Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, March 27, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the projects numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

Project No. 000712—Maximum Principal Amount: \$86,294.42. Owner/Operator: Lucas A. and Andrea M. Coppinger. Description: Acquisition of 40 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Lucas A. and Andrea M. Coppinger and is located at Section 28, Township Eight South, Jefferson County, Kansas, approximately 3.5 miles east of Winchester on 154th and Wise Road.

Project No. 000715—Maximum Principal Amount: \$107,800. Owner/Operator: Jerry L. and Patricia A. Baetz.

Description: Acquisition of 354 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Jerry L. and Patricia A. Baetz and is located at the Northeast Quarter and the Northeast Quarter of the Southeast Quarter of Section 13, Township 1, Range 14, and the Northwest Quarter of Section 18, Township 1, Range 13, Smith County, Kansas, approximately 12 miles north, 3 miles west, and .5 mile north of Smith Center.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the projects may be obtained by contacting the KDFA.

All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

The regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

K.A.R. 4-13-25 clarifies the definition of owner or operator and adds the discovery of any defect that poses an imminent threat to public health or safety or could cause environmental damage as a reportable event.

K.A.R. 4-13-25c clarifies construction of a bulk pesticide storage facility to protect appurtenances and containers from damage and protection of dry bulk pesticide from precipitation.

K.A.R. 4-13-25d clarifies construction of secondary containment, procedures to empty sump, and prohibition of penetrations through floor or walls.

K.A.R. 4-13-25e clarifies procedures to empty sumps in mixing and loading pads.

K.A.R. 4-13-25f clarifies securing of valves and on-site operator attending transfers.

K.A.R. 4-13-25j changes bulk pesticide storage and secondary containment inspection frequency from six months to monthly and clarifies response options to discovery of defects.

K.A.R. 4-13-25m is a new regulation requiring registration of each bulk pesticide storage facility.

K.A.R. 4-13-25n is a new regulation permitting transfer of facility registration (per K.A.R. 4-13-25m) when changes arise in ownership or persons operating bulk pesticide storage facilities.

There will be costs associated with implementing secondary containment registration, which will be necessary to implement transferrable secondary containment approvals. Costs will be associated with modifying KDA electronic data storage, form modifications and changes in clerical procedures. Costs are estimated to be less than \$2,000.

Secretary of State

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Friday, May 16, in the Secretary of State's Office, Room 120, Memorial Hall, 120 S.W. 10th Ave., Topeka, to consider proposed amended Kansas Administrative Regulations 7-17-1, 7-17-4, 7-17-11, 7-17-19, 7-17-21, 7-17-22 and 7-17-24, which pertain to the secretary of state's filing duties pursuant to the Uniform Commercial Code. These regulations are proposed for adoption on a permanent basis.

K.A.R. 7-17-1. This regulation adds a definition of "address" and updates internal statutory references and the regulation history. The U.C.C. references the term "address" but does not define it. An address is required for some U.C.C. filings, and the minimal address provided in new subsection (a) allows the filing officer to accept and file the document instead of rejecting it.

K.A.R. 7-17-4. This regulation is amended to make the U.C.C. telefacsimile fee consistent with the fee charged for business entity telefacsimile filings.

K.A.R. 7-17-11. This regulation includes three amendments.

1. The filing officer may redact social security numbers and other personally identifiable information that is not required by law
2. The regulation provides a remedy for U.C.C. filings that contain a character that is not on the standard QWERTY keyboard, and thus cannot be recorded in the secretary of state's database; a space is substituted for that character. If the character is on a standard QWERTY keyboard but includes an additional mark, such as an accent, the character is entered into the database without the additional mark (i.e., ö = o, é = e).
3. The regulation requires the filer to provide notice to the filing officer if the filing pertains to manufactured homes, public finance transactions or a transmitting utility, which enables the filing officer to assign the correct effective date. These transactions have effective periods longer than the standard five years.

K.A.R. 7-17-19. This regulation allows the filing office to correct any errors it makes and record the correction by filing a correction statement. The current regulation requires the filing officer correction statement only if a search had been conducted on that particular record, but the amended regulation requires the statement regardless of what events have occurred prior to the correction.

K.A.R. 7-17-21. This regulation is amended to require designated fields for the debtor name on the U.C.C. financing statement. It also allows the filing officer to redact personal information prior to providing copies to the public.

K.A.R. 7-17-22. This regulation is amended to clarify the meaning of punctuation marks and accent marks, which are disregarded in a U.C.C. search.

K.A.R. 7-17-24. This regulation on “unofficial” U.C.C. searches is amended to allow for continued use of the search mechanism that was used during the transition period from old Article Nine to Revised Article Nine (from 2001-2006). Basically, this search mechanism is looser than the official searches allowed under RA9, and catches more names. There is a continued usefulness to this search so the search mechanism will continue, but will no longer be referred to as a “transition search.”

These regulations will cause minimal economic impact on the Secretary of State’s Office, and no economic impact is expected for governmental agencies, Kansas businesses or the general public.

This 60-day notice of public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. Comments may be submitted prior to the hearing to Melissa A. Wangemann, Legal Counsel, Office of the Secretary of State, Room 140, Memorial Hall, 120 S.W. 10th Ave., Topeka, 66612-1594.

All interested parties will be given a reasonable opportunity at the hearing to present their views. It may be necessary to request each participant to limit any oral presentation to five minutes. Any person requiring visual, hearing or other communication aid or assistance, building access assistance or other similar accommodation should contact the Secretary of State’s Office so appropriate arrangements can be made.

Copies of the regulations and the economic impact statement may be obtained at the address above or by contacting Barb Dominguez at (785) 296-2114 or BarbD@kssos.org.

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Natural Gas Pipeline Company of America has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Natural Gas Pipeline Company of America, Lakewood, Colorado, owns and operates #105 Glasco compressor station in Cloud County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE North Central District Office, 2501 Market Place, Suite D, Salina. To obtain or review the proposed permit and supporting documentation, contact Michael Parhomek, (785) 296-1580, at the KDHE central office; and to review the proposed permit only, contact Jennifer Nichols, (785) 827-9639, at the KDHE North Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Michael Parhomek, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business April 14.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Melanie Stewart, Bureau of Air and Radiation, not later than the close of business April 14 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was im-

practicable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Patricia Scott, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7312, to determine when the 45-day EPA review period ends and the 60-day petition period commences.
