## Notice to Contractors

Electronic copies of the letting proposals and plans are available on the KDOT website at <http://www.ksdot.org/burconsmain/contracts/proposal.asp>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid not later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject the bid. The secretary of the Kansas Department of Transportation reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2007 edition of the Kansas Department of Transportation Standard Specifications for State Road and Bridge Construction.

KDOT will only accept electronic Internet proposals online using the Bid Express website at <http://www.bidx.com> until 1 p.m. local time September 18, 2013. KDOT will open and read these proposals at the Eisenhower State Office Building, 700 S.W. Harrison, Topeka, at 1:30 p.m. local time September 18. An audio broadcast of the bid letting is available at <http://www.ksdot.org/burconsmain/audio.asp>.

Each bidder shall certify that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

**Kansas Development Finance Authority**

**Notice of Hearing**

A public hearing will be conducted at 9 a.m. Thursday, September 12, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the K DFA to issue its Agricultural Development Revenue Bonds for the projects numbered below in the respective maximum principal amounts. The bonds will be issued to assist the borrowers named below (who will be the owner and operator of the projects) to finance the cost in the amount of the bonds, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

**Project No. 000866 — Maximum Principal Amount: \$165,000.** Owner/Operator: Nathan S. and Rebecca D. Kejr. Description: Acquisition of 78 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Nathan S. and Rebecca D. Kejr and is located at Section 6, Township 14 South, Range 3 West in Saline County, Kansas, approximately 2 miles east of Salina on State Street then 2 miles north on Halsted and 1.5 miles west on Stimmel Road.

**Project No. 000867 — Maximum Principal Amount: \$501,000.** Owner/Operator: Timothy L. and Debra Sanders. Description: Acquisition of 313.3 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Timothy L. and Debra Sanders and is located at the South Half of Section 27, Township 14, Range 3, Dickinson County, Kansas, approximately .5 mile west of Navarre on 1400 Avenue.

The bonds, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will they be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bonds to finance the projects, and all written comments previously filed with the K DFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the projects may be obtained by contacting the K DFA.

The city reserves the right to modify the total amount of the bonds and the amount of any maturity in order to properly structure certain funds and accounts and substantially obtain annual debt service parameters determined by the city, based upon the interest rates and reoffering yields submitted by the successful bidder. In formulating bids, bidders should consider that bids generating significant premium may result in greater principal amortization in later years and bids generating significant discount may result in greater principal in earlier years. Upon notification of preliminary award, the successful bidder must transmit to the city within 20 minutes, by fax or email, its reoffering yields on the bonds. The successful bidder will be notified by means of telephone or facsimile transmission of any modification to such principal amount not later than 2 p.m. (CDT) on the sale date. If the principal amounts are modified, the city will seek to modify the maturity schedule, or make other mutually agreeable changes, in a way that will neither increase nor reduce the successful bidder's spread as a percentage of the principal amount of the bonds issued after taking into account such adjustments. The successful bidder may not withdraw its bid or change the interest rates bid as a result of any changes made to the principal amount of the bonds or principal of any maturity as described herein.

The bonds will be subject to mandatory and optional redemption prior to maturity as provided in the Official Notice of Bond Sale.

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on February 15 and August 15 in each year, beginning February 15, 2014.

**Pre-Bid Revisions**

The city reserves the right to issue a Supplemental Notice of Sale not later than 48 hours prior to the sale date via the electronic bidding website (<http://www.columbiacapitalauction.com>). If issued, the Supplemental Notice

This term shall not include company-paid costs for health insurance, dental insurance, and any other employee benefits that are not reported to the Kansas department of labor on the employer's quarterly wage report or the multiple worksite report.

(jj) "Training and education eligible expense" means the amount actually paid for training and education of the group of employees, or portion thereof, that is used to determine the average wage at the worksite location, and from which the worksite expects to derive increased productivity or quality. The determination of expenditures that constitute training and education eligible expenses shall include the following:

*(continued)*

(1) Eligible training and education expenditures shall include instructor salaries, curriculum planning and development, travel, materials and supplies, textbooks, manuals, minor training equipment, certain training facility costs, and any other expenditure that is eligible under KIT or KIR.

(2) The following other expenditures shall be allowable but shall be subject to maximum caps:

(A) Wages of employees during eligible training, up to a maximum of 400 percent of the applicable HPIP alternative wage standard hourly wage;

(B) employee instructors' salaries, subject to a maximum of 400 percent of the applicable HPIP alternative wage standard hourly wage; and

(C) training-related travel expenses, with a maximum meals allowance of \$120 per day and lodging costs of \$300 per night.

(3) Expenditures for the following shall be excluded as training and education eligible expenses:

(A) Compensation paid to an employee trainee who is receiving on-the-job training;

(B) compensation paid to an employee during self-training, except for time in which the employee is involved in activities related to an approved computerized course of study;

(C) bonus pay received as compensation related to the company's financial performance or the employee's job performance, or both;

(D) overtime pay, unless the employee is being paid at an overtime rate while participating in eligible training;

(E) operations manuals and reference manuals. However, training-specific manuals shall be allowable; and

(F) training and education costs covered by monies or grants obtained from state, federal, or other government-sponsored workforce training programs.

(kk) "Wage standard" means the average wage information developed for the department for the appropriate NAICS designation using all worksites located within a geographical area as defined by the secretary that are required to provide the Kansas department of labor with a "quarterly wage report and unemployment tax return" or a "multiple worksite report."

(ll) "Worksite" has the same meaning as that specified for "qualified business facility" in K.S.A. 79-32,154, and amendments thereto. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

**110-6-9. Application.** (a) After the measurement period for a worksite has been established, the applicant may submit an application to the department for certification of the worksite, on a form prescribed by the secretary, together with all supplemental forms and documentation necessary to demonstrate satisfaction of the program requirements. Sufficiency of all submitted documentation shall be determined by the secretary, who may request additional information. A worksite shall not be certified until all program requirements are satisfied.

(b) Certification of the worksite in which the applicant is planning to make a qualified business facility investment, as defined by K.S.A. 79-32,154(e) and amendments thereto, shall be contingent on documentation submitted by the applicant to the department that the worksite has

met all statutory criteria during the measurement period, except as specified in K.A.R. 110-6-12(b). However, a determination may be made by the secretary that it is in the best economic interests of the state to allow initial certification or recertification based on a promise of future performance, rather than historical accomplishments, if certification is deemed justified by the magnitude of potential job creation and investment and by other considerations deemed appropriate by the secretary. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

**110-6-10. Certification of a worksite.** Each applicant shall meet the following requirements:

(a) (1) The NAICS designation assigned to the worksite shall be under an appropriate NAICS designation, as specified in K.S.A. 74-50,131 and amendments thereto;

(2) the worksite, regardless of its NAICS designation, shall be determined by the secretary to be a headquarters or back-office operation of a national firm or multinational firm pursuant to this article; or

(3) the worksite, regardless of its NAICS designation, had been certified as a headquarters or back-office operation of a national firm or multinational firm by the secretary before the effective date of this regulation. The worksite shall retain its certification as a headquarters or back-office operation of a national firm or multinational firm unless the worksite would no longer qualify using the criteria in effect for the original worksite certification.

(b) Before any formal commitment to invest, the applicant shall demonstrate knowledge of the HPIP program by submitting a certificate of intent to invest, on the PD form prescribed by the secretary. The worksite information provided on the PD form shall include the following:

(1) Estimated investment amounts;

(2) a projected starting date;

(3) information regarding current and anticipated net new job creation and retention with associated payroll levels;

(4) revenue and sales projections; and

(5) any other relevant information if requested by the secretary.

(c) Certification of a worksite for the sole purpose of utilizing an HPIP tax credit that has been carried forward shall not require the submission of an additional project description form and may be applied for with a sworn statement using a form prescribed by the department.

(d) If the main activity at a worksite is not related to the headquarters or back-office operation but all other program requirements are satisfied, the applicant may seek certification only for that portion of the worksite's area that houses the headquarters or back-office operation of that worksite if the company's accounting system has the capability to allow a segment of the worksite to independently track the various elements that support satisfaction of HPIP requirements.

HPIP benefits shall be calculated by determining the portion of a qualified business facility investment used solely for that portion of the worksite housing the headquarters or back-office operation.

(e) After meeting all HPIP requirements, the worksite shall be certified by the secretary to the department of

revenue. Before a worksite may be certified, all records used to support HPIP certification shall be subject to verification by the department. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

**110-6-11. Certification period (CP).** (a) After establishing the measurement period at the worksite, the applicant shall establish a certification period as follows:

(1) For a worksite that has been fully operational for at least four calendar quarters, a 12-month certification period shall begin, at the option of the applicant, on any date during the calendar quarter following the end of the MP.

(2) For a new worksite with a new workforce, the certification period shall begin at the onset of the eligible qualified capital investment to establish this worksite and shall continue for 12 months after the end of the MP. There may be two exceptions as follows:

(A) If, at the commencement of full operations, the new worksite is staffed with a workforce comprised of at least 85 percent of employees who have been relocated from other Kansas worksites of the company and if compliance with all other HPIP requirements is documented to the satisfaction of the secretary for the four calendar quarters immediately preceding the start of full operations, the applicant shall have the option to use the four calendar quarters before the start of full operations at the new location as its measurement period with a certification period starting at the onset of qualified capital investment to establish this new worksite. The certification period shall continue through the first four quarters of operations.

(B) A firm that is relocating from outside of Kansas shall have the option to use the four previous quarters before the start of full operations at the new worksite as its measurement period with a certification period starting at the onset of eligible capital investment to establish this new worksite and shall continue through the first four quarters of operations, if all of the following conditions are met:

(i) The new worksite is not subject to the HPIP source-of-revenue requirement and is using participation in KIT or KIR to satisfy the HPIP training requirement.

(ii) At the commencement of full operations, the new worksite is staffed with a workforce comprised of at least 85 percent of employees who have been relocated from non-Kansas facilities of the firm or from a combination of Kansas and non-Kansas facilities.

(iii) Wage costs for those relocated employees are documented to the satisfaction of the secretary for the four calendar quarters immediately preceding the start of full operations.

(b) If a company chooses to combine worksites for HPIP certification, then each worksite shall establish as its measurement period four combined calendar quarters of operations that do not overlap any other measurement period for any participating worksites. Certification shall begin on any date of the applicant's choosing during the quarter that follows the end of the measurement period and shall extend for a 12-month period.

(c) If worksites are combined in a single application to receive aggregate HPIP certification, then the applicable

set of requirements shall consist of the most restrictive requirement for any of the individual worksites that are participating in the combined application, according to the following requirements:

(1) If any individual participating worksite is subject to the HPIP source-of-revenue requirement, then the combined worksite application as a whole shall be subject to the HPIP source-of-revenue requirement.

(2) If participating worksites come from more than one HPIP wage region, then the highest wage threshold from those wage regions shall apply for the participating worksites.

(3) If a headquarters or back-office operation is not required to satisfy the HPIP source-of-revenue requirement while another worksite is so required, then each participating worksite shall be required to satisfy this requirement.

(4) If worksites in the same wage area fall into different size categories, the most restrictive wage standard shall apply to each of the combined worksites.

(5) If each of the combined worksites has 500 or fewer employees but in aggregate the number of employees is greater than 500, then the higher wage threshold shall apply.

(d) Certification of a worksite for the sole purpose of obtaining training and education tax credits or a sales tax exemption certificate shall be allowed if both of the following conditions are met:

(1) All other program requirements are satisfied.

(2) The applicant demonstrates prior knowledge of the program by submitting the project description form. This form shall be received by the department before the start of the certification period. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,115 and K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

**110-6-12. Training and education requirement.**

After a worksite has met the requirements of K.A.R. 110-6-10, that worksite shall meet the requirements of subsection (a) or (b) before the applicant obtains certification of the worksite:

(a) The applicant shall participate in a KIT or KIR workforce training project at the worksite to enhance employee skills. If this method is to be utilized in satisfaction of the HPIP training and education requirement, the timing of the project shall be one of the following:

(1) If a KIT or KIR project terminates during the applicant's chosen measurement period, at least three months of the training project shall have occurred during the measurement period.

(2) A KIT or KIR project of at least three months in duration commences any time during the applicant's chosen measurement period or during the following calendar quarter but shall not commence after the start of the certification period except as provided by K.A.R. 110-6-11(a)(2).

(b) The applicant shall make a cash investment of at least two percent of its total payroll costs at the worksite in eligible training and education expenses during the measurement period, except that costs incurred to train employees needed to staff a start-up worksite, before op-

erations begin at the worksite, shall be counted as part of training costs during the first four quarters of operations for those employees who have been hired into permanent positions before the start of operations. Prepayment for training may be counted in a measurement period apportioned according to the extent that the related training has been completed during the measurement period. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

## State of Kansas

## Governmental Ethics Commission

## Opinion No. 2013-03

Written August 21, 2013, to Dale E. Pike, Dighton City Attorney, Dighton.

**Synopsis:** Under the facts presented, a local governmental official or employee, in such capacity, may not make or participate in making a contract with a business which either employs them or in which they have a substantial interest.

Cited herein: K.S.A. 75-4301a and K.S.A. 75-4304.

Dear Mr. Pike:

This opinion is in response to your request for an opinion from the Kansas Governmental Ethics Commission (Commission), concerning application of the local conflict of interest law, K.S.A. 75-4301a et seq. We note at the outset that the Commission's jurisdiction is limited to the applicability of K.S.A. 46-215 et seq. and K.S.A. 75-4301a et seq. Thus, the Commission's opinion does not address whether some other statutory system, common law theory, or agency rule or regulation applies to your inquiry.

**Factual Statement**

We understand that you request this opinion in your capacity as attorney for the City of Dighton, Kansas. In support of your inquiry, the following facts are provided:

1. The City of Dighton and Lane County have joined forces to build a building that will house a pharmacy.
2. It has been necessary to raise some funds through a lease-option to purchase agreement and these municipalities originally considered entering into a lease-option to purchase from the local R.E.A. and that is still a possibility but there are numerous strings and a large quantity of red tape to do that.
3. In the City of Dighton there exists a for-profit LLC that has the goal of enhancing economic development and constructing spec homes to ease the housing shortage we have in Western Kansas.
4. The city council would like to consider entering into the lease purchase agreement with that LLC to obtain the funds at 4% to be paid back over a five year period.
5. One of the city councilmen is also a member of the LLC.

**Question**

Is this a prohibited contract or could the City consider entering into the Contract if that councilman abstains from taking part in the voting on this issue?

**Analysis and Opinion**

Assuming the city councilmen's membership in the "LLC" meets one or more of the K.S.A. 75-4301a(a) definitions of substantial interest, K.S.A. 75-4304 is the only statute under our jurisdiction that applies to your question.

**75-4304.** Same; making or participating in certain contracts prohibited; exceptions; abstaining from action. (a) No local governmental officer or employee shall, in the capacity of such an officer or employee, make or partici-

pate in the making of a contract with any person or business by which the officer or employee is employed or in whose business the officer or employee has a substantial interest.

(b) No person or business shall enter into any contract where any local governmental officer or employee, acting in that capacity, is a signatory to or a participant in the making of the contract and is employed by or has a substantial interest in the person or business.

(c) A local governmental officer or employee does not make or participate in the making of a contract if the officer or employee abstains from any action in regard to the contract.

(d) This section shall not apply to the following:

(1) Contracts let after competitive bidding has been advertised for by published notice; and

(2) contracts for property or services for which the price or rate is fixed by law.

(e) Any local governmental officer or employee who is convicted of violating this section shall forfeit the office or employment.

Nothing in K.S.A. 75-4304 would prohibit the city from entering into a contract with the LLC. However, as a local governmental officer, the city councilman that has a membership in the LLC, and presumably a substantial interest as defined by 75-4301a(a), would violate K.S.A. 75-4304(a) by making or participating in the making of a contract with the LLC in his capacity as a local governmental official. It is our opinion, if the councilman abstained from all action in regard to the contract in his capacity as a local governmental officer, that his private business may contract with the city or any agency thereof. In addition, under K.S.A. 75-4304(d)(1), he may participate as a local government officer in the making of the contract with his private business, so long as the contract was let after competitive bidding was duly published.

**Opinion No. 2013-04**

Written August 21, 2013, to Charles Householder, Jr., Kansas City, Kansas.

**Synopsis:** Under the facts presented, an appointed member of a state board that holds a position with an outside organization may not participate in any license inspection, contract between their state board and the outside organization, or become employed by any such organization for two years after either the contract is completed or termination of board membership, whichever occurs sooner.

Cited herein: K.S.A. 46-233 and 46-286.

Dear Mr. Householder:

This opinion is in response to your request for an opinion from the Kansas Governmental Ethics Commission (Commission), concerning application of the state conflict of interest laws, K.S.A. 46-215 et seq. We note at the outset that the Commission's jurisdiction is limited to the applicability of K.S.A. 46-215 et seq., and the Commission's opinion does not address whether some other statutory system, common law theory, or agency rule or regulation applies to your inquiry.

### Factual Statement

You are currently an appointed member of the Kansas Board of Cosmetology (KBOC). The mission of the KBOC is to protect the health and safety of the consuming public by licensing qualified individuals and enforcing standards of practice.

ErgoMetrics & Applied Personnel Research, Inc., also known as National Testing Network Inc., is a business entity contracted by the KBOC to administer written practical exams for licensing purposes. When the contract was approved by the KBOC, you participated in that approval, but did not participate in the development of the contract itself. ErgoMetrics utilizes a practical exam developed by you in collaboration with another person. ErgoMetrics has extended an offer to employ you as an exam rater and for the purposes of training others to rate the Body Arts Practical Exam.

### Question

- (1) Whether a KBOC board member, may be employed as a rater or contract rater with KBOC contractor, ErgoMetrics?
- (2) Would I need to change my statement of substantial interests?

### Analysis and Opinion

Two statutes apply to your query: K.S.A. 46-286, which prohibits participation by a member of a state board, council or commission in the licensure, inspection, or regulation of a business in which the such member holds a position and K.S.A. 2012 Supp. 46-233, which concerns state officials or employees employment with organizations contracting with the state in which the state official or employee had participated. Each will be addressed in turn.

K.S.A. 46-286 provides, in pertinent part:

- (b) ...no member of...[a] state board, council or commission shall participate in any license, inspection or contract on behalf of their state board, council or commission with any outside organization with which such member is associated...

Since you are an appointed member of the KBOC, the licensing authority that contracts with ErgoMetrics to conduct licensing exams, K.S.A. 46-286(b) prohibits you from participating in any license, inspection or contract which KBOC has contracted ErgoMetrics to perform. This would include working for ErgoMetrics as a rater, or training raters, because these jobs participate in the licensing for which the KBOC is responsible and are integral to the contract between KBOC and ErgoMetrics.

K.S.A. 2012 Supp. 46-233 provides, in pertinent part:

- (a)(2) ...whenever any individual has participated as a state officer or employee in the making of any contract

with any person or business, such individual shall not accept employment with such person or business as an employee, independent contractor or subcontractor until two years after the performance of the contract is completed or until two years after the individual terminates employment as a state officer or employee, whichever is sooner.

(e)(2) "Substantially involved in the preparation or participate in the making of a contract" means having approved or disapproved a contract or having provided significant factual or specific information or advice or recommendations in relation to the negotiated terms of the contract.

Members of the KBOC are entitled to receive compensation in addition to other amounts for expense allowances or reimbursement of expenses, pursuant to K.S.A. 74-2702(b). A stipend in addition reimbursement for travel and meal expenses is provided to KBOC members. Therefore, a member of the KBOC is a "state officer or employee" as defined in K.S.A. 46-221 which provides in pertinent part:

(a) "State officer or employee" means ... any individual who is an elected or appointed state officer, and ... any individual who receives monthly or semimonthly compensation for services from the state or any state agency. State officer or employee ... does not include any appointed member of an advisory council, commission or board, who serves without compensation other than amounts for expense allowances or reimbursement of expenses ... when such member is engaged in performing a function or duty for such council, commission or board.

Since the KBOC contracted the services of ErgoMetrics, the KBOC members participated in the approval process. By your participation in the approval of the contract between the KBOC and ErgoMetrics, K.S.A. 2012 Supp. 46-233 prohibits you from accepting employment with ErgoMetrics or contracting with ErgoMetrics for two years after the date you either leave the KBOC or the contract is completed, whichever occurs first.

In conclusion, K.S.A. 46-286(b) prohibits you from being employed by or contracting with ErgoMetrics while a member of the KBOC. K.S.A. 2012 Supp. 46-233(a)(2) prohibits you from obtaining employment with ErgoMetrics for two years from the date you leave the KBOC or expiration of the two year contract, whichever occurs sooner. Your question regarding changes to your statement of substantial interest is rendered moot by the answer to your first question.
