all persons owning the royalty or leasehold interests in acreage abutting or adjoining the acreage to be attributed that is operated by the applicant or on which the applicant has a lease or an interest in the lease, and a certificate of mailing indicating the date on which service of a copy of the application was made to each person;

(12) a statement advising each person listed in paragraphs (7) through (11) of this subsection that the person has 15 days in which to file a protest to the application with the conservation division pursuant to the provisions of K.A.R. 82-3-135b; and

(13) any other relevant information that the commission may require.

(d) Notice of the application. In addition to mailing a copy of the application to each of the persons described in subsection (c), notice of the application shall be published in at least one issue of the official county newspaper of each county in which lands affected by the application are located and in the "Wichita Eagle" newspaper.

(e) Protest. After notice of the application is published pursuant to subsection (d) and mailed to the persons described in subsection (c), the application shall be held in abeyance for 15 days from the date of publication or mailing, whichever is later, pending the filing of any protest pursuant to K.A.R. 82-3-135b. If a valid protest is filed or if, on the commission's own motion, it is deemed that there should be a hearing on the application, a hearing shall be held. The applicant shall publish notice of the hearing pursuant to K.A.R. 82-3-135. (Authorized by K.S.A. 55-152 and 55-704; implementing K.S.A. 55-705b, K.S.A. 55-706; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1988; amended April 23, 1990; amended March 20, 1995; amended June 1, 2001; amended Nov. 2, 2007.)

82-3-408. Duration of injection well permits; modification penalty. (a) Permits authorizing injection into wells shall remain valid for the life of the well, unless revoked by the commission for just cause.

(b) Modifications of any injection well permit may be made only upon application to the conservation division. Each application shall be submitted on the form furnished by the conservation division. The applicant shall give notice of the application to modify according to the provisions of K.A.R. 82-3-135a.

(c) An operator shall not be required to file an application to modify any injection well permit but shall file with the conservation division a notice of modification on a form furnished by the conservation division for permit modifications for one or more of the following purposes:

(1) The operator seeks to decrease the maximum injection pressure.

(2) The operator seeks to decrease the maximum injection rate.

(3) The operator seeks to add or delete leases disposing into the well but will not exceed the maximum authorized injection rate and pressure.

(d) The failure to obtain conservation division approval of any modification to an existing injection well, other than the modifications designated in subsection (c), before resuming injection operations, or the failure to notify the conservation division under subsection (c) shall be punishable by a \$1,000 penalty. (Authorized by K.S.A. 55-152 and K.S.A. 55-901; implementing K.S.A. 55-1003, K.S.A. 55-152, K.S.A. 55-164, and K.S.A. 55-901; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1985; amended, T-87-46, Dec. 19, 1986; amended May 1, 1987; amended May 8, 1989; amended April 23, 1990; amended March 19, 1999; amended April 5, 2002; amended Nov. 2, 2007.)

FOR ALL BOILERS**49-50-6. Hydrostatic pressure tests and inspection.**

(a) When there is doubt as to the extent of a defect or deterioration found in a pressure vessel or boiler, a pressure test may be required by the inspector. A pressure test shall not be required as part of a normal periodic inspection. A pressure test shall be required when either of the following conditions is met:

(1) Forms of deterioration are found that could affect the safety of a vessel.

(2) Major repairs have been completed.

(b) Pressure test considerations shall be as follows:

(1) To determine tightness, the test pressure shall not be required to be greater than the set pressure of the safety valve having the lowest setting.

(2) The pressure test shall not exceed 1½ times the maximum allowable working pressure, as adjusted for temperature. When the original test pressure included consideration of corrosion allowance, the test pressure may be further adjusted based on the remaining corrosion allowance and other requirements set forth in part RC of the national board inspection code, which is adopted by reference in K.A.R. 49-45-20.

(3) If the test pressure will exceed the set pressure of the safety valve having the lowest setting, the safety relief valve or valves shall be removed during the test or each disc held down by means of a test clamp and not by applying additional load to the valve spring by turning the compression screw.

(4) The temperature of the water used to apply a hydrostatic test shall not be less than 60° F, unless the owner provides information on the toughness characteristics of the vessel material to indicate the acceptability of a lower test temperature. The metal temperature shall not exceed 120° F, unless the owner specifies the requirements for a higher test temperature that are acceptable to the inspector.

(5) When contamination of the vessel contents by any other medium is prohibited or when a hydrostatic test is not possible, other testing media may be used if the precautionary requirements of the applicable sections of the ASME code and the national board inspection code (NBIC), as adopted in these regulations, are followed. In these cases, there shall be agreement as to the testing procedure among the owner, repair organization, the inspector, and the chief inspector.

(c) Each boiler log, record of maintenance, corrosion rate record, and any other examination results shall be reviewed by the inspector. The owner or user shall consult with the inspector regarding repairs, if any, made since the last internal inspection. The records of the repairs shall be reviewed for compliance with applicable requirements.

(d) Any defects or deficiencies in condition, maintenance practices, or misuse of the boiler shall be identified and documented by the inspector and owner, and, if necessary, corrective action shall be taken by the owner. All repairs shall be carried out in accordance with the requirements of part RC of the national board inspection code. (Authorized by K.S.A. 44-916; implementing K.S.A. 44-916 and 44-923; effective May 1, 1987; amended April 28, 2000; amended Nov. 2, 2007.)

49-50-20. New boilers, new pressure vessels, new boiler rooms, and boiler clearances.

(a) Each owner, user, and installer of a new boiler or pressure vessel shall be responsible for notifying the office of the chief inspector within 72 hours of a boiler or pressure vessel installation. Each new boiler or pressure vessel shall be inspected at the time of installation by an inspector duly commissioned in accordance with K.S.A. 44-918 through K.S.A. 44-922, and amendments thereto.

(b) Each new boiler or pressure vessel shall have adequate clearance for repair, inspection, maintenance, and operation. Each new boiler that is not enclosed in a separate building or separate room shall be isolated from the public and employees by a fire-rated wall as determined by occupancy in chapter 8 in NFPA 101, "life safety code," 2000 edition, excluding sections 8.4.4 and 8.4.5, which is published by the national fire protection association and hereby adopted by reference.

(c) Each new boiler room shall have one or more means of exit as determined by the chief boiler inspector. Where more than one exit is provided, each exit shall be remotely located from the other. Each elevation of runway shall have at least two means of egress, each remotely located from the other.

(d) Each new boiler or pressure vessel shall be located so that adequate space will be provided for the proper operation of the boiler or pressure vessel, and its appurtenances, for the inspection of all surfaces, tubes, water walls, economizers, piping, valves, hand holes, manholes, and other equipment, and for their necessary maintenance and repair. Specifications for all minimum clearances shall be provided by each boiler or pressure vessel manufacturer and shall be listed in the manual provided to the installing contractor. In no case shall clearance for access to any boiler or pressure vessel be less than that

(continued)

listed in section 1014.0 of the uniform mechanical code, 2000 edition as adopted by reference in K.A.R. 49-45-32 and the installation requirements of the national board inspection code as adopted by reference in K.A.R. 49-45-20. The installation instruction manual shall remain available to the authorized inspector upon the inspector's request. (Authorized by and implementing K.S.A. 44-916; effective May 1, 1987; amended April 28, 2000; amended Nov. 2, 2007.)

Article 4.—MOTOR CARRIERS OF PERSONS AND PROPERTY

82-4-30a. Applications for interstate registration.

(a) (1) For the purposes of this regulation, "base state" shall have the meaning assigned to "base-state" in 49 U.S.C. 14504a(a)(2) as in effect on August 10, 2005, which is hereby adopted by reference.

(2) Each interstate motor carrier designating Kansas as the carrier's base state and operating in interstate commerce over the highways of this state under authority issued by the relevant federal agency shall file, in duplicate, the uniform application for registration issued by the relevant federal agency. The carrier shall file this application for registration with the transportation division of the state corporation commission.

(b) Each interstate motor carrier designating Kansas as the carrier's base state shall pay a fee to the state corporation commission. This fee shall be in accordance with the fee schedule in 40 C.F.R. 367.20, as in effect on August 24, 2007 and hereby adopted by reference.

(c) Each interstate motor carrier operating in interstate commerce that is specifically exempt from the relevant federal agency's jurisdiction shall file an application on forms approved by the commission. Exempt interstate motor carriers shall not be required to comply with K.A.R. 82-4-26(b).

(d) An interstate regulated motor carrier shall not operate in interstate commerce over the highways of this state unless the carrier meets these conditions:

(1) Is registered in the carrier's base state pursuant to 49 U.S.C. 14504a(a)(2); and

(2) has a current registration receipt in each motor vehicle. (Authorized by K.S.A. 2006 Supp. 66-1,112; implementing K.S.A. 2006 Supp. 66-1,116; modified, L. 1981, ch. 424, May 1, 1981; amended Oct. 3, 1994; amended Jan. 4, 1999; amended July 14, 2000; amended Jan. 31, 2003; amended, T-82-10-8-07, Oct. 8, 2007.)

Permanent Administrative Regulations

Article 27.—QUALIFIED BIODIESEL FUEL PRODUCER INCENTIVE

92-27-1. Definition. "Quarter" shall mean any of the following periods in a calendar year:

- (a) January 1 through March 31;
- (b) April 1 through June 30;
- (c) July 1 through September 30; or
- (d) October 1 through December 31.

For the purposes of this article, the term "quarterly" shall be consistent with the definition of "quarter" in this regulation. (Authorized by and implementing K.S.A. 2006 Supp. 79-34,158; effective Nov. 2, 2007.)

92-27-2. Application. (a) Each person requesting funds from the Kansas qualified biodiesel fuel producer incentive fund shall submit an application with the secretary on a form furnished by the department of revenue, which shall include the following information:

- (1) The name and address of the person, firm, or corporation applying for the incentive funds;
- (2) if the applicant is a corporation, the name, title, and address of each officer and a copy of the articles of incorporation;
- (3) if the applicant is a limited liability company, the name, title, and address of each officer and a copy of the articles of organization;
- (4) if the applicant is a partnership, the name, title, and address of each partner;
- (5) if the applicant is an individual owner, the name of the owner;
- (6) the applicant's federal employer identification number or social security number;
- (7) the applicant's principal mailing address and the street address of the location in Kansas where the applicant produces biodiesel fuel;
- (8) specification of whether the plant location is owned or leased;
- (9) the annual production capacity of the plant;
- (10) the feedstock materials to be used in the production of biodiesel fuel;
- (11) the production start date;
- (12) a copy of the applicant's "certificate of analysis" verifying that the biodiesel fuel produced meets the applicable standards of the American society for testing and materials (ASTM); and
- (13) any other relevant information that the secretary requires.

(b) Each application shall be completed and submitted to the secretary of revenue. The applicant shall receive notification when the application is approved or denied. (Authorized by K.S.A. 2006 Supp. 79-34,158; implementing K.S.A. 2006 Supp. 79-34,155, as amended by L. 2007, ch. 180, sec. 15, and K.S.A. 2006 Supp. 79-34,158; effective Nov. 2, 2007.)

92-27-3. Filing of quarterly reports; deadline. (a)(1) Each Kansas qualified biodiesel fuel producer shall file a

Kansas qualified biodiesel fuel producer's report with the secretary within 30 days after the last day of each quarter. Each producer not filing a report within 30 days from the last day of the quarter shall be barred from seeking payment from the biodiesel fuel producer's incentive fund for that quarter.

(2) The production incentives shall be paid on a quarterly basis. If the production incentive amount for the number of gallons of biodiesel fuel sold by Kansas qualified biodiesel fuel producers exceeds the balance in the fund, the incentive per gallon shall be reduced proportionately so that the fund balance is not exceeded. If any amount remains in the fund following a quarterly payment of Kansas qualified biodiesel fuel producer incentives, that amount shall be carried forward in the fund to the next quarter for payment of future production incentives.

(b) Each quarterly report shall be submitted on forms furnished by the department of revenue and shall include the following information:

- (1) The beginning inventory of biodiesel fuel;
- (2) the amount of biodiesel fuel produced;
- (3) the type and amount of feedstock material purchased or produced to manufacture biodiesel fuel;
- (4) the amount of biodiesel fuel sold to terminals and to licensed distributors, licensed importers, or licensed exporters;
- (5) the amount of biodiesel fuel sold to retail stations, unlicensed distributors, unlicensed importers, unlicensed exporters, or end-consumers, or any combination of these;
- (6) the total number of gallons of biodiesel fuel sold;
- (7) all inventory adjustments, which shall include adjustments for personal use, loss due to theft, inventory loss or gain, and any destroyed biodiesel fuel;
- (8) the ending inventory of biodiesel fuel;
- (9) the amount of biodiesel incentive being claimed, based on the number of gallons sold; and
- (10) any other relevant information that the secretary requires.

(c) Each Kansas qualified biodiesel fuel producer filing a quarterly report shall furnish all information required by the secretary before receiving any funds. (Authorized by and implementing K.S.A. 2006 Supp. 79-34,158; effective Nov. 2, 2007.)

92-27-4. Record requirements, maintenance, and retention. (a) Each Kansas qualified biodiesel fuel producer shall maintain the following records for each quarter:

- (1) The quantity of biodiesel fuel produced;
- (2) records of the type and amount of materials used to produce biodiesel fuel;
- (3) the inventory of biodiesel fuel on hand; and
- (4) the disposition of all biodiesel fuel.

(b) The records specified in subsection (a) shall contain sufficient information to allow the secretary to determine the quantities of feedstock materials and biodiesel fuel produced, received, stored, or processed. Any Kansas qualified biodiesel fuel producer may use records prepared for other commercial purposes if the records contain the information required by subsection (a).

(c) Each Kansas qualified biodiesel fuel producer shall retain the required records for at least three years. The records shall be maintained at the plant where the production of biodiesel fuel occurs, shall be available at all times during business hours, and shall be subject to examination by the secretary or the secretary's designee.

(d) For each shipment or removal of biodiesel fuel from the place of production, the Kansas qualified biodiesel fuel producer shall prepare a commercial invoice, sales slip, or similar document. The Kansas qualified biodiesel fuel producer shall include in the document the date, the quantity of biodiesel fuel removed, a description of the product or shipment, the name and address of the consignee, and the destination city and state. The Kansas qualified biodiesel fuel producer shall retain a copy of the document as a record and shall also provide the consignee and the liquid fuel carrier with a copy of the record. (Authorized by K.S.A. 2006 Supp. 79-34,158; implementing K.S.A. 2006 Supp. 79-3415, 79-3420, and 79-34,158; effective Nov. 2, 2007.)

92-27-5. Funds erroneously paid. If the secretary determines from available reports and records that a Kansas qualified biodiesel fuel producer has erroneously received money from the Kansas qualified biodiesel fuel producer incentive fund, the Kansas qualified biodiesel fuel producer shall immediately refund to the secretary the amount erroneously paid, after receiving notification by the secretary. Any Kansas qualified biodiesel fuel producer who has refunded an amount of money to the secretary may submit a letter to the secretary or the secretary's designee requesting resolution through the informal conference process. (Authorized by and implementing K.S.A. 2006 Supp. 79-34,158; effective Nov. 2, 2007.)

Temporary Administrative
Regulations

**Article 15.—KANSAS ENERGY INCENTIVE ACT;
REFINERY AND EXPANDED REFINERY PROJECTS**

110-15-1. Definitions. As used in this article, the following terms shall have the following meanings:

(a) "Act" means the Kansas energy development act, K.S.A. 79-32,216 et seq., and amendments thereto.

(b) "Amortizable costs" means any costs depreciable under title 26 of the United States Code of 1986.

(c) "Capacity" means the estimated maximum volume, measured in gallons, of processed crude oil and petroleum products that has been or could be produced from an existing or restored refinery.

(d) "Construction" means the manifest commencement of actual operations on a project site, including erecting a building, excavating the ground, and any similar work that a person with reasonable diligence can see and rec-

(continued)

ognize as being done with the intention and purpose to continue work until the project is completed.

(e) "Department" means the Kansas department of commerce.

(f) "Expenditure" means any cost incurred in the normal course of business to generate revenues. This term shall include expenditures for engineering and architectural services and for real and tangible personal property made for the construction of a new refinery, expansion of an existing refinery, or restoration of production of a refinery.

(g) "Out of production" means that no commercial crude oil processing or refinement into petroleum products has taken place five or more years before the date of an application submitted under the act.

(h) "Placed in service," when used to describe a date, means the date on which an asset is placed into service. This date is considered to be when the asset is in a condition of readiness and availability for a specifically assigned function.

(i) "Project" means a new refinery, an expanded refinery, or a refinery whose production has been restored.

(j) "Qualified investment" has the meaning specified in K.S.A. 79-32,217, and amendments thereto. This term shall not include expenditures financed, in whole or in part, by public funds or grants or by any similar type of financial assistance.

(k) "Real property" means land and real estate. This term shall include not only the land itself but also all buildings, fixtures, improvements, mines, minerals, quarries, mineral springs, and wells.

(l) "Secretary" means the secretary of the Kansas department of commerce.

(m) "Tangible investment" means an investment in tangible personal or real property.

(n) "Taxpayer" means an applicant for tax benefits or a recipient of tax benefits under the act. (Authorized by K.S.A. 2006 Supp. 74-5002r and K.S.A. 2006 Supp. 79-32,218, as amended by L. 2007, ch. 113, sec. 24; implementing K.S.A. 2006 Supp. 79-32,217, K.S.A. 2006 Supp. 79-32,218, as amended by L. 2007, ch. 113, sec. 24, and K.S.A. 2006 Supp. 79-32,220; effective, T-110-10-10-07, Oct. 10, 2007.)

110-15-2. Application; additional documentation.

(a) Each taxpayer that desires to obtain tax benefits under the act shall submit an application, on a form provided by the department, to the secretary for a determination of whether the taxpayer's project qualifies for tax benefits under the act. Each application shall include the following:

- (1) Documentation including a detailed description of the project that is the subject of the application;
- (2) a statement explaining how the proposed project meets the requirements set forth in the act;
- (3) a project timeline and budget;
- (4) adequate documentation that the taxpayer has satisfied the requirements set forth in the act;
- (5) a statement describing in detail the ownership structure of the project, including the name of each legal entity and the entity's proportion of ownership interest, which shall be expressed as a percentage of the project; and

(6) any other relevant information required by the secretary to determine the eligibility of the taxpayer for tax benefits under the act.

(b) If any of the items specified in subsection (a) are not included or if the secretary requires additional information, the taxpayer shall be notified about the items or information required to be provided to the secretary before the secretary can make a determination on the eligibility of the taxpayer for tax benefits under the act. (Authorized by and implementing K.S.A. 2006 Supp. 79-32,218, as amended by L. 2007, ch. 113, sec. 24; effective, T-110-10-10-07, Oct. 10, 2007.)

110-15-3. Secretary's review and determination.

(a) Upon completion of the secretary's review of each application for tax benefits under the act, each taxpayer on whose behalf the application was submitted shall receive a written response containing a determination on the application or seeking further information.

(b) A determination on each application for tax benefits under the act shall be made by the secretary within 60 days of receipt of the information required by the act or K.A.R. 110-15-2, or both. If the secretary's written response seeks further information, the 60-day time frame established in this subsection shall be suspended beginning on the date on which the letter seeking additional information is mailed and through the date on which the additional information is received by the secretary.

(c) A copy of the secretary's determination shall be mailed to each taxpayer identified on the application as having an ownership interest in the project. (Authorized by and implementing K.S.A. 2006 Supp. 79-32,218, as amended by L. 2007, ch. 113, sec. 24; effective, T-110-10-10-07, Oct. 10, 2007.)

110-15-4. Annual compliance and audit. In order to be eligible for annual installments of tax benefits available under the act, each taxpayer shall provide the secretary with all documentation necessary for the secretary to determine whether the taxpayer is in compliance with the agreement as required by K.S.A. 79-32,218, and amendments thereto, and any other requirements under the act. This documentation shall include the following:

(a) Records documenting the operation of the new, expanded, or restored refinery, including production records and any related documentation from which the secretary can determine whether the new, expanded, or restored refinery is in operation; and

(b) one copy of each pertinent federal tax return, state tax return, tax schedule, and any related documentation pertaining to the operation of any facility for which tax benefits are sought pursuant to the act. (Authorized by and implementing K.S.A. 2006 Supp. 79-32,218, as amended by L. 2007, ch. 113, sec. 24; effective, T-110-10-10-07, Oct. 10, 2007.)

Article 16.—KANSAS ENERGY INCENTIVE ACT; NEW QUALIFYING PIPELINE PROJECTS

110-16-1. Definitions. As used in these regulations, the following terms shall have the following meanings:

(a) "Access for state refineries" means that refineries or natural gas liquid processing facilities existing in Kansas

before an application for benefits is submitted under the act shall have direct or indirect access through a mechanism to ensure the efficient transportation of crude or processed oil to the pipeline for which an application for tax benefits has been submitted.

(b) "Act" means the Kansas energy development act, K.S.A. 79-32,216 et seq., and amendments thereto.

(c) "Amortizable costs" means any costs depreciable under title 26 of the United States Code of 1986.

(d) "Capacity" means the estimated maximum volume, measured in gallons, of crude oil or natural gas liquids that has been or could be transported from a pipeline located in this state.

(e) "Construction" means the manifest commencement of actual operations on a project site, including erecting a building, excavating the ground, and any similar work that a person with reasonable diligence can see and recognize as being done with the intention and purpose to continue work until the project is completed.

(f) "Department" means the Kansas department of commerce.

(g) "Expenditure" means any cost incurred in the normal course of business to generate revenues. This term shall include expenditures for engineering and architectural services and for real and tangible personal property made for the construction of a new qualifying pipeline.

(h) "Placed in service," when used to describe a date, means the date on which an asset is placed into service. This date is considered to be when the asset is in a condition of readiness and availability for a specifically assigned function.

(i) "Project" means a new qualifying pipeline.

(j) "Qualified investment" has the meaning specified in K.S.A. 79-32,223, and amendments thereto. This term shall not include any expenditures financed, in whole or in part, by public funds or grants or by any similar type of financial assistance.

(k) "Real property" means land and real estate. This term shall include not only the land itself but also all buildings, fixtures, improvements, mines, minerals, quarries, mineral springs, and wells.

(l) "Secretary" means the secretary of the Kansas department of commerce.

(m) "Tangible investment" means an investment in tangible personal or real property.

(n) "Taxpayer" means an applicant for tax benefits or a recipient of tax benefits under the act. (Authorized by K.S.A. 2006 Supp. 74-5002r and K.S.A. 2006 Supp. 79-32,224, as amended by L. 2007, ch. 113, sec. 25; implementing K.S.A. 2006 Supp. 79-32,223 and K.S.A. 2006 Supp. 79-32,224, as amended by L. 2007, ch. 113, sec. 25; effective, T-110-10-10-07, Oct. 10, 2007.)

110-16-2. Application; additional documentation.

(a) Each taxpayer that desires to obtain tax benefits under the act shall submit an application, on a form provided by the department, to the secretary for a determination of whether the taxpayer's project qualifies for tax benefits under the act. Each application shall include the following:

(1) Documentation including a detailed description of the project that is the subject of the application;

(2) a statement explaining how the proposed project meets the requirements set forth in the act;

(3) a project timeline and budget;

(4) adequate documentation that the taxpayer has satisfied the requirements set forth in the act;

(5) a statement describing in detail the ownership structure of the project, including the name of each legal entity and the proportion of ownership interest, which shall be expressed as a percentage of the project; and

(6) any other relevant information required by the secretary to determine the eligibility of the taxpayer for tax benefits under the act.

(b) If any of the items specified in subsection (a) are not included or if the secretary requires additional information, the taxpayer shall be notified about the items or information required to be provided to the secretary before the secretary can make a determination on the eligibility of the taxpayer for tax benefits under the act. (Authorized by and implementing K.S.A. 2006 Supp. 79-32,224, as amended by L. 2007, ch. 113, sec. 25; effective, T-110-10-10-07, Oct. 10, 2007.)

110-16-3. Secretary's review and determination.

(a) Upon completion of the secretary's review of each application for tax benefits under the act, each taxpayer on whose behalf the application was submitted shall receive a written response containing a determination on the application or seeking further information.

(b) A determination on each application for tax benefits under the act shall be made by the secretary within 60 days of receipt of the information required by the act or K.A.R. 110-16-2, or both. If the secretary's written response seeks further information, the 60-day time frame established in this subsection shall be suspended beginning on the date on which the letter seeking additional information is mailed and through the date on which the additional information is received by the secretary.

(c) A copy of the secretary's determination shall be mailed to each taxpayer identified on the application as having an ownership interest in the project. (Authorized by and implementing K.S.A. 2006 Supp. 79-32,224, as amended by L. 2007, ch. 113, sec. 25; effective, T-110-10-10-07, Oct. 10, 2007.)

110-16-4. Annual compliance and audit. In order to be eligible for annual installments of tax benefits available under the act, each taxpayer shall provide the secretary with all documentation necessary for the secretary to determine whether the taxpayer is in compliance with the agreement as required by K.S.A. 79-32,224, and amendments thereto, and any other requirements under the act. This documentation shall include the following:

(a) Records documenting the operation of the new qualifying pipeline, including production records and any related documentation from which the secretary can determine whether the new qualifying pipeline is in operation; and

(b) one copy of each pertinent federal tax return, state tax return, tax schedule, and any related documentation pertaining to operation of any facility for which tax benefits are sought pursuant to the act. (Authorized by and implementing K.S.A. 2006 Supp. 79-32,224, as amended)

**Article 17.—KANSAS ENERGY INCENTIVE ACT;
INTEGRATED COAL OR COKE GASIFICATION
NITROGEN FERTILIZER PLANTS**

110-17-1. Definitions. As used in this article, the following terms shall have the following meanings:

(a) "Act" means the Kansas energy development act, K.S.A. 79-32,216 et seq., and amendments thereto.

(b) "Amortizable costs" means any costs depreciable under title 26 of the United States Code of 1986.

(c) "Availability of Kansas coal" means that amount of coal from Kansas that, at the secretary's discretion, is available for use in an economically practicable manner in an integrated coal gasification nitrogen fertilizer plant.

(d) "Capacity" means the amount of nitrogen fertilizer, measured in pounds, that has been or could be produced from an existing coal or coke gasification nitrogen fertilizer plant.

(e) "Construction" means the manifest commencement of actual operations on a project site, including erecting a building, excavating the ground, and any similar work that a person with reasonable diligence can see and recognize as being done with the intention and purpose to continue work until the project is completed.

(f) "Department" means the Kansas department of commerce.

(g) "Expenditure" means any cost incurred in the normal course of business to generate revenues. This term shall include expenditures for engineering and architectural services and for real and tangible personal property made for the construction of an existing coal or coke gasification nitrogen fertilizer plant or a new integrated coal or coke gasification nitrogen fertilizer plant.

(h) "Placed in service," when used to describe a date, means the date on which an asset is placed into service. This date is considered to be when the asset is in a condition of readiness and availability for a specifically assigned function.

(i) "Project" means a new integrated coal or coke gasification nitrogen fertilizer plant or the expansion of an existing integrated coal or coke gasification nitrogen fertilizer plant.

(j) "Qualified investment" has the meaning specified in K.S.A. 79-32,228, and amendments thereto. This term shall not include any expenditures financed, in whole or in part, by public funds or grants or by any similar type of financial assistance.

(k) "Real property" means land and real estate. This term shall include not only the land itself but also all buildings, fixtures, improvements, mines, minerals, quarries, mineral springs, and wells.

(l) "Secretary" means the secretary of the Kansas department of commerce.

(m) "Tangible investment" means an investment in tangible personal or real property.

(n) "Taxpayer" means an applicant for tax benefits or a recipient of tax benefits under the act.

(o) "Tipple" means a structure where coal is cleaned and loaded in railroad cars or trucks or any other form

of transportation. (Authorized by K.S.A. 2006 Supp. 74-5002r and K.S.A. 2006 Supp. 79-32,229, as amended by L. 2007, ch. 113, sec. 26; implementing K.S.A. 2006 Supp. 79-32,228, K.S.A. 2006 Supp. 79-32,229, as amended by L. 2007, ch. 113, sec. 26, and K.S.A. 2006 Supp. 79-32,231; effective, T-110-10-10-07, Oct. 10, 2007.)

110-17-2. Application; additional documentation.

(a) Each taxpayer that desires to obtain tax benefits under the act shall submit an application, on a form provided by the department, to the secretary for a determination of whether the taxpayer's project qualifies for tax benefits under the act. Each application shall include the following:

(1) Documentation including a detailed description of the project that is the subject of the application;

(2) a statement explaining how the proposed project meets the requirements set forth in the act;

(3) a project timeline and budget;

(4) adequate documentation that the taxpayer has satisfied the requirements set forth in the act;

(5) a statement describing in detail the ownership structure of the project, including the name of each legal entity and the proportion of ownership interest, which shall be expressed as a percentage of the project; and

(6) any other relevant information required by the secretary to determine the eligibility of the taxpayer for tax benefits under the act.

(b) If any of the items specified in subsection (a) are not included or if the secretary requires additional information, the taxpayer shall be notified about the items or information required to be provided to the secretary before the secretary can make a determination on the eligibility of the taxpayer for tax benefits under the act. (Authorized by and implementing K.S.A. 2006 Supp. 79-32,229, as amended by L. 2007, ch. 113, sec. 26; effective, T-110-10-10-07, Oct. 10, 2007.)

110-17-3. Secretary's review and determination.

(a) Upon completion of the secretary's review of each application for tax benefits under the act, each taxpayer on whose behalf the application was submitted shall receive a written response containing a determination on the application or seeking further information.

(b) A determination on each application for tax benefits under the act shall be made by the secretary within 60 days of receipt of the information required by the act or K.A.R. 110-17-2, or both. If the secretary's written response seeks further information, the 60-day time frame established in this subsection shall be suspended beginning on the date on which the letter seeking additional information is mailed and through the date on which the additional information is received by the secretary.

(c) A copy of the secretary's determination shall be mailed to each taxpayer identified on the application as having an ownership interest in the project. (Authorized by and implementing K.S.A. 2006 Supp. 79-32,229, as amended by L. 2007, ch. 113, sec. 26; effective, T-110-10-10-07, Oct. 10, 2007.)

110-17-4. Annual compliance and audit. In order to be eligible for annual installments of tax benefits available under the act, each taxpayer shall provide the sec-

retary with all documentation necessary for the secretary to determine whether the taxpayer is in compliance with the agreement as required by K.S.A. 79-32,229, and amendments thereto, and any other requirements under the act. This documentation shall include the following:

(a) Records documenting the operation of the new, expanded, or integrated coal or coke gasification nitrogen fertilizer plant, including production records and any related documentation from which the secretary can determine whether the new, expanded, or integrated coal or coke gasification nitrogen fertilizer plant is in operation; and

(b) one copy of each pertinent federal tax return, state tax return, tax schedule, and any related documentation pertaining to the operation of any facility for which tax benefits are sought pursuant to the act. (Authorized by and implementing K.S.A. 2006 Supp. 79-32,229, as amended by L. 2007, ch. 113, sec. 26; effective, T-110-10-10-07, Oct. 10, 2007.)

Article 18.—KANSAS ENERGY INCENTIVE ACT; BIOMASS TO ENERGY PROJECTS

110-18-1. Definitions. As used in these regulations, the following terms shall have the following meanings:

(a) "Act" means the Kansas energy development act, K.S.A. 79-32,216 et seq., and amendments thereto.

(b) "Amortizable costs" means any costs depreciable under title 26 of the United States Code of 1986.

(c) "Capacity" means the estimated amount, measured in gallons or British thermal units or their equivalent, that has been or could be produced from an existing or new biomass-to-energy plant.

(d) "Construction" means the manifest commencement of actual operations on a project site, including erecting a building, excavating the ground, and similar work that a person with reasonable diligence can see and recognize as being done with the intention and purpose to continue work until the project is completed.

(e) "Department" means the Kansas department of commerce.

(f) "Expenditure" means any cost incurred in the normal course of business to generate revenues. This term shall include expenditures for engineering and architectural services and for real and tangible personal property made for the construction of a new biomass-to-energy plant or the expansion of an existing biomass-to-energy plant.

(g) "Placed in service," when used to describe a date, means the date on which an asset is placed into service. This date is considered to be when the asset is in a condition of readiness and availability for a specifically assigned function.

(h) "Project" means a new or expanded biomass-to-energy plant.

(i) "Qualified investment" has the meaning specified in K.S.A. 79-32,233, and amendments thereto. This term shall not include any expenditures financed, in whole or in part, by public funds or grants or by any similar type of financial assistance.

(j) "Real property" means land and real estate. This term shall include not only the land itself but also all

buildings, fixtures, improvements, mines, minerals, quarries, mineral springs, and wells.

(k) "Secretary" means the secretary of the Kansas department of commerce.

(l) "Tangible investment" means an investment in tangible personal or real property.

(m) "Taxpayer" means an applicant for tax benefits or a recipient of tax benefits under the act. (Authorized by K.S.A. 2006 Supp. 74-5002r and K.S.A. 2006 Supp. 79-32,234, as amended by L. 2007, ch. 113, sec. 28; implementing K.S.A. 2006 Supp. 79-32,233, as amended by L. 2007, ch. 113, sec. 27, K.S.A. 2006 Supp. 79-32,234, as amended by L. 2007, ch. 113, sec. 28, and K.S.A. 2006 Supp. 79-32,236; effective, T-110-10-10-07, Oct. 10, 2007.)

110-18-2. Application; additional documentation.

(a) Each taxpayer that desires to obtain tax benefits under the act shall submit an application, on a form provided by the department, to the secretary for a determination of whether the taxpayer's project qualifies for tax benefits under the act. Each application shall include the following:

(1) Documentation including a detailed description of the project that is the subject of the application;

(2) a statement explaining how the proposed project meets the requirements set forth in the act;

(3) a project timeline and budget;

(4) adequate documentation that the taxpayer has satisfied the requirements set forth in the act;

(5) a statement describing in detail the ownership structure of the project, including the name of each legal entity and the proportion of ownership interest, which shall be expressed as a percentage of the project; and

(6) any other relevant information required by the secretary to determine the eligibility of the taxpayer for tax benefits under the act.

(b) If any of the items specified in subsection (a) are not included or if the secretary requires additional information, the taxpayer shall be notified about the items or information required to be provided to the secretary before the secretary can make a determination on the eligibility of the taxpayer for tax benefits under the act. (Authorized by and implementing K.S.A. 2006 Supp. 79-32,234, as amended by L. 2007, ch. 113, sec. 28; effective, T-110-10-10-07, Oct. 10, 2007.)

110-18-3. Secretary's review and determination.

(a) Upon completion of the secretary's review of each application for tax benefits under the act, each taxpayer on whose behalf the application was submitted shall receive a written response containing a determination on the application or seeking further information.

(b) A determination on each application for tax benefits under the act shall be made by the secretary within 60 days of receipt of the information required by the act or K.A.R. 110-18-2, or both. If the secretary's written response seeks further information, the 60-day time frame established in this subsection shall be suspended beginning on the date on which the letter seeking additional information is mailed and through the date on which the additional information is received by the secretary.

(continued)

(c) A copy of the secretary's determination shall be mailed to each taxpayer identified on the application as having an ownership interest in the project. (Authorized by and implementing K.S.A. 2006 Supp. 79-32,234, as amended by L. 2007, ch. 113, sec. 28; effective, T-110-10-10-07, Oct. 10, 2007.)

110-18-4. Annual compliance and audit. In order to be eligible for annual installments of tax benefits awarded under the act, each taxpayer shall provide the secretary with all documentation necessary for the secretary to determine whether the taxpayer is in compliance with the agreement as required by K.S.A. 79-32,234, and amendments thereto, and any other requirements under the act. This documentation shall include the following:

(a) Records documenting the operation of the new or expanded biomass-to-energy plant, including production records and any related documentation from which the secretary can determine whether the new or expanded biomass-to-energy plant is in operation; and

(b) one copy of each pertinent federal tax return, state tax return, tax schedule, and any related documentation pertaining to the operation of any facility for which tax benefits are sought pursuant to the act. (Authorized by and implementing K.S.A. 2006 Supp. 79-32,234, as amended by L. 2007, ch. 113, sec. 28; effective, T-110-10-10-07, Oct. 10, 2007.)

Order a custom-made loose-leaf binder for the Kansas Register!

Custom-made binders are available to attractively hold up to a year's worth of your copies of the Kansas Register for permanent use. The high quality, durable casebound swinge-hinge binders are manufactured by ABZ Binder. (A swinge-hinge binder has more capacity and allows for easier interfiling than standard ring binders.) The three-inch binder features dark blue supported vinyl covering and gold imprinting, with a label holder on the spine.

\$15 each, includes shipping and handling.
 (Kansas residents must include applicable state and local sales tax.)
