Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 9:30 a.m. Thursday, December 17, in the SRS board room, Docking State Office Building, sixth floor, Topeka, to consider the adoption of proposed changes to existing rules and regulations on a permanent basis effective January 15, 2010. Telephone conference is not available.

This 60-day notice of the public hearing shall constitute a public comment period for the proposed regulations as stated in K.S.A. 2008 Supp. 77-421. All interested parties may submit written comments prior to the hearing to Susan McDonald, SRS Legal Division, Room 650-S, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612, or by e-mail to susan.mcdonald@srs.ks.gov. All interested parties will be given a reasonable opportunity to present their views at the hearing. It may be necessary to request each participant to limit any oral presentation to five minutes.

Copies of the regulations and the economic impact statement may be obtained by contacting Susan McDonald at (785) 296-1807, by e-mail to susan.mcdonald@srs.ks.gov, or from the SRS Web site at www.srskansas.org (under SRS News).

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days

in advance of the hearing by contacting Susan McDonald or by calling the Kansas Relay Center at (800) 766-3777.

A summary of the proposed regulations and the economic impact follows:

30-63-10. License required; exceptions. This regulation is being amended to make several technical changes primarily concerning the exceptions to those needing licensure in order to provide services to mentally retarded or otherwise developmentally disabled individuals.

Federal Mandate: None.

Economic Impact: The changes contained in this regulation are not expected to have any discernable economic impact.

Bearer of Cost: None.

Affected Parties: None.

Other Methods: None.

30-63-11. One type Two types of license; display. This regulation is being amended to make several changes regarding the types of license the secretary may issue. These may now include a "full license," "limited license," a "temporary license" or "a license with requirements." The circumstances appropriate for a "limited license" are addressed. There also are some clarifications in language and technical changes.

Federal Mandate: None.

Economic Impact: The changes contained in this regulation are not expected to have any discernable economic impact. They largely recognize current practices.

Bearer of Cost: None.

Affected Parties: None.

Other Methods: None.

30-63-12. Licensing procedure; ~~provisional license requirements~~; duration of license. This regulation is being amended to make several changes regarding the requirements for obtaining a license. Specific provisions are added to distinguish the requirements for a "full license" from those for a "limited license" and for both "temporary" and "with requirements" licenses. The regulation is amended to allow for licenses to be issued for up to two years as opposed to the current one-year provision, allowing the department to concentrate enforcement actions on more problematic providers. Limits are placed on how long "temporary" and "with requirements" licenses may be valid for. There also are some technical changes.

Federal Mandate: None.

Economic Impact: The changes contained in this regulation are not expected to have any discernable economic impact. They largely follow current practices. The two-year license will allow the department to refocus existing resources to situations of greater need.

Bearer of Cost: None.

Affected Parties: None.

Other Methods: None.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before November 14 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-09-261/266) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. **Department of Health
and Environment****Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Globe Engineering Company, Inc. has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Globe Engineering Company, Inc., 1539 S. St. Paul, Wichita, owns and operates an aircraft parts and auxiliary equipment facility located at 1539 S. St. Paul, Wichita.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE Wichita-Sedgwick County Department of Environmental Health, 1900 E. 9th, Wichita. To obtain or review the proposed permit and supporting documentation, contact Ashley Snyder, (785) 296-1713, at the KDHE central office; and to review the proposed permit only, contact Randy Owen, (316) 268-8350, at the KDHE Wichita-Sedgwick County Department of Environmental Health. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Ashley Snyder, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business November 16.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air and Radiation, not later than the close of business November 16 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was im-

practicable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Patricia Scott, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7312, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

City of Wellington Municipal Power Plant has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

City of Wellington Municipal Power Plant, 317 S. Washington, Wellington, owns and operates a fossil fuel electric generating facility located at 520 S. Olive, Wellington.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE South Central District Office, 130 S. Market, Suite 6050, Wichita. To obtain or review the proposed permit and supporting documentation, contact Lynelle Ladd, (785) 296-1719, at the KDHE central office; and to review the proposed permit only, contact David Butler, (316) 337-6042, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Lynelle Ladd, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business November 16.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air and Radiation, not later than the close of business November 16 in order for the Secretary of Health and Environment to consider the request.

(continued)

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Patricia Scott, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7312, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

(Published in the Kansas Register October 15, 2009.)

Summary Notice of Bond Sale
City of Hesston, Kansas
\$1,621,000
General Obligation Bonds
Series 2009

Details of the Sale

Subject to the terms and requirements of the official notice of bond sale dated September 14, 2009, of the city of Hesston, Kansas, bids to purchase the city's General Obligation Bonds, Series 2009, will be received on behalf of the governing body of the city at the office of the city's financial advisor, Ranson Financial Consultants, L.L.C., 200 W. Douglas, Suite 600, Wichita, KS 67202 or by telefacsimile at (316) 265-5403, until 2 p.m. Monday, October 26, 2009. The bids will be considered by the governing body at its meeting at 6 p.m. on the sale date.

No oral or auction bids for the bonds shall be considered, and no bids for less than 100 percent of the total principal amount of the bonds and accrued interest to the date of delivery shall be considered.

Good Faith Deposit

Each bidder must submit a good faith deposit in the form of a certified or cashier's check made payable to the order of the city, or a financial surety bond, in an amount equal to 2 percent of the principal amount of the bonds.

Details of the Bonds

The bonds are dated November 15, 2009, and will be issued as registered bonds in the denomination of \$5,000, or any integral multiple thereof, except for one bond in the denomination of \$6,000 maturing August 1, 2012. Interest on the bonds is payable semiannually on February 1 and August 1 of each year, beginning February 1, 2011. Principal of the bonds becomes due on August 1 in the years and amounts as shown below:

Maturity Schedule

| Principal Amount | Maturity Date |
|------------------|---------------|
| \$ 51,000 | 2012 |

Payment of Principal and Interest

The Kansas State treasurer will serve as the bond registrar and paying agent for the bonds.

Book-Entry Option

The successful bidder may elect to have the bonds registered under a book-entry-only system administered through the Depository Trust Company (DTC), New York, New York, at bidder's expense.

Delivery Of The Bonds

The city will prepare the bonds at its expense and will deliver the registered bonds to the successful bidder, on or about November 24, 2009, at such bank or trust company or other qualified depository in the contiguous United States, specified by the successful bidder. Delivery elsewhere shall be made at the expense of the successful bidder.

Legal Opinion

The bonds will be sold subject to the legal opinion of Triplett, Woolf & Garretson, LLC, Wichita, Kansas, bond counsel, whose fees will be paid by the city.

Financial Matters

The city's current assessed valuation for purposes of calculating statutory debt limitations is \$29,196,629. As of November 15, 2009, the city's total outstanding general obligation debt (including the bonds) is \$6,246,000, which excludes temporary notes outstanding in the amount of \$1,511,000, which will be retired out of the proceeds of the bonds herein offered for sale.

Additional Information

For additional information, contact the city clerk at the address and telephone number shown below or the financial advisor, John Haas, Ranson Financial Consultants, L.L.C., 200 W. Douglas, Suite 600, Wichita, KS 67202, (316) 264-3400.

Kansas Insurance Department

Permanent Administrative Regulations

Article 3.—FIRE AND CASUALTY INSURANCE

40-3-56. Controlled insurance programs. Each controlled insurance program providing coverage for general liability or workers compensation, or both, shall meet the following requirements:

(a) Establish a method for the quarterly reporting of the participant's respective claims details and loss information to that participant;

(b) provide that cancellation of any or all of the coverage provided to a participant before completion of work on the applicable project shall require the owner or contractor who establishes a controlled insurance program to either replace the insurance or pay the subcontractor's cost to do so;

(c) not charge enrolled participants who are not the sponsoring participants a deductible in excess of \$2,500 per occurrence or a per claim assessment by the sponsor;

(d) keep self-insured retentions fully funded or collateralized by the owner or contractor establishing the controlled insurance program, except that this subsection shall not apply to deductible programs;

(e) disclose specific requirements for safety or equipment before accepting bids from contractors and subcontractors on a construction project; and

(f) allow monetary fines for alleged safety violations to be assessed only by government agencies. (Authorized by K.S.A. 40-103 and 2009 HB 2214, sec. 3; implementing 2009 HB 2214, sec. 3; effective Oct. 30, 2009.)

40-3-57. Controlled insurance programs including general liability. Each controlled insurance program including general liability coverage for the participants shall require the following:

(a) Coverage for completed operations liability shall not, after substantial completion of a construction project,

be canceled, lapse, or expire before the limitation on actions has expired as established by K.S.A. 60-513(b), and amendments thereto, but in no case more than 10 years. If another carrier takes responsibility for completed operations liability coverage, any and all prior completed operation liability carriers shall be released from completed operations liability unless specified otherwise in subsequent policies.

(b) General liability coverage shall not be required of project participants except for liabilities not arising on the site or sites of the construction project, and any coverage maintained by the participants shall cover liabilities not arising on the site or sites of the construction project.

(c) The general liability coverage provided to participants shall provide for severability of interest, except with respect to limits of liability, so that participants shall be treated as if separately covered under the policy.

(d) Participants shall be given the same shared limits of liability coverage as those that apply to the sponsoring participant under the controlled insurance program.

(e) Participants shall not be required to waive rights of recovery for claims covered by the controlled insurance program against another participant in the controlled insurance program covered by general liability insurance provided by the controlled insurance program. (Authorized by K.S.A. 40-103 and 2009 HB 2214, sec. 3; implementing 2009 HB 2214, sec. 3; effective Oct. 30, 2009.)

40-3-58. Controlled insurance programs including workers compensation liabilities. Each controlled insurance program including coverage for workers compensation liabilities of the participants shall require the following:

(a) Workers compensation coverage shall include all workers compensation for which payroll attributable to the contractual agreement has been reported and the premiums collected covering all services performed incidental to, arising out of, or emanating from the construction site or sites and the coming or going to or from the site or sites. Nothing in this regulation shall be construed to expand, reduce, or otherwise modify current statutory law, regulations, or judicial decisions regarding the scope of workers compensation obligations regarding off-site injuries. This regulation shall be limited to requiring that any controlled insurance program provide coverage for the work-related off-site injuries only to the extent that the injuries would otherwise be covered under existing law and regulations. This regulation shall be construed to require that any controlled insurance program provide coverage for work-related off-site injuries to the extent that the injuries would be covered under existing law as interpreted by the courts.

(b) Participants shall not be required to provide employment to a worker who has been injured on the job unless both of the following conditions are met:

(1) The worker's treating health care provider certifies that the worker is fit to perform the participant's work on the job site consistent with the treating physician's limitations.

(2) The employer has the preinjury job or modified work available. (Authorized by K.S.A. 40-103, 2009 HB 2214, sec. 3, and 2009 HB 2214, sec. 4; implementing 2009 HB 2214, sec. 3 and sec. 4; effective Oct. 30, 2009.)
