## Kansas Development Finance Authority

## Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, April 3, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the projects numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

**Project No. 000714—Maximum Principal Amount: \$196,500.** Owner/Operator: Kelly V. and Risa H. Overmiller. Description: Acquisition of 400 acres of agricultural land and related improvements and a Case IH tractor to be used by the owner/operator for farming purposes. The project is being financed by the lender for Kelly V. and Risa H. Overmiller and is located at the Northeast Quarter of Section 19, Township 1, Range 13 and the South Half of the Southwest Quarter and the Southeast Quarter of Section 7, Township 1, Range 13, all in Smith County, Kansas, approximately 12 miles north of Smith Center on "P" Road and 2 miles west, and 13 miles north of Smith Center on "P" Road and 2 miles west.

**Project No. 000716—Maximum Principal Amount: \$250,000.** Owner/Operator: Tommie L. and Sarah M. Stirton. Description: Acquisition of 140 acres of agricultural

land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Tommie L. and Sarah M. Stirton and is located at Section 16, Township 5, Range 17 East, Atchison County, Kansas, approximately 3 miles south of Horton.

**Project No. 000719—Maximum Principal Amount: \$150,000.** Owner/Operator: Jared A. and Jenee L. Hopper. Description: Acquisition of 90 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Jared A. and Jenee L. Hopper and is located at Section 21, Township 95, Range 6E, Riley County, Kansas, approximately 5 miles southeast of Riley on Anderson Avenue.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the projects may be obtained by contacting the KDFA.

## State of Kansas

Department of Health  
and EnvironmentNotice of Hearing on Proposed  
Administrative Regulations

The Kansas Department of Health and Environment, Division of Health, Office of Surveillance and Epidemiology, will conduct a public hearing at 9 a.m. Tuesday, June 4, in the Crumbine Room, fifth floor, Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the adoption of the following proposed amended and new regulations: K.A.R. 28-1-20, vaccinations required for children entering schools, child care facilities, family day care homes, and preschool or day care programs operated by a school; and K.A.R. 28-4-117, 28-4-120, 28-4-121 and 28-4-430, registered family day care homes for children, licensed day care homes or group day care homes, and child care centers and preschools.

A summary of the proposed regulations and the estimated economic impact follows:

**K.A.R. 28-1-20.** Revises minimum vaccinations for children to enter Kansas schools and minimum vaccinations for children and adolescents in child care facilities, family day care homes, and preschool or daycare programs operated by a school.

**K.A.R. 28-4-117.** Describes the health care requirements for children under 16 years of age enrolled in or residing in a licensed day care home or group day care home. Updates the minimum immunizations required for children under 16 years of age and brings them into alignment with acceptable medical standards for the protection from the diseases specified in K.A.R. 28-1-20.

**K.A.R. 28-4-120.** Provides specific information regarding the application process, including the requisite forms to be utilized by individuals wanting to maintain or to register a family day care home.

**K.A.R. 28-4-121.** Updates the required immunizations for children under 16 years of age enrolled in a registered family day care home and brings them into alignment with acceptable medical standards for the protection from the diseases specified in K.A.R. 28-1-20.

**K.A.R. 28-4-430.** Describes the requirements for conducting, maintaining and documenting health assessments for children enrolled in child care centers and preschools. Updates the minimum immunizations required for children under 16 years of age and brings them into alignment with acceptable medical standards for the protection from the diseases specified in K.A.R. 28-1-20.

**Economic Impact**

There are no additional antigens recommended that children entering school would be required to have. It does clarify that varicella vaccinations would follow recommendations of the national Advisory Committee on Immunization Practices (ACIP), which currently recommends two instead of one varicella vaccination. There would be an added cost for that second vaccination for those children who have not received the second dose as recommended.

For children in child care facilities, family day care homes, and preschool or day care programs operated by

a school, hepatitis A, hepatitis B, varicella and age-appropriate *Haemophilus influenzae b* and pneumococcal vaccines would be added to the list of required vaccinations. Hepatitis B and varicella vaccines are already required of children entering schools in Kansas.

The Vaccines For Children program (VFC) is a federal entitlement program that will pay for any ACIP recommended vaccine. Children on Medicaid, Native American children and those with no insurance coverage are VFC eligible. In Kansas, that is about 48 percent or 110,000 0-5 year olds. Other programs in Kansas pay for vaccines for children who are underinsured. According to KDHE data, approximately 25,000 children 0-5 years old are eligible for that program. Approximately 135,000 children would qualify for these programs. All local health departments participate in these programs as well as many clinics, hospitals and private health care providers.

Approximately 93,000 children have health care benefits. In Kansas, insurance should pay for all costs of vaccines that are required by the state, so costs to parents would be the cost of a co-payment for a visit, typically \$7-10. Since the suggested vaccination schedule recommends several vaccines given at each visit, the total cost to parents of insured children is likely to total \$20 per child (two additional visits that would otherwise not have occurred) for a total cost to Kansas private citizens of \$1,860,000 for the first year the regulations would be in effect.

Cost benefit analyses have not been done for all vaccinations, but it is estimated that routine hepatitis A vaccination for children at age 1 compared to hepatitis A vaccination at the current rate would prevent over 1,000 additional infections in Kansas at an average total savings of \$45,000 per prevented case (*Pediatrics*; 2007; 119; 12-29).

The time period between publication of this notice serves as the required public comment period of at least 60 days for the purpose of receiving written public comments on the proposed amended regulations. At any time during the public comment period any interested parties may submit written comments to Joe Kroll, Kansas Department of Health and Environment, Bureau of Child Care and Health Facilities, 1000 S.W. Jackson, Suite 200, Topeka, 66612-1367. Written comments also can be sent to [jkroll@kdhe.state.ks.us](mailto:jkroll@kdhe.state.ks.us). At the hearing all interested parties intending to provide oral comments will be given a reasonable opportunity to present their view of the proposed revisions to the regulations. In order to give each individual or entity an opportunity to present their view it may be necessary for the hearing officer to request that each presenter limit any of their presentation to an appropriate time frame.

Complete copies of the proposed regulations and the corresponding economic impact statement may be obtained on the Office of Surveillance and Epidemiology Web site at [www.kdhe.state.ks.us/epi](http://www.kdhe.state.ks.us/epi) or by contacting the Office of Surveillance and Epidemiology, 1000 S.W. Jackson, Suite 300, Topeka, 66612-1367, (785) 296-1127.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and regulatory im-

(continued)

statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Connie Roberts at (785) 296-2898 or fax at (785) 291-3775.

#### Notice of Hearing

The Kansas Department of Health and Environment has prepared a draft Kansas Water Pollution Control Permit, I-KS67-PO02, for the Westar Jeffrey Energy Center near St. Marys. The draft permit will be public noticed in the Kansas Register March 27, 2008.

A public hearing for the purpose of receiving public comments on KDHE's intention to issue the draft permit has been scheduled for 7:30 p.m. Tuesday, April 22, in the Memorial Hall Auditorium, 120 S.W. 10th Ave., Topeka. The hearing will continue until all comments are received and the hearing is closed by the hearing officer. An informational session, beginning at 6:30 p.m., will precede the public hearing. Comments may be provided in oral and/or written form. All interested parties will be given a reasonable opportunity to present their views orally during the hearing. If necessary, the hearing officer may place a time limit on oral presentations to assure all parties have an opportunity to be heard.

The Westar Jeffrey Energy Center is a coal-fired steam electric-generating facility. The facility currently has two discharges: cooling tower blowdown and wastewater from the Bottom Ash Lake. The facility is refurbishing the flue gas desulfurization (FGD) system for all three units. Westar initially proposed to discharge treated FGD wastewater into the Kansas River via a diffuser system. Kansas antidegradation regulations and implementation procedures require a review of the effect of this additional discharge on the receiving stream. Westar completed a study of this effect.

KDHE's review indicated that, although more expensive, there are other viable alternatives that would not lower the water quality in the Kansas River that need to

be further investigated. The final alternative has not been determined. The draft permit does not authorize use of a diffuser in the Kansas River.

Westar has indicated all three units will be needed to meet the summer electricity demands. Therefore, Westar has proposed interim measures for wastewater disposal that will include a two-step process with routing of the FGD wastewater to the Bottom Ash Lake and then, upon completion of the FGD wastewater treatment and mercury reduction system, commingling this wastewater with the cooling towers' blowdown. Details of the interim plans and final options and the interim and final limits are provided in the draft permit and a consent order.

Additional information can be obtained by contacting Amy Williams at (785) 368-8339 or fax at (785) 296-0086, or by writing the Kansas Department of Health and Environment, Attn: Permit Clerk, Bureau of Water-TSS, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

Any individual with a disability may request accommodation in order to participate in the public meeting and hearing and may request the draft permit in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing date by contacting Amy Williams.

Each violation committed by an employee or other representative of a promoter shall be deemed to be a violation committed by the promoter. Any such violation may result in cancellation of the contest, disciplinary action against the promoter, denial of future permits for contests, suspension of the promoter's license, or any combination of these actions by the commission.

(b) In accordance with K.A.R. 128-3-1, each promoter shall pay the state athletic tax to the commission immediately at the conclusion of the contest or professional wrestling performance.

(c) Each promoter who fails to pay to a contestant the purse that is due to that contestant within 48 hours after the contest concludes shall be subject to discipline by the commission, including suspension of license.

**128-4-7. Referee.** (a) A referee shall be present at each contest to make determinations as required by this act and these regulations regarding the conduct of each bout in the contest and the conduct of the contestants and the contestants' seconds while the contestants or seconds are in the ring. An alternate referee shall be present at each contest.

(b) The referee shall have general supervision of each bout. If the chief inspector determines that the referee is not properly enforcing the contest rules established by these regulations, the chief inspector may overrule the referee.

(d) If there are no regulations in effect that address a particular set of circumstances during a contest, the chief inspector assigned to the contest shall decide how the contest is to be conducted under those circumstances. The chief inspector shall advise the referee of the inspector's decision, and the referee shall carry out the referee's duties in accordance with the chief inspector's decision. The decision of the chief inspector shall be final.

(e) A referee shall not wear eyeglasses while refereeing.

(f) The referee for each bout of a contest shall be selected by the boxing commissioner and approved by the commission.

(g) Before starting each bout, the referee shall check with each judge and the timekeeper to determine if each individual is ready and shall ascertain from each contestant the name of the contestant's chief second in each corner. The referee shall also verify that the physician is present at the ringside.

*(continued)*

(h) The referee shall ensure that no foreign substances detrimental to an opponent have been applied to the body of any contestant.

(j) (1) The referee shall stop any bout under either of the following circumstances:

(B) The referee decides that a contestant is not making the contestant's best effort.

(2) If a contestant receives a cut or other injury, the referee may consult the physician to determine whether the bout will be stopped or whether the bout can continue. If the physician is consulted, the final authority to determine whether to continue the bout shall rest with the physician.

(3) If serious cuts or injuries occur to either contestant, the referee shall summon the physician, who shall aid the contestant and decide if the bout will be stopped. If the physician determines that a contestant who is cut or injured by legal blows cannot continue, the referee shall announce that the contestant loses by a technical knockout.

(k) Each referee, when assessing any foul, shall assess how damaging the foul is to the contestant against whom the foul was committed. If the referee assesses a foul on one of the contestants, the referee shall instruct each judge to deduct one point from that contestant's score for that round.

(l) At the conclusion of each round, the referee shall pick up the scorecard from each judge. When picking up the scorecards from the judges, the referee shall ensure that each scorecard shows each contestant's name and score for that round and the name of the judge. If this information has not been recorded, the judges shall be instructed to complete the scorecards correctly. The referee shall then deliver the official scorecards to the chief inspector.

(m) The referee may request that the attending physician examine a contestant during a bout. The physician may order the referee to stop the bout. The referee shall then render the decision regarding the outcome of the bout.

(n) Before the referee requests the physician to aid or examine a contestant, the referee shall direct the timekeeper to stop the clock until otherwise directed by the referee.

bout. Only one second for each contestant shall be inside the ring between rounds. Any other seconds for that contestant may be on the ring platform outside the ropes.

(b) Each manager shall be permitted to act as a second without obtaining a second's license if at least one licensed second is also serving that contestant. While acting as a second, the manager shall comply with all regulations pertaining to the conduct of seconds.

(c) A second shall not enter the ring until the timekeeper indicates the end of the round. Each second shall leave the ring at the sound of the timekeeper's whistle or buzzer before the beginning of each round. If any second enters the ring before the bell ending the round has sounded, the referee shall take action as provided in subsection (i). While the round is in progress, the chief second may mount the apron of the ring and attract the referee's attention to indicate that the contestant is forfeiting the bout. The chief second shall not enter the ring unless the referee stops the bout. No second shall interfere with a count that is in progress.

(d) Except at the request of the physician, no second shall be permitted to aid a stricken contestant.

- (9) pressure plates or ice packs; and
- (10) a clean white towel.

(g) Only the substances specified in this subsection, if authorized and directed by the physician, may be administered to a contestant by a second. The use of any other substance administered by the second shall disqualify the contestant. The following substances may be administered by a second to a contestant:

- (1) A topical solution of epinephrine 1:1000;
- (2) microfibrillar collagen hemostat; and
- (3) thrombin.

(h) Before leaving the ring at the start of each round, the seconds shall remove all obstructions from the ring floor and ropes, including the buckets, stools, bottles, towels, and robes.

(i) If any second commits a violation of any regulation relating to seconds, the referee shall issue a warning to that second. If, after that warning, the second continues to violate any applicable regulation, the referee shall apply the penalties specified in K.A.R. 128-6-1(o), 128-6-2(o), or 128-6-4(o). The referee shall also warn the second that any additional violation may result in disqualification of the contestant.

(j) Any second may choose whether or not to wear rubber or plastic gloves during any bout in which the second is serving a contestant. (Authorized by K.S.A. 2007 Supp. 75-50,187; implementing K.S.A. 2007 Supp. 74-50,186 and 74-50,187; effective April 4, 2008.)

**128-4-9. Timekeeper.** (a) A timekeeper shall be present at each contest and shall perform the following duties:

(1) The timekeeper shall sound the bell at the beginning and end of each round. The timekeeper shall also signal the approaching end of the round to the referee when 10 seconds remain in the round. When 10 seconds remain in the rest period between rounds, the timekeeper shall sound a whistle, bell, buzzer, or horn to warn the referee, contestants, and seconds of the beginning of the next round.

(2) The timekeeper shall keep accurate time for each bout. The timekeeper shall keep an exact record of each time-out taken at the request of a referee for an examination of a contestant by the physician, the replacement of a glove, or the adjustment of any equipment during a round. The timekeeper shall report the exact time at which a bout is stopped for a time-out.

(b) Each timekeeper shall be impartial. No timekeeper shall signal to any contestant or second at any time during a bout. Each timekeeper who fails to meet the requirements of this subsection shall be subject to discipline by the commission.

(c) The timekeeper shall be responsible for each knock-down count. The timekeeper shall begin the mandatory count of eight as soon as a contestant has been knocked down. If the knockdown occurs less than 10 seconds before the end of the round, the timekeeper shall not signal to the referee until the referee indicates that the contestant is ready.

(d) The timekeeper for each bout shall be selected by the boxing commissioner and approved by the commission. (Authorized by K.S.A. 2007 Supp. 74-50,187; implementing K.S.A. 2007 Supp. 74-50,186 and 74-50,187; effective April 4, 2008.)

If a contestant, promoter, or official does not have a current license issued by the commission, that contestant, promoter, or official shall not participate in the contest until a complete application and the applicable fee have been submitted to the commission and the appropriate license has been issued by the commission.

(e) An inspector shall be admitted to the dressing rooms at the designated time for weighing in contestants and inspecting all equipment. The inspector shall examine and approve each hand wrapping placed on a contestant.

(f) Pursuant to K.A.R. 128-4-7(c), the chief inspector shall provide an interpretation of the application of the act or these regulations, or both, with respect to any disputed issue.

If the contestant's weight still does not fall within the range for that weight category, the contestant shall be disqualified by the commissioner.

(i) Each contestant shall fight only opponents who are in the contestant's weight classification, except that a bout between two contestants in different weight classifications may be approved by the commission if the difference between the weights of the two contestants does not exceed nine pounds, except for heavyweights.

(j) Any contestant who fails to appear at the appointed place and at the specified time to be examined and weighed or who leaves the designated area without permission of the commission before the weigh-in or the physical examination is completed may be subject to discipline by the commission.

(k) The weight of each contestant or the classification in which each contestant will compete, or both, shall be announced at ringside.

(l) Each contestant's equipment shall meet the following requirements:

(2) Each bandage of the contestant shall be applied in the presence of both an inspector and the other contestant.

(3) Each hand wrapping placed on a contestant shall be examined and approved by an inspector. Each approved hand wrap shall be initialed by the inspector who examined it. The opponent may be present.

(4) Either contestant may witness the bandage and hand wrapping of the contestant. A contestant may waive the witnessing the bandaging or hand wrapping of the opponent's hands.

(5) The weight of each glove shall be at least eight ounces and not more than 16 ounces, and each glove shall have the thumb attached.

(6) Each contestant shall be gloved only in the presence of an inspector. The tape around the string of each approved glove shall be initialed by the inspector.

(7) No contestant or second shall twist or manipulate that contestant's gloves in any way. If a glove breaks or a string becomes untied during the bout, the referee shall instruct the timekeeper to signal a time-out while the glove is being adjusted.

(8) Each contestant's gloves shall be inspected by the referee of each bout. The referee shall ascertain that no foreign substances detrimental to an opponent have been applied to the gloves of any contestant. If the referee detects a problem with the gloves or any other equipment, the problem shall be fixed to the satisfaction of the referee and the inspector before the bout continues.

(9) Each contestant shall wear boxing-appropriate attire and protective devices, including a dental appliance or mouthpiece approved by the commissioner. Each male contestant shall wear a protective pelvic girdle and either plastic breast protector or a sport bra.

(m) Only officials and members of the media may enter into the contestants' dressing rooms or area.

(o) No person other than the contestants and the referee shall enter the ring during a bout. A second or manager shall not stand or engage in any distracting actions while the bout is in progress. For each contestant's seconds and manager, a combined total of two warnings for violating any requirement of this subsection shall result in the removal of the seconds and manager from the ringside area, all of whom shall be subject to discipline by the commission.

(p) Each preliminary contestant shall be ready to enter the ring immediately after the end of the preceding bout. Any contestant who is not ready to immediately proceed when called and, as a result, causes a delay may be subject to discipline by the commission.

(q) Before the referee requests the physician to aid or examine a contestant, the referee shall direct the timekeeper to stop the clock until otherwise directed by the referee.

(r) Any serious cuts or injuries to either contestant shall be treated by the physician. The physician shall determine whether to continue the bout as follows:

(1) The physician may enter the ring if requested by the referee to examine an injury to a contestant.

(2) If serious cuts or injuries to either contestant occur, the referee shall summon the physician, who shall aid the contestant and decide if the bout will be stopped. The final authority to determine whether to continue the bout shall rest with the physician.

(3) If the physician determines that a contestant who is cut or injured by legal blows cannot continue, the referee shall announce that contestant loses by a technical knockout.

(continued)

(4) The referee may request that the attending physician examine a contestant during the bout. The physician may order the referee to stop the bout. The referee shall then render the appropriate decision regarding the outcome of the bout.

(5) Except at the request of the physician, no manager or second shall be permitted to aid a stricken contestant.

(s) If a contestant loses a dental appliance or mouthpiece during a round, the referee may call a time-out. If the referee calls a time-out for this reason, the referee shall direct the contestant's second to replace the dental appliance or mouthpiece.

(t) If a contestant falls, the contestant shall be allowed eight seconds to rise unassisted. Following a contestant's fall, the contestant's opponent shall go to the farthest neutral corner and shall remain there during the eight-second count. The referee shall audibly announce the passing seconds, accompanying the count with arm motions. The referee shall stop counting if the opponent fails to go to the neutral corner and shall then resume the count at the point at which the count was left off when the opponent goes to the neutral corner. Each contestant who is knocked out of the ring or who falls out of the ring shall be allowed 20 seconds to return to the ring.

(u) If a contestant is knocked down, the referee shall immediately begin a mandatory count of eight. The referee shall audibly announce the passing seconds, accompanying the count with arm motions. A contestant shall be deemed to be knocked down if, as a result of any legal blow or strike, any part of the contestant's body with the exception of the feet is on the floor or if the contestant is hanging on or over the ropes and is not defending oneself. A contestant shall not be considered to have been knocked down until the referee announces that the contestant is down. The referee may continue and complete the mandatory count of eight while the contestant is on the ropes, remains down on the floor, or is rising from a knocked-down position, according to the following:

(1) During any count, the opponent shall immediately go to a neutral corner and shall remain there until the referee signals that the bout is to be continued. If the contestant who has scored the knockdown fails to go to a neutral corner, the referee may stop the count until the contestant who scored the knockdown goes to a neutral corner, which is either of the two corners not assigned to a contestant.

(2) During the mandatory count of eight, the referee shall assess the condition of the contestant and either allow the contestant to continue or stop the bout. If the contestant appears able to continue by the end of the count, the referee shall allow the bout to resume.

(3) If a fallen contestant rises before the mandatory count of eight is reached and then falls again without receiving another hit, the referee shall continue the original count at the point at which the count was stopped, rather than starting a new count.

(4) If the bell rings, ending the round during the count, the mandatory count of eight shall continue except when the bell rings, ending the last round of the bout. If a round ends before the referee reaches eight, the contestant shall rise before the count of eight to avert a knockout.

(5) Each contestant who has been knocked out shall be kept lying down until the contestant has recovered. If a contestant is knocked out, no one other than the referee and the physician shall touch the contestant. The referee shall remove the injured contestant's mouthpiece and stay with the contestant until the ringside physician enters the ring, personally attends to the contestant, and issues any necessary instructions to the contestant's second.

(6) If the contestant is still knocked down when the referee calls the mandatory count of eight, the referee shall wave both arms to indicate that the contestant has been knocked out and shall signal that the opponent is the winner.

(v) Before a felled contestant resumes fighting after slipping, falling, or being knocked to the floor, the referee shall wipe the contestant's gloves free of any foreign substance.

(w) If a contestant claims to be injured during a bout, the referee may request that the physician examine the contestant. If the physician decides that the contestant has been injured and should not continue, the physician shall so advise the referee.

(x) Each contestant who fails to engage an opponent shall receive an immediate warning from the referee. If the contestant continues to fail to engage the opponent after a warning, the referee shall direct each of the judges to deduct a point from the contestant's score for that round.

(y) If a contestant fails to resume fighting when the bell sounds to start the next round, the referee shall award a technical knockout to the contestant's opponent.

(z) Each of the following tactics or actions shall be an intentional foul:

- (1) Hitting the opponent with a low blow;
- (2) hitting an opponent who is down or is getting up after being down;
- (3) holding the opponent with one hand and hitting the opponent with the other hand;
- (4) holding the opponent or deliberately maintaining a clinch;
- (5) wrestling or kicking the opponent;
- (6) striking an opponent who is helpless as the result of blows but is supported by the ropes and does not fall;
- (7) butting the opponent with the head, shoulder, or knee;
- (8) hitting the opponent with the open glove, with the butt of the hand, with the wrist or the elbow, or with backhand blows;
- (9) going down without being hit;
- (10) striking the opponent's body over the kidneys;
- (11) hitting the opponent on the back of the head or neck;
- (12) jabbing the opponent's eyes with the thumb of the glove;
- (13) using abusive language in the ring;
- (14) hitting during a break, which is signaled by the referee's command or physical act to separate two contestants;
- (15) hitting the opponent after the bell has sounded, ending the round;

(16) using the ropes to gain an advantage over the opponent;

(17) pushing the opponent around the ring or into the ropes;

(18) spitting out the mouthpiece;

(19) biting the opponent; and

(20) engaging in any other action not described in this subsection that is deemed an intentional foul by the referee on the basis that the action poses a danger to the safety of either contestant, impedes fair and competitive play, or is unsportsmanlike.

(aa) The referee may warn any contestant who commits an intentional foul or may penalize the contestant by either of the following:

(1) Directing the judges to deduct one or more points from the contestant's score for that round; or

(2) disqualifying the contestant, subject to the following requirements:

(A) If an intentional foul causes an injury severe enough to terminate a bout immediately, the contestant causing the injury shall lose by disqualification.

(B) If an intentional foul causes an injury but the bout is allowed to continue, the referee shall notify the judges of the foul and direct the judges to deduct two points from the score for that round of the contestant who caused the foul.

(bb)(1) If an intentional foul causes an injury and the injury results in termination of the bout in a later round, the bout shall be decided as follows:

(A) The injured contestant shall win by a technical decision if the injured contestant has the higher score when the bout is terminated.

(B) The bout shall result in a technical draw if the score of the injured contestant is lower than or even with the opponent's score when the bout is terminated.

(2) If a contestant is injured while attempting to commit an intentional foul against the opponent, the referee shall not take any action in the contestant's favor, and this injury shall be treated in the same manner as that for an injury produced by a legal blow.

(3) If the referee determines that a contestant is using an unsportsmanlike trick or action, the referee may stop the bout and disqualify the contestant.

(4) If an accidental foul, other than a low blow, is committed before the completion of the fourth round and causes an injury severe enough that the physician determines that the bout is to be stopped immediately, the bout shall result in a no-contest decision.

(5) If an accidental foul, other than a low blow, is committed after the completion of the fourth round and causes an injury severe enough that the physician determines that the bout should be stopped immediately, the bout shall result in a technical decision, which shall be awarded to the contestant who has the higher score when the bout is stopped. The judges shall first score any partial or incomplete round. If no blows have landed by that point in the round, the round shall be scored as an even round.

(6) If a contestant is hit with an accidental low blow that has a damaging effect, the round shall continue after a reasonable amount of recovery time that is no longer

than five minutes, or the contestant shall lose the fight by a technical knockout.

(7) Any contestant or official who is guilty of unfair dealings, unsportsmanlike conduct, protesting the decisions of the officials in an unsportsmanlike manner, or violating any of these regulations may be disciplined by the commission. Any second or manager who acts in an unsportsmanlike manner may be removed immediately from the corner assigned to the contestant whom the second or manager is serving.

(8) If the referee has seen an accidental low blow delivered and if the blow had a damaging effect, the referee may permit a rest period for the injured contestant, which shall not exceed five minutes. During the rest period, the injured contestant's seconds shall not assist or coach their contestant. The offending contestant shall go to a neutral corner and shall not be coached during the rest period.

(9) The referee shall give an official warning to the offending contestant for an accidental low blow. The referee then shall give the command to continue the bout after the end of the rest period if the contestant who received the low blow indicates that the contestant is ready to continue the bout. If the referee requests the physician to aid or examine a contestant, the referee shall direct the timekeeper to stop the clock until otherwise directed by the referee. If the injured contestant fails to continue after the rest period, the opponent shall be named the winner.

(10) Each additional accidental low blow shall be penalized with the deduction of points from the offending contestant or with the disqualification of the offending contestant.

(11) A contestant shall not be named the winner of a bout as the result of receiving a low blow unless, in the opinion of the referee, the blow was delivered deliberately and with enough force to seriously incapacitate the injured contestant and the physician determines that the contestant cannot continue the bout. Under this paragraph, the offender shall be disqualified immediately. (Authorized by K.S.A. 2007 Supp. 74-50,187; implementing K.S.A. 2007 Supp. 74-50,186 and 74-50,187; effective April 4, 2008.)

The maximum number of rounds for males and females shall be 12 rounds. Each contest shall consist of a minimum of four bouts.

(b) A kickboxing contestant shall not participate in a boxing, kickboxing, karate, or mixed martial arts bout in Kansas for at least seven days following a previous bout in Kansas or in any other jurisdiction.

(c) A kickboxing contestant whose license is currently suspended or has been revoked by the commission or any other athletic commission, domestic or foreign, shall not participate in any bout in Kansas until the suspension is lifted or until the license is reinstated.

*(continued)*

(d) If a bout is deemed by the commission to be a mismatch that could expose one or both contestants to serious injury based on the record, experience, skill, or condition of each of the contestants, the bout shall be disapproved and cancelled by the commission.

(e) The schedule of weight classifications shall be as follows:

(16) Cruiserweight	over 175 and through 200 pounds

(f) Each contestant shall be weighed by the commissioner or designee within 48 hours before the contest. If a contestant's weight does not fall within the range for the weight classification in which the contestant is scheduled to compete in that contest, the contestant shall be reweighed within two hours. If the contestant's weight still does not fall within the range for that weight classification, the contestant shall be disqualified by the commissioner.

(g) Each contestant shall fight only opponents who are in the contestant's weight classification, except that a bout between two contestants in different weight classifications may be approved by the commission if the difference between the weights of the two contestants does not exceed nine pounds.

(h) Any contestant who fails to appear at the appointed place and at the specified time to be examined and weighed or who leaves the designated area without permission of the commission before the weigh-in or the physical examination is completed may be subject to discipline by the commission.

(i) The weight of each contestant or the classification in which each contestant will compete, or both, shall be announced at ringside.

(j) Each contestant's equipment shall meet the following requirements:

(1) Surgeon's adhesive tape, with a width that is not greater than one and one-half inches, shall be placed directly on the hand and wound once around each hand to protect the hand near the wrist. The tape may cross the back of the hand twice but shall not extend within one inch of the knuckles when the hand is clenched to make a fist. The second or contestant shall then wrap each hand with a soft surgical bandage that is not more than two inches wide and that is held in place by not more than two feet of surgeon's adhesive tape for each hand. One 20-yard roll of bandage shall be wound over the sur-

geon's adhesive tape to complete the wrappings for each hand.

(2) Each bandage shall be applied in the presence of both an inspector and the other contestant. Each hand wrapping placed on a contestant shall be examined and approved by an inspector. The tape around the strings of each approved glove shall be initialed by the inspector. A contestant may waive the privilege of witnessing the bandaging of the opponent's hands.

(3) All gloves worn by contestants shall be made of leather and shall fully cover the hand. The weight of each glove shall be at least eight ounces and not more than 16 ounces.

(4) Each contestant shall be gloved only in the presence of an inspector. The tape around the strings of each approved glove shall be initialed by the inspector.

(5) A contestant or second shall not twist or manipulate that contestant's glove in any way. If a glove breaks or a string becomes untied during a bout, the referee shall instruct the timekeeper to signal a time-out while the glove is being adjusted.

(6) The referee shall inspect the gloves of each contestant for each bout. The referee shall check to determine that no foreign substances detrimental to an opponent have been applied to the gloves of any contestant. If the referee detects a problem with the gloves or any other equipment, the problem shall be fixed to the satisfaction of the referee and the inspector before the bout continues.

(7) Each contestant shall wear kickboxing-appropriate attire and protective devices, including a dental appliance or mouthpiece approved by the commission. Each male contestant shall wear a protective cup. Each female contestant shall wear a protective pelvic girdle and either a plastic breast protector or a sport bra.

(8) Only Vaseline® or a similar petroleum-based product may be lightly applied to the face, arms, or any other exposed part of a contestant's body.

(k) Only officials and members of the media may enter into the contestants' dressing rooms or area.

(l) Each contestant shall be ready to enter the ring immediately after the end of the preceding bout. Any contestant who is not ready to immediately proceed when called and, as a result, causes a delay may be subject to discipline by the commission.

(m) Before each bout, the referee shall call together both of the contestants and their chief seconds for final instructions.

(n) Before starting a bout, the referee shall ascertain from each contestant the name of the contestant's chief second. Before each bout, the referee shall call together both of the contestants and their chief seconds for final instructions.

(o) No person other than the contestants and the referee shall enter the ring during a bout. A second or manager shall not stand or engage in distracting actions while the bout is in progress. For each contestant's seconds and manager, a combined total of two warnings for violating any requirement of this subsection shall result in the removal of the seconds and manager from the ringside area, all of whom shall be subject to discipline by the commission.

(p) With the approval of the commission, the promoter and contestants in a bout may agree to specialized rules for the conduct of that bout, including the minimum or maximum number of punches or kicks allowed for each round.

(q) If a contestant loses a mouthpiece or dental appliance during a round, the referee may call a time-out. If the referee calls a time-out for this reason, the referee shall direct the contestant's second to replace the mouthpiece or dental appliance.

(r) Before the referee requests the physician to aid or examine a contestant, the referee shall direct the time-keeper to stop the clock until otherwise directed by the referee.

(s) If a contestant claims to be injured during the bout, the referee may request that the physician examine the contestant. If the physician decides that the contestant has been injured and should not continue, the physician shall so advise the referee.

(t) Any serious cuts or injuries to either contestant shall be administered to by a physician. The physician shall determine whether to continue the bout as follows:

(1) The physician may enter the ring if requested by the referee to examine an injury to a contestant.

(2) If serious cuts or injuries to either contestant occur, the referee shall summon the physician, who shall aid the contestant and decide if the bout will be stopped. The final authority to determine whether to continue the bout shall rest with the physician.

(3) If the physician determines that a contestant who is cut or injured by legal blows cannot continue, the referee shall announce that contestant loses by a technical knockout.

(4) The referee may request that the attending physician examine a contestant during the bout. The physician may order the referee to stop the bout. The referee shall then render the appropriate decision regarding the outcome of the bout.

(5) Except at the request of the physician, no manager or second shall be permitted to aid a stricken contestant.

(u) If a contestant is knocked down, the referee shall immediately begin a mandatory count of eight. The referee shall audibly announce the passing seconds, accompanying the count with arm motions. A contestant shall be deemed to be knocked down if, as a result of any legal blow or strike, any part of the contestant's body with the exception of the feet is on the floor or if the contestant is hanging on or over the ropes and is not defending oneself. A contestant shall not be considered to have been knocked down until the referee announces that the contestant is down. The referee may continue and complete the mandatory count of eight while the contestant is on the ropes, remains down on the floor, or is rising from a knocked-down position, according to the following:

(1) During any count, the opponent shall immediately go to a neutral corner and shall remain there until the referee signals that the bout is to be continued. If the contestant who has scored the knockdown fails to go to a neutral corner, the referee may stop the count until the contestant who scored the knockdown returns to one of the two corners not assigned to either contestant, which are the neutral corners.

(2) During the mandatory count of eight, the referee shall assess the condition of the contestant and either allow the contestant to continue or stop the bout. If the contestant appears able to continue by the end of the count, the referee shall allow the bout to resume.

(3) If a fallen contestant rises before the mandatory count of eight is reached and then falls again without receiving another hit, the referee shall continue the original count from the point at which the count was stopped, rather than starting a new count.

(4) If the bell rings to end the round during the count, the count shall continue except when the bell rings, ending the last round of the bout. If a round ends before the referee reaches eight, the contestant shall be required to rise before the count of eight to avert a knockout.

(5) Each contestant who has been knocked out shall be kept lying down until the contestant has recovered. If a contestant is knocked out, no one other than the referee and the physician shall touch the contestant. The referee shall remove the injured contestant's mouthpiece and stay with the contestant until the ringside physician enters the ring, personally attends to the contestant, and issues necessary instructions to the contestant's second.

(6) If the contestant is still knocked down when the referee calls the mandatory count of eight, the referee shall wave both arms to indicate that the contestant has been knocked out and shall signal that the opponent is the winner.

(7) A contestant shall be deemed to be knocked down if, as a result of any legal blow or strike, any part of the contestant's body with the exception of the feet is on the floor or if the contestant is hanging on or over the ropes and is not defending oneself. A contestant shall not be considered to have been knocked down until the referee announces that the contestant is down. The referee may continue and complete the mandatory count of eight while the contestant is on the ropes, remains down on the floor, or is rising from a knocked-down position.

(8) If the contestant appears able to continue by the end of the mandatory count of eight, the referee shall allow the bout to resume.

(9) If a fallen contestant rises and then falls again without receiving another hit, the referee shall continue the original count, rather than starting a new count. If the bell rings to end the round during the count, the count shall continue except when the bell rings, ending the last round of the bout. If a round ends before the referee reaches eight, the contestant shall be required to rise before the count of eight to avert a knockout.

(10) Each contestant who has been knocked down shall be kept lying down until the contestant has recovered. If a contestant is knocked out, no one other than the referee and the physician shall touch the contestant. The referee shall remove the injured contestant's mouthpiece and stay with the contestant until the ringside physician enters the ring, personally attends to the contestant, and issues any necessary instructions to the contestant's second. A contestant shall be declared knocked down when, as a result of any legal blow or strike, any portion of the contestant's body other than the feet touches the floor.

*(continued)*

(11) If the contestant is still knocked down when the referee calls the mandatory count of eight, the referee shall wave both arms to indicate that the contestant has been knocked out and shall signal that the opponent is the winner.

(v) Before a felled contestant resumes fighting after slipping, falling, or being knocked to the floor, the referee shall wipe the contestant's gloves free of any foreign substance.

(w) If a contestant fails to resume fighting when the bell sounds to start the next round, the referee shall award a technical knockout to the contestant's opponent.

(x) Each of the following tactics or actions shall be an intentional foul:

- (1) Using headbutts;
- (2) hitting the opponent with a low blow or striking the opponent's groin, the opponent's breast if a woman, or the opponent's spine, throat, collarbone, or that part of the body over the kidneys;
- (3) striking the opponent with the heel of the palm;

- (9) falling or going down without being hit;
- (10) using abusive language in the ring;
- (11) attacking during a break, which is signaled by the referee's command or physical act to separate two contestants;
- (12) attacking the opponent after the bell has sounded to end the round;
- (13) pushing, shoving, or wrestling an opponent out of the ring;
- (14) biting the opponent;
- (15) using the ropes to gain an advantage over the opponent; and
- (16) engaging in any other action not described in this subsection that is deemed an intentional foul by the referee on the basis that the action poses a danger to the safety of either contestant, impedes fair and competitive play, or is unsportsmanlike.

(y) The referee may warn any contestant who commits an intentional foul or may penalize the contestant by either of the following:

- (1) Directing the judges to deduct one or more points from the contestant's score for that round; or
- (2) disqualifying the contestant, subject to the following requirements:

(A) If an intentional foul causes an injury severe enough to terminate a bout immediately, the contestant causing the injury shall lose by disqualification.

(B) If an intentional foul causes an injury but the bout is allowed to continue, the referee shall notify the judges of the foul and instruct the judges to deduct two points from the score for that round of the contestant who caused the foul.

(z)(1) If an intentional foul causes an injury and the injury results in termination of the bout in a later round, the bout shall be decided as follows:

(A) The injured contestant shall win by a technical decision if the injured contestant has the higher score when the bout is terminated.

(B) The bout shall result in a technical draw if the score of the injured contestant is lower than or even with the opponent's score when the bout is terminated.

(2) If a contestant is injured while attempting to commit an intentional foul against the opponent, the referee shall not take any action in the contestant's favor, and this injury shall be treated in the same manner as that for an injury produced by a fair blow.

(3) If the referee determines that a contestant is using an unsportsmanlike trick or action, the referee may stop the bout and disqualify the contestant.

(4) If an accidental foul, other than a low blow, is committed before the completion of the fourth round and causes an injury severe enough that the physician determines that the bout should be immediately stopped, the bout shall result in a no-contest decision.

(5) If an accidental foul, other than a low blow, is committed after the completion of the fourth round and causes an injury severe enough that the physician determines that the bout should be immediately stopped, the bout shall result in a technical decision, which shall be awarded to the contestant who has the higher score when the bout is stopped. The judges shall first score any partial or incomplete round. If no blows have landed by that point in the round, the round may be scored as an even round.

(6) If a contestant is hit with an accidental low blow, the round shall continue after a reasonable amount of recovery time that is no longer than five minutes, or the contestant shall lose the fight by a technical knockout. (Authorized by K.S.A. 2007 Supp. 74-50,187; implementing K.S.A. 2007 Supp. 74-50,186 and 74-50,187; effective April 4, 2008.)

#### **128-6-4. Professional mixed martial arts contests.**

Except as otherwise specified in this regulation, each professional mixed martial arts contest shall be conducted in accordance with this regulation. If a contestant is a professional in boxing, kickboxing, or karate, the contestant shall compete only as a professional in any mixed martial arts contest. (a) Each contest shall be limited to those forms of martial arts that consist of unarmed combat.

(f) Each contestant shall fight only opponents who are in the contestant's weight classification. A bout between two contestants in different weight classifications may be approved by the commission if the difference between the weights of the two contestants does not exceed nine pounds, except for heavyweights and super heavyweights.

(i) Any contestant who fails to appear at the appointed place and at the specified time to be examined and weighed or who leaves the designated area without the permission of the commission before the weigh-in or the physical examination is complete may be subject to discipline by the commission.

(j) If a bout is deemed by the commission to be a mismatch that could expose one or both contestants to serious injury based on the record, experience, skill, or condition of each of the contestants, the bout shall be disapproved and cancelled by the boxing commissioner.

(k) The weight of each contestant or the classification in which the contestant will compete, or both, shall be announced at ringside.

(l) Each contestant's equipment shall meet the following requirements:

(1) Each contestant shall wear mixed martial arts-appropriate attire and protective devices, including a dental appliance or a mouthpiece approved by the commissioner. Each male contestant shall wear a protective cup. Each female contestant shall wear a protective pelvic girdle and either a plastic breast protector or sport bra. (m) Only officials and members of the media may enter into the contestants' dressing rooms or area.

(q) Each of the following acts shall constitute an intentional foul in a contest:

(r)(1) If a contestant or the contestant's second commits any intentional foul, the contestant may have points deducted or be disqualified.

(2) The referee may penalize the contestant by directing the judges to deduct points from the contestant's score for that round, whether or not the foul was an intentional foul. Except as otherwise provided by this regulation, the referee may determine the number of points to be deducted for each intentional foul and shall base that determination on the severity of the foul and its effect upon the opponent.

(3) If the referee determines that it is necessary to deduct one or more points because of an intentional foul or an accidental foul, the referee shall inform the offender of the penalty to be assessed and, as soon as it is practical after the foul, notify the judges and both contestants of the number of points to be deducted from the offender's score.

(u)(1) If a round is interrupted because of an accidental foul, the physician shall determine whether the contestant who has been fouled can continue. If the physician determines that the injured contestant's chance of winning has not been seriously jeopardized as a result of the accidental foul and that the foul did not involve a concussive impact to the head of the injured contestant, the referee may order the contestants to continue the round after a recuperative interval of not more than five minutes. Immediately after separating the contestants, the referee shall inform the inspector or other representative of the commission of the referee's determination that the foul was an accidental foul.

(2) If the physician determines that a contest can not continue due to an injury caused by an accidental foul

during the first two rounds of a contest that is scheduled for three rounds or less or during the first three rounds of a contest that is scheduled for more than three rounds, the referee shall declare a no-contest decision.

(3) If the physician determines that an accidental foul has rendered a contestant unable to continue the contest after completion of the second round of a contest that is scheduled for three rounds or less or after completion of the third round of a contest that is scheduled for more than three rounds, the outcome shall be determined by scoring both the completed rounds and the round during which the referee stops the contest. The contest shall be awarded to the contestant who has the higher score when the contest is stopped.

(4) If an injury inflicted by an accidental foul later becomes aggravated by any legal blow and the physician orders the contest stopped because of that injury, the outcome shall be determined by scoring both the completed rounds and the round during which the referee stops the contest. The contest shall be awarded to the contestant who has the higher score when the contest is stopped.

(v) Each contestant who fails to engage an opponent shall receive an immediate warning from the referee. If the contestant continues to fail to engage the opponent after a warning, the referee shall direct each of the judges to deduct a point from the contestant's score for that round.

(w) If a contestant fails to resume fighting when the bell sounds starting the next round, the referee shall award a technical knockout to the contestant's opponent.

(x) Each contest shall end with one of the following outcomes:

(1) A technical knockout;

(2) a decision by the judges consisting of one of the following:

(A) A unanimous decision;

(B) a split decision;

(C) a majority decision;

(D) a unanimous draw;

(E) a majority draw;

(F) a split draw;

(G) a technical decision; or

(H) a technical draw; or

(3) a decision by the referee consisting of one of the following:

(A) A disqualification;

(B) a forfeit;

(C) a no-contest decision; or

(D) submission by a tapout. (Authorized by K.S.A. 2007 Supp. 74-50,187; implementing K.S.A. 2007 Supp. 74-50,186 and 74-50,187; effective April 4, 2008.)

Custom-made binders are available to attractively hold up to a year's worth of your copies of the Kansas Register for permanent use. The high quality, durable casebound swinge-hinge binders are manufactured by ABZ Binder. (A swinge-hinge binder has more capacity and allows for easier interfiling than standard ring binders.) The three-inch binder features dark blue supported vinyl covering and gold imprinting, with a label holder on the spine.
