**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 2 p.m. Friday, May 1, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of a proposed rule and regulation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to John Wine, Kansas Insurance Department, 420 S.W. 9th, Topeka, 66612-1678, via facsimile at (785) 291-3673, or via e-mail at jwine@ksinsurance.org. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing.

A summary of the proposed regulation and its economic impact follows:

K.A.R. 40-4-37v. Long-term care; agent training. This regulation is being proposed to specify the training required for licensed agents selling long-term care partnership program policies. The proposed regulation requires agents to initially receive four hours of certified training and at least one hour of training every two years thereafter. It also permits the long-term care training to be used to satisfy general continuing education requirements.

The proposed regulation is not mandated by federal law.

The only economic impact will be the amount that agents or their employers will spend to obtain the training. Otherwise, the proposed regulation will not have significant economic impact on insurance companies, government agencies, regulated entities, large or small businesses, or the general public.

The proposed regulation achieves the stated purpose of prescribing the training requirements for agents selling long-term care insurance products by the most effective and least costly method in accordance with K.S.A. 2008 Supp. 40-2136 (2008 Senate Bill No. 443), and therefore no other methods were considered.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and the economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting John Wine at (785) 296-7847 or via e-mail at jwine@ksinsurance.org. Any individual desiring a copy of this regulation and/or the policy and procedure that is being adopted by reference, if applicable, may obtain a copy from the department's Web site at www.ksinsurance.org (under the Legal Issues link) or by contacting John Wine. The charge for copies is 50 cents per page.

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 2:30 p.m. Friday, May 1, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of a proposed rule and regulation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to John Wine, Kansas Insurance Department, 420 S.W. 9th, Topeka, 66612-1678, via facsimile at (785) 291-3673, or via e-mail at jwine@ksinsurance.org. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing.

A summary of the proposed regulation and its economic impact follows:

K.A.R. 40-1-37. Audited financial reports; filing requirements. This regulation is being proposed to amend the current regulation relating to annual financial reports filed by insurance companies. K.S.A. 40-225 directs the commissioner to make amendments or additions to the reporting requirements prescribed by the National Association of Insurance Commissioners (NAIC). This proposed amendment to K.A.R. 40-1-37 adopts by reference the February 5, 2009 "Policy and Procedure Requiring Annual Audited Financial Reports," which is the current NAIC model regulation with Kansas-specific revisions. Companies currently voluntarily comply with the NAIC model regulation.

The proposed regulation is not mandated by federal law.

Some insurance companies having annual direct written and assumed premiums of \$500 million or more will be financially impacted if they do not currently prepare a report of the insurer's internal control over financial reporting. No other companies will change current practice and the proposed amended regulation will not have economic impact on other insurance companies, government agencies, regulated entities, large or small businesses, or the general public.

The proposed regulation achieves the stated purpose of prescribing the financial reporting requirements by the most effective and least costly method in accordance with K.S.A. 40-225, and therefore no other methods were considered.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and the economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting John Wine at (785) 296-7847 or via e-mail at jwine@ksinsurance.org. gal Issues link) or by contacting John Wine. The charge for copies is 50 cents per page.

Notice to Consulting Engineers

With the approval of the Economic Recovery Program, the Kansas Department of Transportation is seeking qualified consulting engineering firms to perform construction inspection, as needed, statewide. Firms with current contracts need not respond to this request because their contracts will continue. A response may be submitted by e-mail to neil@ksdot.org or seven signed copies of the response can be mailed to Neil Rusch, P.E., Assistant to the Director, KDOT, Division of Engineering and Design, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754. Responses shall be limited to four pages and must be received by noon March 19 for the consulting engineering firm to be considered.

From the firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three and not more than five) and invite them to attend an individual interview conference. At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short-listed will be notified by letter.

The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select the firm to perform the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

**Construction Inspection,

The scope of services is to provide construction inspection services on an as-needed basis statewide. Firms selected will be required to provide the following services:

1. Grading inspection
2. Structures inspection
3. Asphalt inspection (plant and/or road)
4. Concrete pavement inspection (plant and/or road)
5. Materials testing
6. Contract documentation
7. Traffic control inspection

1. Size and professional qualifications;
2. experience of staff;
3. location of firm with respect to proposed project;
4. work load of firm; and
5. firm's performance record.

The firm's accounting system must have the following capabilities before the firm may be awarded a contract:

- Valid, reliable and current costs must be available within the system to support cost and pricing data;
- capability to provide a means of measuring the reasonableness of incurred costs;
- capability to identify and accumulate allowable costs by contract or project records that will reconcile with the general ledger; and
- ability to provide supporting documentation of actual expenditures for each billing, based on costs.
