Social and Rehabilitation Services**Notice of Hearing**

Kansas Rehabilitation Services (KRS) invites individuals and organizations interested in employment services for people with disabilities to provide input on its State Plan Annual Update for Vocational Rehabilitation and Supported Employment Services. This update will be effective October 1, 2012.

To provide an opportunity for stakeholder input, KRS will conduct a public hearing from 9:30 to 11 a.m. Tuesday, June 12. The hearing will be an interactive webcast using technology to connect people in 12 Kansas communities. Participants in each location will be able to share their comments or questions that will be broadcast live to all locations. During the meeting, participants will be asked for their input on several key questions:

- Are there new or emerging opportunities to collaborate with local organizations to improve employment opportunities for people with disabilities?
- Are there any gaps where employment-related services for people with disabilities need to be improved or developed? What are the barriers to the development of these services?
- Are there suggestions on how KRS can improve services and employment outcomes for persons with significant disabilities?
- Are there populations who are currently unserved or underserved by KRS? Are there suggestions for how KRS could improve access to services for these individuals?

Participants will also be asked to comment on the KRS performance related to its strategic goals. The goals are:

- Kansans with disabilities will achieve quality, competitive, integrated employment and self-sufficiency.
- KRS, its consumers, providers and partners will be accountable for the achievement of employment and the effective use of resources.
- KRS will emphasize the employment potential of students with disabilities and improve the outreach and outcomes for transition-aged students.
- KRS will emphasize meaningful involvement of people with disabilities, public/private partners, employers and other stakeholders in KRS programs, services and activities.

KRS Director Michael Donnelly will originate the webcast from the Kansas Department of Social and Rehabilitation Services' Learning Center, 2nd and MacVicar, Topeka. Participants may also attend the interactive webcast at any of the following locations:

If a grand prize winner cannot be located or is declared ineligible, or fails to timely present a fully-executed claim form to lottery headquarters, the grand prize will be awarded to the second winning ticket selected as the winner of a secondary prize or to the next succeeding ticket in the order drawn. If the winner of a secondary prize becomes the winner of the grand prize as stated herein-above or cannot be located or is declared ineligible, or fails to timely present a fully-executed claim form to lottery headquarters, the secondary prize will be awarded to the next alternate winner, in the order drawn. If a grand prize winner, secondary prize winner, or alternate winner cannot be located, is declared ineligible, or fails to present a fully-executed claim form to lottery headquarters as required herein, the alternate winner process shall be repeated until the prizes are properly claimed or until such time as no alternate winners remain, whichever occurs first.

111-501-93. Play. (a) Prior to dealing the cards, the player in the first playing position clockwise from the player who has the dealer button must post a small blind bet and the player to the immediate left of the player post-

ing a small blind bet must post a big blind bet. This constitutes the initial betting action.

(b) The dealer must deal four cards one at a time face down to each player. The first player to receive a card is the player in the first player position clockwise from the player assigned the button. The last player to receive cards is the player assigned the button.

(c) After each player receives four cards there is a first round of betting. The player to the left of the player placing the big blind bet may call, raise, or fold and each player following in order shall have the same option to call, raise, or fold.

(d) After the first round of betting is complete the dealer will burn one card and deal three community cards from the deck. Each card will be dealt face up and placed in the center of the table. Community cards are common to the hand of every active player in the hand.

(e) Following the flop, a second round of betting occurs. The player in the first position clockwise from the player assigned the button shall either check or bet and each player following in order shall call, raise, or fold.

(f) The dealer will burn another card on top of the first burn card. Following the burn card, the dealer then deals another community card face up in the center of the table.

(g) A third round of betting occurs. The player in the first position clockwise from the player assigned the button shall either check or bet and each player following in order shall call, raise, or fold.

(h) Following the third round of betting the dealer will burn a third card. The dealer then deals the fifth and final community card and places it face up in the center of table and the final betting round is conducted. The player in the first position clockwise from the player assigned the button shall either check or bet and each player following in order shall call, raise, or fold.

(i) Upon the completion of the final betting round, the cards belonging to each active player are turned face-up and the highest ranking five-card poker hand using two of the player's cards and three of the community cards wins the pot, unless there is a tie, in which case the pot is split equally between the active players holding tied hands. (Authorized by K.S.A. 2011 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2011 Supp. 74-8710; effective, T-111-4-9-12, Feb. 15, 2012.)

111-501-95. Object of game. Omaha High-Low is a game played player versus player. The house takes a rake or percentage from each qualifying pot. combination of cards dealt to each player and, if applicable to the rules of the game, cards placed in the center of the table. (Authorized by K.S.A. 2011 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2011 Supp. 74-8710; effective, T-111-4-9-12, Feb. 15, 2012.)

111-501-96. Gaming equipment and ranking of hands. (a) Omaha High-Low is played on an oval-shaped table with a layout approved by the Lottery.

(b) Omaha High-Low is played with one standard deck of 52 playing cards with no jokers. A standard deck of 52 playing cards consists of a 2, 3, 4, 5, 6, 7, 8, 9, 10, jack, queen, king and ace in each of the following four suits: hearts, clubs, diamonds and spades.

(1) Royal flush — consisting of an ace, king, queen, jack, and 10 of the same suit.

(2) Straight flush — consisting of five cards of the same suit in consecutive ranking with king, queen, jack, 10, and 9 being the highest ranking straight flush and ace, 2, 3, 4, and 5 being the lowest ranking straight flush.

(3) Four-of-a-kind — consisting of four cards of the same rank, with four aces being the highest ranking four-of-a-kind and four 2s being the lowest ranking four-of-a-kind.

(10) High card — the highest ranking card in a five card hand not containing any of the above-listed combinations.

(11) If two or more players' hands have an otherwise equal value, then the rank of the remaining cards in the five-card hand will determine the higher ranking hand. If two or more players' hands are identical, regardless of the suit of the cards in each hand the hand will be declared a draw with no winner or loser. (Authorized by K.S.A. 2011 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2011 Supp. 74-8710; effective, T-111-4-9-12, Feb. 15, 2012.)

(continued)

111-501-97. Shuffling and cutting cards. (a) Before any cards are dealt in a game of Omaha High-Low they must be shuffled and the deck cut. A shuffling machine may be used to shuffle the cards. Prior to placing the cards into the card shuffling machine, the dealer may wash the cards (manually mix the cards on the poker table layout). In the event a shuffling machine is not used, the dealer will wash the cards and then proceed to shuffle the cards manually.

(b) After the shuffle, the dealer will set the deck flat on the poker table layout in order to cut the deck. The dealer will take approximately one-half of the deck from the top and place it on top of the poker table layout. The dealer will then place the remaining cards on top of what was the upper half. (Authorized by K.S.A. 2011 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2011 Supp. 74-8710; effective, T-111-4-9-12, Feb. 15, 2012.)

111-501-98. House rules. House rules for Omaha High-Low shall be posted in the poker room, which rules shall include the following:

(a) Only players who are at the poker table are permitted to place wagers at the game. Once a player has placed a wager and received cards, the player must remain at the table until the completion of the round of play.

(b) A player may only add to the player's chips between rounds of play and may not remove any of the player's chips from the poker table at any time during ongoing play. A player cannot use chips out of the player's pocket after a hand has started.

(c) A player who depletes his or her funds on the poker table prior to the completion of the round of play will be deemed to be "all in." An "all in" player will retain financial interest in the outcome of the round of play, but will only be eligible to win the amount of the pot to which the player contributed. An all-in player will continue to receive any cards to which the player would normally be entitled. Betting will continue unimpeded among the other players by generating a separate secondary pot(s), which only those players will be eligible to win.

(d) Any action taken by a player out of turn, whether verbal or physical, will be binding unless a skipped player changes the action, or unless the player acting out of turn was misled into believing it was the player's turn to act by the dealer or another player.

(e) String bets will not be permitted. A "string bet" is making one type of bet followed by making another type of bet. A player may not state the player calls a bet made by another player and then state he or she is raising the other player's prior bet.

(f) A player who announces a bet or raise of a certain amount, but places a different amount of chips in the pot, will be required to correct the player's bet or raise to the announced amount.

(g) A player will be considered to have placed a bet if the player:

(1) pushes the chips forward to indicate the intent of placing a bet;

(2) releases chips into the pot (the center of the table); or

(3) releases chips at a sufficient distance from the player and towards the pot to make it obvious that the release is intended as a bet.

(h) A player will not be permitted to make a bet and thereafter attempt to increase the amount of that bet.

(i) If the player wishes to add additional chips to the bet, the player must indicate at the time the bet is being made that the bet is not yet complete. (Authorized by K.S.A. 2011 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2011 Supp. 74-8710; effective, T-111-4-9-12, Feb. 15, 2012.)

111-501-99. Play. In Omaha High-Low, a poker hand will consist of the best five-card hand using two of the four cards dealt and three of the five community cards dealt on the board (the game table layout).

(a) The order in which the cards will be dealt and the order in which players will be required to have the option to bet will be determined as follows:

(1) A flat disk called the button will be used to indicate an imaginary dealer.

(2) At the commencement of play, the dealer will shuffle, either manually or through the use of a shuffling machine, cut the cards and deliver one card to each player, starting with the player in the first position to the left of the dealer. The highest ranking card will receive the button and become the imaginary dealer.

(3) Thereafter, the button will rotate around the table in a clockwise manner after each round of play.

(b) The first player to the left of the button will be required to initiate the first betting round by placing a blind bet (small blind). An additional blind bet (big blind) may be made subsequent to the small blind by the player immediately to the left of the player placing the small blind bet. The small blind will be equal to or less than half of the table minimum wager. The big blind will be equal to or less than the table minimum wager. The required amount of all blind bets, if any, will be posted on a sign at the table.

(c) Starting with the first player to the left of the button and continuing in a clockwise rotation around the table, the dealer will deal four rounds of cards face down to each player with the player with the button being the last player to receive a card each time.

(d) Following the placement of the blind bet(s) and delivery of the first four cards, each player will in turn, in a clockwise rotation around the table, either fold, call or raise the bet. The option to raise will apply to the player who made the blind bet(s). After the last player has responded to the most recent bet, the betting round will be considered complete.

(e) The dealer will then burn the top card of the deck and proceed to deal three community cards face up in the center of the table. The next betting round will commence with the option to bet or check belonging to the first player to the left of the button who has not folded. Each subsequent player may, in clockwise rotation, fold, call, raise the bet or, if preceding players have not made a bet, make an opening bet or check. The betting round will be considered complete when each player has either folded or called to the most recent bet.

(f) Upon completion of the betting round above, the dealer will again burn the top card of the deck and then deal a fourth community card face up in the center of the table. The next betting round will be commenced and completed in the same procedure as set forth above.

(g) Upon completion of the betting round above, the dealer will again burn the top card of the deck and deal a fifth and final community card face up in the center of the table. The final betting round will be commended and completed in accordance with the same procedure set forth above.

(h) If more than one player remains in the round of play after the final betting round has been completed, a show-down (determination of each remaining player's highest ranking hand) will be used to determine the winner of the pot. Each player remaining in the game will form the player's highest ranking five-card poker hand and/or the player's lowest ranking five-card poker hand by using any combination of two of the player's own four cards and three of the five community cards available on the table. The player may use a different combination of hole cards (cards dealt face down) for the player's high and low hand, as long as the player uses exactly two hole cards and three community cards for each.

(i) The player with the highest ranking five-card poker hand wins half of the pot, and the player with the lowest ranking five-card poker hand wins the other half. If there is no qualifying low hand, the player with the highest ranking hand wins the entire pot.

(j) A qualifying low hand consists of five cards which have a ranking of eight or lower, with an ace counting as the lowest ranking card. No pairs can exist in the low hand, but a straight and/or a flush may. The lowest possible qualifying low hand is ace, 2, 3, 4, and 5. The highest possible qualifying low hand is 8, 7, 6, 5, and 4.

(k) Whenever a pot cannot be split evenly, any odd chip will go to the first player in action (still in play for that round) clockwise from the button. (Authorized by K.S.A. 2011 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2011 Supp. 74-8710; effective, T-111-4-9-12, Feb. 15, 2012.)

111-501-100. Name of the game; rules and regulations. The Kansas lottery shall conduct a lottery facility game at the Kansas Star Casino in Mulvane, Kansas, entitled "Bad Beat Jackpot," beginning on or after February 20, 2012.

The rules and regulations for the game of "Bad Beat Jackpot" are contained in K.A.R. 111-501-100 through 111-501-102, and applicable generic rules are contained in K.A.R. 111-201-1 *et seq.* (Authorized by K.S.A. 2011 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2011 Supp. 74-8710; effective, T-111-4-9-12, Feb. 15, 2012.)

111-501-101. Method of play. (a) The Kansas Star Casino may designate certain poker games to participate in the Bad Beat Jackpot. The jackpot will be funded by the Kansas Star Casino in the initial amount of \$4,000 (the "primary jackpot"), with additional contributions to the jackpot coming from each pot in the designated poker games reaching a minimum of \$20. When the pot for a game reaches \$20, \$1 is placed in the Bad Beat drop box (a box located at each game table designated for the receipt of chips or cash).

(b) Unless and until a secondary jackpot is funded as set forth hereinafter, all money placed in the Bad Beat drop box shall be credited as follows:

(1) fifty percent (50%) shall be added to the primary jackpot;

(2) forty percent (40%) shall be retained to fund a secondary jackpot as needed, and any portion thereof not needed to fund the secondary jackpot used for poker promotions; and,

(3) ten percent (10%) shall be retained by the Kansas Star Casino to offset initial funding of the primary jackpot and for the payment of any other expenses Kansas Star Casino may in its sole discretion determine.

(c) In the event the primary jackpot amount reaches \$6,000, a secondary jackpot will be started in the initial amount of \$4,000. If the amount retained pursuant to subsection (b)(2), above, is insufficient to fund the secondary jackpot Kansas Star Casino shall fund the secondary jackpot in such amount as may be necessary to bring the initial amount to \$4,000.

(d) Once a secondary jackpot has been funded, all money placed in the Bad Beat drop box shall be credited as follows:

(1) thirty percent (30%) shall be added to the primary jackpot;

(2) twenty percent (20%) shall be added to the secondary jackpot as needed, and any portion thereof not needed to fund the secondary jackpot used for poker promotions;

(3) forty percent (40%) shall be retained to fund future jackpots as needed, and any portion thereof not needed to fund future jackpots used for poker promotions ; and,

(4) ten percent (10%) shall be retained by the Kansas Star Casino to offset initial funding of the primary jackpot and for the payment of any other expenses Kansas Star Casino may in its sole discretion determine.

(e) The Bad Beat drop box will be taken to the count room during the regular table games drop (the removal of chips and money from the gaming tables). The contents of each Bad Beat drop box will be counted daily and the amount credited as provided herein.

(f) A minimum of \$20 (including pot money and rake) must be in the pot for that hand in order for the hand to qualify for the Bad Beat jackpot.

(g) The primary jackpot amount shall be paid to any player whose hand consists of aces full of tens (three aces with two 10s, two jacks, two queens, or two kings) or a higher ranking hand, and is beaten by another player's hand consisting of a four-of-a-kind or higher ranking hand. Both the winning hand and the losing hand must use both of their hole cards (the cards dealt face down) to qualify.

(h) Distribution of the primary jackpot shall be as follows:

(1) Fifty percent (or equal portions of fifty percent if multiple players have identical qualifying Bad Beat hands) of the primary jackpot total for the game in which the Bad Beat occurred will be given to the holder(s) of the second best hand (the losing hand).

(2) Twenty-five percent (or equal portions of twenty-five percent if multiple players are holding identical winning hands) of the primary jackpot total in which the Bad Beat occurred will be given to the holder(s) of the best hand (the winning hand). If more than one hand meets

(continued)

the qualifications specified for the Bad Beat jackpot losing hand, the best hand will be considered the winner (25%) and the second best will be considered the loser (50%). Only in the event of identical ranking poker hands will the loser's 50% share or winner's 25% share be split.

(3) The remaining twenty-five percent of the primary jackpot for the game in which the Bad Beat occurred will be split among the remaining players at the table who were dealt a hand in that game.

(4) All payouts will be rounded up to the nearest dollar, adjusting the remaining jackpot balance accordingly.

(i) Once the primary jackpot is paid out, the secondary jackpot automatically becomes the new primary jackpot. The new primary jackpot and any new secondary jackpot will then be funded pursuant to these rules. In the event no secondary jackpot is in existence when the primary jackpot is paid out, Kansas Star Casino shall provide \$4,000 to fund the new primary jackpot.

(j) A minimum of four players must be dealt in a hand in order for the hand to qualify for the Bad Beat jackpot.

(k) Reduced rake games will not qualify for the Bad Beat jackpot. Bad Beat money will not be taken from a reduced rake game.

(l) Should there be a deviation (for example a misdeal, a missing card, two cards of the same rank and suit, extra cards, or cheating) the jackpot may be declared null and void by the casino shift manager or higher ranking casino official. (Authorized by K.S.A. 2011 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2011 Supp. 74-8710; effective, T-111-4-9-12, Feb. 15, 2012.)

111-501-102. Payout of the bad beat jackpot. (a) A "Bad Beat" occurs when during a qualifying round of play in a designated poker game one hand qualifying to participate in the Bad Beat jackpot is beaten by another hand qualifying to participate in the Bad Beat jackpot.

(b) When a Bad Beat hand is formed, the qualifying hands must remain face up on the table in front of the respective players until verified by the casino. The dealer will notify the poker supervisor or higher ranking casino official of the winning hand. The pit manager and surveillance may also be notified of the potential jackpot.

(c) The poker supervisor or higher ranking casino official will verify the deck of cards by directing the dealer to count down and sort the remaining cards by suit.

(d) After verification of the deck, the winning hand, the payout amount and any other approvals required by the casino, the hands qualifying to participate in the Bad Beat jackpot will be processed for payment.

(e) The poker supervisor or higher ranking casino official will collect the deck and place it into a transparent sealed envelope or container, identified by the table number, date, and time, and will be signed by the dealer and poker supervisor or higher ranking casino official.
