State of Kansas

Department of Health and Environment

Notice of Hearings

The Department of Health and Environment will conduct two public hearings on the 2014 Kansas 303(d) List of Impaired Waters. Section 303(d) of the Clean Water Act requires states to biennially prepare a list of waters failing to meet state water-quality standards. Such waters are required to have total maximum daily loads (TMDLs) prepared by the state to restore their water quality. A total maximum daily load is the maximum amount of the impairing pollutant that can enter the water without causing a violation of its water-quality standards.

Since 1999, Kansas has developed TMDLs for impaired surface waters in each of the state's 12 river basins. KDHE develops and revises TMDLs for selected impairments identified in the current Section 303(d) list by rotating among the 12 basins generally over a five-year span.

In accordance with the Kansas TMDL development cycle, TMDLs will be developed for the Neosho and Walnut basins starting this year and for the Kansas Lower Republican Basin in 2015. The draft 2014 Kansas 303(d) list will emphasize waters in these three basins, including an initial designation of TMDLs to be developed over the next two years. The list and its methodology are available for review on the Internet at <http://www.kdheks.gov/tmdl/methodology.htm>.

The hearings are scheduled as follows:

Wednesday, March 12 — 1 to 2 p.m.

Department of Health and Environment
Curtis State Office Building, Azure Room (4th floor)
1000 S.W. Jackson, Topeka

Thursday, March 13 — 11 a.m. to noon

KDHE Southeast District Office
1500 W. 7th St., Chanute

The public hearings will open with a brief summary of the list and its methodology as it pertains to the waters of the applicable river basin. Public testimony will then be taken after the presentation. Please provide a written copy of any testimony at the hearings. Written testimony will be accepted by KDHE any time prior to the close of business March 21, 2014. KDHE will prepare a response to all public comments and revise the draft list as necessary and will submit the list, the methodology, the public comments and the KDHE response to Region VII of the U.S. Environmental Protection Agency on March 28, 2014.

Individuals in need of special accommodations at the hearing locations are asked to notify Thomas Stiles at 296-6170 or tstiles@kdheks.gov at least five business days before the respective hearing. Other inquiries regarding this notice also should be directed to Thomas Stiles.

Request for Proposals for Kansas Work for Success

The Kansas Department for Children and Families (DCF), Faith-based and Community Initiatives, announces the release of a request for proposals to award a grant to an organization. The grantee will demonstrate expertise and capacity to assist fathers who are receiving government assistance and owe child support in the DCF West Region. The grant will fund services to fathers, through the replication of a pilot program developed by Connections to Success, for case management, mentoring, work-readiness, fathering skills, relationship skills, financial management and family violence-prevention training. These services have been shown to help low-income fathers find sustained employment, pay child support and improve their family relationships.

Eligible applicants include organizations that are located within the DCF West Region that (1) have experience effectively providing services to low-income families; (2) preferably, have been in business for five or more years with strong community partnerships; (3) have a volunteer-driven component with current active volunteers; (4) have some experience in job-placement for unemployed individuals; and (5) understand the barriers and obstacles of employment facing low-income families. DCF invites applicants from government agencies; public universities and colleges; and private, nonprofit organizations, including faith-based and community organizations.

The RFP is posted at <http://www.dcf.ks.gov/Agency/SDFBCI/Pages/Faith-Based-and-Community-Initiatives.aspx> under "Grant Information."

(2) Each emancipated minor shall be eligible to receive medical assistance on that individual's own behalf.

(3) An unemancipated minor shall not be deemed capable of acting on that individual's own behalf and shall not be eligible to apply for or receive medical assistance on that individual's own behalf, except as specified in this paragraph. An unemancipated minor shall not be eligible unless a caretaker, representative payee for social security benefits, or other nonrelated responsible adult who resides with the child and is approved by the parent or legal guardian applies for assistance on the minor's behalf. However, an unemancipated minor may apply for or receive medical assistance on that individual's own behalf if one of the following conditions exists:

(2) "MAGI-based income" means income calculated using the same financial methodologies used to determine MAGI as defined in 26 U.S.C. 36B(d), with the following exceptions:

(A) An amount received as a lump sum shall be counted as income only in the month received;

(v) payments resulting from ownership interests in or usage rights to items that have unique religious, spiritual, traditional, or cultural significance or rights that support subsistence or a traditional lifestyle according to applicable tribal law or custom; and

(vi) student financial assistance provided under the bureau of Indian affairs education programs.

(b) Exceptions to household income. Financial eligibility for families and children shall be based on household income, except for the following:

(1) The MAGI-based income of an individual who is included in the household of the individual's natural parent, adoptive parent, or stepparent and is not expected to be required to file a tax return under 26 U.S.C. 6012(a) for the taxable year in which eligibility is being determined shall not be included in household income whether or not the individual files a tax return.

(2) The MAGI-based income of a tax dependent described in K.A.R. 129-6-41(e)(1) who is not expected to be required to file a tax return under 26 U.S.C. 6012(a) for the taxable year in which eligibility is being determined shall not be included in household income whether or not the tax dependent files a tax return.

(c) Income deductions. No other deductions shall be applied in determining household income.

(d) Financial eligibility.

(1) Financial eligibility shall be based on the current monthly income and family size of the household, unless a change in circumstances is expected. In this case, financial eligibility shall be based on the projected monthly income and family size of the household.

(2) For children and pregnant women determined eligible based on K.A.R. 129-6-73 and K.A.R. 129-6-74, the provisions of K.A.R. 129-6-54(a), (b), (c), and (e) regarding base periods and spenddown determinations shall be applicable.

(e) Exclusion of resources. The value of the household's resources shall not be taken into consideration in determining financial eligibility. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-54. Financial eligibility for MAGI-excepted coverage groups. This regulation shall apply to all groups described in K.A.R. 129-6-34(c)(2), except that subsections (c) and (d) of this regulation shall not apply to any medicare beneficiary who meets the requirements of K.A.R. 129-6-86 or to any working disabled individual who meets the requirements of K.A.R. 129-6-87.

(a) Definitions. For purposes of this regulation, each of the following terms shall have the meaning specified in this regulation:

(1) "Client obligation" means the amount that the individual is required to pay towards the cost of care that the individual receives in a long-term care arrangement. Client obligation shall be based on the amount of applicable income that exceeds the income standard in the eligibility base period.

(2) "Eligibility base period" means the length of time used in the determination of financial eligibility. The length of the eligibility base period varies from one month to six months as specified in subsection (b).

(3) "Spenddown" means the amount of applicable income that exceeds the protected income level in the eligibility base period and that is available to meet medical costs.

(b) Eligibility base period.

(1) The base period shall be determined according to the following:

(A) For prior eligibility, the base period shall be the three months immediately preceding the month of application.

(B) Except for persons determined eligible under K.A.R. 129-6-85, the base period shall be one month for current eligibility.

(C) For persons determined eligible under K.A.R. 129-6-85, the base period shall be one month for persons in long-term care and six months for persons in independent living for current eligibility. A six-month base period shall be shortened in certain instances including when the recipient begins long-term care, becomes eligible for cash assistance, or dies.

(2) The base period shall begin on the first day of the month in which the application was received. Subsequent eligibility base periods for recipients shall begin on the first day of the month following the expiration of the previous base period. Each reapplication received outside of a previously established eligibility base period shall be

treated as a new application without regard to any previous eligibility base period. However, if the reapplication includes a request for prior eligibility, the base period of prior eligibility shall not extend into a previously established eligibility base period.

(c) Financial eligibility for persons in independent living.

(1) The total of all applicable income in the eligibility base period, as determined in accordance with K.A.R. 129-6-111, shall be compared to the income standard, as specified in K.A.R. 129-6-103, for the base period. If the total applicable income is less than the income standard and the individual owns property that has value within the allowable limits, the individual shall be financially eligible for medical assistance. If the total applicable income exceeds the income standard, the individual shall be ineligible for medical assistance except for persons determined eligible under K.A.R. 129-6-73, 129-6-74, and 129-6-85.

(2) For determined eligibles under K.A.R. 129-6-73, 129-6-74, and 129-6-85, if the total applicable income exceeds the income standard and the individual owns property that has value within the allowable limits, the excess applicable income shall be the spenddown.

(A) Each applicant or recipient shall incur allowable medical expenses in an amount at least equal to the spenddown before becoming eligible for assistance. Medical expenses paid either voluntarily or involuntarily by third parties shall not be utilized to meet the spenddown, except for medical expenses paid by a public program of the state other than medicaid.

(B) A previously unconsidered increase in total applicable income during the current eligibility base period that results in an additional spenddown shall not alter the base period. The individual shall meet the additional spenddown during the eligibility base period before the individual becomes eligible or regains eligibility for medical assistance. A payment made through the program within the current eligibility base period shall not be considered an overpayment if a previously eligible individual fails to meet the additional spenddown within the current eligibility base period.

(d) Financial eligibility for persons in long-term care arrangements.

(1) Total gross income shall not exceed 300 percent of the payment standard for one person in the supplemental security income program as specified in K.A.R. 129-6-103(a)(13).

(2)(A) If the person is eligible in accordance with paragraph (d)(1), the total of all applicable income in the eligibility base period, as determined in accordance with K.A.R. 129-6-111, shall be compared to the income standard, as specified in K.A.R. 129-6-103(b) for institutional arrangements and K.A.R. 129-6-103(c) for HCBS arrangements, for the base period. If the total applicable income is less than the income standard and the individual owns property that has value within the allowable limits, the individual shall be financially eligible for medical assistance. If the total applicable income exceeds the income standard and the individual owns property that has value

(continued)

within the allowable limits, the excess applicable income shall be the client obligation.

(B) If the person is not eligible in accordance with paragraph (d)(1), financial eligibility shall first be determined in accordance with subsection (c). If allowable medical expenses, including the cost of the long-term arrangement, are in an amount that is at least equal to the spenddown, a final determination of financial eligibility shall then be determined in accordance with paragraph (d)(2)(A), including application of the appropriate institutional or HCBS income standard as specified in K.A.R. 129-6-103(b) or (c). If allowable medical expenses are not in an amount that is at least equal to the spenddown, financial eligibility shall be determined in accordance with subsection (c).

(3) Each applicant or recipient shall incur allowable medical expenses in an amount at least equal to the client obligation before becoming eligible for assistance. Medical expenses paid either voluntarily or involuntarily by third parties shall not be utilized to meet this obligation, except for medical expenses paid by a public program of the state other than medicaid.

(4) Any increase in total applicable income during the current eligibility base period may result in financial ineligibility or in additional obligation, but this increase shall not alter the base period. A payment made through the program within the current eligibility base period shall not be considered an overpayment if a previously eligible individual becomes ineligible because of an increase in total applicable income or fails to meet any additional obligation within the current eligibility base period.

(e) Allowable expenses. The following expenses shall be applied to a spenddown or client obligation if the individual provides evidence that the individual has incurred or reasonably expects to incur the expenses within the appropriate eligibility base period, or has incurred and is still obligated for expenses outside of the appropriate eligibility base period that have not been previously applied to a spenddown or obligation:

(1) Co-pay requirements;

(2) the pro rata portion of medical insurance premiums for the number of months covered in the eligibility base period regardless of the actual date of payment, past or future;

(3) any medicare premiums that are not covered by the department through the buy-in process. Premiums that are subject to the buy-in process shall not be allowable before completion of the buy-in process, even if the individual pays the premiums or the premiums are withheld;

(4) if medically necessary and recognized under Kansas law, all expenses for medical services incurred by the individual or a legally responsible family group member. Expenses for social services designated as medical services under the HCBS program shall be allowable under this paragraph for persons in the HCBS program. Expenses for routine supplies, as defined in K.A.R. 129-10-15a, and for institutional care if the individual does not meet nursing facility criteria through the level-of-care evaluation or reevaluation process as defined in K.A.R. 30-10-7, shall not be allowable under this paragraph; and

(5) the cost of necessary transportation by appropriate mode to obtain medical services specified in paragraph (e)(4). (Authorized by and implementing K.S.A. 2013 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

(2) "Compensation" means all money, real or personal property, food, shelter, or service received by the individual or spouse at or after the time of transfer in exchange for the asset in question. A service received shall be considered compensation only if the service is provided under the terms of a legally enforceable agreement to provide the service in exchange for the assets in question and if the terms are established before delivery of the service. Payment or assumption of a legal debt owned by the individual or spouse in exchange for the asset shall be deemed compensation.

(3) "Fair market value" means the market value of an asset at the earlier of the time of the transfer or the contract of sale. Current market value shall be determined in accordance with K.A.R. 129-6-106(b).

(4) "Institutionalized individual" means an applicant or recipient who meets any of the following conditions:

(A) Is residing in a nursing facility;

(B) is residing in a medical institution that is providing the individual with a level of care equivalent to the care provided by a nursing facility;

(C) is residing in an HCBS living arrangement; or

(D) is participating in PACE.

(5) "Transfer of assets" means any transfer or assignment of any legal or equitable interest in any asset that partially or totally passes the use, control, or ownership of the asset of an applicant or recipient, or the spouse of an applicant or recipient, to another person or corporation, including any of the following:

(A) Giving away an interest in an asset;

(B) placing an interest in an asset in a trust that is not available to the grantor;

(C) removing or eliminating an interest in a jointly owned asset in favor of other owners;

(D) disclaiming an inheritance of any property, interest, or right;

(E) failing to take a share of an estate as a surviving spouse; or

(F) transferring or disclaiming the right to income not yet received.

(6) "Uncompensated value" means the fair market value of an asset less the amount of any compensation received by the individual or spouse in exchange for the asset.

(b) Ineligibility for payment of services. If an individual or spouse has transferred or disposed of assets for less than fair market value on or after the specified look-back date as determined by the date of transfer, the individual shall not be eligible for payment of services for any institutionalized individual as specified in paragraphs (a)(4)(A) through (D).

(c) Exempted transfers. An individual shall not be ineligible for payment of services due to a transfer of assets in any of the following circumstances:

(1) The fair market value of the assets transferred has been received.

(2) A written request to transfer the assets has been submitted by the individual and approved by the secretary before the date of the transfer.

(3) The transfer has been executed pursuant to the division of assets provisions of K.A.R. 129-6-106.

(4) A transfer of an interest in the individual's home has been made to any of the following, as determined by the interest conveyed:

(A) The spouse of the individual;

(B) a child of the individual who is under the age of 21 or who meets the blindness or disability criteria of K.A.R. 129-6-85;

(C) a sibling of the individual who has an equity interest in the home and who was residing in the home for at least one year immediately before the date the individual entered an institutional or HCBS arrangement; or

(D) a child of the individual, other than the child described in paragraph (c)(4)(B), who was residing in the home for at least two years immediately before the date the individual entered an institutional or HCBS arrangement and who provided care to the individual that permitted the individual to reside at home.

(5) The assets have been transferred to any of the following:

(A) The individual's spouse or to another individual for the sole benefit of the individual's spouse;

(B) the institutionalized individual's child who meets the blindness or disability criteria of K.A.R. 129-6-85 or a trust established solely for the benefit of the child; or

(C) a trust established solely for the benefit of an individual under 65 years of age who meets the blindness or disability criteria of K.A.R. 129-6-85.

(6) A transfer of assets has been made, and a satisfactory showing that the individual intended to dispose of the assets at fair market value, for other valuable consideration, or exclusively for a purpose other than to qualify for medicaid has been established. The following criteria shall be used to establish a satisfactory showing:

(A) A record of the facts, in chronological order, related to each transfer of assets within the applicable look-back period shall be assembled; and

(B) a transfer of assets for less than fair market value shall be presumed to have been for the purpose of establishing or maintaining medicaid eligibility, unless the individual presents clear and convincing evidence that the transfer was exclusively for some other purpose. The bur-

den shall be on the individual to rebut this presumption by furnishing clear and convincing evidence that the asset was transferred exclusively for some other purpose. A signed statement by the individual shall not be, by itself, clear and convincing evidence. Each transfer shall be considered in the light of the circumstances at the time the transfer was made. The total amount of the transfer shall be considered in proportion to the length of the interval between the date of the transfer and the date of the application for medical assistance. In addition, the following factors shall be taken into account:

(i) Whether the transfer was ordered by the court and neither the individual, the spouse, the conservator, the guardian, the beneficiary of the transfer, nor anyone else acting in their legal authority or direction took action to effectuate the transfer; and

(ii) whether the individual could not have anticipated the need for medical assistance at the time of transfer due to an unexpected event occurring after the transfer that resulted in the traumatic onset of disability or blindness, the diagnosis of a previously undetected disability, or the loss of other income or resources, completely outside of the control of the individual or spouse, that would have otherwise precluded medical eligibility.

(7) The transferred asset has been returned to the individual or has been made available for use by the individual or spouse.

(d) Look-back date. The look-back date shall mean the earliest date on which a penalty for transferring assets for less than fair market value can be assessed, as specified in this subsection. A penalty shall be assessed for all transfers by the individual or the individual's spouse that take place on or after the look-back date. A penalty shall not be assessed for any transfers that take place before the look-back date.

(1) For transfers of assets before February 8, 2006, multiple transfers that occur within a single month shall be treated as a single transfer. The look-back date shall be either of the following:

(A) 60 months before the date the individual received or was otherwise eligible to receive institutional care or HCBS and has applied for medical assistance in the case of payment from a trust or portions of a trust that are treated as assets disposed of by the individual as specified in K.A.R. 129-6-109(c)(1) and (2); or

(B) 36 months before the date the individual received or was otherwise eligible to receive institutional care or HCBS and has applied for medical assistance in the case of all other transfers of assets.

(2) For transfers of assets on and after February 8, 2006, multiple transfers that occur within a single month shall be treated as a single transfer. The look-back date shall be the date that is 60 months before the date the individual received or was otherwise eligible to receive institutional care or HCBS and has applied for medical assistance.

(e) Transfer period of ineligibility. If the individual or spouse has transferred assets for less than fair market value, the individual shall not be eligible for the services specified in paragraphs (a)(4)(A) through (D), as follows:

(continued)

(1) For transfers before February 8, 2006, the penalty period shall be equal to the number of months calculated by taking the total cumulative uncompensated value of the assets transferred by the individual or spouse on or after the look-back date, divided by \$4,000.

(2) For transfers on and after February 8, 2006, the penalty period shall be equal to the number of days calculated by taking the total cumulative uncompensated value of the assets transferred by the individual or spouse on or after the look-back date, divided by the average daily private-pay cost of nursing facilities in the state in effect on the date the penalty begins. The average daily private-pay cost shall be determined at least annually based on the rates reported by the nursing facilities and compiled by department for aging and disability services.

(f) Penalty start date.

(1) The date on which the penalty period begins shall be determined by the date of the transfer, as follows:

(A) For transfers before February 8, 2006, the penalty start date shall be the first day of the month in which the transfer occurred for applicants and no later than the second month following the month of transfer for recipients giving timely and adequate notice as defined in K.A.R. 129-7-65.

(B) For transfers on and after February 8, 2006, the penalty start date shall be the later of the following:

(i) For applicants, the later of the following: the first day of the month in which the transfer occurred or the first day on which the individual is eligible for medical assistance based on an application for medical assistance and is receiving institutional care or would be receiving HCBS but for the application of the penalty period; and

(ii) for recipients giving timely and adequate notice as defined in K.A.R. 129-7-65, no later than the second month following the month of transfer.

(2) Separately established penalty periods shall be served consecutively. Once the penalty period is imposed, the period shall not be interrupted or suspended even if the individual no longer receives institutional care or HCBS.

(3) If the spouse of the individual transfers an asset that results in a penalty period and that spouse is subsequently institutionalized and is determined otherwise eligible for medical assistance, the remaining penalty period shall be divided between the spouses.

(g) Hardship waiver.

(1) A penalty period shall be initially waived or suspended if the imposition of the penalty period would cause an undue hardship on the individual. To cause an "undue hardship" on the individual shall mean to deprive the individual of either of the following:

(A) Medical care to the extent that the individual's health or life would be endangered; or

(B) food, clothing, shelter, or other necessities of life to the extent that the individual would be at risk of serious harm.

(2) Undue hardship shall not exist if the application of a penalty period merely causes an individual or any individual's family members inconvenience or restricts their lifestyle. Undue hardship shall not exist if the individual transferred the assets to the spouse and the spouse

refuses to cooperate in making the resources available to the individual.

(3)(A) Any individual claiming undue hardship may submit a written request to the department at any time during the penalty period. The request shall include a description of the undue hardship along with evidence to support the claim.

(B) The facility in which the individual resides shall obtain written consent from the individual or the individual's personal representative in order to assert a claim of undue hardship on behalf of the individual and provide supporting information on behalf of the individual. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-106. General requirements for consideration of resources, including real property, personal property, and income. (a) For purposes of determining eligibility for medical assistance, legal title shall determine ownership. In the absence of legal title, possession shall determine ownership.

(b) Each resource shall be of a nature that the value can be defined and measured, according to the following:

(1) Real property. The value of real property shall be initially determined by the latest uniform statewide appraisal value of the property, which shall be adjusted to reflect current market value. If the property has not been appraised or if the market value determined is not satisfactory to the applicant, recipient, or department, an estimate or appraisal of the value of the property shall be obtained from an impartial real estate broker. The cost of obtaining an estimate or appraisal shall be paid by the department.

(2) Personal property. The market value of personal property shall be initially determined using a reputable trade publication. If such a publication is not available or if there is a difference of opinion between the department and the individual regarding the value of the property, an estimate from a reputable dealer shall be used. The cost of obtaining an estimate or appraisal shall be paid by the department.

(c)(1) Resources shall be considered available if the resources are actually available and the applicant or recipient has the legal ability to make the resources available. A resource shall be considered unavailable if there is a legal impediment that precludes the disposal of the resource. The applicant or recipient shall pursue reasonable steps to overcome the legal impediment, unless it is determined that the cost of pursuing legal action would exceed the resource value of the property or it is unlikely the applicant or recipient would succeed in the legal action. This paragraph shall also apply to the spouse of the applicant or recipient.

(2) Real property shall be considered unavailable if the property cannot be sold for one of the following reasons:

(A) The property is jointly owned, and its sale would cause undue hardship because of the loss of housing for the other owner or owners.

(B) The owner's reasonable efforts to sell the property have been unsuccessful.

(d) The resource value of property shall be the value of the applicant's or recipient's equity in the property. Unless otherwise established, the proportionate share of jointly owned real property and the full value of jointly owned personal property shall be considered available to the applicant or recipient. Resources held jointly with a non-legally responsible person may be excluded from consideration if the applicant or recipient demonstrates that all of the following conditions exist:

(1) The applicant or recipient has no ownership interest in the resource.

(2) The applicant or recipient has not contributed to the resource.

(3) Any access to the resource by the applicant or recipient is limited to those duties performed while the applicant or recipient is acting as an agent for the other person.

(e) Except for persons described in K.A.R. 129-6-34(c)(1) and 129-6-34(c)(2)(A) through (I), the nonexempt resources of all persons in the assistance plan shall be considered in determining eligibility. Exempted resources as defined in K.A.R. 129-6-108(d) and 129-6-109(e) that are put in a trust that meets the requirements of K.A.R. 129-6-109(c)(1) or (c)(2)(A) shall be regarded as nonexempt, unless paragraphs (k)(4) and (6) of this regulation are applicable.

(f)(1) The combined resources of husband and wife, if they are living together, shall be considered in determining the eligibility of either individual or both individuals for the medical assistance program, except as noted in subsection (e) or unless otherwise prohibited by law.

(2) A husband and wife shall be considered to be living together if they are regularly residing in the same household. Temporary absences of either the husband or the wife for education, training, working, securing medical treatment, or visiting shall not interrupt the period of time during which the couple is considered to be living together.

(3) A husband and wife shall not be considered to be living together if they are physically separated and not maintaining a common life or if one or both enter into an institutional living arrangement, including either a medicaid-approved or non-medicaid-approved medical facility or an HCBS care arrangement.

(A) If only one spouse enters an institutional living arrangement, subsection (k) shall apply.

(B) If both spouses enter an institutional living arrangement, the combined resources of the husband and wife shall be considered available to both individuals for the month in which the institutional arrangement begins.

(g) Except as noted in subsection (e), the resources of an ineligible parent shall be considered in determining the eligibility of a minor child for the medical assistance program if the parent and child are living together. How-

(continued)

ever, these resources shall not be considered for any child in an institutional arrangement or an HCBS arrangement beginning with the month following the month in which the arrangement begins.

(h) Despite subsections (e), (f), and (g), the resources of an SSI beneficiary shall not be considered in the determination of eligibility for medical assistance of any other person.

(i) The conversion of real property and personal property from one form of resource to another shall not be considered to be income to the applicant or recipient, except for the proceeds from a contract for the sale of property.

(j) Income shall not be considered to be both income and property in the same month.

(k) If one spouse enters an institutional living arrangement, the other spouse remains in the community, and an application for medical assistance is made on behalf of the institutionalized spouse, an income determination according to the following requirements shall be applied first in determining eligibility:

(1) The separate income of each spouse shall not be considered to be available to the other spouse beginning in the month in which the institutional arrangement begins. One-half of the income that is paid in the names of both spouses shall be considered available to each spouse, unless it is otherwise established that less or more than this amount is available. Income that is paid in the name of either spouse, or in the name of both spouses and the name of another person or persons, shall be considered available to each spouse in proportion to the spouse's interest, unless it is otherwise established that less or more than this amount is available.

(2)(A) A monthly income allowance for the community spouse shall be deducted from the income of the institutionalized spouse in determining the amount of patient liability for each person in an institutional living arrangement or in a spenddown status for each person in an HCBS arrangement.

(B) The income allowance for the community spouse, when added to the income already available to that spouse, shall not exceed 150 percent of the official federal poverty-level income guideline for two persons plus the amount of any excess shelter allowance. "Excess shelter allowance" shall mean the amount by which the community spouse's expenses for rent or mortgage payments, taxes and insurance for the community spouse's principal residence, and the supplemental nutrition assistance program (SNAP) standard utility allowance, 7 U.S.C. 2014(e), exceed 30 percent of 150 percent of the federal poverty-level income guideline amount specified in this paragraph.

(C) The maximum monthly income allowance that may be provided under paragraph (k)(2) shall be \$1,500. The \$1,500 limitation shall be increased at the beginning of each calendar year by the same percentage as the percentage increase in the consumer price index for all urban consumers between September 1988 and the September before the applicable calendar year.

(D) If a greater income allowance is provided under a court order of support or through the Kansas administra-

tive hearing process, that amount shall be used in place of the limits specified in paragraph (k)(2)(C).

(3) A monthly income allowance for each dependent family member shall be deducted from the income of the institutionalized spouse in determining the 300 percent income limit as specified in K.A.R. 129-6-54(d)(1) and the amount of client obligation for each person in an institutional living arrangement or in an HCBS arrangement.

(A) "Dependent family member" shall mean a person who is a minor or dependent child, dependent parent, or dependent sibling of either spouse and who lives with the community spouse.

(B) The allowance for each member shall be equal to one-third of 150 percent of the official federal poverty-level income guideline for two persons.

(C) An allowance for a dependent family member shall not be provided if the family member's gross income exceeds 150 percent of the federal poverty-level income guideline for two persons.

(4) If the spouse is institutionalized on or after September 30, 1989, the nonexempt real property and personal property of both spouses shall be considered in determining the eligibility of the institutionalized spouse, based on the amount of property in excess of the community spouse property allowance specified in paragraph (k)(6), whether or not this allowance will be made.

(A) If the excess property is within the allowable resource standards of K.A.R. 129-6-107, the institutionalized spouse shall be eligible.

(B) In the month following the first month of eligibility for the institutionalized spouse, only the property of the institutionalized spouse shall be considered available in determining continuing eligibility, except for property to be transferred in accordance with paragraph (k)(6).

(5) If the spouse was institutionalized before September 30, 1989, the real property and personal property of each spouse shall be considered available to the other spouse in the month in which the institutional arrangement began. Thereafter, the property of each spouse shall not be considered available to the other spouse.

(6) The institutionalized spouse may make available to the community spouse a property allowance that, when added to the property already available to the community spouse, would be equal to one-half of the total value of the property owned by both spouses at the beginning of the first period of continuous institutionalization beginning on or after September 30, 1989.

(A) This property allowance shall not exceed \$60,000 and shall be at least \$12,000. Both the \$12,000 and the \$60,000 limits shall be increased at the beginning of each calendar year by the same percentage as the percentage increase in the consumer price index for all urban consumers between September 1988 and the September before the applicable calendar year.

(B) If a greater property allowance is provided under a court order of support or through the Kansas administrative hearing process, that amount shall be used in place of the limits specified in paragraph (k)(6)(A). If a greater property allowance is required to increase the community spouse's income to the amount allowed under paragraphs (k)(2)(B) and (C), a fair hearing officer shall take into account the income-generating value of the current

property allowance as well as the additional property allowance requested. The property provided shall be invested so that income is maximized, including through a single-premium annuity, and based on the salable or market value of the property.

(7) The amount of property received by the community spouse as a result of the property allowance determined in paragraph (k)(6) shall not be considered in determining the eligibility of the institutionalized spouse, except as provided in paragraph (k)(4). If the institutionalized spouse will be eligible based upon transferring sufficient property to the community spouse to equal the amount of the property allowance, the institutionalized spouse shall be given not more than 90 days from the date of application to transfer the property. Additional time may be allowed for good cause. Pending disposition of the property, the institutionalized spouse shall be eligible during this period if all other eligibility factors are met.

(l) The resources of a noncitizen's sponsor and the sponsor's spouse shall be considered in determining eligibility for the sponsored noncitizen. (Authorized by and implementing K.S.A. 2013 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-107. Property exemption. (a) Ownership of otherwise nonexempt real property or personal property shall not affect eligibility if the aggregate resource value is not in excess of \$2,000 for one person or \$3,000 for two or more persons, including the number of persons whose nonexempt resources are considered available to a person in the assistance plan.

(b) Ownership of property with a resource value in excess of the amounts specified in subsection (a) shall render the applicant or recipient and the members of the applicant's or recipient's assistance plan ineligible for medical assistance, except for the following:

(1) For medicare beneficiaries who meet the requirements of K.A.R. 129-6-86, the resource value shall be in excess of the following standards before the applicant or recipient and the members of the applicant's or recipient's family group shall be rendered ineligible:

(A) For calendar year 2006, \$6,000 for one person or \$9,000 for a couple; and

(B) for subsequent years, the amounts established in paragraph (b)(1)(A) increased by the annual percentage increase in the consumer price index for all items based on the United States city average as established in September of the previous year.

(2) For working disabled individuals who meet the requirements of K.A.R. 129-6-87, the resource value shall be over twice the amounts specified in subsection (a) before the applicant or recipient and the members of the applicant's or recipient's assistance plan shall be rendered ineligible.

(3) For disabled individuals with earned income who meet the requirements of K.A.R. 129-6-88, the resource value shall be over \$15,000 before the applicant or recipient and the members of the applicant's or recipient's assistance plan shall be rendered ineligible. If the applicant or recipient is making a bona fide and documented effort to dispose of the excess property at a reasonable market

value, medical assistance for not more than nine months shall be provided. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-108. Real property. (a) Definitions.

(1) "Home" shall mean the house or shelter in which the applicant or recipient is living, as well as the tract of land and contiguous tracts of land upon which the house and other improvements essential to the use or enjoyment of the home are located. Tracts of land shall be considered to be contiguous if lying side by side, except for streets, alleys, and other easements. Pieces of property that touch only at the corners shall not be considered to be contiguous.

(2) "Other real property" shall mean real property other than a home, including land and buildings.

(b) Treatment of real property. The equity value of non-exempt real property shall be deemed a resource. If a specific and discrete property interest of less than 100 percent is designated for real property, the full value shall be considered in the determination of eligibility, regardless of the exemptions specified in subsection (d).

(c) Substantial home equity. Each person who applies for long-term care on or after January 1, 2006 and has an equity interest in a home in excess of \$500,000 shall be ineligible for payment of care for a nursing facility or other institutional arrangement, HCBS arrangement, or PACE arrangement, unless one of the following persons continues to reside in the home:

(1) The person's spouse;

(2) the person's child, if the child meets the criteria of K.A.R. 129-6-85(b) or (c); or

(3) the person's child, if the child is under the age of 21.

The \$500,000 limit shall be increased beginning in calendar year 2011 from year to year based on the percentage increase in the consumer price index for all urban consumers based on all items and the United States city average, rounded to the nearest \$1,000.

(d) Exempted real property. The equity value of the following classifications of real property shall be exempt, except as noted in subsections (b) and (c):

(1) The home, except either of the following:

(A) A home from which an applicant or recipient has been absent and does not intend to return; or

(B) a home from which a person who enters an institutional living situation has been absent for at least three months, unless the absence is determined to be temporary or a spouse, dependent child, or another dependent relative remains in the home;

(2) other real property that is essential for employment or self-employment;

(3) income-producing other real property that is used in an individual's trade or business or that produces income consistent with its fair market value;

(4) restricted or allotted land held by an enrolled member of an Indian tribe that cannot be sold or transferred without permission of other members of the tribe or a federal agency; and

(5) real property that is directly related to the maintenance or use of a vehicle that is used primarily for pro-

(continued)

ducing income or is necessary to transport a physically disabled household member. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-109. Personal property. (a) Definitions. For purposes of this regulation, each of the following terms shall have the meaning specified in this regulation:

- (1) "Cash assets" means the following resources:
 - (A) Cash surrender or loan values of life insurance policies;
 - (B) investments;
 - (C) money;
 - (D) similar items from which a determinate amount of money can be realized; and
 - (E) trust funds.
- (2) "Other personal property" means the following:

 - (G) personal effects;
 - (H) similar items from which a determinate amount of money can be realized; and
 - (I) vehicles.
- (3) "Personal property" means all property, excluding real property.

(b) Treatment of personal property. Personal property, unless exempted, shall be considered a resource. Each trust fund shall be subject to subsection (c).

(c) Treatment of trust funds. For purposes of determining an individual's eligibility for assistance or the amount of assistance, the requirements in this subsection shall apply to trust funds. The term "trust" shall include any legal instrument or device that is similar to a trust, including an annuity. The term "assets" shall be defined as specified in K.A.R. 129-6-57(a).

(1) For a revocable trust, the value of the trust shall be considered a resource available to the individual. Payments from the trust to or for the benefit of the individual shall be considered to be income. All other payments made from the trust shall be considered under the property transfer provisions of K.A.R. 129-6-57.

(2) For an irrevocable trust established after August 10, 1993, the following requirements shall apply:

(A) If there are any circumstances under which payment from an irrevocable trust could be made to the individual or for the benefit of the individual, the portion of the trust from which payment could be made shall be considered as a resource available to the individual. Each payment made from the trust to the individual or for the benefit of the individual shall be considered income. All other payments made from the trust shall be considered under the property transfer provisions of K.A.R. 129-6-57.

(B) Each portion of the trust from which no payment could be made to the individual under any circumstances shall be considered under the transfer of assets provisions of K.A.R. 129-6-57 from the date of establishment of the

trust or, if later, the date on which payment to the individual was restricted or foreclosed.

(C) An individual shall be considered to have established a trust if any assets of the individual were used to form all or part of the trust and if any of the following individuals established the trust, other than by will:

- (i) The individual or the individual's spouse;
- (ii) any person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse; or
- (iii) any person, including any court or administrative body, acting at the direction or upon the request of the individual or the individual's spouse.

(D) If the principal of the trust includes assets of any other person or persons, this subsection shall apply to the portion of the trust attributable to the assets of the individual.

(E) This subsection shall apply without regard to the purposes for which the trust was established, whether or not the trustees have or exercise any discretion under the trust, any restrictions on when or whether distributions can be made from the trust, or any restrictions on the use of distributions from the trust.

(F) This subsection shall not apply to a trust that contains the assets of an individual under the age of 65 who meets the blindness or disability criteria of K.A.R. 129-6-85 and that is established for the benefit of the individual by a parent, grandparent, or legal guardian of the individual, or a court. The state shall receive all amounts remaining in the trust upon the death of the individual, up to an amount equal to the total medical assistance paid on behalf of the individual;

(G) This subsection shall not apply to a trust that contains the assets of an individual who meets the blindness or disability criteria of K.A.R. 129-6-85 if the trust meets all the following conditions:

- (i) The trust is established by a nonprofit association.
- (ii) A separate account is maintained for each beneficiary of the trust.
- (iii) Accounts in the trust are established solely for the benefit of individuals who meet the blindness or disability criteria of K.A.R. 129-6-85.

(iv) Each account in the trust is established by that individual; the parent, grandparent, or legal guardian of the individual; or a court. The state shall receive all amounts remaining in the individual's account upon the death of the individual, up to an amount equal to the total medical assistance paid on behalf of the individual.

Establishment of a trust under paragraph (c)(2)(G) for an individual who is at least 65 shall be subject to the transfer of assets provisions of K.A.R. 129-6-57.

(H) The requirements of K.A.R. 129-6-109(c)(2) shall be waived if the secretary determines that a waiver is necessary to avoid undue hardship on the individual. A finding of undue hardship may be granted if the individual verifies that all of the following conditions have been met:

- (i) The individual has exhausted all legal remedies for gaining access to the principal or income of the trust.
- (ii) All otherwise available assets have been expended to meet living and medical expenses.
- (iii) The individual's health or life would be endangered if the individual were deprived of medical care.

(3) For an irrevocable trust established with the individual's own assets on or before August 10, 1993, the following provisions shall apply:

(A) The trust shall be considered available up to the maximum value of the funds that can be made available under the terms of the trust on behalf of the individual if both of the following conditions are met:

(i) The individual is a beneficiary.

(ii) The trustees are permitted to exercise any discretion with respect to distribution to the individual.

(B) The trust may be established by the individual, the individual's spouse or parent, a legal guardian, or a legal representative who is acting on behalf of the individual.

(C) The amount from the trust that shall be considered as an available resource is the amount that could have been distributed but was not distributed within an eligibility base period. Each amount actually distributed shall be regarded as income. Each portion of the trust that is unavailable to the individual or is not used for the benefit of the individual shall be considered a transfer of property for less than fair market value in accordance with K.A.R. 129-6-57.

(D) K.A.R. 129-6-109(c)(3) shall not be applicable to any trust established before April 7, 1986 if the individual is a developmentally disabled individual who is residing in an intermediate care facility for people with intellectual disability and the trust is solely for the benefit of the individual.

(4) For any other trust, including a trust established with assets of someone other than the individual, the trust shall be considered available to the individual only if the individual has the ability to revoke or terminate the trust or to direct the use of the trust assets for the individual's own support and maintenance. Mandatory periodic payments received from a trust by the individual shall be considered an available resource equal to the present value of the anticipated payments, unless there is a valid spendthrift clause or other language in the trust that specifically prohibits anticipation of payments. If a valid spendthrift clause or other restrictive language exists, the periodic payments shall be considered countable unearned income.

(d) Treatment of annuities. The term "annuity" shall include any contract or device that conveys a right to receive a fixed, periodic source of income for a specified period of time. For purposes of determining an individual's eligibility for assistance or the amount of assistance, the following requirements shall apply:

(1) Each individual requesting medical assistance shall disclose any interest in an annuity. Failure to meet this requirement shall result in ineligibility for medical assistance due to noncooperation in accordance with K.A.R. 129-6-56.

(2) Retirement annuities, including civil service and railroad retirement annuities, shall be exempt as a resource, but the income received shall be countable unearned income.

(3) All other revocable and irrevocable annuities, including those reported to be nonassignable, shall be presumed to be an available resource. The right to either the principal or the income stream from an annuity shall be considered a countable resource. If the annuity can be

sold, assigned, encumbered, or structured so that the benefit of the annuity can be received by someone other than the designated beneficiary, the annuity shall be considered available and shall be assigned a value.

(4) The fair market value of a revocable annuity shall be the cash value of the annuity. The fair market value of an irrevocable annuity shall be the amount yet to be paid out under the terms of the contract.

(5) If the individual can furnish evidence from a reliable source that the annuity or the income stream from the annuity is not able to be received by someone other than the designated beneficiary, the annuity shall be reevaluated. Reliable sources concerning the availability of the annuity or income stream shall include banks and other financial institutions, insurance companies, and brokers.

(e) Exempted personal property. The resource value of the following types of personal property shall be exempt:

(1) Personal effects;

(2) household equipment and furnishings in use or only temporarily not in use;

(3) tools in use and necessary for the maintenance of a house or a garden;

(4) the stock and inventory of any self-employed person that are reasonable and necessary in the production of goods and services;

(5) items for home consumption, which shall consist of the following:

(A) Produce from a garden consumed from day to day and any excess that can be canned or stored; and

(B) a small flock of fowl or herd of livestock that is used to meet the food requirements of the family;

(6) cash assets that are traceable to income exempted as income and as a cash asset;

(7) any contract for the sale of property, if the proceeds from the contract are considered as income and the income is consistent with the repayment terms and conditions specified in the written contract;

(8) one vehicle for each family group receiving medical assistance if the primary purpose of the vehicle is to serve the needs of that family group. If someone who is not a member of that family group has the primary use, enjoyment, and possession of the vehicle, the vehicle shall not be exempted under this paragraph. Additional vehicles may be exempt if used over 50 percent of the time for employment or self-employment, if used as the family's home, if needed for medical treatment of a specific medical problem, or if specially equipped for use by a handicapped person;

(9) any individual development account (IDA) that meets the following requirements:

(A) The account shall be established by or on behalf of a temporary assistance for needy families (TANF) recipient or by or on behalf of an individual participating in the assets for independence demonstration program (AFIA) and shall be used for a qualified purpose. A qualified purpose shall mean one or more of the following: postsecondary education expenses for college or vocational-technical school, excluding learning quest and other 529 accounts; first home purchase, if the person has not owned a home within three years of acquisition; or business capitalization, if the business plan has been ap-

(continued)

proved by a financial institution or nonprofit loan fund. All funds withdrawn from an IDA and used for any purpose other than one of those listed in this paragraph shall count as unearned income in the month withdrawn; and

(B) the IDA shall be a trust funded through periodic contributions by the establishing individual and may be matched by or through a qualified entity for a qualified purpose. A qualified entity to match IDA funds for a TANF recipient shall be either a not-for-profit organization described in 8 U.S.C. 501(c)(3) and exempt from taxation under 8 U.S.C. 501(a) or a state or local government agency acting in cooperation with a 501(c)(3) organization. For AFIA participants, matching contributions shall be made by the federal government through a grantee;

(10) low-income family postsecondary savings accounts incentive program established pursuant to K.S.A. 2012 Supp. 75-650, and amendments thereto;

(11) life insurance that is owned by an applicant or recipient if one of the following conditions is met:

(A) The policy has no potential cash surrender value;

(B) the policy does not exceed \$1,500 face value. The face value shall not include and shall not be increased by accumulated dividends, but shall be decreased by any outstanding policy loan. If the total face value of insurance policies owned by any one individual exceeds \$1,500, the total cash surrender value of those policies shall be a nonexempt resource; or

(C) the policy is in excess of \$1,500 face value and has been irrevocably collaterally assigned to the state. The assignment shall be for an amount not to exceed the amount of benefits paid under the medical assistance program for the individual;

(12) any personal property of a blind or disabled person that is covered by an approved plan of self-support;

(13) burial spaces in accordance with the following:

(A) "Burial spaces" shall mean conventional grave sites, crypts, mausoleums, caskets, urns, and other repositories that are traditionally used for the remains of deceased persons. This term shall include vaults, headstones, and grave markers, as well as monies set aside for opening and closing the grave; and

(B) burial spaces purchased through a revocable or irrevocable prepaid contract shall be exempt under this paragraph, including the account in which the funds are deposited under the contract and the interest that accrues on the funds;

(14) burial funds of up to \$1,500 each, plus any interest that has accumulated in that fund beginning with the month of application but no earlier than November 1, 1984, for members of the assistance plan that are separately identifiable and clearly designated as set aside for each member's burial expenses. "Burial funds" shall mean revocable burial contracts and trusts as well as other revocable burial arrangements:

(A) The fund shall be considered separately identifiable if it is set up in a separate account and not commingled with any other funds, except funds for burial purposes including a prepaid contract fund for burial merchandise in accordance with paragraph (e)(13);

(B) the fund shall be considered as clearly designated if the account is noted "for burial purposes only" or if the client provides a signed, written statement attesting

to the fact that the funds have been set aside and are intended for burial purposes only;

(C) if the fund is exempted and the client withdraws all or a portion of the funds, the amount withdrawn shall be considered as a nonexempt resource and, if transferred, shall be subject to the transfer provisions of K.A.R. 129-6-57;

(D) the \$1,500 amount that can be exempted under paragraph (e)(14) shall be reduced by the amount of any irrevocable burial agreements established under K.S.A. 16-303 and amendments thereto, except to the extent that the irrevocable burial agreement represents excludable burial spaces under paragraph (e)(13), as well as the face value of all life insurance policies that do not exceed the \$1,500 face value limitation in accordance with paragraph (e)(11). The face value of life insurance policies that exceed this \$1,500 limit shall not reduce the amount that can be exempted for burial purposes;

(15) proceeds from the sale of a home if the proceeds are conserved for the purchase of a new home and the funds so conserved are expended or committed to be expended within three months of the sale;

(16) a retroactive social security payment received by the applicant or recipient or an ineligible legally responsible person for the nine months following the month of receipt;

(17) the cash value of pension plans or funds under any of the following conditions:

(A) The person is employed and would have to terminate employment in order to obtain any payment. Each pension plan or fund that can be converted to periodic payments shall be exempt if the plan or fund is converted to periodic payments by the month following the month in which the plan or fund is eligible for conversion;

(B) the person is not retired or claiming permanent disability; or

(C) the applicant's or recipient's spouse or parent has funds in a work-related pension plan or fund, including Keogh plans, and IRAs and is not applying for or receiving medical assistance;

(18) retirement accounts and pensions of any employed individual who meets the requirements of K.A.R. 129-6-88;

(19) income-producing personal property, other than cash assets, that is essential for employment or self-employment or producing income consistent with its fair market value. Income-producing property may include any of the following items:

(A) Tools;

(B) equipment;

(C) machinery; or

(D) livestock;

(20) escrow accounts established for families participating in the family self-sufficiency program through the U.S. department of housing and urban development. Interest earned on the accounts shall also be exempted as income; and

(21) monies paid as part of a contract or agreement to receive medical or assistive services from an unlicensed individual or entity if all of the following conditions are met:

(A) A written contract is executed before providing or paying for any service. The contract shall specify services to be provided and the rates for these services;

(B) the contracted amount paid for services is consistent with the market rate for the services. If there is no established rate, the federal minimum wage shall be used;

(C) the provider of the service is reporting all monies as income to the appropriate state and federal governmental revenue agencies as required by law;

(D) any amounts due under the contract are paid after the services are rendered;

(E) the agreement is revocable; and

(F) upon the death of the individual, the contract ceases. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-110. Income. (a) Treatment of income for MAGI-based coverage groups. For purposes of this regulation, “prospective monthly amount” shall mean an amount that is projected for purposes of determining an applicant’s or recipient’s monthly income. For those groups specified in K.A.R. 129-6-34(c)(1), all earned income and unearned income expected to be received in the month of application shall be used to determine a prospective monthly amount. This amount shall be used in the determination of both eligibility in the prior three months and current eligibility. For changes in earned income and unearned income, an estimate of those changes shall be used to determine a prospective monthly amount. For self-employment income, a prospective monthly amount shall be based on annual federal tax information from the most recent tax year. In the absence of federal tax information from the most recent tax year, an estimate shall be used to determine a prospective monthly amount.

(b) Treatment of income for MAGI-excepted coverage groups. For those groups specified in K.A.R. 129-6-34(c)(2), income shall be classified as income in the eligibility base period in which the income is received and as a cash asset following this eligibility base period.

(1) Prior eligibility. For individuals in independent living, current income as defined in paragraph (b)(2) shall be considered in the determination of eligibility for the prior three months. For individuals in long-term care arrangements, income received in the prior three months shall be considered in the determination of eligibility for the prior three months, except that self-employment income shall be averaged.

(2) Current eligibility. Income shall be considered prospectively to determine eligibility, beginning with the month of application. All income received or reasonably expected to be received shall be considered in determining the applicable income for the eligibility base period. Income from self-employment and intermittent income shall be considered and averaged. Intermittent income shall be divided by the applicable number of months to establish the monthly amount. Intermittent income shall be considered as income beginning with the eligibility base period in which this income is received. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-111. Applicable income. “Applicable income” shall mean the amount of earned and unearned income that is compared with the appropriate income standard to establish financial eligibility.

(a) MAGI-based coverage groups. For those groups specified in K.A.R. 129-6-34(c)(1), all earned income and unearned income shall be considered applicable, unless exempted in accordance with K.A.R. 129-6-53(a)(2), and shall be determined as follows:

(1) Applicable income shall be based on the methodologies used to determine modified adjusted gross income, as specified in K.A.R. 129-6-53(a), for persons in the household, as specified in K.A.R. 129-6-53(b).

(2) An amount equivalent to five percentage points of the federal poverty level for the applicable family size shall be deducted from the combined household income in accordance with K.A.R. 129-6-53(a) when determining eligibility for the MAGI-based coverage groups under K.A.R. 129-6-34(c)(1) with the highest income standard for which the individual’s eligibility is being determined.

(b) MAGI-excepted coverage groups. For those groups specified in K.A.R. 129-6-34(c)(2), all earned income and unearned income shall be considered applicable income, unless exempted in accordance with K.A.R. 129-6-112 and 129-6-113. For all aged, blind, and disabled groups, applicable income shall be determined as follows:

(1) Wages. All earned income shall be considered applicable income, except that K.A.R. 129-6-112 and 129-6-113 shall apply to persons in an independent living arrangement or in the HCBS program. The applicable earned income shall be gross income less income deductions, if applicable.

(2) Self-employment. The applicable earned income for a self-employed person shall equal the modified adjusted gross earned income less the income deductions of paragraph (b)(4), if applicable. Paragraph (b)(1) regarding modified adjusted gross earned income shall apply to calculations made pursuant to this paragraph. Annual tax information from the most recent tax year shall be converted to a monthly prospective amount. This amount shall be used in the determination of both eligibility in the prior three months and current eligibility. In the absence of tax information from the most recent tax year, the most current income shall be used to determine a monthly amount.

(3) Unearned income. All net unearned income shall be considered to be applicable income, except that K.A.R. 129-6-112 and 129-6-113 shall apply to persons in an independent living arrangement or in the HCBS program. K.A.R. 129-6-113 (a), (m), (n), (w), (bb), (cc), (ff), (kk), (nn), and (oo) shall apply to persons in long-term care arrangements. Net unearned income shall equal gross unearned income less the costs of the production of the income. Income-producing costs shall include only those expenses directly related to the actual production of income.

(4) Income deductions.

(A) For persons in an independent living arrangement or in the HCBS program, the following deductions shall apply:

(i) The first \$20 of any nonexempt unearned income; and

(continued)

(ii) an applicable earned income deduction calculated as follows: gross earned income minus any portion of the unearned income deduction that exceeds monthly earned income, plus \$65 of monthly earned income, plus one-half of the remainder of the monthly earned income.

(B) For persons in long-term institutional arrangements who are employed, an applicable earned income deduction shall be calculated as follows: gross earned income minus \$65 of monthly earned income, plus one-half of the remainder of the monthly earned income. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-112. Income exempt from consideration as income and as a cash asset for MAGI-excepted groups.

This shall include payments occasioned by the death of another person to the extent that the payments have been expended or committed to be expended for purposes of the deceased person's last illness and burial;

(k) money held in trust by the VA for a child that the VA determines shall not be used for subsistence needs;
