Notice of Commencement of Negotiations for Architectural Services

Notice is hereby given of the commencement of negotiations for architectural services for the design and construction of a new classroom, office and laboratory building to be constructed on the Edwards Campus of the University of Kansas, 127th and Quivira, Overland Park. The building is known as Edwards Campus Building #4 for Business, Engineering and Technology. The building program description calls for a 75,000 gross square foot facility and an estimated total project cost of \$24,950,000, including fees, sitework and all other costs.

The University of Kansas proposes to issue bonds for the cost of the project that will be financed by funds from the ½ cent sales tax approved by Johnson County. The Johnson County Education Research Triangle Authority will provide the funds for the project from the sales tax revenue. The sales tax revenues also will be used to operate and maintain the new facility.

Architectural programs and additional information on the project will be available from Jim Modig, Director of the KU Design and Construction Management Office on the Lawrence campus, at (785) 864-3431 or jmodig@ku.edu. The program booklet includes information on the scope of the facility, the budget and the site location at the Edwards Campus.

To be considered, five (5) bound proposals and one (1) PDF file on a CD of the following should be provided: a letter of interest, an SF330 Part I, information regarding similar projects, and an SF330 Part II for each firm and consultant. Proposals should be concise and follow the 2009 State Building Advisory Commission guidelines, available to firms at http://da.ks.gov/fp/ or by contacting Phyllis Fast, Division of Facilities Management, Suite 102, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612, (785) 296-5796, Phyllis.Fast@da.ks.gov. Submittals should be received by Phyllis Fast before noon February 27.

Kansas Housing Resources Corporation

Request for Proposals

The Kansas Housing Resources Corporation is issuing two requests for proposals on behalf of the Weatherization Assistance Program, which is funded through the U.S. Department of Energy and a percentage of the state's Low Income Energy Assistance Program Block Grant. The primary focus of the weatherization program is to make low-income housing more energy efficient through reduction of air infiltrations, i.e., by blowing insulation into attics and knee walls, repairing or tuning existing furnaces, etc.

The applicant must be a nonprofit entity and must demonstrate in the application a proven, successful record of operation based upon quality and timeliness of work accomplished. Certain staff of the selected applicant will be required to seek certification through KHRC's "inspector" certification process.

The proposals can be found through the KHRC's Web site at http://www.kshousingcorp.org/NOFA.shtml.

Kansas Insurance Department

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Friday, April 10, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of a proposed rule and regulation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to John Wine, Kansas Insurance Department, 420 S.W. 9th, Topeka. 66612-1678, via facsimile at (785) 291-3673 or via e-mail at jwine@ksinsurance.org. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing.

A summary of the proposed regulation and its economic impact follows:

K.A.R. 40-7-20a. Agents; continuing education; approval of courses; requirements. This regulation is being amended to describe the requirements for online courses and make several small clarifying changes. Currently, providers of continuing education courses for insurance agents do not have clear guidelines on how to administer online courses. The other changes provide clarity to the existing regulation and do not make substantive changes.

The proposed amendment to K.A.R. 40-720a is not mandated by federal law.

The proposed amendment will not require any courses to be offered online so there will not be any economic impact on insurance companies, government agencies, regulated entities, large or small businesses, or the general public.

The proposed amendment to K.A.R. 40-7-20a achieves the stated purpose of providing the method of offering continuing education online by the most effective and least costly method in accordance with K.S.A. 40-409(d)(i), and therefore no other methods were considered.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and the economic impact statement in an accessible format. State of Kansas

Kansas Health Policy Authority State Employees Health Care Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9:30 a.m. Wednesday, May 20, in Room 106 of the Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed changes to an existing regulation of the Kansas State Employees Health Care Commission.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed amendments. All interested parties may submit written comments prior to the hearing to the State Employee Health Plan, KHPA, Room 900-N, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612, or to lea.selleck@khpa.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed amendments during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Lea Selleck at (785) 368-6361 or through the Kansas Relay Center (1-800-766-3777), or by e-mail at lea.selleck@khpa.ks.gov. Handicapped parking is located at the south end of Landon State Office Building, directly across the street from the building's north entrance, and on Ninth Street. The north entrance to the building is accessible to individuals with disabilities.

The regulation is proposed for adoption on a permanent basis. A summary of the proposed regulation and the economic impact follows:

K.A.R. 108-1-4. Local unit of government employee health care plan: Revisions to this regulation align it with the dependent requirements for eligibility of state employee dependents as outlined in K.A.R. 108-1-1. The revisions clarify who is eligible to be covered as a dependent in the local unit of government portion of the State Employee Health Plan. The revisions also allow local environmental protection programs, city and county health departments, local housing authorities and nonprofit independent living centers to join the State Employee Health Plan.

Other governmental units, private citizens and consumers will not be affected by this change.

A copy of the proposed regulation and the economic impact statement may be obtained on the KHPA Web site at www.khpa.ks.gov or by contacting Lea Selleck.

Department of Agriculture Division of Weights and Measures

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Wednesday, April 8, in the fourth floor training room of the Kansas Department of Agriculture, 109 S.W. 9th, Topeka, to consider the adoption of proposed regulations for weights and measures.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture, 109 S.W. 9th, 4th Floor, Topeka, 66612, or by e-mail at leslie.garner@kda.ks.gov. Comments also may be made through the department's Web site, http://www.ksda.gov, under the proposed regulation. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

K.A.R. 99-25-5 — Institutes a \$20 fee for the continuing education and testing of service technicians. This is to help cover the cost of the class and the testing as allowed in K.S.A. 83-302 and 83-402.

K.A.R. 99-26-1 — Increases the hourly rate charged by the Kansas Department of Agriculture for National Type Evaluation (NTEP) testing for a Certificate of Conformance (COC) issued by the National Conference of Weights and Measures (NCWM). The current rate is \$75 per hour and is the lowest per hour rate of any state lab in the country. The increased rate is equal to national median average for NTEP testing.

Economic summary: Anticipated financial impact upon other governmental agencies, private business or individuals is as follows:

K.A.R. 99-25-5 — Technical representatives will be charged \$20 per department seminar attended. Total projected revenue is \$9,000. In fiscal year 2008, 453 technicians attended department seminars.

K.A.R. 99-26-1 — In fiscal year 2008, 295.75 hours were billed for the NTEP testing. With the change to \$95 per hour, revenue should increase by \$5,915. This will affect any business for which KDA Weights and Measures does an NTEP test. In fiscal year 2008, all companies billed were out-of-state companies. The department expects this to continue.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Leslie Garner at (785) 296-

4623 or fax (785) 368-6668. Handicapped parking is located at the southwest corner of 9th and Kansas Ave., and the north entrance to the building is accessible to individuals with disabilities.

Copies of the regulations and their economic impact statements may be obtained by contacting Leslie Garner or by accessing the department's Web site at http://www.ksda.gov.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

Annual Program Report for the Voluntary Cleanup and Property Redevelopment Program (Pursuant to the requirements of K.S.A. 65-34,161 et seq.)

Activities from January 1, 2008 to December 31, 2008

Background

The Voluntary Cleanup and Property Redevelopment Act was enacted by the Kansas Legislature on July 1, 1997 (Kansas Statutes Annotated 65-34,161 through 65-34,174). The purpose of the Act is to allow voluntary cleanups of contaminated properties with oversight by the Kansas Department of Health and Environment to promote the transfer, redevelopment, and reuse of contaminated properties and protect public health and the environment. Article 71 of Kansas Administrative Regulations, specifically K.A.R. 28-71-1 through 28-71-12, was promulgated on June 26, 1998, officially establishing the Voluntary Cleanup and Property Redevelopment Program (VCPRP). The law and program are administered by the Kansas Department of Health and Environment (the "Department").

Under the VCPRP, voluntary parties with properties meeting the statutory criteria of low to medium priority and minimal risk can receive a "no further action" (NFA) determination from the Department. An NFA provides some protection from potential environmental liability. Properties that are adjacent to contaminated sites but did not contribute to the contamination may also receive a no further action determination. The VCPRP uses a streamlined approach to investigate and cleanup properties in an expeditious manner, thereby encouraging the redevelopment or enhancement of such properties. Clearly defined cleanup standards identifying the extent of cleanup have been developed and are provided to the voluntary party early in the program so that time and costs involved in cleanup can be determined. The VCPRP is truly voluntary and is designed for industries and businesses to properly address contamination on their properties through a private/state partnership. There are no additional burdens or requirements on voluntary parties participating in the program.

A Memorandum of Agreement (MOA) between KDHE and Region VII of the United States Environmental Protection Agency became effective March 2, 2001. The MOA provides USEPA's acknowledgment of the adequacy of the Kansas VCPRP program and also provides assurances to voluntary parties that there will be no federal involvement at properties properly addressed within the VCPRP. The additional assurance from USEPA enhances the Department's actions in issuing an NFA determination letter

in terms of relieving environmental liability.

Report Summary

In accordance with K.S.A. 65-34,173, the Department shall publish annually in the Kansas Register a summary of the number of applicants, the general categories of

those applicants and the number of cleanups completed pursuant to this act. This annual report describes the activities accomplished by the Department in the VCPRP for the period of January 1, 2008 to December 31, 2008.

Since the inception of the Voluntary Cleanup Program on July 1, 1997, the Department has received a total of 510 completed application packages of which 502 properties have been determined eligible to participate in the program. A total of 493 voluntary agreements have been signed. Investigations have been initiated and/or completed at 446 properties. Currently, 187 properties are in one of three cleanup phases: the preliminary proposal stage, planning stage, or the active cleanup stage. Cleanups have been successfully completed at 50 properties. To date, the Department has issued a total of 166 NFA letters, achieving cleanup of 1,720.45 acres.

A total of 19 applications were received by the VCPRP during calendar year 2008, which is approximately 2 applications per month. This is a significant decrease with respect to the 62 applications received during 2007 (5 per month). The number of applications received by the VCPRP each year has generally shown a slight increase except for 2005 and 2008. This is the first year since the inception of the program to show a significant drop in the number of applications. The decrease can be attributed to the difficult economic conditions experienced during the year, in particular since mid-2008. Although it is difficult to predict future trends, the number of applications received is expected to return to a normal level when the economic climate improves.

NFAs are issued for properties at various points in the VCPRP process, including: 1) following cleanup of contamination; 2) following investigation that indicates no, or insignificant, contamination present; and 3) when a property is impacted but the contamination is determined to have originated from an off-property source. Since the inception of the VCPRP, approximately 14 NFAs have been issued per year. The number of NFAs issued by the Department for the 2008 calendar year was 14.

Approximately 75% of the properties participating in the VCPRP are from three industrial categories, including the oil and gas industry (29% of the total), manufacturing (21%) and agri-business (25%). Participation by other categories includes commercial (12%), railroad (7%), government (3%) and private citizen (3%). Approximately 75% of all properties participating in the VCPRP involve groundwater contamination, which typically requires years to cleanup.

Tables 1 and 2 below summarize the number of applicants, the general categories of those applicants and the number of voluntary actions completed pursuant to K.S.A. 65-34,161 through 65-34,174. Figure 1 depicts the cumulative voluntary actions within the VCPRP, and Figure 2 depicts the percentage of applications received relative to applicant category.

* Definition of Classes:

Class I — means suspected or confirmed contamination is determined to exist on the eligible property, and the eligible property is not a source of contamination or is located adjacent to a property with a known source of contamination.

Class II — means suspected or confirmed soil contamination is determined to exist on the eligible property, there is no known or suspected soil contamination migrating off the eligible property and there is no known or suspected ground water contamination.

Class III — means suspected or confirmed soil or ground water contamination, or both, is determined to exist on the eligible property, and there is no known or suspected soil or ground water contamination that has migrated off the eligible property.

Class IV — means suspected or confirmed soil or ground water contamination, or both, and the contamination exists on and off the eligible property.

Annual Program Report for the Environmental Use Control Program (Pursuant to the requirements of K.S.A. 65-1,221 et seq.)

Activities from January 1, 2008 to December 31, 2008

Background

On April 21, 2003, Governor Sebelius signed House Bill (HB) 2247. This bill established the use of Environmental Use Controls (EUCs) for property with environmental contamination above unrestricted use standards. The Kansas Department of Health and Environment (KDHE) worked with a stakeholder committee in the fall of 2002 in developing the bill. This committee consisted of the following stakeholders: Kansas Association of Counties, Sierra Club, Kansas Agricultural Remediation Board, Westar Energy, Kansas Agribusiness Retailers Association, Department of the Army, Kansas Natural Resource Council, Kansas Farm Bureau, Kansas Livestock Association, City of Wichita, Petroleum Marketers Association, Kansas Petroleum Council and KDHE. The bill was introduced during the 2003 Legislature and was subsequently passed by the House 111 to 12 and the Senate 34 to 0. HB 2247 became law on July 1, 2003. New sections of HB 2247 are now referred to as Kansas Statutes Annotated (K.S.A.) 65-1,221 through 65-1,235.

Subsequently, as required by K.S.A. 65-1,232, the secretary of KDHE adopted rules and regulations to implement the provisions of the act. KDHE presented draft regulations (Kansas Administrative Regulations (K.A.R.) 28-73-1 through K.A.R. 28-73-7), including the financial assurance guidance document entitled Procedures for Demonstrating Financial Assurance at Property with Environmental Use Controls to the Legislative Joint Committee on Administrative Rules and Regulations on January 9, 2006. In response to comments received, K.A.R. 28-73-7 was modified slightly and resubmitted to the Department of Administration and the Attorney General's office for approval. The revised regulations were published in the March 23, 2006 edition of the Kansas Register and went into effect on April 7, 2006.

EUCs, commonly known as institutional controls, are to be used in conjunction with environmental cleanup to restrict or prohibit human activities and property use in such a way as to prevent or reduce exposures to contamination. Some examples of environmental use controls include preventing disturbance of soil caps, covers, berms, etc.; prohibiting the drilling of water wells for domestic or other purposes; restricting and providing notification during utility excavation of an area; restricting use of a property for residential purposes; and, restricting access to the property.

The law provides a mechanism for a landowner with contaminated property to choose to restrict certain activities to mitigate the risk posed to human health and the environment from contamination at their property. The landowner would make application to KDHE for such restrictions. The EUC Program is managed within the KDHE's Bureau of Environmental Remediation (BER).

Report Summary

This annual report describes the activities accomplished by the EUC Program for the period of January 1, 2008 to December 31, 2008. In addition, as required by K.S.A. 65-1,233, KDHE will publish an annual summary in the Kansas Register of the number of approved EUC Agreements (EUCAs). During the reporting period, KDHE-BER staff focused on further development and implementation of the EUC Program utilizing federal grant funding. Program staff routinely responded to inquiries from the industry and consultants regarding the program and distributed program brochures to educate the general public about the program. In addition, program staff routinely provided support to other KDHE programs to foster understanding of the EUC program and encourage integration of EUCs, where applicable, in the corrective or remedial action process.

KDHE-BER is currently in the process of amending regulation 28-73-1 (c) and has met with the Joint Regulatory Committee on Rules and Regulations. The regulation package has gone through the public comment period with no comments. The amended regulation will likely be published in the Kansas Register during the next reporting period. The EUC Program continues to conduct EUC inspections, and identify and resolve issues at sites with recorded EUC Agreements.

Twenty-five signed EUC applications were received by KDHE from landowners of environmentally contaminated property in 2008 and processed in accordance with the statutes and regulations. Landowners formally recorded EUCAs with the appropriate county Register of Deeds on twenty-one properties in 2008. Of the remaining EUC applications received, either final EUCAs have been sent to landowners for signature/recording; draft EUCAs have been prepared and are in concurrence routing; or the EUC application is in various stages of the application review/completion process before drafting an EUCA. KDHE anticipates formal recording of many of the 2008 EUCAs in the near future. In general, the agency anticipates a continued increase in EUC applications in 2009 as awareness of program benefit and utility increases.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Anadarko Gathering Company has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Anadarko Gathering Company, Houston, Texas, owns and operates Hugoton compressor station located at Section 22, T33S, R37W, Stevens County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE Southwest District Office, 302 W. McArtor Road, Dodge City. To obtain or review the proposed permit and supporting documentation, contact Michael J. Parhomek, (785) 296-1580, at the KDHE central office; and to review the proposed permit only, contact Ethyl Evans, (620) 225-0596, at the KDHE Southwest District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Michael J. Parhomek, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business March 5.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air and Radiation, not later than the close of business March 5 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Patricia Scott, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7312, to determine when the 45-day EPA review period ends and the 60-day petition period commences.
