Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Zack Miller at 785-448-2134.

These regulations are proposed for adoption on a permanent basis. A summary of proposed regulations and their economic impact follows.

**K.A.R. 67-2-4 Examinations.** This regulation explains the scoring for the written and practical examinations as well as the application process for the written and practical examinations.

The economic impact to the agency will be insignificant. The loss of revenue from the written exam will be offset by the increase in practical examination fees (K.A.R. 67-5-5).

**K.A.R. 67-5-5 Fees.** This regulation combines all board fees and through revisions to fees and implementation of new fees, will generate an increase in the board's operating income in order to maintain adequate funds for operation.

The proposed regulation is not mandated by federal law.

There will be no cost to the agency proposing the regulation. The agency will see an increase in licensure funds necessary to maintain a fiscally sound budgetary level.

There should be no economic impact to other governmental agencies or units or to the general public or consumers of hearing instruments or hearing instrument services.

All examinees will see an increase of \$10 to each practical examination.

All licensees will see an increase of \$25 in the annual renewal fee. Fees will remain lower than surrounding states.

All examinees will see an increase in cost of the written examination administered by the international hearing society, subject to approval by the board.

Copies of the regulations and the economic impact statement may be obtained by contacting the Board of Examiners in Fitting and Dispensing of Hearing Instruments.
