Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Wednesday, December 3, at the Topeka and Shawnee County Public Library, 1515 S.W. 10th Ave., Topeka, to consider the amendment of K.A.R. 68-7-14 of the Kansas Pharmacy Board.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed amendment of K.A.R. 68-7-14. All parties may submit written comments prior to the hearing to Debra Billingsley, Executive Secretary, Kansas Pharmacy Board, Room 560, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612-1231, or to [pharmacy@pharmacy.ks.gov](mailto:pharmacy@pharmacy.ks.gov). All interested parties will be given a reasonable opportunity to present their views orally on the amendment of the regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting the Kansas Pharmacy Board at the address above or at (785) 296-4056. Handicapped parking is located at the west and north sides of the building, and the north entrance to the building is accessible to individuals with disabilities.

A summary of the proposed regulation follows:

## Request for Comments

In accordance with Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) requirements, the Kansas Department of Transportation requests comments on the draft Statewide Transportation Improvement Program (STIP).

The STIP is a project-specific document that includes a list of all highway and transit projects in the state for a four-year period (October 1, 2008 to September 30, 2012). The STIP has been categorized into three general sections, as follows:

1. All streets and highways projects administered by KDOT.
2. Statewide Public Transit Projects.
3. Federal Lands Highway Program Projects.

The comprehensive list of programmed projects provided under category one above includes *all* projects—regardless of funding source—to be administered by KDOT. This list includes projects for counties and cities, and projects on the State Highway System. This approach allows currently scheduled projects to be converted to federal aid, if necessary, without undue delay and revision to the STIP. Transportation Improvement Programs (TIP) for the urbanized areas in Kansas are included in this STIP by reference (Douglas County, Johnson County, Leavenworth County, Sedgwick County, Shawnee County and Wyandotte County).

To receive a copy of the draft STIP or to comment on the contents of the document, contact the Kansas Department of Transportation, Bureau of Program and Project Management, 2nd Floor Tower, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754, (785) 296-3526, fax (785) 368-6664.

A draft copy is available for review at the following locations:

**Department of Health  
and Environment****Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. DCP Midstream has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

DCP Midstream, 370 17th St., Suite 2500, Denver, Colorado, owns and operates Satanta Compressor Station located at Section 34, T30S, R34W, Haskell County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE Southwest District Office, 302 W. McArtor Road, Dodge City. To obtain or review the proposed permit and supporting documentation, contact Michael J. Parhomek, (785) 296-1580, at the KDHE central office; and to review the proposed permit only, contact Al Guernsey, (620) 225-0596, at the KDHE Southwest District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Michael J. Parhomek, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business September 22.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air and Radiation, not later than the close of business September 22 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or

unless the grounds for such objection arose after such period. Contact Patricia Scott, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7312, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

**Department of Health

The Kansas Department of Health and Environment has received an application to expand the Allen County Landfill. The proposed expansion would increase the area used for construction and demolition (C&D) waste disposal and increase the area and final closure elevation of the municipal solid waste (MSW) disposal unit. The C&D landfill expansion would utilize area previously permitted for industrial rubber and waste tire disposal, and be constructed and operated in conformance with state solid waste regulations, accepting only C&D wastes as defined by Kansas statutes.

The MSW landfill expansion will develop new disposal areas built to Subtitle D standards in the quarry area north of and adjacent to the current Subtitle D MSW landfill. The Subtitle D expansion would include a composite liner system and leachate collection system as required by state regulations. The area permitted for MSW disposal would increase from 25.4 acres to 64.63 acres with the final closure elevation increasing by 50 feet, to 1,161 feet above mean sea level. The total area permitted for waste disposal would increase from 37 acres to 76.27 acres with the landfill's total disposal capacity increasing by about 5.0 million cubic yards. The proposed landfill expansion site is located at 1170 2800 Street North south-east of La Harpe in the NE $\frac{1}{4}$  of Section 2, Township 25 South, Range 19 East in Allen County.

The Allen County Commission has certified that the application described herein is consistent with the county's solid waste management plan and local land use restrictions or zoning. KDHE has reviewed the application and found it to be in conformance with state solid waste statutes and regulations.

KDHE is providing public notice of the intent to approve the proposed landfill expansion. However, a final decision to approve the expansion has not been made, and KDHE will consider information gathered during the public comment period before making a final decision. A copy of the administrative record, which includes the permit application, engineering drawings, draft permit and other information with respect to this permit action, will be available for public review August 22-September 22 during normal business hours at the following locations:

**Notice Concerning Kansas/Federal Water  
Pollution Control Permits and Applications**

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

Legal Description: NW¼, S20, T8S, R21E, Leavenworth County  
Facility Description: The proposed action is to issue a new permit for an existing discharge of wastewater during quarry operation. This is a limestone quarrying and crushing operation with no washing. Outfall 001 consists of stormwater runoff from the quarry area and a portion of the landfill cap and will be treated by two ponds in series. All contact water will be located at the open face of the landfill and will not run off but will seep into the landfill. The construction/demolition (C/D) landfill area, including the contact water, will be permitted by the Bureau of Waste Management. The proposed permit also includes generic water-quality language to protect waters of the state. Contained in the permit is a schedule of compliance requiring the permittee to develop and implement a stormwater pollution prevention plan (SWP2 Plan) within one year of the

effective date of the permit. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water-quality based.

 ONEOK Hydrocarbon L.P.  
 661 Highway 56  
 McPherson, KS 67460

Facility Location: Conway, Kansas  
 Facility Name: Conway Underground Storage Facility

Well and Permit Number	Location
Well #2 KS-01-113-006	3219' FSL and 1678' FEL of the SE¼, SW¼, NE¼, S30, T19S, R4W, McPherson County, KS

Facility Description: The proposed action is to reissue an existing permit for a Class I nonhazardous waste injection well at the location described above. The fluids to be injected are nonhazardous liquid waste consisting of waste brines from the underground hydrocarbon storage operation, hydrostatic test water generated from on-site pipeline testing, steam condensate filter washwater, nonhazardous equipment washwater, and dehydrator regeneration wastewater. Injection is to be made into the Arbuckle formation through open-hole from a depth of 4,016 feet to 4,400 feet. Disposal will be by means of gravity flow; wellhead pressure will not be allowed. The maximum rate of injection will be 1,000,000 gallons per day for each well. All construction, monitoring and operation of this well will meet the requirements that apply to Class I injection wells under the Kansas Underground Injection Control Regulations, K.A.R. 28-46-1 through 28-46-44.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before September 20 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-08-289/291, KS-Q-08-156/159, KS-EG-08-009) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

# Order a custom-made loose-leaf binder for the Kansas Register!

Custom-made binders are available to attractively hold up to a year's worth of your copies of the Kansas Register for permanent use. The high quality, durable casebound swinge-hinge binders are manufactured by ABZ Binder. (A swinge-hinge binder has more capacity and allows for easier interfiling than standard ring binders.) The three-inch binder features dark blue supported vinyl covering and gold imprinting, with a label holder on the spine.

**\$15 each, includes shipping and handling.**  
 (Kansas residents must include applicable state and local sales tax.)
