**Department of Agriculture
Division of Conservation**

**Notice of Authorization to Proceed
with On-Call Engineering Services**

The Watershed Institute has been identified as a qualified entity to provide certain on-call engineering services to the Kansas Department of Agriculture, Division of Conservation. Pursuant to its current "Agreement for On-Call Engineering Services" with The Watershed Institute, the Kansas Department of Agriculture, Division of Conservation issued a 1st Amendment to the original notice of authorization to proceed for the Review and Assessment of Cottonwood River Reach 1 Group 3 Streambank Stabilization Project Sites. The 1st Amendment to the original authorization to proceed was issued on January 22, 2016 on a total proposed price of \$1,458.

Additional information about the Division of Conservation's Streambank Restoration Program is available from the program administrator by phone at 785-564-6622 or electronically at steve.frost@kda.ks.gov.

City of Garden City, Kansas

Notice to Bidders

Sealed bids for Kansas Avenue Widening and Reconstruction and Kansas Avenue Watermain Replacement for the City of Garden City, Kansas, will be received at the City Planning Office, 301 North 8th St., Garden City, until 10 a.m. March 8, 2016, at which time the bids will be opened and publicly read aloud. Bids received after that time will be returned unopened.

The work consists of two construction projects which are tied by the city:

1. **Project No. 156-28 KA-2621-01 – Kansas Avenue Widening**
2. **Contract No. PW1603 – Kansas Avenue Watermain Replacement**

Each bid shall be accompanied by a bid security in the amount of five percent (5%) of the total bid. No bidder may withdraw his bid for at least 30 days after the receipt of bids. The city reserves the right to reject any or all bids, to waive informalities, and to accept the bid deemed to be in the best interest of the city.

Contract documents are available online at www.garden-city.org in the Document Center, Engineering, Projects. For further information email steve.cottrell@gardencityks.us.

Doc. No. 043663

State of Kansas

Board of Education

Notice of Hearing on Proposed Administrative Regulations

The Kansas State Board of Education will conduct a public hearing at 1:30 p.m., or as soon thereafter as possible, on Tuesday, April 12, 2016, in the Board Room of the Landon State Office Building, 900 S.W. Jackson Ave., Suite 102, Topeka, to consider the adoption of proposed rules and regulations of the Kansas State Board of Education on a permanent basis.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the secretary of the Kansas State Board of Education at 900 S.W. Jackson Ave., Suite 102, Topeka, Kansas 66612, or by email to plhill@ksde.org. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. The hearing shall be conducted in compliance with the public hearing procedures of the Kansas State Board of Education.

Any individual with a disability may request an accommodation in order to participate in the public hearing, and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Wendy Fritz at 785-296-5363 (or TDD 785-296-8172) or by email to wfritz@ksde.org. The north entrance to the Landon State Office Building is accessible. Handicapped parking is located at the south end of the Landon State Office Building, across the street from the north entrance to the building, and on Ninth Street, just around the corner from the north entrance to the building.

A copy of the proposed regulations and economic impact statement may be obtained by contacting the Office

of General Counsel at the address above prior to the date of the hearing or by email to ogc@ksde.org. A summary of the proposed regulations and economic impact follows.

K.A.R. 91-42-1. Article 42 of this chapter addresses the use of seclusion and restraint of students in the school setting. This regulation defines key terms, many of which were amended by the Freedom from Unsafe Seclusion and Restraint Act.

K.A.R. 91-42-2. This regulation has been amended to more clearly define the standards for the use of emergency safety interventions (ESI). Those standards include:

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to the student or others.

ESI shall cease to exist as soon as the immediate danger of physical harm ceases to exist.

The use of ESI is prohibited for purposes of discipline, punishment, or convenience.

Several types of restraint are prohibited, such as face-down restraint, face-up restraint, any restraint that obstructs the airway of a student or impacts a student's primary mode of communication, chemical restraint, and mechanical restraint except in certain circumstances.

This regulation also prohibits the use of seclusion if the student is known to have a medical condition that could put the student in mental or physical danger.

K.A.R. 91-42-3. School districts will be required to develop policies and procedures on the appropriate uses of emergency safety interventions. These policies must be consistent with state law and will include:

Training for school personnel,

Procedures for parents to file formal complaints with their local school board if the parent believes that an emergency safety intervention was used inappropriately,

Methods of disseminating information to parents regarding school policies, and

Methods of reporting information to the State Department of Education for data analysis.

K.A.R. 91-42-4. Schools will be required to notify parents or, if the parent cannot be reached, the emergency contact person any time an emergency safety intervention is used with their child. This notification will occur the day the intervention is used. Notifications will include information on the standards for when interventions can be used, a flyer on the parent's rights, and guidance on how to file a complaint with the local school board.

K.A.R. 91-42-5. The State Board of Education developed a process by which parents unsatisfied with the decision of a local school board may request a review of a local board's handling of emergency safety interventions. After first filing a complaint through the school's dispute resolution process, parents may file a request for a review of that resolution within 30 days from the date a local resolution is issued. KSDE staff will investigate and determine if a school violated state law. If a violation is found to have occurred, the school will be asked to comply with the law.

K.A.R. 91-42-6. Law enforcement officers and police officers, whose duties include the prevention or detection of crime and the enforcement of criminal or traffic

laws of this state and any Kansas municipality, are exempt from the emergency safety intervention limitations placed on school staff.

K.A.R. 91-42-7. The State Board of Education is required to collect data on the use of emergency safety interventions and compile reports based on information provided by school districts. These reports are annually due by January 20th. The State Board will report the total number of times an intervention was used, the total number of interventions involving students with an individualized education program, the total number of interventions involving students with a Section 504 plan, the total number of interventions involving students with behavior intervention plans, the total number of students that were physically restrained, the total number of students that were placed in seclusion, and the average amounts of time that interventions lasted.

The Kansas State Board of Education does not anticipate any significant financial or economic impact to this agency, other state agencies, or to the public as a result of these regulations.

Jim McNiece
Chairman

Doc. No. 044293

State of Kansas

Kansas Insurance Department

Notice of Hearing on Proposed Administrative Regulation

A public hearing will be conducted at 1:30 p.m. April 14, 2016, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, Kansas, to consider the adoption of a proposed rule and regulation.

The 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Diane Minear, Kansas Insurance Department, 420 S.W. 9th, Topeka, KS 66612-1678, via facsimile at 785-291-3190, or via email at dminear@ksinsurance.org. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing.

A summary of the proposed regulation and its economic impact follows.

K.A.R. 40-4-34. Accident and health insurance; coordination of benefits. This amendment to the existing regulation adds individual health insurance plans sold after 1-1-2014 to the list of plan types that can coordinate benefits. This amendment will also save insurers money in the form of claims that will not be paid more than once for the same service.

There will be no economic impact on the Kansas Insurance Department or other governmental agencies. Consumers may be charged lower health insurance premium rates due to fewer claims paid by insurers.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request any proposed regulation and the eco-

omic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least 5 working days in advance by contacting Diane Minear at 785-296-2676 or via email at dminear@ksinsurance.org. Any individual desiring a copy of any regulation and/or the policy and procedure that is being adopted by reference, if applicable, may obtain a copy from our website, www.ksinsurance.org, under the Legal Issues link or by contacting Diane Minear by phone at 785-296-2676 or via email at dminear@ksinsurance.org. The charge for copies is fifty cents per page.

State of Kansas

Department of Transportation

Notice of Public Auction

The Kansas secretary of transportation will offer for sale at public auction at 11 a.m. Tuesday, March 15, 2016, the following parcel:

Project: 18-81 KA -0410-01

Tract 3254 – Tract 16a

1.06 acres +/-, Riley County, K-18 and 61st St., Ogden

A tract of land in the SE quadrant of K-18 and 61st Street, NE/4 Sec 5-T11s-R7e

A complete legal description is available on request.

An inspection of property will take place at 10 a.m. on the day of the sale. The sale will be conducted on the premises. In case of inclement weather call the number below for alternate sale location and adjusted auction time.

The minimum acceptable bid is \$6000.

Terms of Sale:

Payment of \$600, representing ten percent (10%) of the minimum acceptable bid, is due at the time of the sale. The balance of the purchase price must be paid on or before 3 p.m. Friday, April 15, 2016. The successful bidder will receive a bill of sale on the day of the sale and a quit claim deed after balance is paid. If the balance of the purchase price is not paid on or before 3 p.m. Friday, April 15, the ten percent initial payment will be forfeited to the seller.

For additional terms and information contact Kurt Daniels, Bureau of Right of Way, at 877-461-6817.

The seller reserves the right to reject any and all bids and is not responsible for accidents.

Sold Subject to the Following:

The tract will be sold subject to the easement for the right of ingress and egress, reconstruction and maintenance of all existing utilities and appurtenances thereto, as well as the following restrictive covenant: Grantees, for their heirs and assigns, do hereby covenant and agree, said covenant to run with the land, that the land conveyed herein shall not be used for billboards, signboards or other outdoor advertising purposes.

The prospective buyer is encouraged to research the chain of title of the tract.

The Kansas Department of Transportation makes no representations concerning the condition, value or suit-

(continued)

ability of use for this property or the improvements, attachments, fixtures, apparatuses and appliances thereof, if any. The property and said improvements, etc. will be sold in the present as is condition, without warranties or guarantees of any kind.

The Kansas Department of Transportation insures the acceptance of any bid pursuant to this notice will be without discrimination on the grounds of sex, race, color, religion, physical handicap or national origin.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the au-

thority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

This is a renewal permit for an existing facility with a maximum capacity of 100 head (40 animal units) of swine more than 55 pounds and 400 head (40 animal units) of swine 55 pounds or less. There is no change in the permitted animal units.

Name and Address of Applicant	Legal Description	Receiving Water
Ben Leibbrandt Leibbrandt Farms 2030 Road 11 St. Francis, KS 67756	SW/4 of Section 30, T02S, R40W, Cheyenne County	Upper Republican River Basin

Kansas Permit No. A-URCN-S011

This is a renewal permit for an existing facility with a maximum capacity of 125 head (12 animal units) of swine weighing less than 55 pounds, and 400 head (160 animal units) of swine weighing more than 55 pounds. There is no change in the permitted animal units.

Name and Address of Applicant	Legal Description	Receiving Water
Osborne Industries, Inc. Osborne Industries Demonstration Farm 1372 C 671 Drive Osborne, KS 67473	SW/4 of Section 14, T08S, R13W, Osborne County	Solomon River Basin

Kansas Permit No. A-SOOB-S011

(continued)

This is a renewal permit for an existing facility with a maximum capacity of 2,078 head (831.2 animal units) of swine more than 55 pounds, and 1,250 head (125 animal units) of swine 55 pounds or less, for a total of 3,328 head (956.2 animal units) of swine. There is no change in the permitted animal units.

Name and Address of Applicant	Legal Description	Receiving Water
Kendall Martens KM Feeders 2240 Ave. P Lyons, KS 67554	NW/4 of Section 22, T20S, R07W, Rice County	Lower Arkansas River Basin

Kansas Permit No. A-ARRC-C001 Federal Permit No. KS0080730

This is a reissuance permit for an existing facility for 6,000 head (6,000 animal units) of cattle weighing greater than 700 pounds. This facility has an approved Nutrient Management Plan on file with KDHE.

Public Notice No. KS-AG-R-16-006

Per Kansas Statutes Annotated 65-171d, the following registration(s) have been received for proposed confined feeding facilities:

Name and Address of Registrant	Legal Description	County
Daniel J. Unruh 147 A Road Burns, KS 66840	SW/4 of Section 36, T22S, R05E	Chase

Public Notice No. KS-Q-16-015

The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28 (b-g), and Federal Surface Water Criteria:

Name and Address of Applicant	Receiving Stream	Type of Discharge
Johnson County Wastewater 11811 S. Sunset Drive, Suite 2500 Olathe, KS 66061	Blue River (MO) via Indian Creek	Treated Domestic Wastewater

Kansas Permit No. M-MO27-OO03 Federal Permit No. KS0100846

Legal Description: SW¼, S10, T13S, R25E, Johnson County, KS

Facility Name: Tomahawk Creek Wastewater Treatment Facility

The proposed action is to issue a new Kansas/NPDES Water Pollution Control permit for an existing facility. This facility is being upgraded and expanded to alleviate effluent flow to Kansas City, Missouri and to meet water quality criteria requirements per an anti-degradation study. The existing facility is a mechanical treatment plant consisting of a mechanical bar screen, grit removal, primary sedimentation, trickling filters, secondary sedimentation, chlorine disinfection, and dechlorination. Higher rates of raw sewage flow are diverted to the Kansas City, Missouri Blue River Wastewater Treatment Facility by way of an interceptor sewer line. Any peak flow above the combined capacity of the existing wastewater treatment facility and the KCMO interceptor is treated with peak flow screening, peak flow pump station, chlorine disinfection, and a peak flow storage/treatment lagoon. Sludge produced by this facility is conveyed with the diverted raw sewage flow to KCMO. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, ammonia, E. coli, total residual chlorine, dissolved oxygen, total phosphorus, nitrate + nitrite, whole effluent toxicity, and pH, as well as monitoring for temperature, total Kjeldahl nitrogen, total nitrogen, priority pollutants, and flow. Contained in the permit is a schedule of compliance requiring the permittee to achieve compliance with final permit limits with one year of the completion of the upgraded project.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson St., Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before March 12, 2016, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-16-024/028, KS-AG-R-16-006, KS-Q-16-015) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the secretary of health and environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

Department of Health and Environment

Request for Comments

The Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed revision of an air quality construction permit. Frontier El Dorado Refining LLC (FEDR), located at 1401 South Douglas Road, El Dorado, KS 67042, has applied for a revision to an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300. The initial permit, issued on November 13, 2013, approved FEDR to modify its refinery operations in order to meet the U.S. EPA Mobile Source Air Toxics Phase 2 (MSAT II) rule which limits the benzene content of gasoline produced in the U.S. to an annual refinery average of 0.62 percent by volume. FEDR's proposal to meet the requirements of the federal MSAT II rule is facilitated through the Naphtha Fractionation Project (NFP) which includes installation of a 20 MMscfd Hydrogen Gen-

eration Unit for providing additional high purity hydrogen and steam including a Pressure Swing Adsorption (PSA) purification unit, a 210 MMBTU/hr reformer furnace which will combust refinery fuel gas, natural gas, and PSA off-gas, and atmospheric and analyzer vents; a Crude Unit Stabilizer Column to replace the existing column; a Naphtha Fractionation Column to replace the Hydrotreating Unit #3 Naphtha Splitter Column, the Reformate Splitter Columns, and the Deisohexanizer; and process fugitive equipment associated with the project. The reformer furnace will utilize Selective Catalytic Reduction (SCR) technology which will include an SCR system, an aqueous ammonia storage tank, and process fugitive equipment. Existing equipment and/or processes affected by the NFP include a cooling tower, gasoline storage, and isomerate storage.

Emissions of Greenhouse Gas (GHG), in addition to other pollutants, were evaluated during the initial permit review process, and a permit was issued in accordance with the provisions of K.A.R. 28-19-350, which adopts by reference the federal standards, procedures and requirements of 40 CFR 52.21, *Prevention of Significant Deterioration (PSD) of Air Quality*. These air quality regulations apply to major stationary sources and major modifications of major stationary sources located in areas designated as "attainment" or "unclassifiable" under the federal Clean Air Act. Attainment areas are areas where the air quality meets or is better than the National Ambient Air Quality Standards (NAAQS). Unclassifiable areas are areas where the air quality cannot be classified on the basis of available information as meeting or not meeting the NAAQS.

The PSD regulations require evaluation of emission reduction techniques to identify the best available control technology (BACT) for each regulated pollutant, including GHG, for which the emission rate exceeds the PSD significant level. The purpose of BACT is to affect the maximum degree of reduction achievable, taking into account energy, environmental, and economic impacts for each regulated pollutant under review. Estimated emissions from the project exceeded the PSD significant level for GHG.

There are no NAAQS or PSD increments established for GHG. Consistent with the EPA Guidance Document "PSD and Title V Permitting Guidance for Greenhouse Gases" (March 2011), FEDR was not required to model for GHG or conduct any assessment of impacts of GHG in the context of the additional impacts analysis or Class I area provisions.

Since issuance of the initial permit, the United States Supreme Court issued a June 23, 2014 decision in *Utility Air Regulatory Group v. Environmental Protection Agency* (EPA) (No. 12-1146) addressing the application of stationary source permitting requirements to GHG. The Supreme Court held that the Environmental Protection Agency may not treat GHG as an air pollutant for purposes of determining whether a source is a major source required to obtain a PSD permit; and thus, invalidated regulations implementing that approach. In light of the Supreme Court decision, the November 13, 2013 permit requirements associated with GHG emissions, specifically GHG BACT, are no longer appropriate and are being eliminated by the proposed permit revision.

A public comment period has been established to allow citizens the opportunity to express any concerns they

may have regarding the proposed permitting action. The public comment period is to begin on Thursday, February 11, 2016, and will end at noon Monday, March 14, 2016. During this comment period, public comments shall be accepted only on proposed revisions to the permit. All comments should be submitted in writing to Rasha S. Allen, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366.

Any member of the public may request the Department to hold a public hearing to receive comments on the proposed issuance of the draft air quality construction permit. A written request to hold a public hearing should be sent to the attention of Rasha S. Allen at the address listed above or by fax to 785-291-3953. All requests must be received by noon Monday, March 14, 2016.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process is available for public review for a period of 30 days from the date of publication during normal business hours, 8 a.m. to 5 p.m., at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. A copy of the proposed permit and all supporting documentation can also be reviewed at the KDHE South Central District Office, 130 South Market, Suite 6050, Wichita, 67202-3802. To obtain or review the proposed permit and supporting documentation, contact Rasha S. Allen, 785-296-1693, at the KDHE central office or the air program field staff, 316-337-6042, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

These same materials are available, free of charge, at the KDHE Bureau of Air website, <http://www.kdheks.gov/bar/index.html>.

Request for Comments

The Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Cobalt Boats, LLC has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Cobalt Boats, LLC, 1715 N. 8th St., Neodesha, KS 66757, owns and operates a fiberglass boat manufacturer located at 1701 N. 9th, 1101 Illinois, 509 Klayder, and 1329 17th St., Neodesha, KS 66757.

A copy of the proposed permit, permit application,

(continued)

all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours, 8 a.m. to 5 p.m., at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366 and at the KDHE Southeast District Office, 1500 West 7th St., Chanute, 66720. To obtain or review the proposed permit and supporting documentation contact Lynelle Ladd, 785-296-1719, at the KDHE central office or Doug Cole, 620-431-2390, at the KDHE Southeast District Office. The standard departmental cost will be assessed for any copies requested.

Written comments or questions regarding the proposed permit may be directed to Lynelle Ladd, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than noon Monday, March 14, 2016.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Lynelle Ladd, KDHE, Bureau of Air, no later than noon Monday, March 14, 2016, in order for the secretary of health and environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Allyson Prue, KDHE Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366, no later than noon Monday, March 14, 2016, in order for the secretary of health and environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Department of Health and Environment

Request for Comments

The Kansas Department of Health and Environment is soliciting comments and recommendations from the public regarding the FFY 2016 Kansas Infant-Toddler Grant Application under Part C of the Individuals with Disabilities Education Act (IDEA) and the Final IDEA Part C Regulations published on September 28, 2011. Funds from this grant will enable the continuance of a statewide comprehensive, coordinated, multidisciplinary system of services for infants and toddlers with disabilities and their families.

The grant application may be reviewed for 60 days from the publication of this notice on the KDHE website

at www.ksits.org, or a hard copy may be requested by calling 785-296-6135 or 800-332-6262.

In order to be assured consideration in this grant process, comments will be accepted during this 60-day period. Recommendations or comments must be submitted on or before April 15 to the Kansas Department of Health and Environment, Kansas Infant Toddler Services, Bureau of Family Health, Suite 220, Curtis State Office Building, 1000 S.W. Jackson, Topeka, 66612-1274. Comments also may be sent by email to swalters@kdheks.gov.

State of Kansas

Secretary of State

Certification of New State Law

I, Kris W. Kobach, Secretary of State of the State of Kansas, do hereby certify that the following bill is a correct copy of the original enrolled bill now on file in my office.

Kris W. Kobach
Secretary of State

(Published in the Kansas Register February 11, 2016)

HOUSE BILL No. 2449

AN ACT concerning the judicial branch; relating to severability of the provisions of 2015 House Bill No. 2005, chapter 81 of the 2015 Session Laws of Kansas; repealing K.S.A. 2015 Supp. 20-1a18.

Be it enacted by the Legislature of the State of Kansas:

Section 1. The provisions of 2015 House Bill No. 2005, chapter 81 of the 2015 Session Laws of Kansas, are severable. If any provision of 2015 House Bill No. 2005, chapter 81 of the 2015 Session Laws of Kansas, is held to be invalid or unconstitutional, the legislature declares by this act that the remainder of 2015 House Bill No. 2005, chapter 81 of the 2015 Session Laws of Kansas, shall remain in force and effect without such invalid or unconstitutional provision.

Sec. 2. K.S.A. 2015 Supp. 20-1a18 is hereby repealed.

Sec. 3. This act shall take effect and be in force from and after its publication in the Kansas register.
