**Department of Administration
Division of Facilities Management****Request for Bids for Construction Services**

Notice is hereby given for the receipt of subcontractor and supplier bids for **Bid Package M — Signage for the University of Kansas, School of Pharmacy, Lawrence, Kansas, Project Number A-010933 and KU Project No. 225-8094**. This project will be delivered under the construction management at-risk statute, K.S.A. 75-37,141 et seq. J.E. Dunn Construction is the construction manager.

Subcontractor and supplier bids will be received for work as shown on the plans and as specified in the bid package listed below:

Bid Package M — Signage

Special conditions for this project include, but are not limited to: special site conditions for parking and storage, usage and access, working hours, construction schedule requirements and phasing. Subcontractors and suppliers are encouraged to carefully review all of the bidding documents for the unique aspects of the project.

Subcontractor and supplier Bids will be received until 2 p.m. May 20. Bids will be received by J.E. Dunn Construction Company, 2119 Simons Drive, Lawrence, KS 66047. Bids also may be e-mailed to Brady.Sullivan@jedunn.com. Bidders not already on the Kansas Division of Facilities Management's Prequalified Contractors list shall accompany their bid with a statement of qualifications indicating their organization's history and structure, past experience, claims and lawsuits, and bonding capacity. Alternatively, bidders may submit qualifications on either AIA Document A305 or AGC Document No. 221. All bidders must prequalify in J.E. Dunn's Subcontractor Management System (SMS). The link to the SMS Web site is www.jedunn.com/spq.

Plans and specifications for the project are available for review, print and download via the following link: <http://www.m-repro.com/jedunn/kupharmacy/ffe>.

**Department of Administration
Division of Facilities Management****Notice of Commencement of
Negotiations for Architectural Services**

Notice is hereby given of the commencement of negotiations for architectural services for the renovation of Jardine Apartment buildings E, F and G at Kansas State University in Manhattan. The scope of work also could include renovation of buildings I, M and N. The renovation shall replicate the recently remodeled Jardine Apartment building D. All six buildings are nearly identical to D, but some minor adjustments will be made to the floor plans, details, systems and finishes.

All six (6) existing buildings to be renovated are two-story brick structures containing eight (8) apartments (24 in all, totaling 17,732 square feet) and all six (6) existing buildings will be renovated into three-story brick/siding structures. The estimated renovation cost per building is \$2,320,000. The program is for a complete interior and exterior renovation including HVAC, plumbing, electrical, fire alarm and sprinklers. The accompanying site work includes regrading, walls, sidewalks, lighting, patios and fencing as necessary.

A program is available from Kansas State University, Facilities Planning. For more information concerning the scope of services, contact Abe Fattaey, (785) 532-1725.

To be considered, one (1) .pdf file and two (2) bound proposals of the following should be provided: State of Kansas Professional Qualifications forms (051-054 inclusive) and information regarding similar projects. State of Kansas Professional Qualifications form(s) (050) for each firm and consultant should be provided at the end. Proposals should be concise and follow the current State Building Advisory Commission guidelines. The guidelines and forms are available to firms at www.da.ks.gov/fp/ or by contacting Phyllis Fast, Division of Facilities Management, Suite 102, Landon State Office Building, 915 S.W. Jackson, Topeka, 66612, (785) 296-5796, Phyllis.Fast@da.ks.gov. Submittals should be received by Phyllis Fast before noon May 21.

Secretary of State

Executive Appointments

Executive appointments made by the Governor, and in some cases by other state officials, are filed with the Secretary of State's office. A complete listing of Kansas state agencies, boards and commissions, and county officials are included in the Kansas Directory, which is available on the Secretary of State's Web site at www.kssos.org. The following appointments were recently filed with the Secretary of State:

Grant County Attorney

David Black, P.O. Box 430, Johnson, 67855. Succeeds Robin Hathaway, resigned.

Sumner County Clerk

Debra Norris, 584 S. West Road, Wellington, 67152. Succeeds Shane Shields, resigned.

Kansas Advisory Committee for the
Blind and Visually Impaired

(Created by Executive Order 10-02.

Members serve at the pleasure of the Governor.)

Ann M. Byington, 909 S.W. College Ave., Topeka, 66604.

Jeffrey M. Day, 9411 Nantucket, Wichita, 67212.

Michael R. Donnelly, Director, Kansas Rehabilitation Services, Social and Rehabilitation Services, 9th Floor North, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612. Ex-officio member.

Joan Houghton, 4301 Quail Pointe Terrace, Lawrence, 66047.

Martin A. Kennedy, Secretary of Aging, 503 S. Kansas Ave., Topeka, 66603. Ex-officio member.

Dr. Kendall L. Krug, 1848 Vineyard Road, Hays, 67601.

Marilyn D. Lind, 4720 S.W. 30th St., Topeka, 66614.

Mignon K. Luckey, 1204 Ave. G, Dodge City, 67801.

Reinhard M. Mabry, 5538 W. 147th Terrace, Overland Park, 66223.

Linda K. Merrill-Parman, 2340 Lighthouse Cove, Wichita, 67205.

Cheryl L. Miller, 20792 W. 123rd Court, Olathe, 66061.

Christine Owens, 411 W. 6th St., Haven, 67543.

Donna J. Wood, 11405 W. Grant, Wichita, 67209.

State Building Advisory Commission

Matt Flerlage, 435 N.E. Scotland, Topeka, 66616. Term expires Dec. 31, 2012. Succeeds Richard Taylor.

Kansas Firefighters Memorial
Advisory Committee

Chief Jerry Snyder, 2129 Tarmarron Terrace, Manhattan, 66502. Serves at the pleasure of the Governor. Succeeds Lawrence Garcia.

Regional System of Cooperating Libraries

Central Kansas Regional Library System:

Cynthia R. Kendig, 971 County 388 Drive, Osborne, 67473. Term expires June 30, 2013. Succeeds Glennys Doane.

Sharon M. May, Box 42, Tipton, 67845. Term expires June 30, 2013. Reappointed.

Ruth E. McCartney, 26012 60th Road, Lebanon, 66952. Term expires June 30, 2013. Reappointed.

Carol J. Reynolds, Route 1, Box 21, Rush Center, 67575. Term expires June 30, 2011. Reappointed.

Howard Dean Schultz, 364 N. 170th Road, Aurora, 67417. Term expires June 30, 2013. Succeeds Frances Trost.

Southeast Kansas Regional Library System:

Vicky Hay, 1217 Kanza Road, Yates Center, 66783. Term expires June 20, 2013. Succeeds Beth Clarke.

Advisory Committee on Trauma

Carol S. Perry, P.O. Box 3822, Topeka, 66604. Term expires June 30, 2011. Succeeds Saad Ehtisham.

Kansas Water Authority

Ben P. Rogers, 202 W. 4th St., Liebenthal, 67553. Term expires Jan. 15, 2014. Reappointed.

Curtis J. Tobias, 1114 S. Grand Ave., Lyons, 67884. Term expires Jan. 15, 2014. Succeeds Kirk Larson.

Notice to Contractors

Sealed proposals for the construction of road and bridge work in the following Kansas counties will be received at the Bureau of Construction and Maintenance, KDOT, Topeka, or at the Eisenhower State Office Building, fourth floor west wing, 700 S.W. Harrison, Topeka, until 1 p.m. May 19 and then publicly opened:

District One — Northeast

Johnson—46 N-0425-01 — Shawnee Mission Parkway over Turkey Creek tributary in Merriam, grading, bridge and surfacing, 0.1 mile. (Federal Funds)

Lyon—35-56 KA-1854-01 — I-35 in the Emporia area, pavement marking, 5.1 miles. (Federal Funds)

Lyon—50-56 KA-1855-01 — U.S. 50 in Lyon County, pavement marking, 6.4 miles. (Federal Funds)

Shawnee—24-89 KA-1872-01 — U.S. 24 bridge 6.2 miles southeast of Silver Lake, bridge repair. (State Funds)

Wyandotte—105 C-4181-01 — Donahoo Road from 131st to 115th Street in Kansas City, grading and surfacing, 2 miles. (Federal Funds)

District Four — Southeast

Franklin—30 KA-0841-01 — Montana Road from Sand Creek Road north to the future U.S. 59 interchange in Ottawa, grading and surfacing, 0.5 mile. (State Funds)

Miami—68-61 KA-0148-01 — K-68 and East Crestview Circle in Louisburg, grading and surfacing, 0.2 mile. (Federal Funds)

District Five — Southcentral

Barton—5 C-4471-01 — Boyd Road 2.5 miles south and 4 miles west of Hoisington, grading, bridge and surfacing, 0.5 mile. (Federal Funds)

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid.

This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

Deb Miller
Secretary of Transportation

Doc. No. 038255

State of Kansas

Department of Transportation

Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consulting engineering firms or teams, prequalified (or able to become prequalified) in category 335 Railroad Infrastructure Design, for on-call inspection and design services of railroad infrastructure listed below. Eight signed copies of the response can be mailed to David Nagy, P.E., Assistant to the Bureau Chief of Design/Contracts Engineer, KDOT, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754. Interest responses shall be limited to four pages and must be received by noon May 13 for the consulting engineering firm or team to be considered.

The Consultant Shortlist Committee will select three to five of the most highly qualified firms expressing interest and schedule an individual interview. The consulting firms can more thoroughly discuss their experience related to the project at the interview and will be expected to discuss their approach to this project in detail and the personnel to be assigned to this project. Firms not selected to be short-listed will be notified. View categories at www.ksdot.org/divengdes/prequal.

The Consultant Selection Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select one or more firms to perform the professional services required for completing

the advertised project. After the selection, the firm(s) not selected will be notified of the outcome.

**On-Call Railroad Infrastructure
Inspection and Design
Statewide**

Scope

Projects include inspection and design of railroad infrastructure projects including, but not limited to: structures, track and roadbeds alignments, industrial park spurs, public crossing facilities, and appurtenances.

Qualifications

The firm must be staffed with a professional engineer registered in Kansas, directly responsible for the project and one or more persons in the appropriate areas with qualifications as described below. The engineer must be knowledgeable of railroad operations, experienced with designing railroad track alignments, railroad structures, railroad standards, and appropriate drainage criteria used by the railroad industry.

The personnel employed by the firm shall have engineering training, experience, knowledge and expertise in the appropriate areas necessary to do the project in accordance with Federal Railroad Administration (FRA), AASHTO, FHWA and other appropriate design policies. Personnel also shall be aware of railroad industry policies, procedures and practices and be knowledgeable of American Railway Engineering and Maintenance of Way Association (AREMA) specifications. Inspector(s) must be FRA certified for track inspection, most likely former railroad employees who maintained certification. They must be able to seek/discover obstacles, problems, and needs of the project and provide feasible concepts to Class I and short-line railroads in Kansas, followed by practical and detailed solutions.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

1. Size and professional qualifications.
2. Experience of staff.
3. Location of firm with respect to proposed project.
4. Work load of firm.
5. Firm's performance record.

The firm's accounting systems must have the following capabilities before the firm may be awarded a contract:

- Valid, reliable and current costs must be available within the system to support cost and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records that will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Doc. No. 038280

State of Kansas

Department of Transportation

Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consulting engineering firms or teams, prequalified in category 161 Corridor Management, for the project listed below. Eight signed copies of the response can be mailed to David Nagy, P.E., Assistant to the Bureau Chief of Design/Contracts Engineer, KDOT, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754. Interest responses shall be limited to four pages and must be received by noon May 13 for the consulting engineering firm or team to be considered.

The Consultant Shortlist Committee will select three to five of the most highly qualified firms expressing interest and schedule an individual interview. The consulting firms can more thoroughly discuss their experience related to the project at the interview and will be expected to discuss their approach to this project in detail and the personnel to be assigned to this project. Firms not selected to be short-listed will be notified. View categories at www.ksdot.org/divengdes/prequal.

The Consultant Selection Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select one firm to perform the professional services required for completing the advertised project. After the selection, the firm(s) not selected will be notified of the outcome.

**40-23 KA-1869-01
Corridor Management Study**

Develop a transportation management plan for the area of influence associated with the US-40 and K-10 interchange.

The study area includes a segment of US-40 beginning at George Williams Way in Lawrence, proceeding west approximately 1.5 mile, and ending at East 800 Road in Douglas County. The study area also will include the K-

(continued)

10 interchange ramps and ramp terminals, and an area approximately .25 to .5 mile on either side of the highway centerline(s). Consideration also will be given to existing and proposed interchange facilities along K-10 that influence the subject area.

US-40 and K-10 are both regionally significant highway facilities. State and local government recognize the significant development potential in the vicinity of the US-40 and K-10 interchange. Any large-scale commercial development will eventually present a variety of transportation challenges and it is critical the government stakeholders have a strategy in place that enables growth to occur without compromising safe and efficient traffic movement.

The consultant will engage local stakeholders, analyze relevant local planning products, evaluate potential development(s), and identify necessary transportation improvements to meet future demands. The timing associated with recommended improvements also will be established along with planning level cost estimates. Highway facilities will be evaluated along with the interfacing and parallel local street network.

The management plan shall, at a minimum, incorporate an innovative and multi-disciplinary approach that advocates principles set forth in sustainability, access management, design and traffic engineering, complete streets, multimodal planning, transportation planning, land-use planning, environmental planning, public and stakeholder involvement, governmental transparency, and public/private partnerships.

This project will be administered by the Kansas Department of Transportation, in cooperation with the city of Lawrence, Douglas County, and the Lawrence-Douglas County Metropolitan Planning Organization.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

1. Size and professional qualifications.
2. Experience of staff.
3. Location of firm with respect to proposed project.
4. Work load of firm.
5. Firm's performance record.

The firm's accounting systems must have the following capabilities before the firm may be awarded a contract:

- Valid, reliable and current costs must be available within the system to support cost and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records that will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Commission on Veterans' Affairs

Notice of Meeting

The Kansas Commission on Veterans' Affairs will meet at 10 a.m. Wednesday, May 12, at the Kansas Soldiers' Home, Eisenhower Building, Fort Dodge. The public is invited to attend. For more information, call (785) 296-3976.

Jack Fowler
Executive Director

Doc. No. 038291

State of Kansas

Department of Transportation

Request for Comments

The Kansas Department of Transportation requests comments on the amendment of the Statewide Transportation Improvement Program (STIP) FY 10-13 by adding the following projects:

Project X-0033-01, Railway/Highway Signals Flashing Light Straight Post Type with Gates at Union Pacific Railroad Crossing and West 271st Street northeast of Paola, Miami County

Project X-0034-01, Railway/Highway Signals Flashing Light Straight Post Type with Gates at Union Pacific Railroad Crossing and Northeast 2000 Road northeast of Garnett, Anderson County

Project X-0035-01, Railway/Highway Signals Flashing Light Straight Post Type with Gates at Union Pacific Railroad Crossing and Utah Street south of Mildred, Allen County

Project X-0036-01, Railway/Highway Signals Flashing Light Straight Post Type with Gates at Union Pacific Railroad Crossing and 9th Street in LeRoy, Coffey County

Project X-0037-01, Railway/Highway Signals Flashing Light Straight Post Type with Gates at Union Pacific Railroad Crossing and 3900 Road north of Sycamore, Montgomery County

The amendment of the STIP requires a public comment period of 30 days. To receive more information on any of these projects or to make comments on the STIP amendment, contact the Kansas Department of Transportation, Bureau of Program and Project Management, 2nd Floor Tower, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754, (785) 296-3526, fax (785) 368-6664. Additional information about these projects and other pending STIP amendments may be viewed online at www.ksdot.org/publications.asp.

This information is available in alternative accessible formats. To obtain an alternative format, contact the KDOT Bureau of Transportation Information, (785) 296-3585 (Voice/Hearing Impaired-711).

The comment period regarding the STIP amendment for these projects will conclude June 7.

Deb Miller
Secretary of Transportation

Doc. No. 038306

State of Kansas

Fort Hays State University

Notice of Intent to Lease Land

Public notice is hereby given, pursuant to K.S.A. 75-430a(d), that Fort Hays State University seeks to lease land for the purposes of developing and constructing student housing. Following the expiration of this notice on June 7, 2010, the university will proceed with the planned lease. The specifications of the contemplated lease and further information are available by contacting Todd D. Powell, Fort Hays State University, 600 Park, Sheridan Hall 312a, Hays, 67601.

Purchasing Director

Doc. No. 038305

State of Kansas

State Conservation Commission

Notice to Contractors

Sealed bids for the construction of a 20,000 cubic yard detention dam, Site No. 128 in Anderson County, will be received by the Deer Creek Watershed Joint District No. 55 at the Colony City Building, 339 Cherry St., Colony, until 7 p.m. June 7, at which time and place bids will be publicly opened and read aloud. Mailed bids to Deer Creek Watershed Joint District No. 55, P.O. Box 766, Iola, 66749, must be received by 1 p.m. June 7 to be considered.

Description of Work

Construct an earth dam having a maximum height of approximately 18.5 feet and consisting of approximately 20,000 cubic yards of earthfill. Install a principal spillway consisting of a 60-inch diameter reinforced concrete riser and an 18-inch diameter AWWA C905 PVC pipe. Install other pipe conduits and appurtenant structures. Construct an earth auxiliary spillway for the dam. Complete seeding and other work shown on the construction drawings and described in the construction specifications.

Work Timing

The work is to commence within 15 calendar days after the Notice to Proceed is issued. Completion of the work is desired within 150 days after such notice.

A copy of the Invitation to Bid, plans and specifications can be reviewed at or obtained from KLA Environmental Services, Inc., 1700 E. Iron Ave., Salina, 67401, (785) 823-0097. To request a copy of the Project Manual, please submit a check or money order in the amount of \$50 to cover the cost of reproduction and handling. This fee is non-refundable.

A site showing will be conducted by KLA Environmental Services, Inc. from 1 to 3:30 p.m. May 20.

All bids must be accompanied by a certified check, cashier's check or a bid bond for not less than 5 percent of the total bid price (including alternates), made payable to Deer Creek Watershed Joint District No. 55.

Greg A. Foley
Executive Director

Doc. No. 038301

State of Kansas

**Department of Health
and Environment**

**Notice Concerning Kansas/Federal Water
Pollution Control Permits and Applications**

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

Public Notice No. KS-Q-10-040/048

The requirements of the draft permits public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria:

Name and Address of Applicant	Receiving Stream	Type of Discharge
Butler County Commission Director of Public Works 121 S. Gordy, Suite 200 El Dorado, KS 67042	Harrison Creek via Unnamed Tributary	Treated Domestic Wastewater
Kansas Permit No. M-WA19-OO01		Federal Permit No. KS0098671
Legal Description: E½, NE¼, SE¼, S2, T26S, R7E, Butler County		
Facility Name: Butler County Sewer District #9 (Rosalia)		

Name and Address of Applicant	Receiving Stream	Type of Discharge
Lake Wabaunsee Improvement District P.O. Box 101 Eskridge, KS 66423	Mill Creek via East Branch Mill Creek via Unnamed Tributary	Treated Domestic Wastewater
Kansas Permit No. M-KS92-OO02		Federal Permit No. KS0086568
Legal Description: NE¼, NE¼, NW¼, S4, T14S, R11E, Wabaunsee County		

Name and Address of Applicant	Receiving Stream	Type of Discharge
Randolph, City of P.O. Box 2 Randolph, KS 66554	Tuttle Creek Reservoir via Fancy Creek	Treated Domestic Wastewater
Kansas Permit No. M-BB19-OO01		Federal Permit No. KS0031721
Legal Description: NW¼, SE¼, S21, T7S, R6E, Riley County		
Facility Description: The proposed action is to reissue the above existing permits for the operation of existing wastewater treatment facilities. The proposed permits contain limits for biochemical oxygen demand and total suspended solids, as well as monitoring of ammonia, E. coli and pH.		

(continued)

Name and Address of Applicant	Receiving Stream	Type of Discharge
Centralia, City of P.O. Box 247 Centralia, KS 66415-0247	Black Vermillion River via Unnamed Tributary	Treated Domestic Wastewater
Kansas Permit No. M-BB05-OO01		Federal Permit No. KS0081418
Legal Description: S½, NE¼, NE¼, S11, T4S, R11E, Nemaha County		

Name and Address of Applicant	Receiving Stream	Type of Discharge
Frankfort, City of 109 N. Kansas Frankfort, KS 66427	Black Vermillion River	Treated Domestic Wastewater
Kansas Permit No. M-BB07-OO01		Federal Permit No. KS0024881
Legal Description: N½, SE¼, SE¼, S17, T4S, R9E, Marshall County		

Name and Address of Applicant	Receiving Stream	Type of Discharge
Lois and Rick Borg 6204 Cedar Creek Road Manhattan, KS 66502	Big Blue River via Cedar Creek	Treated Domestic Wastewater
Kansas Permit No. C-BB25-OO04		Federal Permit No. KS0079201
Legal Description: W½, NW¼, NE¼, S30, T9S, R8E, Pottawatomie County		

Facility Name: Rocky Ford Trailer Court

Facility Description: The proposed action is to reissue the above existing permits for the operation of existing wastewater treatment facilities. The proposed permits contain limits for biochemical oxygen demand and total suspended solids and E. coli, as well as monitoring of ammonia, total phosphorus, total recoverable lead and copper, and pH.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Crawford County Consolidated RWD 1 P.O. Box 223 Girard, KS 66743	Neosho River	Process Wastewater
Kansas Permit No. I-NE31-PO01		Federal Permit No. KS0099988
Legal Description: SW¼, SE¼, S5, T29S, R24E, Crawford County		

Facility Description: The proposed action consists of issuance of a new Kansas/NPDES Water Pollution Control permit for the discharge of wastewater from an existing water treatment plant undergoing expansion. This is a 0.72 MGD (design) potable water treatment plant treating groundwater from three wells for iron and manganese removal. The filter backwash (approx. 1700 gpd), filter-to-waste (approx. 500 gpd) and miscellaneous online monitoring equipment wastewater are routed to the existing two-cell series-operated lagoon system. Domestic wastewater is directed to a holding tank. The proposed permit contains limits for total residual chlorine, total suspended solids and pH, as well as monitoring of ammonia.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Pottawatomie County RWD #4 P.O. Box 58 Belvue, KS 66407	Lost Creek via Spoils Bank Ditch	Process Wastewater
Kansas Permit No. I-KS05-PO02		Federal Permit No. KS0095591
Legal Description: NE¼, SE¼, SE¼, S29, T9S, R11E, Pottawatomie County		

Facility Name: Pottawatomie County RWD #4, Reverse Osmosis Water Treatment Plant

Facility Description: The proposed action consists of issuance of an existing Kansas/NPDES Water Pollution Control permit for the discharge of wastewater from an existing water treatment plant. The R.O. concentrate (0.062 MGD) and filter-to-waste raw well water (0.0007 - 0.0014 MGD) are discharged through a pipe to a spoils bank ditch before reaching Lost Creek. About 125 gpd of online monitoring and laboratory wastewater are routed to a nearby ditch. The filter backflush water is routed to a backwash storage tank and will be recycled back to the water treatment system. Domestic wastewater and miscellaneous wastewater are routed to a septic tank/lateral field. The proposed permit contains limits for pH.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Union Pacific Railroad Company 1400 Douglas St., Stop 1030 Omaha, NE 68179	Arkansas River via East Fork Chisolm Creek via Storm Sewer	Groundwater Remediation Project
Kansas Permit No. I-AR94-PO12		Federal Permit No. KS0099970
Legal Description: SW¼, S15, T27S, R1E, Sedgwick County		

Facility Description: The proposed action consists of the issuance of a new Kansas/NPDES water pollution control permit for a discharge currently pumped to the Wichita sanitary sewer system. Groundwater contaminated with trichloroethylene (TCE) and tetrachloroethylene (PCE) is collected in a system of six wells pumping at a total rate of up to 150 gallons per minute (gpm). The wells pump into a common header that is connected to a treatment building. Treatment consists of bag filter(s) to remove solids followed by two 2,000 pound granular activated carbon (GAC) units in series to remove volatile organic compounds. The system discharges from the GAC units through a flow meter into a stormsewer manhole. Current average daily discharge is 80 gpm. The proposed permit contains limits for trichloroethylene, tetrachloroethylene and pH, as well as monitoring of chloride, total recoverable copper, sulfate, total phosphorus and effluent flow.

Public Notice No. KS-PT-10-005/010

Name and Address of Applicant	Receiving Facility	Type of Discharge
Excel Industries, Inc. Box 7000 Hesston, KS 67062-2097	Hesston MWWTP	Process Wastewater
Kansas Permit No. P-LA07-IO01		Federal Tracking No. KSP000046

Facility Description: The proposed action is to reissue an existing pre-treatment permit for this facility. This facility manufactures various types of landscape equipment, including mowers. Steel parts are welded and phosphated using a nine-stage washer and painted to produce the final product. Outfall 001 is located at the holding tank 5 (H5) and consists of regulated wastes from process tanks 1, 3, 6 and 8, after these wastes are treated. Tank 4 is sent to a pit and neutralized before being discharged. Outfall 002 consists of contaminated rinse water from stages 2, 5, 7 and 9. Since the new washer and chemical precipitation treatment system was installed in late 2003, this facility is considered a "new" source.

Name and Address of Applicant	Receiving Facility	Type of Discharge
Liberty, Inc. 451 Highway 9 Waterville, KS 66548	Blue Township POTW	Process Wastewater
Kansas Permit No. P-KS38-OO05		Federal Tracking No. KSP000089

Facility Description: The proposed action is to reissue an existing pre-treatment permit for this facility. This facility manufactures aluminum livestock trailers. The trailers are sprayed with a chemical etching and milling solution in a wash bay to improve the appearance of the trailers. No painting is performed on-site. Chemical etching is a core process under the Metal Finishing Standard.

Name and Address of Applicant	Receiving Facility	Type of Discharge
Moridge Manufacturing, Inc. P.O. Box 810 Moundridge, KS 67107	Moundridge MWWTP	Process Wastewater
Kansas Permit No. P-LA12-OO01		Federal Tracking No. KS000088

Facility Description: This facility manufactures commercial lawn mowers. Steel parts are welded, phosphated and painted to produce the final product. Outfall 001 consists of a discharge from the final holding tank, following the new seven-stage phosphating operation system. Outfall 002 consists of wastes from the tumbling operation.

Name and Address of Applicant	Receiving Facility	Type of Discharge
SKF USA, Inc. P.O. Box 332 Kulpsville, PA 19443-0332	Seneca MWWTP	Process Wastewater

Kansas Permit No. P-MO19-OO01 Federal Tracking No. KSP000009
 Facility Location: 31 E. Amador, Seneca, KS 66538

Facility Description: The proposed action consists of reissuing the above-referenced Pretreatment permit. No significant changes were made to the permit. This facility manufactures various types of shaft oil seals for appliances, automobiles and industrial equipment. Metal parts are processed in a zinc phosphating operation, using a conversion coating process, which is a core process under the Metal Finishing Standard. This facility also extrudes the rubber seals and discharges cooling water from three locations, which is subject to the Rubber Processing Standard for existing sources. However, since there are no pretreatment standards under this specific category, no sampling requirements apply to the cooling water.

Name and Address of Applicant	Receiving Facility	Type of Discharge
Triumph Accessory Services 411 N. Road Wellington, KS	Wellington WWTP	Process Wastewater

Kansas Permit No. P-AR92-OO05
 Federal Tracking Number: KSP000087

Facility Description: The proposed action consists of reissuing the above-referenced pretreatment permit. This facility repairs and overhauls various commercial and military aircraft components and parts. This facility is located at an industrial park that is not connected to the city collection system. Outfall 001 consists of boom wash water from an operation located in the North building. Outfall 002 consists of heat exchanger water called HTP clean water, which usually is hauled to the city POTW. Outfall 003 consists of wastes from the plasma spray operation located in Building 3. Outfall 004 consists of wastes from the conversion coating operation located in Building 6, where magnesium parts are dipped in chromic acid to provide corrosion resistance. This is a core process but is a closed-loop system. Outfall 005 consists of nondestructive inspection water. Outfall 006 consists of wastes from a parts washer.

Name and Address of Applicant	Receiving Facility	Type of Discharge
Wilde Tool Company 13th & Pottawatomie Streets Hiawatha, KS 66434	Hiawatha MWWTP	Process Wastewater

Kansas Permit No. P-MO08-OO01 Federal Tracking No. KSP000071

Facility Description: The proposed action consists of reissuing the above-referenced pretreatment permit. This facility manufactures metal hand tools such as pliers, punches and chisels. Tools are processed in a black oxide (metal coloring) process, which is considered a conversion coating operation. Process wastewater from the rinse tanks in the metal coloring operation (Outfall 001) and heat treat wastewater (Outfall 002) is discharged to the city sanitary sewer. Wastes from two parts washing operations are not discharged to the city but are hauled off-site for disposal. In addition, electroplating is no longer conducted on-site.

The above proposed pretreatment permits each contain limits for total toxic organics, cadmium, chromium, copper, lead, nickel, silver, zinc, total cyanide and pH, as well as monitoring of effluent flow. The permit limits are pursuant to state and federal pretreatment requirements.

Public Notice No. KS-EG-10-017

In accordance with K.A.R. 28-46-7 and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared for the use of the well(s) described below within the state of Kansas:

Name and Address of Applicant
AGCO Hesston Operations 420 W. Lincoln Blvd. Hesston, KS 67062 Facility Location: Hesston, Kansas

Well and Permit Number	Location
1,2,3 / KS-05-079-002	SE¼, SW¼, SE¼, S 09, T22S, R1W, Harvey County

Facility Description: The proposed action is to issue an Underground Injection Control Area - Class V Injection Well permit for a remediation project that includes the use of injection wells number 1, 2 and 3. Injection is into the Quaternary alluvial aquifer through screens from a depth of approximately 6 to 12 feet and 23-45 feet below ground level. The permittee is authorized to inject liquid consisting of recovered groundwater contaminated by industrial solvents and degreasers, to which nutrients are added. Sodium lactate and sodium acetate along with KB-1 microbial bacteria is added to the injection fluid. The fluid is injected to bio-remediate the soil and aquifer and to maintain hydraulic control of the site. The maximum wellhead injection pressure limit for this project is 50 psig. The maximum rate of flow for the project is 1,008,000 gallons per week. The construction, monitoring and operation of these wells shall meet the requirements that apply to Class V Injection wells under K.A.R. 28-46-1 through 28-46-42 and K.A.R. 28-30-1 through K.A.R. 28-30-10.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before June 5 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-Q-10-040/048, KS-PT-10-005/010, KS-EG-10-017) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

**Department of Health
and Environment****Request for Comments**

The Kansas Department of Health and Environment has reviewed an application from Crawford County to operate the Southeast Kansas Regional Household Hazardous Waste (HHW) Facility. The HHW facility is located at 503 S. Joplin St., Pittsburg, at the SEK Recycling, Inc. site. This HHW will serve as a regional host for the Southeast Kansas HHW Region, which includes Crawford, Cherokee, Neosho and Woodson counties. The city of Pittsburg has certified that the application described herein is consistent with local zoning requirements, and Crawford County has certified that the application is consistent with its Solid Waste Management Plan. KDHE has reviewed the application and found it to be in conformance with state solid waste statutes and regulations.

KDHE is providing public notice of its intent to issue a permit to Crawford County for the proposed Southeast Regional Household Hazardous Waste Facility described herein. A copy of the administrative record including the permit application, drawings, draft permit and other information regarding this permit action will be available for public review May 7 to June 7, during normal business hours, at the following locations:

Kansas Department of Health and Environment
Bureau of Waste Management
1000 S.W. Jackson, Suite 320
Topeka, 66612-1366
Contact: Joe Cronin
(785) 296-1667

Pittsburg Public Library
308 N. Walnut
Pittsburg, 667626
Contact: Pat Clement, Director
(620) 231-8110

Additionally, the application form is available for public viewing via the Internet at www.kdheks.gov/waste. Anyone wishing to comment on the facility application should submit written statements postmarked not later than June 7 to Joe Cronin of KDHE (at the address listed above). Comments also will be accepted via facsimile to (785) 296-1592 or e-mail to jcronin@kdheks.gov, provided the comments are received by 5 p.m. June 7. Comments that are postmarked by June 7 and received within one week thereafter also will be considered. KDHE will subsequently respond to all formal comments in writing.

After consideration of all formal comments received during the public notice period, KDHE will make a final decision on whether to issue the new permit. Notice of the decision will be given to the applicant, to anyone who submitted written comments during the comment period, and to those who requested notice of the final permit decision.

Roderick L. Bremby
Secretary of Health
and Environment

State of Kansas

**Department of Health
and Environment****Request for Comments**

Notice is hereby given that the Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Northern Natural Gas has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Northern Natural Gas, 1111 S. 103rd St., Omaha, Nebraska, owns and operates Sublette compressor station located at Section 1, T32S, R33W, Seward County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE Southwest District Office, 302 W. McArtor Road, Dodge City. To obtain or review the proposed permit and supporting documentation, contact Michael J. Parhomek, (785) 296-1580, at the KDHE central office; and to review the proposed permit only, contact Ethyl Evans, (620) 356-1075, at the KDHE Southwest District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Michael J. Parhomek, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business June 7.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air, not later than the close of business June 7 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was im-

practicable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Patricia Scott, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7312, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Request for Comments

The Kansas Department of Health and Environment has reviewed an application from E-Waste Solutions, Inc., to operate an e-waste recycling/reclamation facility. The facility will be located at 1706 E. Yorktown Road, Hutchinson, in the Reno County Economic Development Zone near Yoder. The facility plans to receive e-waste from various sources and collections sites across Kansas. The facility will dismantle the electronics, segregating the components and materials. The components and materials will then be sold to recycling companies, and none of the reclaimed materials will be landfilled. The Reno County planner has certified that the application described herein is consistent with local zoning requirements, and the Reno County Commission has certified that the application is consistent with its Solid Waste Management Plan. KDHE has reviewed the application and found it to be in conformance with state solid waste statutes and regulations.

KDHE is providing public notice of its intent to issue a permit to E-Waste Solutions, Inc., for the proposed solid waste processing facility described herein. A copy of the administrative record including the permit application, drawings, draft permit and other information regarding this proposed permit action will be available for public review from May 7 to June 7, during normal business hours, at the following locations:

Kansas Department of Health and Environment
Bureau of Waste Management
1000 S.W. Jackson, Suite 320
Topeka, 66612-1366
Contact: Arthur Fink
(785) 296-6561

Reno County Clerk's Office
206 W. 1st Ave.
Hutchinson, 67501
Contact: Shari Gagnebin
Reno County Clerk
(620) 694-2934

Additionally, the application form is available for public viewing via the Internet at <http://www.kdheks.gov/waste/index.html>. Anyone wishing to comment on the facility application should submit written statements post-marked not later than June 7 to Arthur Fink of KDHE (at

the address listed above). Comments also will be accepted via facsimile to (785) 296-1592 or e-mail to afink@kdheks.gov, provided the comments are received by 5 p.m. June 7. KDHE will subsequently respond to all formal comments in writing.

After consideration of all formal comments received during the public notice period, KDHE will make a final decision on whether to issue the new permit. Notice of the decision will be given to the applicant, to anyone who submitted written comments during the comment period, and to those who requested notice of the final permit decision.

Series 2010A

Details of the Sale

Subject to the terms and requirements of the official notice of bond sale dated April 28, 2010, of Miami County, Kansas, bids to purchase the county's General Obligation Refunding Bonds, Series 2010A, will be received on behalf of the county at the offices of the county's financial advisor, Springsted Incorporated, 380 Jackson St., Suite 300, St. Paul, MN 55101-2887, or electronically through the i-DEAL, LLC BiDCOMP/PARITY electronic bid submission system, until 10 a.m. Central Time Wednesday, May 19, 2010. The bids will be considered by the governing body at its meeting held at 1 p.m. Central Time on the sale date.

No oral or auction bids for the bonds shall be considered, and no bids for less than 99.325 percent of the total principal amount of the bonds and accrued interest to the date of delivery shall be considered.

Good Faith Deposit

Each bidder must submit a good faith deposit in the form of a certified or cashier's check made payable to the order of the county, or a financial surety bond, in an amount equal to 2 percent of the principal amount of the bonds.

Details of the Bonds

The bonds are dated June 1, 2010, and will be issued as registered bonds in the denomination of \$5,000, or any integral multiple thereof. Interest on the bonds is payable semiannually on March 1 and September 1 of each year, beginning March 1, 2011. Principal of the bonds becomes due on September 1 in the years and amounts as shown below:

Maturity Schedule*

Principal Amount*	Maturity Date
\$615,000	2011
635,000	2012
645,000	2013
450,000	2014
460,000	2015
475,000	2016
490,000	2017

Payment of Principal and Interest

The Kansas State Treasurer will serve as the bond registrar and paying agent for the bonds.

Book-Entry Bonds

The bonds will be issued and registered under a book-entry-only system administered by the Depository Trust Company, New York, New York (DTC).

Delivery of the Bonds

The county will prepare the bonds at its expense and will deliver the registered bonds to DTC on or about June 9, 2010.

Legal Opinion

The bonds will be sold subject to the legal opinion of Triplett, Woolf & Garretson, LLC, Wichita, Kansas, bond counsel, whose fees will be paid by the county.

Financial Matters

The county's current assessed valuation for purposes of calculating statutory debt limitations is \$399,675,609. As of June 1, 2010, the county's total outstanding general obligation debt (including the bonds) is \$10,430,000, which excludes bonds outstanding in the amount of \$3,710,000, which will be retired out of the proceeds of the bonds herein offered for sale. The county's total indebtedness that is subject to debt limitation, as of June 1, 2010, is estimated to be \$3,647,489, which is 2.61 percent of the assessed valuation of the county.

Additional Information

For additional information, contact the county clerk at the address and telephone number shown below, or the financial advisor, Tom Kaleko, Springsted Incorporated, 9229 Ward Parkway, Suite 104, Kansas City, MO 64114, (816) 333-7294.

**Commission for the Deaf and
Hard of Hearing****Request for Comments**

The Kansas Commission for the Deaf and Hard of Hearing (KCDHH) is soliciting comments regarding a proposed registry policy and skill standards for sign language interpreters. Pursuant to K.S.A. 75-5393, the Kansas Commission for the Deaf and Hard of Hearing has established a registry policy pertaining to the qualification and certification of individuals who represent themselves as interpreters for the deaf, hard of hearing and deaf-blind in the state of Kansas.

The purpose of this policy is to provide a means of locating and hiring qualified interpreters for the deaf, deaf-blind and hard of hearing. The policy includes an explanation of the criteria and skill standards for interpreters for the deaf, deaf-blind and hard of hearing registered with the Kansas Commission for the Deaf and Hard of Hearing. The registry is a public document that will be available on the KCDHH Web site. It is not mandated for the interpreters to register with KCDHH.

The proposed policy requires a public comment period of 45 days. To receive a copy of the proposed policy, contact the KCDHH office, 9th Floor North, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612, (785) 246-5077, or by e-mail to Rebecca.Rosenthal@srs.ks.gov.

Direct written comments, questions or requests for a public hearing regarding the proposed policy to Rebecca Rosenthal at the contact information above. The comment period regarding the proposed policy will conclude June 20.

Rebecca J. Rosenthal
Executive Director

Kansas Development Finance Authority**Notice of Hearing**

A public hearing will be conducted at 9 a.m. Thursday, May 20, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the projects numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

Project No. 000784—Maximum Principal Amount: \$108,000. Owner/Operator: Craig and Alaine Galle. Description: Acquisition of 80 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Craig and Alaine Galle and is located at the South Half of the Northeast Quarter of Sec-

tion 2, Township 21 South, Range 2 West, McPherson County, Kansas, approximately 3 miles north, 1 mile east and .5 mile north of Moundridge.

Project No. 000786—Maximum Principal Amount: \$1442000. Owner/Operator: Virel L. and Angielia Baerg. Description: Acquisition of 320 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Virel L. and Angielia Baerg and is located at the East Half of Section 10, Township 22 South, Range 10 West, Reno County, Kansas, approximately 13 miles west of Sterling on 95th Street.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the projects may be obtained by contacting the KDFA.

**Department of Revenue
Division of Motor Vehicles****Notice of Intent to Establish a New Line-Make for
an Existing New Motor Vehicle Dealer**

Notice has been received from Mitsubishi Fuso Truck of America, Inc., a manufacturer doing business with Donovan Auto & Truck Center, Inc., Kansas Dealer #956, that it will be adding the Mitsubishi Fuso line-make to its location and at 5880 W. Hendryx St., Wichita, Kansas, 67209, which is the same location for proposed selling of the new line-make.

Pursuant to K.S.A. 8-2430(a)(5), any existing new motor vehicle dealer may protest the proposed addition of the new line-make at Donovan Auto & Truck Center, Inc., if that existing new motor vehicle dealer has a franchise agreement for the same line-make vehicle as that which is to be sold or offered for sale by Donovan Auto & Truck Center, Inc., at 5880 W. Hendryx St., Wichita, Kansas, and provided that the existing new motor vehicle dealer is physically located such that its relevant market area, as defined in K.S.A. 8-2430(e), includes the location where the new Mitsubishi Fuso dealership will be located.

Pursuant to K.S.A. 8-2430(a), any petition or complaint by any dealer with standing to protest must be filed with the Director of Vehicles within 30 days of this notice. Such petitions or complaints must be directed to the Kansas

State of Kansas

Kansas State Treasurer

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Monday, July 12, in Room 201, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider amendments to K.A.R. 3-3-2 governing the Kansas Housing Loan Program.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to Scott Gates, General Counsel, Kansas State Treasurer’s Office, Room 201, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612-1235, or by e-mail to scott@treasurer.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Scott Gates at (785) 296-5317 or TTY (800) 766-3777, or scott@treasurer.ks.gov. Handicapped parking is located at the north entrance to the building, and the north entrance is accessible.

Summary of the proposed regulation:

K.A.R. 3-3-2 is being amended to implement 2010 Senate Bill 382. The maximum home value for the program has been raised from \$159,173 to \$287,434. The State Treasurer’s Office will monitor changes to the average home values in Section 143(e) of the Internal Revenue Codes and adjust these regulations as needed in the future. The date that all of the \$55 million for this program will be available for loans state-wide instead of reserving \$25.25 million for homes located in the cities of Chanute, Coffeyville, Erie, Fredonia, Greensburg, Independence, Iola, Neodesha or Osawatomie has been advanced from July 1, 2011 to December 31, 2010.

Copies of the proposed regulation and the economic impact statement may be obtained from the State Treasurer’s Office at the address above, by calling (785) 296-3171, or on the Web at http://www.kansasstatetreasurer.com/prodweb/housing_loan_regs.php.

Article 55.—RESPIRATORY THERAPY

100-55-7. Continuing education; license renewal.

(a) Each licensee shall submit documented evidence of completion of at least 12 contact hours of continuing ed-

ucation since April 1 of the previous year, before or with the request for renewal.

(b) Any licensee who suffered an illness or injury that made it impossible or extremely difficult to reasonably obtain the required contact hours may be granted an extension of not more than six months.

(c) Each respiratory therapist initially licensed after September 30 and before the following March 31 shall be exempt from the continuing education required by subsection (a) for the first renewal period.

(d) A contact hour shall be 50 minutes of instruction or its equivalent.

(e) The purpose of continuing education shall be to provide evidence of continued competency in the advancing art and science of respiratory therapy. All program objectives, curricular content, presenter qualifications, and outcomes shall be subject to review. Contact hours shall be determined based on program content, outcomes, and participant involvement.

(f) Continuing education shall be acquired from the following:

(1) Offerings approved by the American association of respiratory care. Any licensee may obtain all contact hours from any continuing education offerings approved by the American association of respiratory care and its state affiliates, subject to the limitations specified in paragraphs (f)(2) through (f)(8).

(2) Seminars and symposiums. At least six contact hours shall be obtained each reporting year from seminars or symposiums that provide for direct interaction between the speakers and the participants. A seminar shall mean directed advanced study or discussion in a specific field of interest. A symposium shall mean a conference of more than a single session organized for the purpose of discussing a specific subject from various viewpoints and by various speakers.

(3) Nontraditional or alternative educational programs. A nontraditional or alternative educational program shall be defined as one that is not presented in the typical conference setting. Educational programs may be provided by any print medium or presented through the internet or other electronic medium. The licensee shall submit proof of successful completion of a test administered as part of the nontraditional or alternative educational program. A maximum of six contact hours each reporting year may be obtained from nontraditional or alternative educational programs.

(4) Clinical instruction. Clinical instruction shall mean the education and evaluation of a respiratory therapy student in the clinical setting. A maximum of three contact hours may be given for clinical instruction.

(5) Presentations of a seminar or a nontraditional or alternative program. Each licensee who presents a continuing education seminar or a nontraditional or alternative educational program shall receive two contact hours for each hour of presentation. No credit shall be granted for any subsequent presentations on the same subject content.

(6) Academic coursework. Successful completion of academic coursework shall mean obtaining a grade of at least C or the equivalent in any courses on respiratory

(continued)

care or other health-related field of study in a bachelor's degree program or higher educational degree program. One credit hour of academic coursework shall be equal to one contact hour of continuing education. A maximum of six contact hours may be obtained through academic coursework each reporting year.

(7) Advanced lifesaving courses. Contact hours shall be restricted to first-time attendees of advanced lifesaving courses and the associated instructor courses. Advanced lifesaving courses shall include neonatal resuscitation provider (NRP), pediatric advanced life support (PALS), neonatal advanced life support (NALS), and advanced cardiac life support (ACLS).

(8) Voluntary recertification. Each licensee who completes voluntary recertification shall receive the number of contact hours approved by the American association for respiratory care.

(g) The following shall not be eligible for continuing education credit:

(1) Learning activities in the work setting designed to assist the individual in fulfilling employer requirements, including in-service education and on-the-job training; and

(2) basic life support courses and cardiopulmonary resuscitation courses. (Authorized by K.S.A. 65-5505; implementing K.S.A. 2008 Supp. 65-5512; effective, T-88-17, July 1, 1987; effective May 1, 1988; amended Jan. 3, 1997; amended June 30, 2000; amended July 17, 2009; amended May 21, 2010.)

Kathleen Selzler Lippert
Acting Executive Director

Doc. No. 038290

State of Kansas

Department of Agriculture Division of Water Resources

Permanent Administrative Regulations

Article 1.—DEFINITIONS

5-1-4. Water flowmeter specifications. (a) Each water flowmeter required by the chief engineer, or required pursuant to a regulation adopted by the chief engineer, on or after the effective date of this regulation shall meet the following minimum requirements:

(1)(A) The water flowmeter has been certified by the manufacturer to register neither less than 98 percent nor more than 102 percent of the actual volume of water passing the water flowmeter when installed according to the manufacturer's instructions. This requirement shall be met throughout the water flowmeter's normal operating range without further adjustment or calibration.

(B) The manufacturer has certified to the chief engineer that it has an effective quality assurance program, including wet testing a random sample of production line water flowmeters with water flowmeter test equipment. The minimum number of samples to be tested shall be determined using a confidence interval of 90 percent, an expected compliance of 95 percent, and an acceptable error of two percent. The minimum number of samples of each

model that shall be tested shall be calculated by multiplying 1,300 times the annual production of that model of water flowmeter divided by Q. Q equals four times the annual production of that water flowmeter plus 1,300.

(C) The manufacturer has certified that the water flowmeter test equipment described in paragraph (a)(1)(B) has been tested annually and found accurate by standards traceable to the national institute of standards and technology (NIST). Documentation of the testing required in paragraphs (a)(1)(A) and (B) shall be maintained by the manufacturer for a period of at least five years and shall be made available to the chief engineer upon request during normal business hours.

(2) The water flowmeter shall be designed and constructed so that it will meet the following criteria:

(A) Maintain the accuracy required by the chief engineer in paragraph (a)(1)(A) through (C) and K.A.R. 5-1-9(a)(1);

(B) be protected by the following:

(i) A seal installed by the manufacturer or an authorized representative of the manufacturer; or

(ii) a way that makes it impossible to alter the totalizer reading without breaking the seal or obtaining the authorization of the manufacturer, an authorized representative of the manufacturer, or the chief engineer;

(C) clearly indicate the direction of water flow;

(D) clearly indicate the serial number of the water flowmeter;

(E) have a weatherproof register that is sealed from all water sources;

(F) have a register that is readable at all times, whether the system is operating or not;

(G) be able to be sealed by an authorized representative of the chief engineer to prevent unauthorized manipulation of, tampering with, or removal of the water flowmeter;

(H) be equipped with a manufacturer-approved measuring chamber through which all water flows. Except for positive displacement water flowmeters, full-bore electromagnetic water flowmeters, and multijet water flowmeters, flow-straightening vanes shall be installed at the upstream throat of the water flowmeter chamber. The flow-straightening vanes shall meet either of the following criteria:

(i) Be designed and installed by the manufacturer, or an authorized representative of the manufacturer; or

(ii) consist of at least three vanes that are longer, when placed parallel to the length of the pipe, than the inside diameter of the pipe, are equally spaced radially on the inner periphery of the pipe, and are wider in diametrical distance than one-fourth of the inside diameter of the pipe;

(I) be equipped with an inspection port if the straightening vanes are not designed, constructed, and installed by the manufacturer or an authorized representative of the manufacturer. The port shall be of sufficient size and placement to allow determination of the following:

(i) The proper installation of the flow-straightening vanes; and

(ii) the inside diameter of the pipe in which the water flowmeter sensor is installed;

(J) remain operable without need for recalibration to maintain accuracy throughout the operating life of the water flowmeter; and

(K) have a totalizer that meets the following criteria:

(i) Is continuously updated to read directly only in acre-feet, acre-inches, or gallons;

(ii) has sufficient capacity, without cycling past zero more than once each year, to record the quantity of water diverted in any one calendar year;

(iii) reads in units small enough to discriminate the annual water use to within the nearest 0.1 percent of the total annual permitted quantity of water;

(iv) has a dial or counter that can be timed with a stopwatch over not more than a 10-minute period to accurately determine the rate of flow under normal operating conditions; and

(v) has a nonvolatile memory.

(3) Each water flowmeter that is required to be installed by the chief engineer, or that was required to be installed as a condition of either an approval of application or an order of the chief engineer, or pursuant to a regulation adopted by the chief engineer before the effective date of this regulation, shall meet the following minimum specifications:

(A) Each water flowmeter shall be of the proper size, pressure rating, and style, and shall have a normal operating range sufficient to accurately measure the water flow passing the water flowmeter under normal operating conditions.

(B) Each water flowmeter shall meet the accuracy requirements of K.A.R. 5-1-9(a)(1). If the water flowmeter does not meet the accuracy requirements of K.A.R. 5-1-9(a)(1), then the water flowmeter shall meet either of the following criteria:

(i) Be repaired so that it meets the accuracy requirements of K.A.R. 5-1-9(a)(1); or

(ii) be replaced with a water flowmeter meeting all of the requirements of K.A.R. 5-1-4 and installed in a manner that meets the requirements of K.A.R. 5-1-6.

(b) A water flowmeter installed in the diversion works or a distribution system for a water right authorized for municipal use shall not be subject to the requirements of paragraph (a)(2)(B) if an accurate record of water use can be determined by readings from at least one alternate water flowmeter in the same diversion works or distribution system. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-706a and K.S.A. 82a-706c; effective Sept. 22, 2000; amended Oct. 24, 2003; amended May 21, 2010.)

5-1-9. Criteria to determine when a water flowmeter is out of compliance. (a) A water flowmeter shall be considered to be out of compliance if any of the following criteria is met:

(1) The water flowmeter registers less than 94 percent or more than 106 percent of the actual volume of water passing the water flowmeter. If necessary, this determination may be made by a field test conducted by, or approved by, the chief engineer.

(2) The seal placed on the totalizer by the manufacturer or the manufacturer's authorized representative has been broken, or the totalizer value has been reset or altered without the authorization of the manufacturer, an au-

thorized representative of the manufacturer, or the chief engineer.

(3) A seal placed on the water flowmeter or totalizer by the chief engineer has been broken.

(4) The water flowmeter register is not visible or is unreadable for any reason.

(5) There is not full pipe flow through the water flowmeter.

(6) Flow-straightening vanes have not been properly designed, manufactured, and installed.

(7) The water flowmeter is not calibrated for the nominal size of the pipe in which the flowmeter is installed.

(8) The water flowmeter is not installed in accordance with the manufacturer's installation specifications. However, five diameters of straight pipe above the water flowmeter sensor and two diameters below the water flowmeter sensor shall be the minimum spacing, regardless of the manufacturer's installation specifications.

(9) A water flowmeter is installed at a location at which the flowmeter does not measure all of the water diverted from the source of supply.

(b) A water flowmeter installed in the diversion works or a distribution system for a water right authorized for municipal use shall not be subject to the requirements of paragraphs (a)(2) and (3) if an accurate record of water use can be determined by readings from at least one alternate water flowmeter in the same diversion works or distribution system. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-706a and K.S.A. 82a-706c; effective Sept. 22, 2000; amended Oct. 24, 2003; amended May 21, 2010.)

Article 7.—ABANDONMENT AND TERMINATION

5-7-1. Due and sufficient cause for nonuse. (a) Each of the following circumstances shall be considered "due and sufficient cause," as used in K.S.A. 82a-718, and amendments thereto:

(1) Adequate moisture from natural precipitation exists for the production of grain, forage, or specialty crops, as determined by the moisture requirements of the specific crop.

(2) A right has been established or is in the process of being perfected for use of water from one or more preferred sources in which a supply is available currently but is likely to be depleted during periods of drought.

(3) Water is not available from the source of water supply for the authorized use at times needed.

(4) Water use is temporarily discontinued by the owner for a definite period of time to permit soil, moisture, and water conservation, as documented by any of the following:

(A) Furnishing to the chief engineer a copy of a contract showing that land that has been lawfully irrigated with a water right that has not been abandoned is enrolled in a multiyear federal or state conservation program that has been approved by the chief engineer;

(B) enrolling the water right in the water right conservation program in accordance with K.A.R. 5-7-4; or

(C) any other method acceptable to the chief engineer that can be adequately documented by the owner before the nonuse takes place.

(continued)

(5) Management and conservation practices are being applied that require the use of less water than authorized. If a conservation plan has been required by the chief engineer, the management and conservation practices used shall be consistent with the conservation plan approved by the chief engineer to qualify under this subsection.

(6) The chief engineer has previously approved the placement of the point of diversion in a standby status in accordance with K.A.R. 5-1-2.

(7) Physical problems exist with the point of diversion, distribution system, place of use, or the operator. This circumstance shall constitute due and sufficient cause only for a period of time reasonable to correct the problem.

(8) Conditions exist beyond the control of the owner that prevent access to the authorized place of use or point of diversion, as long as the owner is taking reasonable affirmative action to gain access.

(9) An alternate source of water supply was not needed and was not used because the primary source of supply was adequate to supply the needs of the water right owner.

(10) The chief engineer determines that a manifest injustice would result if the water right were deemed abandoned under the circumstances of the case.

(11) The water right is located in an area of the state that is closed to new appropriations of water by regulation or order of the chief engineer but is not closed by a safe-yield analysis.

(b) In addition to circumstances considered due and sufficient cause pursuant to subsection (a), both of the following requirements shall also be met to constitute due and sufficient cause for nonuse of water:

(1) The reason purporting to constitute due and sufficient cause shall have in fact prevented, or made unnecessary, the authorized beneficial use of water.

(2) Except for the temporarily discontinued use of water as provided by paragraph (a)(4) and for physical problems with the point of diversion or distribution system as provided by paragraph (a)(7), the owner shall maintain the diversion works in a functional condition.

(c) Each year of nonuse for which the chief engineer finds that due and sufficient cause exists shall be considered to interrupt the successive years of nonuse for which due and sufficient cause does not exist.

(d) When a verified report of the chief engineer, or the chief engineer's authorized representative, is made a matter of record at a hearing held pursuant to K.S.A. 82a-718, and amendments thereto, that establishes nonuse of a water right for five or more successive years, the water right owner shall have the burden of showing that there have not been five or more successive years of nonuse without due and sufficient cause. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-706a and K.S.A. 2009 Supp. 82a-718; modified, L. 1978, ch. 460, May 1, 1978; amended May 1, 1986; amended May 31, 1994; amended Oct. 24, 2003; amended May 21, 2010.)

Article 17.—WATER BANKING

5-17-2. Application to deposit a water right into a water bank or withdraw a deposit. (a) Each water right

owner proposing to deposit all or a portion of a water right into a water bank shall complete an application on a form prescribed by the water bank and approved by the chief engineer. The application shall be filed with the water bank on or before April 1 of the year in which the deposit will be made. A water right, or a portion of a water right, may be deposited only in increments of full calendar years. A water right shall not be eligible for deposit if water use occurred under the water right, or a portion of the water right, at any time from January 1 through March 31 of the year in which the deposit will be made. The application shall contain the following information concerning the water right, or portion of the water right, that is proposed to be deposited:

(1) The file number of the water right to be deposited;

(2) if the water right is a vested right or an appropriation right that has been certified by the chief engineer, specification of that status;

(3) the hydrologic unit from which the water right is authorized to withdraw water;

(4) the calendar years during which the water right will be on deposit. This period shall not exceed five years; and

(5) any CRP contracts that were in effect for any part of the representative past period.

(b) A water right may be withdrawn from deposit only if both of the following conditions are met:

(1) The water right has not been leased in whole or part.

(2) An application to withdraw the water right from deposit is made before July 1 of the calendar year for which the deposit has been made. Withdrawal of a water right during one calendar year also shall withdraw the water right from deposit in any subsequent years for which the water right may have been deposited. (Authorized by K.S.A. 2009 Supp. 82a-769; implementing K.S.A. 2009 Supp. 82a-763, K.S.A. 2009 Supp. 82a-764, and K.S.A. 2009 Supp. 82a-769; effective Aug. 13, 2004; amended May 21, 2010.)

Article 25.—BIG BEND GROUNDWATER MANAGEMENT DISTRICT NO. 5

5-25-15. Exemptions for up to 15 acre-feet of groundwater. Except as specified in subsections (b) and (c), an application to appropriate groundwater for up to 15 acre-feet of water shall be approved if all of the conditions in subsection (a) are met.

(a) (1) The sum of the annual quantity of water requested by the new application and the total annual quantities authorized by prior approvals of applications because of an exemption pursuant to this regulation does not exceed 15 acre-feet in a one-mile-radius circle surrounding the proposed point of diversion.

(2) The application meets the spacing criteria set forth in K.A.R. 5-25-2.

(3) The approval of an application will not authorize an additional quantity of water from an existing non-domestic vested right, permit, or water right that would result in a total combined annual quantity of water authorized from the point of diversion in excess of 15 acre-feet.

(4) The applicant demonstrates that approval of up to 15 acre-feet of water will not impair existing water rights or permits to appropriate water for beneficial use and will

not prejudicially and unreasonably affect the public interest.

(5) All requirements of K.S.A. 82a-709 and K.S.A. 82a-711, and amendments thereto, and K.A.R. 5-3-1 and K.A.R. 5-3-1b for processing a new application to appropriate water have been met.

(b) Exemptions to approve a new application to appropriate water in accordance with this regulation shall not be approved if the exemption would conflict with any provisions of an intensive groundwater use control area order issued by the chief engineer pursuant to K.S.A. 82a-1036 through K.S.A. 82a-1040, and amendments thereto.

(c) In addition to meeting the conditions in subsection (a), each application to appropriate groundwater for beneficial use shall meet the requirements of subsection (d) if the application includes a proposed point of diversion located within the boundaries of any of the following drainage basins as defined in K.A.R. 5-6-15:

- (1) Rattlesnake Creek basin;
- (2) Arkansas River basin;
- (3) Walnut Creek basin;
- (4) Pawnee River basin; and
- (5) Buckner Creek basin.

(d) The following requirements shall apply to the applications described in subsection (c):

(1) The maximum annual quantity of water proposed in the application shall be 15 acre-feet or less.

(2) The proposed point of diversion shall meet the spacing criteria provided in K.A.R. 5-25-2.

(3) The authorized quantity of an existing water right shall be reduced, as provided in paragraph (d)(7), to offset the annual quantity requested in paragraph (d)(1), and the existing water right shall divert water from the same source of water supply that has a point of diversion located according to either of the following:

(A) Within 3.5 miles of the proposed point of diversion; or

(B) within a one-mile corridor of the major stream segment designated for stream restoration in the same basin of the proposed point of diversion.

(4) The point of diversion proposed through an offset shall not be closer to a stream than the point of diversion reduced pursuant to paragraph (a)(3) if the authorized well is within three miles of a stream.

(5) All issues relating to the possible abandonment of the offsetting water right shall be resolved by the chief engineer before determining the annual quantity of offset water that is available from the existing water right.

(6) The approval of the application shall not authorize an additional quantity of water to be used on a currently authorized nondomestic place of use.

(7) If the water right to be used as the offset for the new appropriation is a water right authorized for irrigation use, the authorized quantity of water needed to offset the new appropriation of not more than 15 acre-feet of water shall be calculated as follows:

(A) Step one.

(i) Multiply the net irrigation requirement for the 50 percent chance rainfall for the county of origin, as specified in K.A.R. 5-5-12, times the maximum number of acres legally irrigated in any one calendar year during the perfection period. For vested rights, the acreage used shall

be the maximum acreage legally irrigated in any one calendar year before June 28, 1945.

(ii) The calculation made in paragraph (d)(7)(A)(i) shall result in the maximum annual quantity of water that could be changed to another type of beneficial use if the entire water right were changed pursuant to K.A.R. 5-5-9(a)(1).

(B) Step two.

(i) Divide the annual quantity of water desired to be changed to the new beneficial use by the maximum annual quantity of water that could be changed if the entire water right were changed to the new use.

(ii) The calculation made in paragraph (d)(7)(B)(i) shall result in the percentage of the entire reduced water right that will be changed to the new use. The remaining percentage of the offsetting water right may be retained by the owner of the irrigation water right.

(C) Step three.

(i) Multiply the remaining percentage calculated in paragraph (d)(7)(B)(ii) times the total currently authorized quantity. The resulting product shall be the annual quantity of water that may be retained by the owner of the irrigation water right.

(ii) The portion of the authorized annual quantity of water not retained by the irrigator as described in paragraph (d)(7)(C)(i) shall be permanently reduced from the authorized annual quantity of the offsetting water right and used to offset the new appropriation.

(8) If the water right to be used as the offset for the new appropriation is an existing water right authorized for non-irrigation use, the total net consumptive use of the offsetting water right after the change and the new appropriation shall not exceed the net consumptive use of the offsetting water right before the change.

(9) The place of use authorized by the offsetting water right for irrigation shall be reduced in proportion to the reduction in the maximum annual quantity of water as determined in paragraph (d)(7)(A)(ii). The directions specified in K.A.R. 5-5-11(b)(2)(B)(ii) shall be followed to determine the number of acres that may be retained.

(e) After the application has been approved pursuant to this regulation, no application to change that water right shall be approved if that approval would authorize the water use to be diverted from any other point of diversion authorized when the application is filed or to be used on any other place of use authorized when the application for change is filed.

(f) An application approved as an exemption under this regulation shall not be leased or placed in a water bank so that the approved water use can be diverted at another location. (Authorized by K.S.A. 82a-706a and K.S.A. 2009 Supp. 82a-1028; implementing K.S.A. 82a-706, K.S.A. 82a-706a, K.S.A. 2009 Supp. 82a-711, and K.S.A. 2009 Supp. 82a-1028; effective Oct. 31, 2003; amended May 21, 2010.)

David W. Barfield, P.E.

Chief Engineer

Division of Water Resources

Doc. No. 038295

State of Kansas

Real Estate Appraisal Board

Permanent Administrative
Regulations

Article 6.—CONTINUING EDUCATION

117-6-1. Continuing education; renewal requirements. (a)(1) The continuing education requirement for renewal of any license or certificate for the provisional, licensed, residential, or general classification that has been in force for one year or more shall be a total of 28 hours, which may be averaged over each two-year education cycle as defined in paragraph (a)(5) and as provided in paragraph (a)(6).

(2) The continuing education requirement for renewal of any license or certificate for the provisional, licensed, residential, or general classification that has been in force for less than one year but more than 184 days shall be a total of 14 hours, completed on or after the original date of issuance of the license or certificate.

(3) The continuing education requirement for renewal of any license or certificate for the provisional, licensed, residential, or general classification that has been in force for 184 days or less shall be a total of two hours, completed on or after the original date of issuance of the license or certificate.

(4) Each course for which credit is requested shall have received the approval of the board or approval of the appraisal licensing agency of the state in which the course was held for renewal of the applicable classification before the completion of the course.

(5) The two-year education cycle shall commence on July 1 of each odd-numbered year and end on June 30 of the next odd-numbered year.

(6) Within every two-year education cycle, each certified or licensed appraiser required to complete 14 or more continuing education hours shall attend a seven-classroom-hour national uniform standards of professional appraisal practice update course, or its equivalent.

(b) An appraiser shall not receive continuing education credit for a course for which the appraiser received credit toward the original classroom-hour requirement specified in K.A.R. 117-2-1, 117-3-1, or 117-4-1, except for the course on the uniform standards of professional appraisal practice and updates of the course. However, if a licensed or certified appraiser receives credit for a course to apply toward a higher classification, the appraiser may also receive continuing education credit for the course if it is approved by the board or by the appraisal licensing agency of the state in which the course was held for continuing education credit.

(c)(1) Up to one-half of an individual's continuing education credit may also be granted for participation, other than as a student, in appraisal educational processes and programs. Activities for which credit may be granted shall include any of the following:

(A) Teaching of appraisal courses. Credit for any course or seminar shall be awarded only once during each two-year continuing education cycle;

(B) program development;

(C) attendance at a state appraiser regulatory agency meeting, according to the following requirements:

(i) Credit shall be granted for attendance at no more than one meeting per education cycle;

(ii) the meeting shall be at least two hours in length; and

(iii) total credit shall not exceed seven hours;

(D) authorship of textbooks; or

(E) similar activities that are determined by the board to be equivalent to obtaining continuing education.

(2) Each appraiser seeking credit for attendance at or participation in an educational activity that was not previously accredited shall submit to the board a request for credit, which shall include the following information:

(A) A description of the activity;

(B) the date or dates of the activity;

(C) the subject or subjects covered;

(D) the name of each instructor and the instructor's qualifications; and

(E) any other relevant information required by the board. Within 30 days after receipt of this request, the appraiser shall be advised by the board in writing whether credit is granted and what amount of continuing education credit will be allowed. Either the sponsor or appraiser shall submit a separate request for approval of each continuing education activity.

(d) It shall be the appraiser's responsibility to keep track of that individual's continuing education credit. At the time of renewal of a license or certificate, the appraiser shall provide verification of completion of continuing education by affidavit to the board.

(1) The affidavit shall contain a statement of continuing education courses completed by the appraiser.

(2) The appraiser shall list all courses completed on the affidavit.

(3) The appraiser shall retain all course completion certificates for five years and shall make the certificates available to the board for review upon request.

(e) If any appraiser requests credit according to subsection (c), the appraiser shall submit a detailed description of the activities with the application for renewal on a form obtained from the board. (Authorized by K.S.A. 2008 Supp. 58-4105(a) and K.S.A. 58-4109; implementing K.S.A. 58-4109, K.S.A. 2008 Supp. 58-4112, and K.S.A. 2008 Supp. 58-4117; effective Jan. 21, 1991; amended, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended May 24, 1993; amended July 25, 1994; amended Feb. 6, 1995; amended Jan. 9, 1998; amended July 16, 1999; amended May 17, 2002; amended May 23, 2003; amended Sept. 1, 2006; amended Jan. 1, 2008; amended April 4, 2008; amended July 10, 2009; amended May 21, 2010.)

117-6-3. Education; obtaining course approval. (a) To request board approval of a course to meet any education requirement of the act or portion of it, for each course the sponsor shall perform the following:

(1) Appoint a coordinator, who shall monitor the course and ensure compliance with the appropriate statutes and regulations;

(2) submit all information, materials, and fees required by the board for course approval at least 30 days before the first scheduled class session, including the following:

(A) A completed application for course registration on a form prescribed by the board;

(B) the procedure for maintaining attendance records;

(C) the proposed dates and times of the course offering;

(D) the total amount of the attendance fee;

(E) the total number of class sessions and the length of time per session;

(F) the total number of hours in the course and the number of credit hours requested;

(G) if approval of the course is requested according to K.A.R. 117-2-1, 117-3-1, or 117-4-1, the amount of time allotted for the required examination;

(H) a course syllabus, including a detailed course outline and course objectives;

(I) an instructor resume, demonstrating that the instructor meets the qualifications in relation to knowledge of the subject matter and ability to teach;

(J) the methods of instruction or teaching techniques to be used in the course;

(K) a copy of any textbook or manual that will be used;

(L) a copy of all handout materials that will be used; and

(M) the course approval fee prescribed by K.A.R. 117-7-1.

(b) For continuing education purposes, each instructor shall demonstrate knowledge of the subject matter as indicated by either of the following:

(1) A college degree in an academic area related to the course; or

(2) at least three years of experience in a subject area directly related to the course.

(c) For prelicensing education or qualifying education purposes, according to K.A.R. 117-2-1, 117-3-1, and 117-4-1, each instructor shall demonstrate knowledge of the subject matter as indicated by any of the following:

(1) A current appraiser's license or certification pursuant to K.S.A. 58-4109(a)(1), (2), or (3), and amendments thereto;

(2) a current appraiser's license or certification issued by another state;

(3) a college degree in an academic area related to the course; or

(4) Evidence of completion of all the required courses specified in K.A.R. 117-2-1, 117-3-1, or 117-4-1 within the past five years; and

(B) an appraisal log sheet that shows the equivalent of two years of appraisal experience within the past five calendar years in the subject area related to the course. One thousand hours shall constitute one year of appraisal experience.

(d) For purposes of continuing education or prelicensing education on the "uniform standards of professional appraisal practice" (USPAP), the only courses that will be accepted by the board for either prelicensing or continuing education shall be the "national uniform standards of professional appraisal practice" and "national uniform standards of professional appraisal practice update" courses that meet any of the following conditions:

(1) Have been developed by the appraisal foundation;

(2) have been approved by the board as being equivalent to these courses; or

(3) have been approved by the appraisal foundation as being equivalent to these courses, if the requirements of subsections (a), (b), and (c) have been met.

Each instructor shall have a current certified residential or certified general classification in this or any other jurisdiction and be certified as a USPAP instructor by the appraiser qualifications board.

(e) For prelicensing education or qualifying education purposes, according to K.A.R. 117-2-1, 117-3-1, and 117-4-1, the ability to teach effectively shall be demonstrated by one of the following:

(1) Within the preceding two years, completing a board-approved program for instructors that is designed to develop the ability to communicate;

(2) holding a current teaching certificate issued by any state department of education or an equivalent agency;

(3) holding a four-year undergraduate degree in education; or

(4) having experience teaching in schools, seminars, or in an equivalent setting.

(f) Each instructor shall perform the following:

(1) Comply with all laws and regulations pertaining to appraiser continuing education;

(2) provide students with the most current and accurate information;

(3) maintain an atmosphere conducive to learning in a classroom; and

(4) provide assistance to the students and respond to questions relating to course material.

(g) Course approvals shall expire on December 31 of each year. By November 1 a notification that includes the necessary forms shall be sent by the board, informing each sponsor that an application for renewal is necessary. The course renewal applications and necessary forms shall be received by the board before April 1, or the course approvals shall not be renewed. After notice and opportunity for a hearing, course approval or renewal of a course approval may be denied or revoked by the board under either of the following conditions:

(1) The course sponsor procured or attempted to procure course approval by knowingly making a false statement, submitting false information, or refusing to provide complete information in response to a question in an application for course approval or renewal of course approval.

(2) The course sponsor engages in any form of fraud or misrepresentation.

(h) The sponsor shall not advertise a course as approved unless written approval has been granted by the board.

(i) The sponsor shall conduct each course in a classroom or other facility that is adequate to comfortably accommodate the number of students enrolled.

(j) Each sponsor shall maintain, for at least five years, accurate records relating to course offerings, instructors, and student attendance. If a sponsor ceases operations, the coordinator appointed under paragraph (a)(1) shall be responsible for maintaining the records or providing a custodian acceptable to the board.

(k) Each sponsor shall provide each student with a certificate of completion within seven days of the date on

(continued)

which the student completes the course. The sponsor may require payment of course tuition as a condition for completing the course. (Authorized by and implementing K.S.A. 2008 Supp. 58-4105; effective Jan. 21, 1991; amended, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended May 3, 1996; amended Jan. 9, 1998; amended Nov. 30, 1998; amended April 21, 2000; amended June 15, 2001; amended May 23, 2003; amended Feb. 4, 2005; amended May 21, 2010.)

Permanent Administrative Regulations

Article 4.—BIG GAME

115-4-4. Big game; legal equipment and taking methods. (a) Hunting equipment for the taking of big game during a big game archery season shall consist of the following:

(1) Archery equipment.

(A) Each bow shall be hand-drawn.

(B) No bow shall have a mechanical device that locks the bow at full or partial draw.

(C) Each bow shall be designed to shoot only one arrow at a time.

(D) No bow shall have any electronic device attached to the bow or arrow, with the exception of lighted pin, dot, holographic sights, or illuminated nocks.

(E) Each arrow used for hunting shall be equipped with a broadhead point incapable of passing through a ring with a diameter of three-quarters of an inch when fully expanded. A big game hunter using archery equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take big game animals.

(F) No bow with less than 50 pounds of draw weight shall be used to archery hunt for elk.

(2) Crossbows and locking draws as authorized under K.A.R. 115-18-7.

(b) Hunting equipment for the taking of big game during a big game muzzleloader-only season shall consist of the following:

(1) Archery equipment as authorized in subsection (a);

(2) muzzleloading rifles and muskets that can be loaded only through the front of the firing chamber with separate components and that fire a bullet of .39 inches in diameter or larger, except for the hunting of elk, which shall require a bullet of .49 inches in diameter or larger; and

(3) single barrel muzzleloading pistols .45 caliber or larger that have a barrel length of 10 inches or greater and can be loaded only through the front of the barrel with separate components, except for the hunting of elk, which shall require a bullet of .49 inches in diameter or larger. Only hard-cast solid lead, conical lead, or sabot bullets shall be used with muzzleloading pistols.

(c) Hunting equipment for the taking of big game during a big game firearm season shall consist of the following:

(1) Archery equipment as authorized in subsection (a);

(2) muzzleloader-only season equipment as authorized in subsection (b);

(3) centerfire rifles and handguns that are not fully automatic, that fire a bullet larger than .23 inches in diameter, and that use a cartridge case that is 1.280 inches or more in length, while using only hard-cast solid lead, soft point, hollow point, or other expanding bullets, except for the hunting of elk, which shall require a bullet larger than .25 inches in diameter and a cartridge case that is 1.75 inches or more in length;

(4) shotguns using only slugs of 20 gauge or larger, except that the hunting of elk shall require a slug of 12 gauge or larger; and

(5) crossbows of not less than 125 pounds of draw weight, using arrows not less than 16 inches in length that are equipped with broadhead points incapable of passing through a ring with a diameter of three-quarters of an inch when fully expanded. A big game hunter using archery equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take big game animals.

(d) Accessory equipment.

(1) Each individual hunting deer or elk during a firearms deer or elk season and each individual assisting an individual hunting deer or elk as authorized by K.A.R. 115-4-2 or K.A.R. 115-18-15 during a firearms deer or elk season shall wear clothing of a bright orange color having a predominant light wavelength of 595-605 nanometers, commonly referred to as daylight fluorescent orange, hunter orange, blaze orange, or safety orange. This bright orange color shall be worn as follows:

(A) A hat with the exterior of not less than 50 percent of the bright orange color, an equal portion of which is visible from all directions; and

(B) a minimum of 100 square inches of the bright orange color that is on the front of the torso and is visible from the front and a minimum of 100 square inches that is on the rear of the torso and is visible from the rear.

(2) Nonelectric calls, lures, and decoys, except live decoys, shall be legal while hunting big game.

(3) Any individual may use blinds and stands while hunting big game.

(4) Optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light may be used.

(5) Any range-finding device, if the device does not project visible light toward the target, may be used.

(6) Devices capable of dispensing chemicals to take big game animals shall not be used.

(e) Big game permittees shall possess hunting equipment while hunting only as authorized by this regulation and by the most restrictive big game permit in possession while hunting.

(f) Shooting hours for deer, antelope, and elk during each day of any deer, antelope, or elk hunting season shall be from one-half hour before sunrise to one-half hour after sunset.

(g) Horses and mules may be used while hunting big game, except that horses and mules shall not be used for herding or driving elk. (Authorized by K.S.A. 32-807 and K.S.A. 2009 Supp. 32-937; implementing K.S.A. 32-807, K.S.A. 2009 Supp. 32-937, K.S.A. 2009 Supp. 32-1002, and K.S.A. 32-1015; effective June 1, 2001; amended April 19, 2002; amended April 22, 2005; amended June 2, 2006; amended April 13, 2007; amended April 11, 2008; amended May 21, 2010.)

115-4-4a. Wild turkey; legal equipment and taking methods. (a) Hunting equipment for the taking of wild turkey during a wild turkey archery season shall consist of the following:

(1) Archery equipment.

(A) Each bow shall be hand-drawn.

(B) No bow shall have a mechanical device that locks the bow at full or partial draw.

(C) Each bow shall be designed to shoot only one arrow at a time.

(D) No bow shall have any electronic device attached to the bow or arrow, with the exception of lighted pin, dot, holographic sights, or illuminated nocks.

(E) Each arrow used for hunting shall be equipped with a broadhead point incapable of passing through a ring with a diameter of three-quarters of an inch when fully expanded. A wild turkey hunter using archery equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take wild turkeys.

(2) Crossbows and locking draws as authorized under K.A.R. 115-18-7.

(b) Hunting equipment for the taking of wild turkey during a wild turkey firearm season shall consist of the following:

(1) Archery equipment as authorized in subsection (a);

(2) shotguns and muzzleloading shotguns not less than 20 gauge and using only size two shot through size nine shot; and

(3) only during the spring wild turkey firearm season, crossbows of not less than 125 pounds of draw weight, using arrows not less than 16 inches in length that are equipped with broadhead points incapable of passing through a ring with a diameter of three-quarters of an inch when fully expanded. A wild turkey hunter using crossbow equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take wild turkeys.

(c) Legal accessory equipment for the taking of wild turkey during any wild turkey season shall consist of the following:

(1) Nonelectric calls, lures, and decoys, except live decoys;

(2) blinds and stands;

(3) range-finding devices, if the devices do not project visible light toward the target; and

(4) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light.

(d) Each wild turkey permittee shall possess hunting equipment while hunting only as authorized by this regulation and by the most restrictive wild turkey permit or game tag in possession while hunting.

(e) Shooting hours for wild turkey during each day of any turkey hunting season shall be from one-half hour before sunrise to sunset.

(f) Each individual hunting turkey shall shoot or attempt to shoot a turkey only while the turkey is on the ground or in flight.

(g) Dogs may be used while hunting turkey, but only during the fall turkey season. (Authorized by K.S.A. 32-807 and K.S.A. 2009 Supp. 32-969; implementing K.S.A. 32-807, K.S.A. 2009 Supp. 32-969, and K.S.A. 2009 Supp. 32-1002; effective April 22, 2005; amended April 13, 2007; amended April 11, 2008; amended May 21, 2010.)

Article 18.—SPECIAL PERMITS

115-18-7. Use of crossbows and locking draws for big game and wild turkey hunting by persons with disabilities; application, permit, and general provisions. (a) Each permanently disabled person qualified to hunt deer, antelope, elk, or wild turkey with a crossbow and desiring to obtain a crossbow and locking draw permit shall apply to the secretary on forms provided by the department. Each applicant shall provide the following information:

(1) Name of applicant;

(2) address;

(3) a physician's signed report, on forms provided by the department, describing the permanent disability and certifying the applicant physically incapable of using a bow; and

(4) other relevant information as required by the secretary.

(b) Each person with a temporary disability who would be qualified to hunt deer, antelope, elk, or wild turkey with a crossbow if the disability were permanent and who desires to obtain a temporary crossbow and locking draw permit shall apply to the secretary on forms provided by the department. Each applicant shall provide the following information:

(1) Name of applicant;

(2) address;

(3) a physician's signed report, on forms provided by the department, describing the disability, certifying the applicant physically incapable of using a bow, and estimating the time period that the person is likely to be subject to the disability; and

(4) other relevant information as required by the secretary.

Each temporary permit shall expire no more than three years from the date of issuance and shall state the expiration date on the face of the permit.

(c) Any applicant may be required by the secretary to obtain, at the department's expense, a report from a second physician chosen by the secretary.

(d) A crossbow and locking draw permit or temporary permit may be refused issuance or may be revoked by the secretary for any of the following reasons:

(1) The disability does not meet qualifications for the permit.

(2) The application is incomplete or contains false information.

(continued)

(3) The disability under which the permit was issued no longer exists.

(e) A crossbow and locking draw permit or temporary permit shall be valid statewide.

(f) Any crossbow and locking draw permittee may use a crossbow or bow equipped with a locking draw for hunting deer, antelope, elk, or wild turkey during any archery season established by the secretary for the big game species or wild turkey being hunted by the permittee. This provision shall be subject to the applicable regulations governing archery hunting of that big game species or wild turkey, including possession of a valid hunting permit issued by the department for that big game species or wild turkey, if required.

(g) Legal equipment for hunting any big game or wild turkey by crossbow shall consist of the following:

(1) Crossbows of not less than 125 pounds of draw weight;

(2) arrows not less than 16 inches in length, equipped with broadhead points incapable of passing through a ring with a diameter smaller than three-quarters of an inch when fully expanded;

(3) lighted pin, dot, or holographic sights attached to the bow, but no other electronic or chemical device attached to the crossbow or arrow;

(4) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light; and

(5) range-finding devices, if the system does not project visible light toward the target.

(h) Legal equipment for hunting any big game or wild turkey using a bow equipped with a locking draw shall consist of legal archery equipment as specified in K.A.R. 115-4-4, except that the bow may have a mechanical device that locks the bow at full or partial draw.

(i) Any person may assist the holder of a crossbow permit or a temporary crossbow permit during the permittee's hunting activity. A person assisting a holder of a permit shall not perform the actual shooting of the crossbow for the permittee.

(j) A big game or wild turkey hunter using crossbow equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take wild turkeys or big game animals. (Authorized by K.S.A. 32-807, K.S.A. 2009 Supp. 32-919, and K.S.A. 2009 Supp. 32-932; implementing K.S.A. 2009 Supp. 32-932; effective Oct. 30, 1989; amended, T-115-9-9-97, Sept. 9, 1997; amended Dec. 29, 1997; amended Oct. 1, 1999; amended April 19, 2002; amended Feb. 18, 2005; amended April 11, 2008; amended May 21, 2010.)

J. Michael Hayden
Secretary of Wildlife and Parks

Doc. No. 038288

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended and revoked administrative regulations and the volume and page number of the *Kansas Register* issue in which more information can be found. Temporary regulations are designated with a (T) in the Action column. This cumulative index supplements the 2006 Volumes and the 2008 Supplement of the *Kansas Administrative Regulations*.

AGENCY 1: DEPARTMENT OF ADMINISTRATION

Reg. No.	Action	Register
1-2-64	New	V. 28, p. 1338
1-2-65	New	V. 28, p. 1338
