**Department of Administration
Division of Facilities Management****Notice of Commencement of Negotiations for
"On-Call" Engineering Services**

Notice is hereby given of the commencement of negotiations for "on-call" engineering services for the Kansas Department of Wildlife and Parks. A general civil firm is being sought. In addition to civil work, the selected firm should have the capacity (or subconsultants) for campground restoration, trail design, and MEP work at hatcheries and marsh areas. Services are required for restricted (small) projects of \$500,000 or less. Firms must be capable of providing all the above services upon request. Contracts will be for one year, renewable for two additional one-year periods.

For more information concerning the scope of services, contact Norm Davis, (785) 296-2281. Firms interested in providing these services should be familiar with the requirements of Chapter 9 of the Building Design and Construction Manual at the Web site below.

To be considered, five (5) bound proposals and one (1) PDF file on a CD of the following should be provided: a letter of interest, an SF330 Part I, information regarding similar projects, and an SF330 Part II for each firm and consultant. Proposals should be concise and follow the 2008 State Building Advisory Commission guidelines, available to firms at <http://da.ks.gov/fp/> or by contacting Phyllis Fast, Division of Facilities Management, Suite 102, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612, (785) 296-5796, Phyllis.Fast@da.ks.gov. Submittals should be received by Phyllis Fast before noon February 6.

**Notice of Hearing on Proposed
Administrative Regulations**

The Kansas Department of Health and Environment will conduct a public hearing at 10 a.m. Thursday, April 9, in the Flint Hills Conference Room on the third floor of the Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the adoption of Cancer Registry Regulation K.A.R. 28-70-4. The proposed new regulation will allow follow-up studies on persons diagnosed with cancer for public health purposes.

K.A.R. 28-70-4 provides for certain studies for public health purposes to be conducted through interviews with cancer patients after consent from the cancer patients, appropriate approvals from institutional review boards, and the secretary of the Kansas Department of Health and Environment.

The regulation will have no adverse economic impact to the agency, other government agencies or to the general public.

The time period between publication of this notice and the scheduled hearing serves as the required public comment period of at least 60 days for the purpose of receiving written comments on the proposed regulation from the public. All interested parties may submit written comments prior to the hearing to Paula Clayton, Kansas Department of Health and Environment, Office of Health Promotion, 1000 S.W. Jackson, Suite 230, Topeka, 66612, by e-mail to pclayton@kdheks.gov or by fax to (785) 368-7287. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulation during the public hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Complete copies of the proposed regulation and corresponding economic impact statement may be obtained on the Office of Health Promotion Web site at <http://www.kdheks.gov/bhp/index.html> or by contacting Nicole Wentz at (785) 296-8916 or nwentz@kdhe.state.ks.us. Questions pertaining to the proposed regulation should be directed to Janet Neff at (785) 296-5868 or jneff@kdhe.state.ks.us.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Paula Clayton at (785) 296-8916 or pclayton@kansas.gov.

Doc. No. 036607

State of Kansas

Department of Health
and EnvironmentNotice of Hearing on Proposed
Administrative Regulations

The Kansas Department of Health and Environment, Division of Environment, will conduct a public hearing from 1 to 3 p.m. Tuesday, April 14, at the McPherson Opera House, Rose Morris Room, 219 S. Main St., McPherson, to consider the adoption of new regulations concerning the underground storage of crude oil in bedded salt. A summary of the proposed regulations and the regulatory impact statement follows:

The proposed regulations, **K.A.R. 28-45b-1 through 28-45b-28**, will ensure that crude oil storage operations are protective of public safety, health and the environment. The regulations require an emergency response plan and the establishment of a public education program by the underground storage facilities to increase community awareness of facility operations and safety procedures. Additional safety requirements include the installation of warning systems and alarms at the wellhead, a maximum allowable operating pressure that is protective of cavern integrity, and criteria for closure of the facility. The proposed regulations require monitoring and testing to ensure that the integrity of the storage wells and caverns is being maintained.

Regulatory Impact Statement-Environmental Benefit: The proposed regulations require industry to minimize adverse impacts to the environment that could result in contamination by crude oil or brine. The regulations require safety measures for the safe operation and maintenance of the storage facility.

Regulatory Impact Statement-Economic Impact Statement: The underground crude oil storage industry will not bear any additional costs beyond the requirements of existing hydrocarbon storage regulations, K.A.R. 28-45-2a through 28-45-30. Fees assessed on the facility operators will fund the regulatory oversight for the underground storage industry. An annual fee of \$18,890 per facility and \$305 per unplugged well will be required to meet estimated regulatory program expenses.

The time between publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulatory action. Interested parties may submit written comments prior to the hearing to Cina Poyer, Geology Section, Bureau of Water, Kansas Department of Health and Environment, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367, by fax to (785) 296-5509, or by e-mail at cpoyer@kdheks.gov. Interested parties will be given a reasonable opportunity to orally present their views on the proposed regulatory action during the hearing. To give all parties an opportunity to present their views, it may be necessary to require each participant to limit any oral presentation to five minutes.

A copy of the proposed regulations and the regulatory impact statement may be obtained by contacting Cina Poyer at (785) 296-5277. The proposed regulations and the regulatory impact statement are located on the Kansas

Department of Health and Environment Web site at <http://www.kdheks.gov/geo/uhs.html>. Questions pertaining to the proposed regulations also should be directed to Cina Poyer.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request a copy of the proposed regulations and the regulatory impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Cina Poyer.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. North American Salt Company has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

North American Salt Company, 9900 W. 109th St., Suite 600, Overland Park, owns and operates a salt production facility located at 1662 Ave. North, Lyons.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE North Central District Office, 2501 Market Place, Suite D, Salina. To obtain or review the proposed permit and supporting documentation, contact Carl E. Burkhead, (785) 296-0776, at the KDHE central office; and to review the proposed permit only, contact Stan Marshall, (785) 827-9639, at the KDHE North Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Carl E. Burkhead, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business February 23.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air and Radiation, not later than the close of business February 23 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or

unless the grounds for such objection arose after such period. Contact Patricia Scott, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7312, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

A public hearing will be held by the administrator of the Kansas Department of Credit Unions at 10 a.m. Thursday, March 26, in the Kansas Department of Credit Unions' conference room, Suite B, American Home Life Insurance Company Building, 400 S. Kansas Ave., Topeka, to consider the approval and adoption of proposed administrative regulations by the Kansas Department of Credit Unions. The proposed regulations that will be heard during the public hearing are as follows:

K.A.R. 121-11-1 defines the terms "continuing credit union" and "merging credit union."

K.A.R. 121-11-2 details the process to merge into a single credit union for any two credit unions.

K.A.R. 121-12-1 clarifies the definition of the term "branch" to not include any automated teller machine, remote service unit or similar device.

There will be minimal economic impact on governmental agencies, credit unions and the general public as a result of the proposed regulations.

This 60-day notice prior to the hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed administrative regulations. All interested parties may submit written comments prior to the hearing to John P. Smith, Administrator, Kansas Department of Credit Unions, 400 S. Kansas Ave., Suite B, Topeka, 66603, or to kdcuoffice@kdcu.ks.gov if electronically.

All interested parties will be given a reasonable opportunity at the hearing to present their views. During the hearing, all written and oral comments submitted by interested parties will be considered by the administrator as a basis for approving, amending and approving, or rejecting the proposed administrative regulations. Any person requiring visual or communication aid or assistance, building access assistance or similar assistance should contact the department so appropriate arrangements can be made.

Copies of the regulations and the economic impact statements may be obtained at the address above or by calling (785) 296-3021.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit renewal and amending previously issued construction approval. Custom Cupboards, Inc. has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance. Notice also is given that certain requirements in the construction approvals dated December 23, 2003, and December 22, 2005, are being modified by a modification of approval conditions.

Custom Cupboards, Inc., 3738 S. Norman, Wichita, owns and operates a wood kitchen and bathroom cabinetry manufacturing facility located at 3738 S. Norman, Wichita..

A copy of the proposed permit, permit application, all supporting documentation, all information relied upon during the permit application review process, and a copy of the modification of approval conditions are available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the Wichita Department of Environmental Health, 1900 E. 9th, Wichita. To obtain or review either document, contact Rasha Allen, (785) 296-1693, at the KDHE central office; and to review the proposed permit only, contact Randy Owen, (316) 268-8350, at the Wichita Department of Environmental Health. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the documents to Rasha Allen, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating final document decisions, written comments must be received before the close of business February 23.

A person may request a public hearing be held on the proposed documents. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air and Radiation, not later than the close of business February 23 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period.

Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Jon Knodel, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

State Corporation Commission

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, March 26, at the office of the State Corporation Commission, Room 2078, Finney State Office Building, 130 S. Market, Wichita, to consider the adoption of proposed permanent regulations for the underground storage and sequestration of CO₂.

The 60-day notice period from the date of this publication to the date of the public hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations. Comments may be submitted to John McCannon, Litigation Counsel, State Corporation Commission, Finney State Office Building, 130 S. Market, Room 2078, Wichita, 67202, or to oilandgasregcomments@kcc.ks.gov via electronic mail.

Any person requiring special accommodations under the Americans with Disabilities Act needs to give notice to the commission at least 10 days prior to the scheduled hearing date.

Copies of the proposed regulations and the economic impact statement may be obtained from the commission's office at the address above or from the commission's Web site at <http://kcc.ks.gov>. Persons requesting a copy of the proposed regulations and economic impact statement, in accordance with K.S.A. 45-129, will be required to compensate the commission for the cost of reproduction. All interested parties will be given a reasonable opportunity at the hearing to present their views orally or in writing in regard to the adoption of the proposed regulations.

All written or oral comments submitted by interested parties on or before March 26 will be considered by the commission as a basis for making changes to these proposed permanent regulations.

The following is a brief summary of the proposed regulations and economic impact statement:

K.A.R. 82-3-1100. This regulation contains definitions of terms used throughout the regulations covering carbon dioxide (CO₂) storage facilities.

(continued)

K.A.R. 82-3-1101. This regulation requires the issuance of a permit before a CO₂ storage facility can be operated. The regulation also sets out the requirement for an application to obtain a CO₂ storage facility permit.

K.A.R. 82-3-1102. This regulation sets out the notice requirements for an application to obtain a CO₂ storage facility permit.

K.A.R. 82-3-1103. This regulation requires an application to amend a CO₂ storage facility permit. The regulation also sets out the notice required for the application to amend the CO₂ storage facility permit.

K.A.R. 82-3-1104. This regulation establishes the requirements necessary to transfer a CO₂ storage facility permit to a new operator.

K.A.R. 82-3-1105. This regulation sets out the conditions under which the commission may modify, suspend or cancel a CO₂ storage facility permit.

K.A.R. 82-3-1106. This regulation establishes the well construction requirements and standards for CO₂ storage wells. The regulation covers well completions for existing wells and wells to be drilled or reentered.

K.A.R. 82-3-1107. This regulation sets standards and requirements for CO₂ storage facility equipment.

K.A.R. 82-3-1108. This regulation establishes the monitoring and reporting requirements for CO₂ storage facility operations.

K.A.R. 82-3-1109. This regulation requires the CO₂ storage facility operator to conduct an annual review of its safety plan. The regulation sets out specific areas that must be covered by the safety plan review. The regulation also requires updating of the safety plan as changes occur at the storage facility or as required by the director to protect public health and safety.

K.A.R. 82-3-1110. This regulation requires the CO₂ storage facility operator to conduct an annual safety inspection of the storage facility to ensure all safety and monitoring equipment are in proper working order. The regulation requires prior notice to the Conservation Division to allow for witnessing the safety inspection. The regulation also lists specific items that must be inspected or tested and requires a written report of the safety inspection from the CO₂ storage facility operator.

K.A.R. 82-3-1111. This regulation requires testing of all leak detectors at least annually. Any defective leak detector must be repaired or replaced within 10 days.

K.A.R. 82-3-1112. This regulation sets out the methods and frequency for mechanical integrity testing of CO₂ storage wells.

K.A.R. 82-3-1113. This regulation requires the CO₂ storage facility operator to report each leak, each potential leak, and any pressure changes or other monitoring data that indicate loss of containment of injected CO₂ or associated fluids. The regulation establishes reporting deadlines and requires the CO₂ storage facility operator to submit a plan to repair the leak or regain containment for the Conservation Division's review and approval.

K.A.R. 82-3-1114. This regulation requires CO₂ storage wells that have not been in operation for 90 days to be

either plugged or temporarily abandoned. The regulation provides for approval or denial of the temporary abandonment application by the director.

K.A.R. 82-3-1115. This regulation allows the CO₂ storage facility to be temporarily abandoned. The regulation sets out what information must be provided by the CO₂ storage facility operator and provides for approval or denial by the director.

K.A.R. 82-3-1116. This regulation requires an application and approval by the Conservation Division prior to decommissioning and abandonment of a CO₂ storage facility. The regulation specifies the content of the application and when it must be filed.

K.A.R. 82-3-1117. This regulation requires an application and approval by the Conservation Division for a post closure determination of the CO₂ storage facility. The regulation specifies the content of the application for a post closure determination. Upon approval of post closure status, the operator must plug any remaining monitor wells, the CO₂ storage facility permit will then be revoked and any financial assurance maintained by the operator will be released. Future remediation or monitoring activities will be performed by the state.

K.A.R. 82-3-1118. This regulation establishes the methods and procedures for plugging CO₂ storage wells. The regulation requires the filing of a plugging report pursuant to K.A.R. 82-3-117 and the payment of a plugging fee in accordance with K.A.R. 82-3-118.

K.A.R. 82-3-1119. This regulation establishes the various fees associated with the application for a permit and the operation of a CO₂ storage facility.

K.A.R. 82-3-1120. This regulation establishes the penalties that may be assessed by the commission for violation of the provisions of K.A.R. 82-3-1100 through K.A.R. 82-3-1119.

K.A.R. 82-3-311a. This regulation establishes the requirements, methods and procedures for drilling any well that penetrates or bores through any stratum or formation used for CO₂ storage or CO₂ enhanced oil recovery.

Economic Impact Statement: The direct regulatory cost to industry is the \$4,500 permit application fee and \$100 for each well included in the application, an annual fee of \$1,000 for each active or inactive unplugged CO₂ storage well and a per ton fee of \$0.05 per ton of CO₂ injected. There will be indirect regulatory costs such as preparation of the application for a permit, periodic well testing, safety inspections, ongoing monitoring of the project and reporting, which will be substantial but cannot be accurately estimated.

The agency's costs will increase depending on the number and complexity of projects initiated. One or two projects can probably be handled with current staff. If more projects are initiated, additional technical and support staff will be necessary. Complex projects may require contracting for outside expert assistance.

Order a custom-made loose-leaf binder for the Kansas Register!

Custom-made binders are available to attractively hold up to a year's worth of your copies of the Kansas Register for permanent use. The high quality, durable casebound swinge-hinge binders are manufactured by ABZ Binder. (A swinge-hinge binder has more capacity and allows for easier interfiling than standard ring binders.) The three-inch binder features dark blue supported vinyl covering and gold imprinting, with a label holder on the spine.

\$15 each, includes shipping and handling.
 (Kansas residents must include applicable state and local sales tax.)
