Request for Applications for FTA Program Funding

The Kansas Department of Transportation, Office of Public Transportation is now accepting applications for the Federal Transit Administration (FTA) programs:

- **U.S.C. 49-5310** — Specialized Transportation for the Elderly and Disabled
- **U.S.C. 49-5311** — General Public Transportation in Nonurbanized Areas
- **U.S.C. 49-5311(f)** — Intercity Public Transportation in Nonurbanized Areas
- **U.S.C. 49-5316** — Job Access Reverse Commute (JARC)
- **U.S.C. 49-5317** — New Freedom

The application is to cover applicant agencies' needs for state fiscal year 2014 (July 1, 2013 through June 30, 2014). The application is required annually from all KDOT-funded 5310, 5311, 5316 and 5317 transit provider agencies including those not requesting capital and/or operating expenses.

The application is available on the KDOT Public Transportation website at <http://www.ksdot.org/burTransPlan/pubtrans/index.asp>.

The purpose of the **U.S.C. 49-5310** program is to provide funds to support private nonprofit corporations and authorized governments to provide transportation services to meet the special needs of the elderly and persons with disabilities. Federal funding under this program is available for capital expenditures only. State funding is available for operating expenses up to maximum of \$4,000.

The purpose of the **U.S.C. 49-5311** program is to provide funds to support rural and nonurbanized (cities less than 50,000 population) public transportation projects. The goal of the U.S.C. 49-5311 program is to provide services to the general public on an equal opportunity basis. Funds can be used for either operating or capital expenses.

The purpose of the **U.S.C. 49-5311(f)** program is to support the connection between nonurbanized areas and the larger regional or national system of intercity bus and to support services to meet the intercity travel needs of residents in nonurbanized areas.

The purpose of the **U.S.C. 49-5316** Job Access & Reverse Commute (JARC) program is to improve access to transportation services to employment and employment-related activities for welfare recipients and eligible low income individuals and to transport residents of urbanized and nonurbanized areas to suburban employment opportunities.

The **U.S.C. 49-5317** New Freedom formula grant program aims to provide additional tools to overcome existing barriers facing Americans with disabilities and seeks to reduce the barriers to transportation services and expand the transportation mobility options available to people with disabilities beyond the requirements of the Americans with Disabilities Act (ADA) of 1990.

The state funding for urban and rural public transportation for the state fiscal year 2014 is budgeted at \$11 mil-

lion. With the challenging financial situation facing the state of Kansas, it is possible that state fund availability could be reduced, which may increase the requirement for local match.

Applications for the 5310, 5311, 5316 and 5317 funds must be local units of government, Indian Tribes, or private nonprofit organizations registered with the Kansas secretary of state to do business in Kansas. In addition, all applicants must be an active member in good standing of their Coordinated Transit District (CTD) in order to receive funding. Those agencies applying for funds in the metropolitan areas of Kansas City, Wichita, Lawrence and Topeka need to contact their respective Metropolitan Planning Organization (MPO) to ensure that their application request is included in the MPO's Transportation Improvement Program (TIP).

When downloading the applications from the Internet, potential applicants will need the appropriate application form, application instructions and vehicle cost estimates. The CTD and KDOT contact lists also are available on the website. Any potential applicants that do not have Internet access can request an application by contacting the KDOT Public Transit Office.

The application must indicate whether the request is for replacement vehicles, an expansion of services currently provided, a new start application, or if the application is for the funding of only operating assistance. "New start" is defined as any proposed service that was not previously in existence. "Expansion" is defined as adding transit service to areas not already receiving services (for example, providing services to new locations or adding evening and weekend service).

KDOT has developed selection criteria to be used by the Kansas Coordinated Transit District Council (KCTDC) in evaluating the capital request applications. The applications will be ranked by the KCTDC in January 2013. After the application ranking by the KCTDC, KDOT staff will use the selection criteria in its evaluation of the applications. It should be noted that all items on the application must be completed. Points will be deducted in the ranking process for missing or incomplete information.

All applications must be received by 3 p.m. Friday, November 30, at the KDOT Office of Public Transportation, 2nd Floor (Planning), Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3745. Applications received after the deadline will not be accepted.

A public hearing will be conducted at 10:30 a.m. Tuesday, December 18, in Suite 1102, Jayhawk Tower, 700 S.W. Jackson, Topeka, to consider the adoption of K.A.R. 117-20-3 and 117-20-7.

This 60-day notice of public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the Kansas Real Estate Appraisal Board, Suite 1102, Jayhawk Tower, 700 S.W. Jackson, Topeka, 66603, or via email to cheryl.magathan@kreab.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Sally Pritchett at 785-296-6736 or cheryl.magathan@kreab.state.ks.us.

The proposed regulations are for adoption on a permanent basis. A summary of the proposed regulations and the economic impact follows:

117-20-3. Registration renewal. This regulation establishes the process of renewal of registration for AMCs.

At this time, the board is unsure what costs this new program will represent for the agency as it is unknown what additional work this will mean for KREAB staff. It is estimated that approximately 75 companies will register in Kansas. The renewal fee has been established at \$1,500 per company, making the annual revenue for the agency \$112,500. There will be no economic impact to the public.

117-20-7. Certification of annual review. This regulation establishes the number of appraisals subject to annual review for each appraiser on the panel of an AMC.

As this cost will be dependent on the number of appraisals performed each year in Kansas, the board is unable to estimate the cost to the AMC. As it is unknown if audits of the AMCs will be necessary to ensure compliance with this regulation, the board is unsure if there will be an economic impact to the agency. There will be no economic impact to other governmental agencies or units, or to the public.

Copies of the regulations and the economic impact statement may be obtained by contacting the Kansas Real Estate Appraisal Board at 785-296-6736, fax at 785-368-6443 or email at cheryl.magathan@kreab.state.ks.us, or from the board's website at <http://www.kansas.gov/kreab>.
