Notice of Interim Housing Grant

The Department of Social and Rehabilitation Services' Division of Disability and Behavioral Heath Services-Mental Health (DBHS-MH), as the state mental health authority, announces the release of the Interim Housing Grant for fiscal year 2009. MH announces that its intended use of the grant is to continue or create new interim housing projects for persons experiencing severe and persistent mental illness and youth (18-21) with serious emotional disturbance. Interim housing means short-term (up to six months) project-based housing that provides immediate housing for persons living in the community but who are homeless, or for persons who are homeless who are leaving a state hospital, nursing facility for mental health or any other state-funded institution or system of care setting.

The goal of the Interim Housing Grant is for CMHCs to provide immediate housing, in *lieu* of discharging individuals to homeless shelters, and then *assisting* participants to *rapidly* obtain permanent housing. The funds may be used to buy household items for the properties. This grant will be awarded to community mental health centers or their affiliates that have the ability to make a community- and system-wide impact.

The RFP is posted on the SRS/DBHS/MH RFP Web site at http://www.srskansas.org/hcp/MHSIP/MHSIPRFPs.htm.

Notice of Hearing on Proposed Administrative Regulations

The State Board of Education will conduct a public hearing at 1:30 p.m. Tuesday, May 13, in the board room of the State Education Building, 120 S.E. 10th Ave., Topeka, to consider proposed amendments to teacher licensure regulations K.A.R. 91-1-200, 91-1-201, 91-1-203, 91-1-204, 91-1-205, 91-1-207, 91-1-209, 91-1-210, 91-1-220, 91-1-221, 91-19-1 and 91-19-6. A summary of the proposed regulations and their economic impact follows:

K.A.R. 91-1-200. This regulation provides definition of terms. This regulation is being amended to add definitions for two new proposed licenses. In addition, the name "conditional" license is changed to "initial" license. This change appears throughout the entire set of regulations.

No economic impact is anticipated for the State Board of Education, school districts, other governmental entities, private businesses or individuals.

K.A.R. 91-1-201. This regulation establishes the types of licenses issued by the state board, including the grade levels and term of validity of each license.

This regulation is being amended to include two new licenses: an interim alternative license and a transitional license. Also, the validity period of an emergency substitute license is increased from one school year to two consecutive school years. The validity of a restricted teaching license is changed from the current school year to allow renewal for two additional consecutive school years if an appropriate progress report is submitted.

No economic impact is anticipated for the State Board of Education, school districts, governmental agencies or private businesses. Applicants for renewal of an emergency substitute license will save an annual licensure application fee by renewing every two years instead of every year.

K.A.R. 91-1-203. This regulation establishes the requirements for each type of license issued by the state board. This regulation is being amended to establish the requirements for a new transitional teaching license. The license is for educators new to Kansas who do not meet recency requirements and/or Kansas educators with expired licenses. The transitional teaching license provides immediate access to full-time teaching during the transitional period.

No economic impact is anticipated for the State Board of Education, other governmental agencies, private businesses, individuals or school districts. However, these amendments are intended to increase the supply of qualified teachers available for employment in Kansas schools by providing immediate access to practice to teachers who have been out of practice in recent years. Individuals who qualify for this license avoid the expense of obtaining licensure through another means, such as college courses.

K.A.R. 91-1-204. This regulation establishes the requirements for out-of-state applicants. It is being amended to add requirements for a new interim alternative license.

The requirements for a new interim alternative license are established to acknowledge those educators who have earned their out-of-state license through completion of an alternative teacher education program. Amendments also provide enhanced access to an out-of-state applicant to come in at the professional license level based on experience.

No economic impact is anticipated for the State Board of Education, other governmental agencies, school districts, private businesses or individuals. However, these amendments are intended to increase the supply of qualified teachers available for employment in Kansas schools by enhancing immediate access to practice for out-of-state applicants. Individuals who qualify for this license avoid the expense of obtaining licensure through another means, such as college courses.

K.A.R. 91-1-205. This regulation establishes renewal requirements for all types of licenses. The option of renewing a professional license on the basis of three years

of accredited experience for educators with graduate degrees is reinstated. This option is limited to two renewal periods. Persons participating in an educational retirement system may renew a professional license with half of the professional development points established for renewal. Educators teaching out-of-state may reinstate their expired Kansas license based on a minimum of three years of recent, out-of-state accredited experience.

No economic impact is anticipated for the State Board of Education, other governmental agencies, private businesses or school districts. These changes will allow currently-licensed educators with graduate degrees to renew on the basis of accredited experience only, potentially saving them the per credit hour cost of up to six semester credit hours of coursework. In addition, retired educators who choose to return to teaching will save 50 percent of the cost of renewal requirements with the amendment allowing reduction in the amount of professional development required for renewal.

K.A.R. 91-1-207. This regulation provides for renewal of certificates issued prior to July 1, 2003. The restriction on the advanced degree plus experience renewal option for persons earning the advanced degree after July 1, 2003, was removed. This amendment was required in order to reinstate this renewal option for any educator with an advanced degree as described under K.A.R. 91-1-205.

No economic impact is anticipated for the State Board of Education, school districts, other governmental entities, private businesses or individuals.

K.A.R. 91-1-209. This regulation provides requirements for adding additional endorsements to a teaching license. Two new sections are being added to this regulation. The first provides for teachers holding out-of-state licenses with an endorsement earned by completion of coursework specified by the other state to add that endorsement to their Kansas license with verification and successful completion of the appropriate content assessment. The second section provides for teachers holding a valid license to add additional teaching endorsements by successfully completing the content assessment for the new endorsement area. Teaching endorsements for early childhood, early childhood unified, K-6 generalist and special education are not included in this proposal.

No economic impact is anticipated for the State Board of Education, school districts, other governmental agencies or private businesses.

These changes allow currently-licensed teachers to add additional endorsements by completing content assessments. The fee for an assessment ranges from \$110 to \$120, but the reduced cost of eliminating credit hour requirements (depending upon the institution of enrollment) will range from about \$1,350 to \$4,500.

K.A.R. 91-1-210. This regulation provides for a license extension based upon military service. An editing change is being made to correct the wording from "school service" to "school specialist."

No economic impact is anticipated for the State Board of Education, school districts, other governmental entities, private businesses or individuals.

K.A.R. 91-1-220. This regulation sets forth the requirements for issuance of a restricted technical education certificate. This regulation is being amended to add a tran-

sitional technical certificate for persons with expired technical certificates.

No economic impact is anticipated for the State Board of Education, school districts, other governmental entities, private businesses or individuals.

K.A.R. 91-1-221. This regulation sets forth the requirements for issuance of a technical education special needs certificate. This regulation is being amended to add a transitional technical certificate for persons with expired technical special needs certificates.

No economic impact is anticipated for the State Board of Education, school districts, other governmental entities, private businesses or individuals.

K.A.R. 91-19-1. This regulation deals with student teaching. It provides the definition of student teacher, cooperating teacher education institution and approved education agency. Editorial changes are proposed simply to alphabetize the definitions.

No economic impact is anticipated for the State Board of Education, school districts, other governmental entities, private businesses or individuals.

K.A.R. 91-19-6. This regulation deals with student teacher contracts, liabilities and responsibilities. An amendment would remove the prohibition on compensation being paid to student teachers.

No economic impact is anticipated for the State Board of Education, governmental agencies or private businesses.

School districts would have the option of compensating persons performing as student teachers under terms provided by this regulation. Districts that chose to compensate student teachers would incur expenses. Individuals engaged in student teaching would be allowed to receive compensation for their services.

A copy of each of the proposed regulations and its economic impact statement may be obtained by contacting the secretary of the State Board of Education at the address above prior to the date of the hearing or by e-mail to pplamann@ksde.org. The regulations also may be accessed online at conferences.ksde.org/regulatorycomments.

In addition, the period of public notice hereby provided constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations. Such written comments may be submitted by mail to the secretary of the State Board of Education at the address above or by e-mail to pplamann@ksde.org. Doc. No. 035436

State of Kansas

Governmental Ethics Commission

Opinion No. 2008-04

Written February 20, 2008, to Senator Tim Huelskamp, Chairman of the Senate Elections and Local Government Committee, Topeka.

This opinion is in response to your letter dated February 11, 2008, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the state level conflict of interest laws, K.S.A. 46-215 *et seq.* We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement:

You are asking for this opinion in your capacity as Chairman of the Senate Elections and Local Government Committee. You state that legislators periodically receive scholarships or stipends to attend meetings of groups such as the National Conference on State Legislatures, the American Legislative Exchange Council, and other nonpartisan groups. These scholarships often cover travel expenses and/or registration costs. Your question is whether legislators who receive scholarships are required to report those scholarships on their Statement of Substantial Interests Form.

Ouestion:

Are legislators who receive scholarships required to report those scholarships on their Statement of Substantial Interests Form?

Opinion:

K.S.A. 46-229 defines "substantial interest" in pertinent part as follows:

(c) If an individual . . . has received directly or indirectly in the preceding 12 months, gifts or honoraria having an aggregate value of \$500 or more from any person, the individual has a substantial interest in that person. If a gift is received for which the value is unknown, the individual shall be deemed to have a substantial interest in the donor. . . .

"Person" is defined in K.S.A. 46-223 as follows:

"Person" means an individual, proprietorship, partnership, limited partnership, association, trust, estate, business trust, group, or corporation, whether or not operated for profit, or a governmental agency unit, or subdivision. (Emphasis added.)

"Gift" is defined in K.A.R. 19-40-3a as follows:

- (b) "Gift" means the transfer of money or *anything of value* unless legal consideration of a reasonably equal or greater value is received in return.
- (1) The value of a gift shall be the fair market value or a reasonable estimate thereof. Where a transfer is made for less than reasonable consideration, the amount by which the value of the transfer exceeds the value of the consideration shall be deemed a gift." (Emphasis added.)

A scholarship would be considered a "gift" under the definition above. A group is included in the definition of "person" under the state conflict of interest statutes. Therefore, a legislator who receives a scholarship having a value of \$500 or more has a substantial interest in the group providing the scholarship, and must report the scholarship as a "gift" on their Statement of Substantial Interests Form.

Opinion No. 2008-05

Written February 20, 2008, to Patricia Long, Topeka.

This opinion is in response to your letter dated January 29, 2008, requesting an opinion from the Kansas Governmental Ethics Commission concerning state level conflict of interest laws, K.S.A. 46-215 *et seq.* We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement:

You request this opinion in your capacity as a program administrator for the Division of Children and Family Services of Social and Rehabilitation Services (SRS). You explain that your responsibility includes administration and oversight of the foster care and adoption programs. Services under these child welfare programs are delivered by licensed child placing agencies under contract with SRS. The contracts are the result of negotiated, competitive bids submitted in response to a request for proposals (RFP). The next RFP is being developed, and you are participating in the RFP development process.

You indicate that your brother-in-law has accepted a position with TFI Family Services Inc. (TFI) starting February 11, 2008. TFI was one of five successful bidders during the last procurement process. You state that whether TFI submits a proposal or not, you will not participate in the review of proposals, the selection of bids or the negotiation process for the new contracts resulting from the RFP which is now being developed.

Question:

Do the conflict of interest laws prohibit or limit your participation in the RFP development process?

Opinion:

K.S.A. 2007 Supp. 46-233 places restrictions on a state employee's participation in state contracts. That statute states in pertinent part as follows:

(a)(1) No state officer or employee shall in the capacity as such officer or employee be substantially involved in the preparation of or participate in the making of a contract with any person or business by which such officer or employee is employed or in whose business such of-

ficer or employee or any member of such officer's or employee's *immediate family* has a substantial interest. . . .

(e) When used in this section:

(1) "Substantial interest" shall have the same meaning ascribed thereto by K.S.A. 46-229, and amendments thereto, and any such interest held within the preceding 12 months of the act or event of participating in the preparation of making a contract.

(2) "Substantially involved in the preparation or participate in the making of a contract" means having approved or disapproved a contract or having provided significant factual or specific information or advice or recommendations in relation to the negotiated terms of the contract. (Emphasis added.)

In Opinion No. 1998-1, the Commission determined that an employee who assisted in the drafting of an RFP had "provided significant factual or specific information or advice or recommendations in relation to the negotiated terms of the contract." Therefore, by participating in developing the RFP, you are substantially involved in the making of a contract. According to K.S.A. 2007 Supp. 46-233, you are prohibited from such participation in the making of a contract with any business in which a member of your immediate family has a substantial interest.

K.S.A. 46-229 defines "substantial interest" in pertinent part as follows:

(b) If an individual . . . has received during the preceding calendar year compensation which is or will be required to be included as taxable income on federal income tax returns of the individual . . . in an aggregate amount of \$2,000 from any business . . . , the individual has a substantial interest in that business

Thus, your brother-in-law would have a substantial interest in TFI, for purposes of K.S.A. 2007 Supp. 46-233, from the time his taxable income from TFI equals or exceeds \$2,000. If your brother-in-law is considered a member of your "immediate family" under K.S.A. 2007 Supp. 46-233, you would be prohibited from participating in the RFP development from the time that your brother-in-law's interest in TFI becomes a substantial interest.

The term "immediate family" is not defined in K.S.A. 2007 Supp. 46-233 or anywhere in the state level conflict of interest laws. "Family member" is defined in a regulation concerning nepotism under the state level conflict of interest laws, K.A.R. 19-40-4(b)(1). That definition includes "parent, child, or sibling related by marriage as denoted by the suffix of 'in-law'." It is significant that the nepotism law uses the more general term, "family member," while K.S.A. 2007 Supp. 46-233 uses the qualifier "immediate" before "family." We believe that "immediate family" is more limited than "family member." Black's Law Dictionary defines "immediate family" as a "[t]erm general referring to one's parents, wife or husband, children, and brothers and sisters." Black's Law Dictionary 750 (6th ed. 1990). It is our opinion that the term "immediate family" as used in K.S.A. 2007 Supp. 46-233 includes a spouse but does not include persons related by marriage as denoted by the suffix of "in-law."

Therefore, the state conflict of interest laws do not prohibit or limit your participation in the RFP development process which may result in a contract between SRS and your brother-in-law's employer.
