Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid.

This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

Kansas Housing Resources Corporation

Request for Applications

The Kansas Housing Resources Corporation announces the release of a Request for Applications (RFA) for the Homelessness Prevention and Rapid Re-housing Program (HPRP). KHRC is making available approximately \$8.3 million in HPRP funds for a 30-month period.

The RFA is issued pursuant to the American Recovery and Reinvestment Act of 2009, signed by President Obama February 19, 2009. The complete HPRP can be viewed at <http://www.hudhre.info/hprp>. Through the Homelessness Prevention and Rapid Re-housing Program, the U.S. Department of Housing and Urban Development has been authorized by Congress to dedicate funds for homelessness prevention and rapid re-housing activities, including short-term or medium-term rental assistance, housing relocation and stabilization services, mediation, credit counseling, security or utility deposits, utility payments, moving cost assistance, case management, or other appropriate activities for homelessness prevention and rapid re-housing of persons that have be-

come homeless. Contracts awarded under this program are 100 percent federal and have a Catalog of Federal Assistance (CFDA) number of 14.257.

KHRC is requesting applications from local municipalities (cities and/or counties) that could include not-for-profit corporations and charitable or faith-based organizations to be considered for funding through the Homelessness Prevention and Rapid Re-housing Program. Awards will be determined through an application review process.

KHRC also is requesting applications for not-for-profit organizations to provide HPRP services statewide. Not-for-profit organizations applying directly to KHRC for funding under this program would need to demonstrate the ability to either completely provide or collaborate with other agencies to provide all HPRP-related services on a statewide level.

A complete copy of the HPRP application can be obtained at <http://www.kshousingcorp.org>.

Board of Regents

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, September 24, in the Board of Regents' boardroom, Suite 520, Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the adoption of two new rules and regulations and the amendment of 10 other regulations relating to qualified admissions.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Julene Miller, Kansas Board of Regents, 1000 S.W. Jackson, Suite 520, Topeka, 66612-1368. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Renee Burlingham at (785) 296-3689.

Copies of the regulations and the economic impact statement may be obtained by contacting Renee Burlingham. A summary of the proposed regulations and the economic impact follows:

Article 29.—QUALIFIED ADMISSION

K.A.R. 88-29-1 defines key terms for the regulations. The proposed amendments define the following new terms: "admission category," "non-accredited private secondary school," "ten percent exception window for resident transfer admissions," and "ten percent exception window for nonresident transfer admissions."

K.A.R. 88-29-4 establishes the minimum requirements for the admission of students who have 24 or more transferable credit hours. The proposed amendment to this regulation provides that transfer students who do not meet the statutory qualifications for admission can be admitted through one of the new transfer admissions exceptions windows.

K.A.R. 88-29-5 establishes minimum admission standards for Kansas residents under age 21, but who do not have 24 or more transferable credit hours. The proposed amendment provides that students who do not meet these minimum admission standards may be admitted by means of the exceptions window for resident freshmen.

K.A.R. 88-29-7 establishes minimum admission standards for nonresidents. The proposed amendment provides for admission of nonresident freshmen who graduated from non-accredited schools if they achieve a composite score of 21 or higher on the ACT.

K.A.R. 88-29-8 describes how universities shall calculate the size of the "ten percent exception window for resident freshman class admissions," which is a method to admit a limited number of residents who do not meet minimum admission standards. The proposed amend-

ment clarifies that only resident freshmen may be admitted using this exceptions window; resident and nonresident transfer students would need to be admitted by means of the resident or nonresident transfer admissions exceptions windows.

Proposed **K.A.R. 88-29-8a** is a new regulation that would implement the statutory amendment allowing for use of an exceptions window for resident transfer students who do not meet the statutory qualifications for transfer admissions. The proposed regulation is patterned after K.A.R. 88-29-8 in terms of how the ten percent maximum is calculated.

Proposed **K.A.R. 88-29-8b** is a new regulation that would implement the statutory amendment allowing for use of an exceptions window for nonresident transfer students who do not meet the statutory qualifications for transfer admissions. The proposed regulation is patterned after K.A.R. 88-29-8 in terms of how the ten percent maximum is calculated.

K.A.R. 88-29-9 requires state universities to adopt admission policies, which are subject to board approval. The proposed amendment recognizes the new exceptions windows as well as allows each state educational institution to set its own qualifications for exiting the conditional admission category.

K.A.R. 88-29-11 establishes minimum requirements for a high school's QA precollege curriculum. The proposed amendment eliminates the requirement for one unit of computer technology for students graduating from high school in 2010 or thereafter, allows qualified admissions math courses completed in the seventh or eighth grade to count toward the QA precollege curriculum math requirement and, for students graduating in 2014 or later, requires that at least one QA math course must be completed in the senior year of high school.

K.A.R. 88-29-12 establishes a process by which accredited Kansas high schools can establish an approved QA precollege curriculum. The proposed amendment eliminates the requirement for a qualified admission computer technology course.

K.A.R. 88-29-18 establishes functional equivalents of the QA precollege curriculum for Kansas residents. The proposed amendment eliminates reference to a qualified admission computer technology course.

K.A.R. 88-29-19 establishes functional equivalents of the QA precollege curriculum for nonresidents. The proposed amendment eliminates reference to a qualified admission computer technology course.

Economic Impact: The adoption of these regulations would result in no economic impact on the board, governmental agencies or the general public. Further, there is no anticipated economic impact on the state universities or high schools. Although processes may change slightly with these regulation amendments, state universities already evaluate each application for admission, and high schools already develop curriculum for their precollege courses.

Subject to the notice of bond sale dated July 21, 2009, bids will be received on behalf of the city clerk of the city of Lenexa, Kansas, on behalf of the governing body at the offices of Springsted Incorporated, 380 Jackson St., Suite 300, St. Paul, MN 55101-2887, by telephone at (651) 223-3000 or via facsimile at (651) 223-3046, or, in the case of electronic proposals, via PARITY electronic bid submission system, until 11 a.m. August 4, 2009, for the purchase of \$6,005,000* principal amount of General Obligation Bonds, Series 2009A. No bid of less than the entire par value of the bonds, except a discount of not greater than 1 percent of the par value of the bonds, plus accrued interest to the date of delivery will be considered.

The city is offering all of the Series 2009A Bonds as either (1) tax-exempt obligations (the tax-exempt bonds) or (2) taxable obligations designated as Qualified Build America Bonds permitted by the American Recovery and Reinvestment Act of 2009 in respect of which the city will elect the "direct credit payment to issuer" option as provided in Section 6431 of the Internal Revenue Code of 1986, as amended (the taxable bonds). A bidder may (1) bid on all of the Series 2009A Bonds as tax-exempt bonds, (2) bid on all of the Series 2009A Bonds as taxable bonds, or (3) submit separate alternate bids for all of the Series

2009A Bonds as tax-exempt bonds and as taxable bonds. If the Series 2009A Bonds are issued as taxable bonds (1) the Series 2009A Bonds will be designated "General Obligation Bonds (Taxable Build America Bonds — Direct Pay to Issuer), Series 2009A" and (2) the owners of, and the owners of beneficial interests in, the taxable bonds will not receive any tax credits with respect to the taxable bonds.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Northern Sun Co.—A Division of Archer Daniels Midland Co., has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Northern Sun Co.—A Division of Archer Daniels Midland Co., 4666 Faries Parkway, Decatur, Illinois, owns and operates a vegetable oilseed processing facility located at 6425 State Road 14, Goodland, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE Northwest District Office, 2301 E. 13th, Hays. To obtain or review the proposed permit and supporting documentation, contact Lynelle Stranghoner, (785) 296-1719, at the KDHE central office; and to review the proposed permit only, contact Richard Robinson, (785) 625-5663, at the KDHE Northwest District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Lynelle Stranghoner, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business August 24.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air and Radiation, not later than the close of business August 24 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this

notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Patricia Scott, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7312, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, August 6, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the K DFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 000760—Maximum Principal Amount: \$44,000. Owner/Operator: Michael W. Ryan Spear & Lorena Jo Spear. Description: Acquisition of 80 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Michael W. Ryan Spear & Lorena Jo Spear and is located at the West Half of the Northwest Quarter of Section 20, Township 10 South, Range 8 West, Lincoln County, Kansas, approximately 8 miles north of Lincoln, 5 miles west on Union Drive, and 1 mile north on 140th Road.

The bond, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the K DFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the K DFA.

Kansas Permit No. I-UA11-PO10 Federal Permit No. KS0092029
Legal Description: SW¼, S4, T27S, R24W, Ford County

Facility Description: The proposed action consists of reissuance of the existing Kansas/NPDES Water Pollution Control permit for the above-referenced existing facility. This facility is a beef complex slaughterhouse with associated by-product processing. The process wastewater averages about 2.68 million gallons per day. Hide processing is limited to brine curing with no tanning. Effluent from the three anaerobic lagoons is directed to four sequential batch reactors (SBR) and then either flows through two ultra-violet (UV) channels

for disinfection and discharge to the Arkansas River (during winter) or is directly pumped to a 360-million-gallon capacity three-cell clay-lined irrigation storage lagoon system (during summer) for irrigation onto approximately 1050 acres of crop land. Hide-curing brine wastewater is directed to a brine concentrator through two storage tanks. Solid salt from the concentrator is reused for hide curing and excess brine is directed to an 18-million-gallon capacity double hypalon-lined, one-cell evaporation pond with an intermediate leak detection system. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, oil and grease, ammonia, fecal coliform, total nitrogen, chlorides, sulfate, dissolved oxygen, whole effluent toxicity and pH, as well as monitoring for nitrate + nitrite, total Kjeldahl nitrogen, total phosphorus, fluoride, total recoverable boron, total dissolved solids, metals and effluent flow. The permittee will be required to submit various operational, land application, sludge, irrigation and soil reports annually. Contained in the permit is a schedule of compliance requiring the permittee to conduct studies for the following: assess the cost and feasibility of nutrient removal by this facility, assess groundwater impact of the effluent on the Arkansas River alluvial aquifer, toxicity reduction evaluation, and reasons for long-term increase in chloride discharges. The permittee is required to complete closure of the east and west brine ponds, complete recommended repair and replacement of monitoring wells, and install equalization basin aerators, all in accordance with plans approved by KDHE. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before August 22 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-09-190/196, KS-Q-09-101/107) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. The Coleman Company, Inc. has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

The Coleman Company, Inc., Wichita, owns and operates a propane/propylene bottling facility located at 5605 N. 119th St. West, Maize.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the Department of Environmental Health, 1900 E. 9th St., Wichita. To obtain or review the proposed permit and supporting documentation, contact Susana C. Pjesky, (785) 296-1691, at the KDHE central office; and to review the proposed permit only, contact Randy Owen, (316) 268-8350, at the Department of Environmental Health. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Susana C. Pjesky, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business August 24.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air and Radiation, not later than the close of business August 24 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was im-

(continued)

practicable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Patricia Scott, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7312, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

State of Kansas

Attorney General

Opinion 2009-5

Constitution of the State of Kansas—Legislative; Kansas Home Inspectors Professional Competence and Financial Responsibility Act; Registration Requirement of Membership in Nationally Recognized Organization; Unlawful Delegation of Legislative Authority to Private Organization.

Personal and Real Property—Kansas Home Inspectors Professional Competence and Financial Responsibility Act; Effective Date of Liability Disclaimer and Limitation of Liability for Damages. Jeff Barnes, Chair, Kansas Home Inspectors Registration Board, Mulvane, February 11, 2009.

The Kansas Home Inspectors Professional Competence and Financial Responsibility Act (the Act) became effective on July 1, 2008. However, registration of home inspectors cannot occur before July 1, 2009. Therefore, requirements that registered home inspectors conduct inspections in accordance with the "reasonably prudent home inspector" standard of care and provide completed pre-inspection notification do not apply until the individ-

ual is registered. However, the Act's provisions relating to liability disclaimers and limitations apply to all home inspectors regardless of registration status. The 12-month statute of limitation also applies to all home inspections regardless of registration status.

K.S.A. 2008 Supp. 58-4511 makes performance of home inspections without being registered or exempt from registration a class A nonperson misdemeanor. The county or district attorney in the county or district where an offense occurred would have jurisdiction to file such a misdemeanor charge, a decision that is within the discretion of the appropriate county or district attorney.

The registration requirement of membership in a nationally recognized home inspection society, association or organization impermissibly delegates legislative authority to a nongovernmental entity in violation of Article 2, § 1 of the Kansas Constitution. Taxation—Mortgage Registration and Intangibles—Mortgage Registration; Fee; Exemptions; Assignee of Mortgage from Federally Exempt Lender. Eric L. Witcher, Counsel, Morton County Commissioners, Elkhart, February 12, 2009.

A nonexempt lender who records a mortgage that was assigned by an exempt lender is not required to pay a mortgage registration fee. Cited herein: K.S.A. 58-2221; 58-2323; 79-3102. CN

Personal and Real Property—Conveyances of Land—Recordation of Instruments Conveying or Affecting Real Estate; Duties of Register of Deeds; Assignment Agreement Regarding CRP Payments.

Taxation—Mortgage Registration Tax and Intangibles—Mortgage Registration; Fee; Assignment Agreement Regarding CRP Payments. Norbert C. Marek, Jr., Wabaunsee County Attorney, Alma, February 12, 2009.

A Register of Deeds is under no duty to record an assignment of conservation reserve program (CRP) payments because CRP contracts do not affect title to real property. Accordingly, no mortgage registration fee is required. Cited herein: K.S.A. 19-1204; 58-2221; 79-3102; 7 U.S.C. § 1410.7; 16 U.S.C. §§ 3831, 3832, 3834; 7 C.F.R. §§ 1410.32, 1410.51, 1410.55, 1410.58, 1420. TCE

2009 House Bill No. 2009, which removes the exemption from state property tax for out-of-state utilities providing electricity to out-of-state consumers through transmission lines and appurtenances in Kansas, violates 15 U.S.C. § 391 because it places a greater tax burden on electricity generated and transmitted in interstate commerce than on electricity generated and transmitted in intrastate commerce. The constitutionality of HB 2009 under the dormant principles of the Commerce Clause need not be addressed. Counties and County Officers—Hospitals and Related Facilities—Tax Levy, Increase; Authority of a County Commission to Modify a Proposed Tax Levy Increase Proposed by an Elected Hospital Board of Trustees. Jared Holste, Rawlins County Attorney, Atwood, March 11, 2009.

The authority to set a mill levy for county hospital operations and debt service rests with the county commissioners, or, in case of an elected board, the board. There is no statutory authority for county commissioners to alter an elected hospital board's proposed ballot language for a levy amount in excess of the statutory limit of six mills. A board of county commissioners may vacate a county road notwithstanding an objection by a property owner whose property does not adjoin the road. Only a property owner whose property adjoins a road proposed to be vacated is eligible for damages pursuant to K.S.A. 68-102a. Cited herein: K.S.A. 68-102; 68-102a; 68-104; 68-107. TCE

Opinion 2009-13

Constitution of the State of Kansas—Finance and Taxation—Internal Improvements; National Association of State Workforce Agencies (NASWA); America's Job Link Alliance-Technical Support (AJLA-TS).

State Boards, Commissions and Authorities—Department of Commerce and Housing—Authorization to Contract for Data Processing Services and Training; National Association of State Workforce Agencies (NASWA); America's Job Link Alliance-Technical Support (AJLA-TS). Representative Lance Kinzer, 14th District, Olathe, June 9, 2009.

Article 11, Section 9, of the Kansas Constitution provides that, with certain exceptions, the State "shall never be a party in carrying on any work of internal improvement." A "work of internal improvement" involves construction of a permanent fixed structure or a permanent alteration of real property for the benefit of the general public. A contract between the Kansas Department of Commerce and the National Association of State Workforce Agencies to provide computer software that collects, stores, and disseminates workforce and labor data and to train the employees of state workforce development agencies does not violate Article 11, Section 9. Additionally, in light of the broad discretion accorded by the Kansas appellate courts to the Legislature in determining whether public funds are being used for a public purpose and the fact that the Legislature has authorized the Secretary of Commerce to contract for data processing services and training, the public purpose doctrine is not violated.
