Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

This represents an increase in 7.0 animal units from the previous permit due to a facility change in operations.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before February 26 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-11-016/120) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and

## State of Kansas

### Board of Education

#### Notice of Hearing on Proposed Administrative Regulations

The State Board of Education will conduct a public hearing at 1:30 p.m. Tuesday, April 12, in the board room of the State Education Building, 120 S.E. 10th Ave., Topeka, to consider proposed amendments to teacher licensure regulations K.A.R. 91-1-200, 91-1-201, 91-1-202, 91-1-203, 91-1-204, 91-1-214, 91-1-230, 91-1-231, 91-1-232, 91-1-235 and 91-1-236. A summary of the proposed regulations and their economic impact follows:

**K.A.R. 91-1-200.** This regulation provides the definitions for terms used throughout the regulations. It is being amended to adjust the definitions for approved program and alternative teacher education program.

No economic impact is anticipated for the State Board of Education, school districts, other governmental entities, private businesses or individuals.

**K.A.R. 91-1-201.** This regulation establishes the types of licenses issued by the state board, the validity period and the grade levels associated with each type of license. It is being amended to remove the restricted district leadership license and to edit language for the restricted teaching license.

No economic impact is anticipated for the State Board of Education, school districts, other governmental entities, private businesses or individuals.

**K.A.R. 91-1-202.** This regulation establishes the endorsements that are available for teaching, school specialist and school leadership licenses. The regulation is amended to reflect a name change for the endorsements history and government (grades 6-12), and history, comprehensive (grades 5-8).

No economic impact is anticipated for the State Board of Education, school districts, other governmental entities, private businesses or individuals.

**K.A.R. 91-1-203.** This regulation establishes the requirements for each type of license issued by the State Board of Education. The requirements for a direct entry school counselor license are enhanced. New language for a transitional teaching license establishes new requirements for access to this license. The restricted teaching license requirements are updated and the restricted district leadership license has been deleted.

Enhancements to the direct entry counselor license provide an additional option to higher education institutions to utilize a clock hour option versus semester credit hours in providing required additional field experiences. An amendment to the transitional license provides access to

this license only after the full teaching license has been expired for six months or longer. This clarifies the original intent and purpose for the transitional license, which is to allow immediate access to teaching for educators that have been out of practice and whose full license has expired, while also providing time for them to complete requirements for reinstating the full license. The restricted teaching license is utilized by individuals who are completing the alternative pathway to teaching. They hold a degree in or meet major coursework requirements in the subject they want to teach and are hired to teach full time while completing their professional education requirements. The regulation requirements for the license have been updated to ensure that individuals are appropriately qualified prior to placement with children in a classroom. The restricted district leadership license is not being utilized and amendments delete this license type from the regulations.

No economic impact is anticipated for the State Board of Education, governmental agencies, private businesses or school districts. However, individuals completing a direct entry school counselor program may incur less cost in completing their counselor program because the institution does not have to require semester credit hour enrollment to complete the additional required field experiences.

**K.A.R. 91-1-204.** This regulation establishes the requirements for out-of-state applicants. Amendments address the requirements to receive an interim alternative teaching license. The license is available for licensed teachers from out-of-state who achieved their teaching license through completing an alternative teacher preparation pathway.

The proposed amendments are based on input and information gathered since the implementation of the interim alternative license. Amendments delete a section of the regulation in order to allow a licensed out-of-state teacher whose alternative pathway program followed the Kansas restricted license model to receive the initial teaching license rather than the interim alternative license as their first Kansas license. The remaining sections of the regulation will continue to require applicants whose alternative program did not follow the Kansas restricted license model to receive the interim alternative license as their first Kansas license. Additional edits clarify the process for obtaining and upgrading the interim alternative license.

No economic impact is anticipated for the State Board of Education, other governmental agencies, school districts, private businesses or individuals.

**K.A.R. 91-1-214.** This regulation establishes the requirements and processes for criminal history records checks for licensure applicants. Proposed edits establish the requirement for a fingerprint based criminal history check for renewal of a license.

Since 2002, all applicants for an initial Kansas license or for renewal of a license expired for more than six months have been required to submit fingerprints for the purpose of conducting a criminal history records check through the KBI against KBI and FBI files and records. A license is issued only upon receipt of appropriate clearance reports. Teachers licensed prior to 2002 who have

continuously maintained a valid license have never been required to complete this process. Edits remove the "expired" license requirement, thus requiring this process to occur with the submission of all renewal applications. This ensures that all licensed teachers will undergo a fingerprint based criminal history check throughout their career and will be held accountable for any actionable offenses.

No economic impact is anticipated for the State Board of Education, other governmental agencies, private businesses or school districts. The cost of renewing a teaching license for currently licensed educators would increase. Applicants must submit a fee for a criminal history records check. The current fee to conduct the fingerprint records check is \$50. The Kansas Department of Education does not retain any portion of the fee and the cost is established by the KBI.

**K.A.R. 91-1-230, 91-1-231, 91-1-232, 91-1-235 and 91-1-236.** This set of regulations establishes the requirements and procedures followed by the Kansas Department of Education and higher education institutions for the purposes of accreditation of the teacher education unit and approval of the teacher preparation programs through a program review process. Minor amendments to these regulations provide updates to these processes.

Editorial corrections within this set of regulations were required for clarification. Adjustments to the dates for receipt and review of required reports within the accreditation and program review processes were made to accommodate revised timelines for review. Revisions also provide accommodations to reflect the use of electronic exhibits, reports and reviews within these processes.

No economic impact is anticipated for the State Board of Education, school districts, other governmental entities, private businesses or individuals.

A copy of each of the proposed regulations and its economic impact statement may be obtained by contacting the Office of General Counsel at the address below prior to the date of the hearing or by e-mail to bhackett@ksde.org.

All interested persons will be given a reasonable opportunity at the hearing to present their views or arguments, either orally or in writing, in regard to the proposed regulations. In addition, the period of public notice hereby provided constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations. Such written comments may be submitted by mail to the secretary of the State Board of Education, State Education Building, 120 S.E. 10th Ave., Topeka, 66612, or by e-mail to pplamann@ksde.org. The hearing shall be conducted in compliance with the public hearing procedures of the State Board of Education.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Karen Watney at (785) 296-3906 or TDD (785) 296-8172, or by e-mail to kwatney@ksde.org.
