Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consulting engineering firms for the project listed below. A response may be submitted by e-mail to davidn@ksdot.org or seven signed copies of the response can be mailed to David Nagy, P.E., Assistant to the Director, Division of Engineering and Design, KDOT, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754. Responses shall be limited to four pages and must be received by noon June 18 for the consulting engineering firm to be considered.

Firms not prequalified with KDOT must submit seven copies of KDOT Form 1050 to become prequalified. The form is available at www.ksdot.org/divengdes/prequal.

From the firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three and not more than five) and invite them to attend an individual interview conference. At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short-listed will be notified by letter.

The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select the firm to perform the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

Traffic Engineering Assistance Program

The Bureau of Local Projects has developed a Traffic Engineering Assistance Program (TEAP). This program enables the Kansas Department of Transportation (KDOT) to utilize Federal 402 Safety funds in order to assist local political subdivisions in solving traffic engineering operational and safety improvements when they do not have the traffic engineering expertise available.

The consultant selected is to provide traffic engineering services during federal fiscal years 2010, 2011 and 2012 for one of two areas. Area One comprises KDOT Districts One, Two and Three. Area Two comprises KDOT Districts Four, Five and Six. Each area will receive a maximum of \$75,000 per year. The development of detailed plans, designs, specifications or estimates will not be approved under this program.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

1. Size and professional qualifications;
2. experience of staff;
3. location of firm with respect to proposed project;
4. work load of firm; and
5. firm's performance record.

The following is a list of possible areas where the consultant may be called upon to do work. Work will not be limited to these categories and will depend upon the nature of a project and its impact on traffic safety:

1. Traffic Accident Analysis
2. Traffic Counts
3. Speed Surveys
4. Minor Traffic Generation Studies
5. Limited Transit Analysis
6. Parking Problems
7. Capacity Analysis

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, June 4, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the K DFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 000759—Maximum Principal Amount: \$152,000. Owner/Operator: Colin Tipton. Description: Acquisition of 154 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Colin Tipton and is located at the East Half of the East Half of Section 24, Township 1, Range 2, Republic County, Kansas, approximately 2 miles north and 2.5 miles east of Munden.

The bond, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the K DFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the K DFA.

If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

**Department of Health
and Environment**
**Notice of Hearing on Proposed
Administrative Regulations**

The Kansas Department of Health and Environment, Division of Environment, Bureau of Air and Radiation, will conduct a public hearing at 10 a.m. Wednesday, July 29, in Room 530 of the Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the adoption of proposed air quality regulation K.A.R. 28-19-350, relating to prevention of significant deterioration (PSD) of air quality.

The amendments being proposed by KDHE to **K.A.R. 28-19-350** will align the Kansas air quality regulations with the revised federal regulations for PSD. Specifically, KDHE is promulgating this regulation in order to expedite the permitting and construction of ethanol producing facilities in Kansas. Adopting these federal amendments into the Kansas air quality regulations will not only encourage economic growth and energy independence in Kansas, but also will support the nation's energy policy objectives.

The proposed regulation does not subject the affected parties, KDHE or other regulatory agencies to additional capital and annual costs of compliance. The amendments to K.A.R. 28-19-350 specific to ethanol producing facilities enable plants to be sized larger and/or increase production and still maintain minor source status under PSD. The major advantage is a shorter agency review time for new construction permits of facilities between 100 and 250 tons per year. Upon adoption of the proposed amended regulation, KDHE will submit a revised State Implementation Plan to the Environmental Protection Agency for approval.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulatory action. All interested parties may submit written comments prior to 5 p.m. on the day of the hearing to Miles Stotts, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612; by fax to (785) 296-7455; or by e-mail to mstotts@kdheks.gov. The proposed regulation can be accessed on the KDHE Web site at <http://www.kdheks.gov>. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulatory action during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to require each participant to limit any oral presentation to five minutes.

Copies of the proposed regulation and the corresponding economic impact and environmental benefit statement may be obtained from the Kansas Department of Health and Environment, Bureau of Air and Radiation, by calling Linda Vandevord at (785) 296-6423 or lvandevord@kdheks.gov. Questions pertaining to the proposed regulation should be directed to Miles Stotts, (785) 296-1615 or mstotts@kdheks.gov.

Any individual with a disability may request accommodation in order to participate in the public hearing and

may request the proposed regulation and the economic impact and environmental benefit statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Miles Stotts.

Sec. 161. This act shall take effect and be in force from and after its publication in the Kansas register.

Message to the House of Representatives of the State of Kansas:

In January, I presented the legislature a balanced budget for Fiscal Year 2010 that cut state spending while protecting our schools and our most vulnerable Kansans. In the months following my budget proposal, it became clear that state revenues would continue to decline dramatically as a result of the national economic recession. That's why my budget, and its subsequent budget amendments, proposed millions of dollars in additional savings.

Unfortunately, the legislature chose not to take action on a number of these cost saving measures. Consequently, the additional cuts to education and services the legislature has imposed in this bill give me pause, particularly when they chose to leave millions of dollars in revenue on the table that would have made these cuts unnecessary.

Furthermore, the American Reinvestment and Recovery Act provides Kansas an opportunity to protect our investment in our children's education. Because there is still uncertainty regarding the minimum threshold of funding a state must maintain to access these funds, we should not put this funding in jeopardy. I encourage the legislature to reconsider the revenue enhancements they have chosen to ignore, before further slashing education and other vital state services.

Therefore, pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I hereby return Senate Substitute for House Bill No. 2354 with my signature approving the bill, except for the items enumerated below:

Kansas Savings Incentive Program

KSIP Authorization

Sections 30, 98(i), and 100 have been line-item vetoed in their entirety.

As part of my budget recommendations, I abolished this program and swept available monies to the State General Fund. The legislature chose to reinstate the program for FY 2010. This action is contrary to the purpose of strategically reducing agency budgets and should be reconsidered.

Kansas Technology Enterprise Corporation

Agency Status

Section 56 has been line-item vetoed in its entirety.

I believe that the State of Kansas has an important role in encouraging economic development and helping Kansas get through economically difficult times. The challenges that Kansas has experienced with the downturn of the economy also bring great opportunities. Kansas needs to reexamine its economic development efforts to ensure that they are focused, efficient and positioned to grow the economy in the future. In light of recent evaluations of the Kansas Technology Enterprise Corporation (KTEC), and given our limited state resources, it makes little sense to use the same system and expect different results. KTEC, under its current organization and operation, has struggled to produce a solid return on our investment in recent years. Therefore, I veto this section to allow the legislature to

thoroughly review this program to ensure Kansas is positioned to develop a strong economy for years to come.

Regents System

Use of State Fiscal Stabilization Fund Monies

That portion of Section 72(b) that reads as follows has been line-item vetoed:

“Provided, That expenditures made from the federal higher education fiscal stabilization fund—Fort Hays state university shall be expended only for deferred maintenance.”

That portion of Section 73(b) that reads as follows has been line-item vetoed:

“Provided, That expenditures made from the federal higher education fiscal stabilization fund—Kansas state university shall be expended only for deferred maintenance.”

That portion of Section 74(b) that reads as follows has been line-item vetoed:

“Provided, That expenditures made from the federal higher education fiscal stabilization fund—Kansas state university extension systems and agriculture research programs shall be expended only for deferred maintenance.”

That portion of Section 75(b) that reads as follows has been line-item vetoed:

“Provided, That expenditures made from the federal higher education fiscal stabilization fund—Kansas state university veterinary medical center shall be expended only for deferred maintenance.”

That portion of Section 76(b) that reads as follows has been line-item vetoed:

“Provided, That expenditures made from the federal higher education fiscal stabilization fund—Emporia state university shall be expended only for deferred maintenance.”

That portion of Section 77(b) that reads as follows has been line-item vetoed:

“Provided, That expenditures made from the federal higher education fiscal stabilization fund—Pittsburg state university shall be expended only for deferred maintenance.”

That portion of Section 78(b) that reads as follows has been line-item vetoed:

“Provided, That expenditures made from the federal higher education fiscal stabilization fund—university of Kansas shall be expended only for deferred maintenance.”

That portion of Section 79(b) that reads as follows has been line-item vetoed:

“Provided, That expenditures made from the federal higher education fiscal stabilization fund—university of Kansas medical center shall be expended only for deferred maintenance.”

That portion of Section 80(b) that reads as follows has been line-item vetoed:

“Provided, That expenditures made from the federal higher education fiscal stabilization fund—Wichita state university shall be expended only for deferred maintenance.”

That portion of Section 81(b) that reads as follows has been line-item vetoed:

“Provided, That all moneys credited to the federal higher education fiscal stabilization fund shall be expended only for deferred maintenance.”

That portion of Section 81(b) that reads as follows has been line-item vetoed:

“Provided, That all moneys credited to the federal higher education fiscal stabilization fund—community colleges shall be expended only for deferred maintenance.”

That portion of Section 81(b) that reads as follows has been line-item vetoed:

“Provided, That all moneys credited to the federal higher education fiscal stabilization fund—municipal university shall be expended only for deferred maintenance.”

That portion of Section 81(b) that reads as follows has been line-item vetoed:

“Provided, That all moneys credited to the federal higher education fiscal stabilization fund—postsecondary technical education shall be expended only for deferred maintenance.”

Early in FY 2009 the Kansas higher education system began to plan for the possibility that state support in FY 2010 could be as much as 7.0 percent below the approved level for FY 2009. Although the cuts are planned, they will have a significant and negative impact across the state’s system. However, given the enacted budget, the Board of Regents has stated that its plan would be to allocate the Recovery Act funds for deferred maintenance as well as tuition cost mitigation. The board notes that it would be unable impose a tuition freeze if the level of state support fell below what I have proposed for FY 2010. Now is not the time to make college less affordable.

My veto of the Federal Higher Education Fiscal Stabilization Fund provisos for FY 2010 will allow the Board of Regents to implement its plan and become a partner with the state in these challenging times. I therefore find it necessary to veto these constraints placed on the Federal Higher Education Fiscal Stabilization Fund.

Animal Health

Transfer of Federal Monies to the State General Fund

Section 93(f) has been line-item vetoed in its entirety.

The Greensburg Account of the Disease Control—Federal Fund was established to receive federal reimbursement for the Animal Health Department’s expenditures related to expenses incurred during the Greensburg tornado recovery and care of animals. This section, as written, does not follow proper accounting procedures for a transfer of these federal monies to the State General Fund. Given the enormous impact federal funds have on our budget, we must properly account for the monies.
