### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Wednesday, September 2, at the SRS Learning Center, Conference Room D, 2600 S.W. East Circle Drive South, Topeka, to consider the adoption or amendment of K.A.R. 68-20-16, K.A.R. 68-2-22, K.A.R. 68-1-3a, K.A.R. 68-7-14, K.A.R. 68-7-21 and K.A.R. 68-1-1h of the Kansas Pharmacy Board.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed adoption or amendment of K.A.R. 68-20-16, K.A.R. 68-2-22, K.A.R. 68-1-3a, K.A.R. 68-7-14, K.A.R. 68-7-21 and K.A.R. 68-1-1h. All parties may submit written comments prior to the hearing to Debra Billingsley, Executive Secretary, Kansas Pharmacy Board, Room 560, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612-1231, or to phar-

macy@pharmacy.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption or amendment of the regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting the Kansas Pharmacy Board at the address above, (785) 296-4056. Handicapped parking is located at the west and north sides of the building, and the north entrance to the building is accessible to individuals with disabilities.

A summary of the proposed regulations follows:

K.A.R. 68-20-16. Records and inventories of registrants. This regulation identifies that each registrant shall keep records and maintain inventories in conformance with recordkeeping and inventory requirements. The regulation will have an impact on each pharmacist-in-charge of a pharmacy whenever they are newly hired or leave employment in that they will be required to perform a scheduled drug inventory upon either occurrence. This will not have a fiscal impact but will impact their job duties by requiring a physical audit. This will impact the safety of the drug delivery system in that it will safeguard inventories at risk for diversion and will provide effective and efficient accountability.

**K.A.R. 68-1-1h. Foreign pharmacy graduate equivalency examination.** This regulation identifies the requirement to comply with K.A. R. 68-1-3a.

**K.A.R. 68-7-14. Prescription labels.** This regulation identifies the information that shall be included on labels.

K.A.R. 68-1-3a. Qualifying pharmaceutical experience. This regulation identifies qualifying pharmaceutical experience. This regulation will impact foreign pharmacy graduates in that before they can register as a pharmacy intern in Kansas they will be required to successfully pass an examination that tests for reading, listening, speaking and writing English, as well as a test that documents the educational equivalency of an applicant's foreign pharmacy education.

**K.A.R. 68-2-22. Electronic prescription transmission.** This regulation identifies the requirements for transmitting prescriptions by electronic transmission.

**K.A.R. 68-7-21. Institutional drug rooms.** This regulation identifies the policies and procedures governing the storage and proper and consistent controls of drugs administered or dispensed in an institutional drug room.

Copies of the regulations and the economic impact statements may be obtained from the Kansas Pharmacy Board at the contact information above or from the board's Web site at http://www.accesskansas.org/pharmacy/leg.html.

#### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Monday, August 31, in the Office of the State Bank Commissioner, 700 S.W. Jackson, Suite 300, Topeka, to consider adoption of proposed and/or amended regulations governing the conduct of residential mortgage loan business.

This 60-day notice of hearing shall constitute a public comment period for the purpose of receiving written public comments on the above-referenced regulations. All interested parties may submit comments prior to the hearing to Donna Martin, Office of the State Bank Commissioner, 700 S.W. Jackson, Suite 300, Topeka, 66603, or by e-mail to donna.martin@osbckansas.org. All interested parties will be given reasonable opportunity to present their views concerning the adoption of the regulations during the hearing.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Donna Martin at (785) 296-2266, ext. 203, or donna.martin@osbckansas.org. Handicapped parking is located in front of the building on Jackson Street, and the northwest entrance to the building is accessible

A summary of the proposed or amended regulations to be considered at the hearing follows:

K.A.R. 17-24-2. Mortgage business fees. The proposed amendments to this existing regulation change the license fees for entities that maintain licenses pursuant to the Kansas Mortgage Business Act, K.S.A. 9-2201 et seq. (KMBA). The proposed fee structure will generate approximately \$215,000 in additional revenue to cover the expense of regulation.

K.A.R. 17-24-3. Prelicensing and continuing education; requirements. The proposed amendments to this ex-

isting regulation implement new requirements for prelicensing education and amend the existing requirements for continuing education for individuals required to be registered as loan originators pursuant to the KMBA. These amendments ensure that the state of Kansas meets the minimum requirements set out in the Federal S.A.F.E. Mortgage Licensing Act of 2008, P.L. 110-289 (S.A.F.E. Act). A variety of state-approved sponsors currently offer more than 130 continuing education courses for loan originators. The S.A.F.E. Act requires education be approved by an entity called the National Mortgage Licensing System (NMLS). It is anticipated the majority of state-approved sponsors will be approved by the NMLS. Sponsors establish fees for their own courses, which range from approximately \$50 to \$150 for an eight-hour course. Existing loan originators will receive credit for all previous courses and new loan originators after July 2010 will be required to obtain 20 hours of prelicense education.

**K.A.R. 17-24-4. Record retention.** This existing regulation contains amendments to the record retention requirements for KMBA licensees. There should be no additional fiscal impact, as retention requirements generally match existing federal retention requirements.

K.A.R. 17-24-5. Prelicensure testing. This is a new regulation that will require all individuals who register as loan originators under the KMBA to pass a written test to determine their knowledge of the mortgage origination process and other aspects of mortgage business. This regulation is required in order for Kansas to comply with the requirements of the S.A.F.E. Act. At this time, the written test and related requirements are still under development by the NMLS. It is the OSBC's understanding the test will be in place in 2010. The NMLS reports that fees associated with the prelicense testing will be approximately \$90 plus an additional \$70 per state for each state in which the loan originator becomes licensed. These fees are retained by the NMLS.

K.A.R. 17-24-6. Bond requirements. This is a new regulation that establishes bond requirements for KMBA licensees. Bond requirements were previously dictated by statute, but in the 2009 session of the Kansas Legislature, SB 240 was passed and provides that specific requirements concerning bonds be addressed through rule and regulation. The S.A.F.E. Act requires that bond amounts be determined on the volume of business, and this regulation is designed to comply with that requirement. The new bond structure requirements should have minimal fiscal impact on licensees, as the required bond amounts will approximate existing bond amounts already in place under current law.

K.A.R. 75-6-1. Making transactions outside of the scope of the Kansas Uniform Consumer Credit Code (UCCC) subject to same. This proposed amendment specifies that an agreement to make the loan subject to the UCCC must be executed simultaneously with the contractual agreement evidencing the original credit transaction. This amendment is intended to clarify a timing issue for executing a document, and should not result in any economic impact.

K.A.R. 75-6-9. Additional charges. This regulation sets out what charges can be considered "additional charges"

(continued)

that may be excluded from the finance charge in a consumer credit transaction. Proposed amendments are to update the statutory references, as they have changed. No economic impact is associated with these changes.

**K.A.R. 75-6-31. Bond requirements.** This regulation amends bond requirements for UCCC licensees. The S.A.F.E. Act requires that bond amounts be determined on the volume of business, and this regulation is being amended to comply with that requirement. The new bond structure requirements should have minimal fiscal impact on licensees, as the required bond amounts will approximate existing bond amounts already in place under current law.

**K.A.R. 75-6-33. Record retention.** This regulation is being revoked, and a new record retention regulation is proposed to be adopted at K.A.R. **75-6-38.** No economic impact will result from this revocation.

K.A.R. 75-6-34. Balloon payment on consumer loan secured by motor vehicle. This regulation was originally adopted to provide additional consumer protections for car loans with a balloon payment at the end. Due to a change in the law, K.S.A. 16a-3-308, balloon car loans will now be treated as other balloon loans that are not secured by real estate under the code, and they must be refinanced on terms that are no less favorable to the borrower than the terms of the original transaction. This regulation is no longer needed and is being revoked. This revocation should have no economic impact.

K.A.R. 75-6-36. Prelicensing and continuing education; requirements. This is a new regulation that implements requirements for prelicensing education and imposes requirements for continuing education for individuals registered as residential mortgage loan originators. A variety of state-approved sponsors currently offer more than 130 continuing education courses for loan originators. The S.A.F.E. Act requires education be approved by the NMLS. It is anticipated the majority of state-approved sponsors will also be approved by the NMLS. Sponsors establish fees for their own courses, which range from approximately \$50 to \$150 for an eighthour course. Existing loan originators will receive credit for all previous courses and new loan originators after July 2010 will be required to obtain 20 hours of prelicense education.

K.A.R. 75-6-37. Prelicensure testing. This is a new regulation that will require all individuals who register as residential mortgage loan originators under the UCCC to pass a written test to determine their knowledge of the mortgage origination process and other aspects of mortgage business. This regulation is required in order for Kansas to comply with the requirements of the S.A.F.E. Act. At this time the written test and related requirements are still under development by the NMLS. It is the OSBC's understanding the test will be in place in 2010. The NMLS reports that fees associated with the prelicense testing will be approximately \$90 dollars plus an additional \$70 per state for each state in which the loan originator becomes licensed. These fees are retained by the NMLS.

**K.A.R. 75-6-38. Record retention.** This regulation replaces the existing record retention regulation, K.A.R. **75-6-33**, which is being revoked. There should be no addi-

tional fiscal impact, as retention requirements generally match existing federal retention requirements.

Copies of the regulations and economic impact are posted on the agency's Web site at www.osbckansas.org or may be obtained by contacting Donna Martin at the contact information above.

#### **Notice of Hearing**

A public hearing will be conducted at 9 a.m. Thursday, July 16, in the conference room of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue approximately \$45 million principal amount of revenue bonds on behalf of K-State Olathe Innovation Campus, Inc., a Kansas nonprofit corporation affiliated with Kansas State University (the borrower). The bonds will be issued, pursuant to K.S.A. 74-8901 et seq., and other statutory authority including K.S.A. 19-5001 et seq. (the Johnson County Education Research Triangle Authority Act), pursuant to which in 2008 voters in Johnson County passed a sales tax initiative to provide funds for the purpose of supporting state university research programs, including the costs of constructing and equipping the first campus building on the 38-acre KOIC Olathe Campus located at 22004 College Boulevard, Olathe, Kansas 66061 (the project). The project will include 103,000 square feet of educational, administrative and research space, with a focus on food safety and security and animal health.

The bonds, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas, the city of Olathe or Johnson County, Kansas, or any political subdivision thereof, including the KDFA, nor will the bonds constitute an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from revenues pledged by the borrower in amounts sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

#### Notice of 2009 Recreational Boating Safety Grant Opportunities and Deadlines

Application materials for Recreational Boating Safety (RBS) subgrants are now available from the Kansas Department of Wildlife and Parks (KDWP). The RBS is a federal grant program, which is funded in part by CFDA 97.012 U.S. Coast Guard, Department of Homeland Security, and administered in Kansas by the Kansas Department of Wildlife and Parks. The priority of this program is to fund projects that benefit the safety of recreational boaters through such activities as education, enforcement of boating laws and regulations, boating access, and rescue activities.

During 2009, KDWP will distribute a portion of these funds to other organizations through a subgrant process. The RBS subgrants will fund activities to assist local efforts to provide and upgrade equipment on waters of the state of Kansas that are open to the public for recreational boating. Grants will provide up to 50 percent of the project costs and must be matched with cash only. Eligible applicants are local governments and nonprofit corporations. Eligible activities for the equipment program will be limited to the purchase of equipment for the protection of emergency response personnel who respond to recreational boating incidents and for the more effective performance of their duties.

A maximum of \$400,000 will be available for this program in 2009. The minimum grant award will be \$5,000, which would be half of a \$10,000 project. No equipment with an individual value of \$5,000 or more will be eligible for funding in this round of grants. Subgrant awards may be made for less than the requested amount at the discretion of KDWP. The implementation of the subgrant program is contingent on approval of the funds by the Coast Guard.

Applications will be evaluated for eligibility under program guidelines. Funding will then be provided as funds allow. Applications must be postmarked by August 7 or delivered in person to the office of the Secretary, Department of Wildlife and Parks, by the close of business on that day. Applications may be submitted and awarded prior to this date. Applicants will be notified of the awards by mail only after the selections are made. No expenses may be incurred until the award has been made and a contract is signed between the subgrant recipient and KDWP.

For more information concerning this program or to request application materials, contact the Office of Federal Aid, Kansas Department of Wildlife and Parks, 1020 S.W. Kansas Ave., Room 200, Topeka, 66612, (785) 296-1618. Persons with special communication needs may utilize the Kansas Relay Center at (800) 766-3777.

#### Behavioral Sciences Regulatory Board

### Notice of Hearing on Proposed Administrative Regulations

The Behavioral Sciences Regulatory Board will conduct a public hearing from 10 to 11 a.m. Tuesday, September 8, in the board conference room at 712 S. Kansas Ave., Topeka, to consider adopting proposed amendments to a permanent rule and regulation for psychology.

This 60-day notice of the public hearing constitutes a public comment period for purposes of receiving written public comments on the proposed amendments. All interested parties may submit written comments prior to the hearing to Phyllis Gilmore, Executive Director, Behavioral Sciences Regulatory Board, 712 S. Kansas Ave., Topeka, 66603-3817, or by e-mail to phyllis.gilmore @bsrb.state.ks.us. All interested parties will be given a reasonable opportunity to present their views orally at the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Phyllis Gilmore at (785) 296-3240 or the Kansas Relay Center at (800) 766-3777. There is designated accessible parking on Kansas Avenue, and the front entrance to the board office also is accessible.

A copy of the full text of the regulation and the economic impact statement may be reviewed or obtained at the board office and also is available on the board's Web site at www.ksbsrb.org, under "public information." The following is a summary of the proposed amendment and economic impact statement. The board does not have a less costly or less intrusive method for achieving the stated purpose of the regulation.

**K.A.R.** 102-1-13 contains the fee requirements for psychology licensees of the Behavioral Sciences Regulatory Board. The amendment increases the fee for the initial review of an applicant for a psychology license and reduces the fee for the original license. This amendment enables implementation of HB 2162, which was passed by the 2009 Legislature and went into effect May 28, 2009. There is no change in the net revenue to the board.

**Economic impact:** There would be no economic impact to the licensees of the Behavioral Sciences Regulatory Board. There could be a positive impact to the board and the sate of Kansas depending on the number of licensure applicants who apply, but do not ultimately obtain a Kansas license.
