The following is a brief summary of the proposed revocation of the regulations:

**K.A.R. 68-16-1.** K.S.A. 65-1664 required the Board of Pharmacy to establish a Cancer Drug Repository Program to accept and dispense prescription-only cancer drugs donated for the purpose of being dispensed to cancer patients who are residents of Kansas and meet eligibility requirements. This statute has been repealed. K.A.R. 68-16-1 defined terms associated with the program.

**K.A.R. 68-16-3.** This regulation set out the requirements of what drugs could be donated to the Cancer Drug Repository Program.

**K.A.R. 68-16-4.** This regulation set out the requirements of dispensing and packaging of drugs that were donated through the Cancer Drug Repository Program.

**K.A.R. 68-16-5.** This regulation set out the handling fees that could be charged for dispensing drugs through the Cancer Drug Repository Program.

**K.A.R. 68-16-6.** This regulation set forth the forms that would be used when distributing and dispensing donated drugs.

**K.A.R. 68-16-7.** This regulation stated the penalty for selling drugs that had been donated to the Cancer Drug Repository Program.

**K.A.R. 68-16-8.** This regulation set forth the record-keeping requirements for those participating in the Cancer Drug Repository Program.

**K.A.R. 68-16-9.** This regulation set forth the forms that would be used for individuals receiving drugs from the Cancer Drug Repository Program.

**Economic Impact.** The adoption of these amendments does not have any additional economic impact to the Board of Pharmacy. In addition, the board does not anticipate that this amendment will have any financial impact upon other governmental agencies or upon private businesses or individuals besides the original impact of implementing such a program.

Copies of the regulations and the economic impact statements may be obtained by contacting the Board of Pharmacy at the address above, by calling 785-296-6504 or by email request to Jackie.Yingling@pharmacy.ks.gov, or by accessing the board's website at <http://www.pharmacy.ks.gov>.

Notice of Hearing on Proposed  
Administrative Regulations

A public hearing will be conducted at 9 a.m. Thursday, January 8, at the Board of Pharmacy meeting, Rasmussen College, 620 S.W. Governor View, Room 116, Topeka, to consider the proposed adoption of amendments to K.A.R. 68-2-22 and K.A.R. 68-20-10a as permanent regulations of the Kansas State Board of Pharmacy.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed adoption of amendments to K.A.R. 68-2-22 and K.A.R. 68-20-10a. All parties may submit written comments prior to the hearing to Debra Billingsley, executive secretary, Board of Pharmacy, 800 S.W. Jackson, Suite 1414, Topeka, 66612, or to [pharmacy@pharmacy.ks.gov](mailto:pharmacy@pharmacy.ks.gov). All interested parties will be given a reasonable opportunity to present their views orally on the adoption of amendments to K.A.R. 68-2-22 and K.A.R. 68-20-10a during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

parking is available next to the front door of the building and is marked accordingly.

Amendments to K.A.R. 68-2-22 and K.A.R. 68-20-10a are proposed for permanent adoption. A summary of the proposed amendments follows:

**K.A.R. 68-2-22. Electronic transmission of a prescription.** This regulation is amended to permit schedule II substances to be communicated electronically by a prescriber to the pharmacy.

**K.A.R. 68-20-10a. Electronic transmission of a controlled substance prescription.** This regulation is amended to permit schedule II substances to be communicated electronically by a prescriber to the pharmacy.

**Economic Impact.** The adoption of these two amendments does not have any additional economic impact to the Board of Pharmacy. In addition, the board does not anticipate that the amendments will have any financial impact upon other governmental agencies. Electronic prescribing is permitted in 49 states and was put in place to reduce fraud and abuse, secure electronic records and improve safety and patient care. The regulatory change will limit the burden and cost required of a prescriber to write a hard-copy prescription for each patient.

Copies of the regulations and the economic impact statements may be obtained by contacting the Board of Pharmacy at the address above, by calling 785-296-4056 or by email request to pharmacy@pharmacy.ks.gov, or by accessing the board's website at http://www.pharmacy.ks.gov.
