## Kansas Development Finance Authority

## Notice of Hearing

A public hearing will be conducted at 9 a.m. Wednesday, November 23, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

**Project No. 000825—Maximum Principal Amount: \$109,939.09.** Owner/Operator: Kregg A. Kohman. Description: Acquisition of 76 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Kregg A. Kohman and is located in Section 14, Township 14, Range 2, Dickinson County, Kansas, approximately 6.5 miles south of Abilene and 2.7 miles east on 1600 Avenue.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

## Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed new air quality construction permit and modification to an existing air quality construction permit. Sunflower Electric Power Corporation (Sunflower) has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to initiate installation of a low NO<sub>x</sub> combustion system comprised of low NO<sub>x</sub> burners (LNB) and overfire air (OFA) combustion controls at the existing Holcomb Generating Station Unit 1 (H1). Carbon monoxide (CO), oxides of nitrogen (NO<sub>x</sub>), particulate matter (PM), PM with a diameter less than 10 microns (PM<sub>10</sub>), PM with a diameter less than 2.5 microns (PM<sub>2.5</sub>), sulfur dioxide (SO<sub>2</sub>), volatile organic compounds (VOC), lead, sulfuric acid mist (H<sub>2</sub>SO<sub>4</sub>), fluorides, hydrogen sulfide (H<sub>2</sub>S), total reduced sulfur and CO<sub>2</sub>e were evaluated during the permit review process.

The proposed permit is to be issued in accordance with the provisions of K.A.R. 28-19-350, prevention of significant deterioration (PSD), which adopt the federal standards, procedures and requirements of 40 CFR 52.21 by reference. These air quality regulations apply to major stationary emission sources located in areas designated as "attainment" under the federal Clean Air Act (CAA). Attainment areas are areas where the air quality meets or exceeds the national ambient air quality standards (NAAQS).

In addition to the new proposed PSD construction permit, KDHE has determined that a permit modification to the original PSD construction permit for Holcomb Generating Station Unit 1, issued by the U.S. Environmental Protection Agency May 19, 1980, is needed to reflect a change to the CO emission limit. This proposed modification is due to Sunflower requesting approval to construct the new low NO<sub>x</sub> combustion system on H1 and the resulting change to the air emission limit for CO.

The PSD regulations require evaluation of emission reduction techniques to identify the best available control technology (BACT) for each pollutant for which the emission rate exceeds the PSD significant level. The purpose of BACT is to affect the maximum degree of reduction achievable, taking into account energy, environmental and economic impacts for each pollutant under review. Evaluation of the estimated emissions for the proposed Holcomb Generating Station Unit 1 project indicates that the emission rate of carbon monoxide exceeds the significance level. Sunflower conducted the required BACT analysis for CO. The department has reviewed Sunflower's BACT analysis and concurs with its finding that good combustion practices are BACT for CO.

An ambient impact analysis was performed on the potential air emissions of CO from the proposed low NO<sub>x</sub> combustion system on H1. The CO screening modeling analysis demonstrated no significant impact on the 1-hour or 8-hour ambient air quality and that the emissions would not cause or contribute to any violation of ambient

air standards. The EPA has not established Class II maximum allowable increments for CO. Accordingly, no calculation of the potential consumption of increment is possible. No Class I areas are located within 100 km of the facility. Any federal land manager who has reason to believe a Class I area may be adversely impacted by the emissions from the expansion project has the opportunity to present KDHE with analysis of the adverse impact on the air quality-related values of that Class I area during the comment period. No adverse impacts on soils and vegetation in the area are expected.

A public comment period has been established until December 12 to allow citizens the opportunity to express any concerns they may have about these proposed permitting actions. All comments should be submitted in writing to Larry D. Lowry, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366, or may be presented at the public hearing.

Any member of the public may request a public hearing be conducted to receive comments on the proposed issuance of these draft air quality construction permits. Written requests to hold a public hearing should be sent to the attention of Sharon Burrell at the address listed above or by fax to (785) 291-3953 and must be received by noon December 1.

If a request is received, a public hearing is tentatively scheduled from 5 to 7 p.m. December 14 at the Garden City Community College, Joyce Auditorium, 801 Campus Drive, Garden City.

If no requests to hold the public hearing are received by noon December 12, the public hearing will be cancelled. A notice of the cancellation will be posted at the KDHE website at [http://www.kdheks.gov/bar/public\\_notice.html](http://www.kdheks.gov/bar/public_notice.html).

If a hearing is conducted, all interested parties will be given a reasonable opportunity to present their views orally or by submission of written materials during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit oral presentations to a specific time limit.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed materials in an accessible format. Requests for accommodation must be made not later than December 12.

Copies of the proposed permits, permit applications, all supporting documentation and all information relied upon during the permit application review process are available for public review for a period of 30 days from the date of publication during normal business hours, 8 a.m. to 5 p.m., at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka; and copy of the proposed permits and all supporting documentation can be reviewed at the KDHE Southwest District Office, 302 W. McArtor Road, Dodge City. To obtain or review the proposed permits and all supporting documentation, contact Larry D. Lowry, (785) 296-6281, at the KDHE central office, or Ethel Evans, air quality district representative in the KDHE Southwest District Office, at (620) 356-1075. The standard departmental cost will be assessed for any copies requested.

### Kansas Insurance Department

#### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Wednesday, January 11, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the proposed revocation of an existing rule and regulation.

The 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed revocation. All interested parties may submit written comments prior to the hearing to John Wine, Kansas Insurance Department, 420 S.W. 9th, Topeka, 66612-1678, via facsimile at (785) 291-3673, or via email at [jwine@ksinsurance.org](mailto:jwine@ksinsurance.org). All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed revocation during the hearing.

A summary of the proposed revocation and its economic impact follows:

**K.A.R. 40-5-7.** This regulation originally mirrored a statutory provision of the Uniform Consumer Credit

Code (UCCC) relating to property insurance. Because the statute was later amended, the regulation became inconsistent with the statutory provision. There is no need to have a regulation that merely mirrors the statute, so the department proposed its revocation rather than its amendment.

Because this revocation does not make any change in the law, there should be no economic impact.

There will be little or no economic impact on the Kansas Insurance Department, consumers, small businesses or other governmental agencies.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and the economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting John Wine at (785) 296-7847 or via email at [jwine@ksinsurance.org](mailto:jwine@ksinsurance.org). Any individual desiring a copy of this regulation and/or the policy and procedure that is being adopted by reference, if applicable, may obtain a copy from the department's website, [www.ksinsurance.org](http://www.ksinsurance.org) (under the Legal Issues link), or by contacting John Wine. The charge for copies is 50 cents per page.

### Department of Corrections

#### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Tuesday, January 10, in the Department of Corrections' main conference room, fourth floor, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the amendment of various regulations found in Article 11, Community Corrections, in Chapter 44 of the Kansas Administrative Regulations. At that hearing, proposed amendments to the following Kansas Department of Corrections' administrative regulations will be considered, to wit: K.A.R. 44-11-111, 44-11-113, 44-11-119, 44-11-121, 44-11-123, 44-11-127, 44-11-129 and 44-11-132.

This 60-day notice constitutes a public comment period for the purpose of receiving written public comments on the proposed amendments of existing regulations. All interested parties may submit written comments prior to the hearing to Linden G. Appel, Deputy Chief Legal Counsel, Kansas Department of Corrections, 4th Floor, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612-1284. All interested parties will be given a reasonable opportunity at the hearing to present their views orally on the adoption of the proposed amendments. In order to give all parties an opportunity to express their views, it may be necessary to request each participant to limit oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed amendments and economic impact statements in an accessible format. Requests for

accommodation should be made at least five working days in advance of the hearing by contacting Linden Appel at (785) 296-4508 or TDD (785) 296-8443, or fax at (785) 296-0014. Handicapped parking is located at the south end of the Landon State Office Building, and the north entrance to the building, which is the public access entrance, is accessible to individuals with disabilities.

The amendments to existing regulations are proposed on a permanent basis. A summary of the proposed amendments and their economic impact follows:

**K.A.R. 44-11-111. Definitions.** This regulation is amended by striking an obsolete use of the adjective "planning" in subsection (c) and by striking entirely the definition of "out year report," used in conjunction with the former practice of requiring individual community corrections programs to submit comprehensive plans every two years. A comprehensive plan is instead now required every year. The definition of "grant years" is therefore also accordingly altered to "grant year," making it singular.

No quantifiable economic impact upon offenders, local community corrections programs, other state agencies, local units of government, private businesses or citizens is now anticipated as a result of this regulation amendment.

**K.A.R. 44-11-113. Comprehensive plan; comprehensive plan review.** This regulation is amended by making certain stylistic changes and by providing that the budget to be submitted by local community corrections agencies as part of the annual comprehensive plan is to be a summary budget, accompanied by a detailed narrative in support, in order to conform to evidence-based correctional practice. It is further amended to delete a provision referring to an out year report, for the same reason set forth above in regard to deletion of that term from K.A.R. 44-11-111.

No quantifiable economic impact upon offenders, local community corrections programs, other state agencies, local units of government, private businesses or citizens is now anticipated as a result of this regulation amendment.

**K.A.R. 44-11-119. Local programs.** This regulation is amended in subsection (b) by clarifying that the annual audit of all programs identified in the comprehensive plan is to be conducted as the Secretary of Corrections directs, with discretion placed in the secretary to determine which one or a combination of four types of audits will be performed, or if another sort of review is called for under the circumstances of that particular comprehensive plan.

No quantifiable economic impact upon offenders, local community corrections programs, other state agencies, local units of government, private businesses or citizens is now anticipated as a result of this regulation amendment.

**K.A.R. 44-11-121. Fiscal management; required reporting.** This regulation is amended in a number of regards. Specifically, it is amended in subsection (a) by deleting a fixed time frame for reporting of fiscal information concerning management of grant funds to

(continued)

the program's corrections advisory board and to the secretary, in favor of permitting the secretary to designate a time frame as the secretary determines in the circumstances of a particular program's case. It is further amended by deleting in their entirety current subsections (b), (c) and (d), dealing with monthly, quarterly and annual financial status reports, in favor of directives on submission of financial information and reports as set forth in the Reporting Instructions issued each year to community corrections agencies. It is further amended in what is now subsection (b) to permit electronic submission of individual agencies' annual financial audits. In what is now subsection (c), a reference to the monthly financial status report is deleted in favor of a reference to the fiscal workbook and quarterly reconciliation budget reports and certification documents, which are the accounting instruments now prescribed by the secretary in the Reporting Instructions. Finally, in new subsection (d), the regulation is amended to permit electronic submission of the agencies' annual plans for use of reimbursements.

No quantifiable economic impact upon offenders, local community corrections programs, other state agencies, local units of government, private businesses or citizens is now anticipated as a result of this regulation amendment.

**K.A.R. 44-11-123. Changes in the comprehensive plan, budget, and agency outcomes.** This regulation is amended extensively. The title is amended by deletion of the term "out year report." In subsection (a), the regulation is amended in these particulars: (1) by deletion of a reference to the out year report, consistent with the amendments to K.A.R. 44-11-111 and 44-11-113 noted above; (2) by deletion of a reference to the individual community corrections programs' budgets as a separate document that can be changed, in light of the text of K.A.R. 44-11-113, making the summary budget and detailed narrative a part of the annual comprehensive plan; and (3) by deletion of a requirement for signatory approval of changes in the comprehensive plan and agency outcomes in favor of submitting documentation of approval reflected in the board meeting minutes. In subsection (b), all of the current language dealing with funds transfers is deleted, and new text providing for signatory approval of the individual programs' advisory boards and governing authorities for quarterly or carryover reimbursement budget adjustments over the amount of \$5,000 or 1 percent of the current grant year award, whichever is higher, is substituted. It is further required that such adjustments must be submitted, either electronically or by original copy, to the secretary along with documentation of the signatory approval and a description of and justification for the proposed transfer.

No quantifiable economic impact upon offenders, local community corrections programs, other state agencies, local units of government, private businesses or citizens is now anticipated as a result of this regulation amendment.

**K.A.R. 44-11-127. Prohibition of use of community corrections grant funds; maintenance and documentation of funds.** This regulation is amended by making stylistic changes and in subsection (d) requiring that grant

funds for adult services are to be maintained in a separate county general ledger account, rather than merely a separate fund. In subsection (f), in regard to the matter of documenting community corrections funds expenditures, the current specific language of a "receipt or invoice" is stricken and replaced with a more general term, i.e., "supporting documentation."

No quantifiable economic impact upon offenders, local community corrections programs, other state agencies, local units of government, private businesses or citizens is now anticipated as a result of this regulation amendment.

**K.A.R. 44-11-129. Unexpended funds.** This regulation is amended by changing its current language in two particulars, and adding a new subsection (b). In the current verbiage, now designated as subsection (a), it is amended, in accord with the amendment of K.A.R. 44-11-113 noted above, to provide that a budget summary, rather than a budget per se, is to be submitted with accompanying narrative describing the proposed services to be paid for with unexpended funds, and to provide that the secretary's deadline for a decision on the application for unexpended funds is due within 60 days of the application due date, rather than date of receipt of the request. In new subsection (b), the three general purposes for which unexpended funds may be used are set forth. All amendments to this regulation are intended to conform it to current practice.

No quantifiable economic impact upon offenders, local community corrections programs, other state agencies, local units of government, private businesses or citizens is now anticipated as a result of this regulation amendment.

**K.A.R. 44-11-132. Use of grant funds to contract for services.** This regulation is amended by deletion of current subsections (b) and (c), dealing with prohibition of supervision of non-contract employees by a contractor, and the competitive bidding process, now instead included in the department's Community Corrections Standards of Operation.

No quantifiable economic impact upon offenders, local community corrections programs, other state agencies, local units of government, private businesses or citizens is now anticipated as a result of this regulation amendment.

A complete copy of the proposed permanent amendments of existing regulations and the complete economic impact statement may be obtained by contacting Linden G. Appel at the address above or by calling (785) 296-4508 or TDD (785) 296-8443, 8 a.m. to 5 p.m. Monday through Friday.
