# Notice of Commencement of Negotiations for Architectural Services

Notice is hereby given of the commencement of negotiations for architectural services for a second floor addition to Building 92 at the University of Kansas School of Medicine, Wichita Campus, to house the expansion of the University of Kansas School of Pharmacy and a new Standardized Patient Training Area. The project consists of a second floor addition with approximately 12,000 s.f. of new classrooms, exam rooms, laboratories, conference/training space and offices; approximately 11,000 s.f. of shelled space for future program development; and approximately 1,200 s.f. of renovated space on the first floor and additional surface parking. The construction cost is budgeted for approximately \$3.5 million.

For more information concerning the scope of services and to obtain a program, contact Steve Smallwood, Campus Architect, University of Kansas Medical Center, Kansas City, Kansas, (913) 588-9008.

To be considered, five (5) bound proposals and one (1) PDF file on a CD of the following should be provided: a letter of interest, an SF330 Part I, information regarding similar projects, and an SF330 Part II for each firm and consultant. Proposals should be concise and follow the 2008 State Building Advisory Commission guidelines, available to firms at http://da.ks.gov/fp/. If copies of the guidelines are needed, contact Phyllis Fast, Division of Facilities Management, Suite 102, Landon State Office Building, 900 S.W. #### Notice of Commencement of Negotiations for Construction Manager At-Risk Services

Notice is hereby given of the commencement of negotiations for construction management at-risk services for the renovation of Tower "A" of the Jayhawker Towers Residence Hall on the University of Kansas campus in Lawrence. These services are contingent upon approval of this alternative project delivery method by the State Building Advisory Commission at a public hearing held June 11. The estimated construction cost is approximately \$4 million. The project schedule calls for completion in July 2009.

The construction manager at-risk will provide budgeting, cost estimating, scheduling, constructability reviews and value engineering studies; divide the project into scopes of work for bidding; prequalify subcontractors and take bids for the work; review bids with the design team and owner to determine bids to accept; prepare cost estimates for the unbid portions of work and provide a guaranteed maximum price and a bond for the work as a whole; and manage construction and track all costs for the design team and owner's review.

General areas of concern include management of an extremely limited staging area adjacent to another concurrent construction project, while maintaining use of and access to adjacent occupied buildings and parking lots, control of demolition and construction noise, avoiding conflicts with vehicular and pedestrian traffic in the area, and delivering the project within a very tight budget, on an accelerated construction schedule.

Architectural programs and additional information concerning the scope of services are available from Jim Modig, (785) 864-3433.

To be considered, five (5) bound statement of qualifications and one (1) PDF file on a CD of the following should be provided: a letter of interest, an SF330 Part I, information regarding similar projects, experience in this type of project delivery system, references from design professionals and owners from previous projects, a description of the construction manager or general contractor project management approach, financial statements, bonding capacity including capability of providing a public works bond (K.S.A. 60-1111) and evidence of such bonding capacity (note: failure to present such bonding evidence will deem the firm as unqualified for selection), and an SF330 Part II for each firm and consultant.

Proposals should be concise and follow the 2008 State Building Advisory Commission guidelines, available to firms at http://da.ks.gov/fp/. If copies of the guidelines are needed, contact Phyllis Fast, Division of Facilities Management, Suite 102, Landon State Office Building, 900 S.W. #### Social and Rehabilitation Services

#### **Public Notice**

The Secretary of Social and Rehabilitation Services administers the Intermediate Care Facilities for the Mentally Retarded (ICFsMR) payment program on behalf of the Kansas Health Policy Authority. The secretary is publishing the methodology for a rate adjustment to begin July 1, 2008. Rate adjustment is required to adhere to federal requirements that durable medical equipment and supplies (DME) costs must be included in ICFsMR per diem rate. DME expenditures will be included on annual cost reports submitted by ICFsMR to SRS. The fiscal impact expected is an increase of annual aggregate state and federal expenditures for state fiscal year 2009 of \$43,253.

# Methodology for rate adjustment related to durable medical equipment (DME) and supplies:

To determine how to compensate providers for increased DME expenses incurred after July 1, 2008, and not captured in prior cost reports, the following methodology is being utilized:

- Historical data cost analysis of durable medical equipment supplies expenditures for residents of ICFsMR statewide was completed and used to calculate per diem rate adjustments.
- The total historical costs of DME for state fiscal year 2007 was divided by 200 beds and then divided by 365 days to equal a \$.59 cents per diem rate adjustment.

A copy of the Kansas State Medicaid Plan Attachment 4.19-D, part II Subpart O, page 1, that pertains to the rate formulas may be obtained by contacting John Shirley at John.Shirley@SRS.KS.gov. Written comments may be sent to John Shirley at the above e-mail address or to his attention at SRS, Disability and Behavioral Health Services, Management Operations, 9th Floor West, Docking State Office Building, 915 S.W. # Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Kansas Department of Labor at 10 a.m. Tuesday, August 19, at the Kansas Department of Labor, 401 S.W. Topeka Blvd., third floor conference room, Topeka, to consider the adoption and changes to boiler specifications and inspections regulations.

The regulations subject to this hearing notice are K.A.R. 49-45-1, 49-45-2, 49-45-3, 49-45-4, 49-45-4a, 49-45-5, 49-45-6, 49-45-7, 49-45-8, 49-45-9, 49-45-20, 49-45-28, 49-45-29, 49-45-29b, 49-45-31, 49-45-34, 49-45-35, 49-45-37 and 49-49-1.

This 60-day notice constitutes a public comment period for the purposes of receiving written public comments on the proposed regulations. Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least 10 working days in advance of the hearing by contacting Darren E. Root, Staff Attorney, Kansas Department of Labor, 401 S.W. Topeka Blvd., Topeka, 66603, (785) 291-3890.

The proposed changes to existing regulations found in K.A.R. 49, Article 45 update the boiler specifications and inspections regulations to conform to the standards currently used by the industry. These changes assure uniformity in applicable standards for the safe operation of covered boilers.

The change to **K.A.R. 49-49-1** will increase the fee for a certificate of inspection from \$30 to \$35 to assist in off-setting the increase in administrative costs.

The proposed changes to K.A.R. 49-45-1, 49-45-2, 49-45-3, 49-45-4, 49-45-4a, 49-45-5, 49-45-6, 49-45-7, 49-45-8, 49-45-9, 49-45-20, 49-45-28, 49-45-29, 49-45-29b, 49-45-31, 49-45-34, 49-45-35 and 49-45-37 will have no appreciable economic impact on the operation of boilers subject to the Kansas Boiler Safety Act, K.S.A. 44-913 et seq. These changes are not mandated by a federal program, but ensure that all boilers in the state are operated, installed and repaired in compliance with current industry standards. The changes mean that the department is administering and enforcing the boiler safety act in conformity with current industry standards.

The proposed change to K.A.R. 49-49-1 will have nominal economic impact on the operation of boilers subject to the Kansas Boiler Safety Act, K.S.A. 44-913 et seq. The increase is allowed by K.S.A. 44-926 to be used as funding for the state general fund and the boiler inspection fee. The change is not mandated by the federal law. This increase in cost will affect all boilers operated within the state to which an inspection certificate is issued pursuant to K.S.A. 44-924(b). Less costly ways have been considered, but due to the ever-increasing costs of material and personnel there is no other less costly way to offset the increase in administrative costs.

If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Jon Knodel, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7622, to determine when the 45-day EPA review period ends and the 60-day petition period commences.
