Request for Comments

In accordance with Federal Highway Administration and Federal Transit Administration requirements, the Kansas Department of Transportation requests comments on the draft Statewide Transportation Improvement Program (STIP).

The STIP is a project-specific document that includes a list of all highway and transit projects in the state for a four-year period (October 1, 2009 to September 30, 2013). The STIP has been categorized into three general sections:

1. All street and highway projects administered by KDOT.
2. Statewide public transit projects.
3. Federal Lands Highway Program projects.

The comprehensive list of programmed projects provided under category one above includes ALL projects, regardless of funding source, to be administered by KDOT. This list includes projects for counties and cities, and projects on the state highway system. This approach allows currently scheduled projects to be converted to federal aid, if necessary, without undue delay and revision to the STIP. Transportation improvement programs for the urbanized areas in Kansas are included in this STIP by reference (Douglas County, Johnson County, Leavenworth County, Sedgwick County, Shawnee County and Wyandotte County).

To receive a copy of the draft STIP or to comment on the contents of the document, contact the Kansas Department of Transportation, Bureau of Program and Project Management, 2nd Floor Tower, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754, (785) 296-3526, fax (785) 368-6664.

Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consulting engineering firms or "teams" pre-qualified in all the following categories for the project listed below: Categories 321, 322 and 325. Seven signed copies of the interest response can be mailed to David Nagy, P.E., Assistant to the Bureau Chief of Design/Contracts Engineer, KDOT, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754. Interest responses shall be limited to four pages (only one submittal for teams) and must be received by noon August 19 for the consulting engineering firm to be considered.

From the firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three and not more than five) and invite them to attend an individual interview conference. At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short-listed will be notified by letter.

The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select the firm to perform the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

106 C-4505-01
Statewide

This is a two-phase project to complete inspections of fracture-critical bridges and scour assessments for bridges owned by Local Public Authorities statewide. The state will be divided into three regions, with approximately 7,000 bridges in each region, for the purpose of this project. Region 1 includes those cities and counties within KDOT Districts 1 and 4, Region 2 includes those cities and counties within KDOT Districts 2 and 3, and Region 3 includes those cities and counties within KDOT Districts 5 and 6. Phase 1 is a study phase in which all fracture-critical bridges will be identified and categorized into two groups: bridges that require special equipment (snooper or man lift) or special skills (climbing) to inspect, and bridges that can be inspected with the use of small ladders (15 ft. or less). Recommendations on priority of inspections also are required. Also, as part of the Phase 1 study, all bridges crossing water features will be evaluated for scour potential with recommendations on scour

assessments and plans of action. Phase 2 will begin the implementation of the recommendations from Phase 1.

Firms should indicate in their proposals which region(s) they are interested in. Proposals may include any combinations of regions. Multiple firms may be selected. In the case of multiple firms, coordination between firms to ensure uniform format of deliverables will be required.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

1. Size and professional qualifications;
2. experience of staff;
3. location of firm with respect to proposed project;
4. work load of firm; and
5. firm's performance record.

Notice of Available Funding
for Transportation Services

The Kansas Department of Transportation's Office of Public Transportation is accepting funding requests for the next state fiscal year under 49 U.S.C. 5311(f) under the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) for transportation services.

The program provides funding to support intercity bus service, defined as regularly scheduled bus service for the general public that operates with limited stops over fixed routes connecting two or more areas that are not in close proximity, that has the capacity for transporting baggage carried by passengers, and that makes meaningful connections with schedule intercity bus service to more distant points, if such service is available.

During this application cycle, KDOT is seeking applications for service on two routes: Salina to Wichita and Wichita to Pueblo, Colorado (in cooperation with Colorado Department of Transportation). Applications must be returned to KDOT on or before September 18.

The following cities in Kansas would gain intercity bus service with these two new routes:

Route 1—Salina-Wichita

- Salina, Lindsborg, McPherson, Newton, Wichita

Route 2—Wichita-Pueblo, Colorado

- Wichita, Hutchinson, Dodge City, Garden City, (Colorado stops) Holly, Lamar, Las Animas, LaJunta, Fowler, Pueblo

Applicants seeking funding for any other routes will need to submit applications during the regular application period (starting December 1, 2009).

Persons interested in applying should download the appropriate application from the KDOT Web site at <http://www.ksdot.org/burtransplan/pubtrans/index.asp>.
