KanCare – Summary of Program and Renewal Information

KanCare is the program through which the state of Kansas administers Medicaid. After a long period of study, the state determined that contracting with multiple managed care organizations would result in the provision of more efficient and effective health care services to the populations covered by Medicaid and Children’s Health Insurance Program (CHIP) in Kansas, and would ensure coordination of care and integration of physical and behavioral health services with each other and with home- and community-based services (HCBS).

On August 6, 2012, the State of Kansas submitted a Medicaid Section 1115 demonstration proposal, entitled KanCare, to the Centers for Medicare & Medicaid Services (CMS), a division of the U.S. Department of Health and Human Services. CMS approved that proposal on December 27, 2012, effective from January 1, 2013, through December 31, 2017. The state is now preparing to submit an application to extend the KanCare program for one year, effective from January 1, 2018 through December 31, 2018.

KanCare is operating concurrently with the state’s section 1915(c) Home- and Community-Based Services (HCBS) waivers. Together with the 1115 demonstration, those seven waivers provide the authority necessary for the state to require enrollment of almost all Kansas Medicaid beneficiaries (including the aged, disabled, and some dual eligibles) into a managed care delivery system to receive state plan and waiver services. KanCare also includes a safety net care pool to support certain hospitals that incur uncompensated care costs for Medicaid beneficiaries and the uninsured, and to provide incentives to hospitals for programs that result in delivery system reforms that enhance access to health care and improve the quality of care.

The KanCare demonstration program:

- Maintains Medicaid state plan eligibility;
- Maintains Medicaid state plan benefits;
- Allows the state to require eligible individuals to enroll in managed care organizations (MCOs) to receive covered benefits through such MCOs, including individuals on HCBS waivers, except:

(continued)

- American Indian/Alaska Natives, who are presumptively enrolled in KanCare but will have the option of affirmatively opting out of managed care.
- Provides benefits, including long-term services and supports (LTSS) and HCBS, via managed care; and
- Creates a Safety Net Care Pool to support hospitals that provide uncompensated care to Medicaid beneficiaries and the uninsured.

The KanCare demonstration assists the state in its goals to:

- Provide integration and coordination of care across the whole spectrum of health to include physical health, behavioral health, and LTSS/HCBS;
- Improve the quality of care Kansas Medicaid beneficiaries receive through integrated care coordination and financial incentives paid for performance (quality and outcomes);
- Control Medicaid costs by emphasizing health, wellness, prevention and early detection as well as integration and coordination of care; and
- Establish long-lasting reforms that sustain the improvements in quality of health and wellness for Kansas Medicaid beneficiaries as well as provide a model for other states that are reforming their programs for Medicaid payment and delivery systems.

The renewal of KanCare is designed to continue the program, for an additional five years and will incorporate some changes as well as maintain some of the original features of the program. The following lists some of the changes being considered:

- Improved and expanded care coordination
- Value-based purchasing, including opportunities for shared savings and payment for outcomes
- The way individuals with a spenddown will be affected
- Reinvestment of savings into HCBS waiting lists
- Incentivizing integrated settings, including employment

Information about the KanCare renewal process and related documents will be maintained and kept current throughout both the public input process. Once the draft renewal application is posted, KDHE will host a round of public comment meetings and have a formal public comment period, during which the Centers for Medicaid Services (CMS) will review and act upon the state's extension request. This information will continue to be available at the KanCare Renewal page of the KanCare website: <http://www.kancare.ks.gov/about-kancare/kancare-renewal>. In addition, once the request to renew the KanCare program is submitted to CMS, it will be posted by CMS on its website for viewing and commenting: https://www.medicaid.gov/medicaid/section-1115-demo/demonstration-and-waiver-list/waivers_faceted.html.

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility produces cellophane from wood pulp for use primarily in food packaging. The cellophane production process generates acid, alkaline, and neutral wastewater streams. The alkaline wastewater stream includes domestic waste flows from the administrative building and alkaline waste stream from the mix house, finishing, coating, casting, and viscose manufacturing areas (VMA). The acid waste stream includes acid waste process flows from the casting areas, boiler blowdown, and process flow from the power house which includes demineralizer and sodium softening regeneration liquors, sand filter backwash, and cooling tower blowdown. Neutral water flow from the evaporator barometric condenser is normally used for sludge dredging or diverted around waste treatment and commingled with the clarifier effluent in the outfall sewer. Steam condensate from other sources is also directed to the waste-

water treatment system. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, E. coli, total residual chlorine, whole effluent toxicity, and pH, as well as monitoring for sulfate, total dissolved solids, ammonia, nitrate + nitrite, total Kjeldahl nitrogen, total phosphorus, carbon disulfide, priority pollutants, and flow. Contained in the permit is a schedule of compliance requiring the permittee to complete an approved dye test and provide documentation and calculations showing the actual mixing zone at the Kanas River Flow.

Governmental Ethics Commission

Opinion No. 2017-05

Written May 24, 2017, to Ms. Kim Moore, President, United Methodist Health Ministry Fund, 100 E. First Ave., PO Box 1384, Hutchinson, KS 67504-1384.

Synopsis: Under the facts presented, the United Methodist Health Ministry Fund may pay for state officials and state employees to travel to and attend an integrated health care training for educational purposes whereby the state is benefited.

Cited herein: K.S.A. 46-228, 46-237, 46-237a, and Opinion 1997-47. Updates Opinion 2000-01.

Dear Ms. Moore:

This opinion is in response to your letter dated May 12, 2017, in which you request an opinion from the Kansas Governmental Ethics Commission (Commission) concerning the state level governmental ethics laws (K.S.A. 46-215, *et seq.*). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215, *et seq.*, and whether some other statutory system, common law theory, or agency rule or regulation applies to your inquiry is not covered by this opinion.

FACTUAL STATEMENT

We understand that you request this opinion in your capacity as president of the United Methodist Health Ministry Fund (Fund). You have explained that the Fund is a public charity which is exempt from federal income

tax under Section 501(c)(3) of the United States tax code. The Fund was established in 1986 as a grant-making organization to improve the health of Kansans. The Fund supports trainings, networking, and conferences to further the mission of improving health. The Fund does not employ a registered lobbyist and does not have a special interest, as defined in K.S.A. 46-228, in the legislature or any agency of the State of Kansas related to this proposed activity. Since 2003, the Fund has focused grants to achieve greater impact in the areas of healthy lifestyles, social/emotional development of our youngest Kansans, and access to health care.

The Fund wants to facilitate the attendance of Kansans at an upcoming Primary Behavioral Health Integrated Care Training Academy (Academy), conducted in Knoxville by Cherokee Health Systems. The Academy is a national training to educate attendees on integrated health care (behavioral and primary) and its benefits to patients, communities and, ultimately, the state. The Fund would like to provide the following to (among other Kansans) four Kansas legislators, the Kansas Department of Health and Environment Medicaid director (or designee), and the secretary of the Kansas Department of Aging and Disability Services (or designee):

1. The registration fees for the Academy \$900/person.
2. Airfare (coach) to and from the Academy (Wichita or KC to Knoxville, TN)
3. Hotel expenses \$125/night (two nights, or three if transportation requires an additional overnight stay).
4. Cash per diem \$40/day up to three days (reimbursement for transportation to and from airport, ground transportation in Tennessee, meals not provided at the Academy, gratuities and miscellaneous expenses).

Question

May the Fund underwrite the expenses associated with attendance at the Academy for state officials and employees subject to the state level governmental ethics laws, K.S.A. 46-215, *et seq.*?

Analysis And Opinion

Several statutes apply to your questions and each will be addressed in turn.

K.S.A. 46-237 applies to unclassified employees not subject to the provisions of K.S.A. 46-237a and to all legislators. It states in pertinent part:

“(a) No state officer or employee . . . shall accept, or agree to accept any (1) economic opportunity, gift, loan, gratuity, special discount, favor, hospitality or service having an aggregate value of \$40 or more in any calendar year or (2) hospitality in the form of recreation having an aggregate value of \$100 or more in any calendar year from any one person known to have a special interest, under circumstances where such person knows or should know that a major purpose of the donor is to influence such person in the performance of their official duties or prospective official duties.”

“(b) No person with a special interest shall offer, pay, give or make any (1) economic opportunity, gift, loan, gratuity, special discount, favor, hospi-

(continued)

tality or service having an aggregate value of \$40 or more in any calendar year or (2) hospitality in the form of recreation having an aggregate value of \$100 or more in any calendar year to any state officer or employee...with a major purpose of influencing such officer or employee...in the performance of official duties or prospective official duties."

K.S.A. 46-228 defines "special interest" in the following manner:

"Special interest' means an interest of any person as herein defined (1) concerning action or non-action by the legislature on any legislative matter affecting such person as distinct from affect upon the people of the state as a whole, or (2) in the action or non-action of any state agency or state officer or employee upon any matter affecting such person as distinct from affect upon the people of the state as a whole."

Three elements must be shown before the prohibitions in these sections apply. First, the value of the gift must be \$40.00 or greater. Second, the person giving the gift must have a special interest in the person accepting the gift. Finally, the person accepting the gift must know or should have known that a major purpose of the donor was to influence such person in the performance of their official duties or prospective official duties. If any element is not met, the restrictions in the statute do not apply.

You have explained that the Fund does not have a special interest in the legislature, the members of the Legislature, or a state agency or its employees. In addition, there has been no evidence presented to the Commission to suggest that the Fund has a major purpose of influencing the legislators or state employees in the performance of their official duties or prospective official duties. Therefore, the Commission determines that the Fund may underwrite all the costs listed above for state legislators to travel to Knoxville and attend the Academy without violating state governmental ethics laws.

Next, we must address K.S.A. 46-237a which applies to the governor; the lieutenant governor; the governor's spouse; all state employees; members of boards, commissions and authorities of the executive branch of state government. Pursuant to K.S.A. 46-237a, state employees are entirely prohibited from accepting gifts, meals, and travel provided because of their official position, unless one of the four enumerated exceptions applies.

With respect to the airfare, lodging, and transportation costs to and from the airport, subsection (d) would apply. It states in pertinent part:

"(d) No person subject to the provisions of this section shall solicit or accept free or special discount travel or related expenses from a source outside state government, except:

...

"(2) when the person's presence at a meeting, seminar or event serves a legitimate state purpose or interest and the person's agency authorizes or would authorize payment for such travel and expenses."

Only if the state employee's presence at the Academy

serves a legitimate state purpose, and that employee's agency authorizes or would authorize payment for such travel and expenses, may the state employee accept the airfare, lodging, and transportation costs to and from the airport.

With respect to the portion of the per diem intended to cover the regular meals not provided at the Academy, subsection (c) would apply. It states in pertinent part:

"(c) No person subject to the provisions of this section shall solicit or accept free or special discount meals from a source outside of state government, except:

"(1) Meals, the provision of which is motivated by a personal or family relationship or provided at events that are widely attended. An occasion is "widely attended" when it is obvious to the person accepting the meal that the reason for providing the meal is not a pretext for exclusive or nearly exclusive access to the person;

"(2) meals provided at public events in which the person is attending in an official capacity;

"(3) meals provided to a person subject to this act when it is obvious such meals are not being provided because of the person's official position; and

"(4) food such as soft drinks, coffee or snack foods not offered as part of a meal.

"(5) any meal the value of which is \$25 or less;

"(6) meals provided to a person when the person's presence at the event or meeting at which the meal is provided serves a legitimate state purpose or interest and the agency of which such person is an officer or employee authorizes such person's attendance at such event or meeting; and

"(7) meals provided to the governor's spouse and members of the governor's immediate family at the event or meeting at which the meal is provided serve a legitimate state purpose or interest.

Based upon the information you have provided, it appears that exceptions (c)(5) would apply to the regular meals costing \$25 or less, not provided as a part of the Academy, and (c)(6) for those provided as part of the Academy. Therefore, state employees may accept reimbursement for such meals.

With respect to the registration fee for the Academy and the portion of the per diem intended to cover ground transportation in Knoxville, subsection (b) applies. It states in pertinent part:

"(b) No person subject to the provisions of this section shall solicit or accept any gift, economic opportunity, loan, gratuity, special discount or service provided because of such person's official position, except:

"(1) A gift having an aggregate value of less than \$40 given at a ceremony or public function where the person is accepting the gift in such person's official capacity; or

"(2) gifts from relatives or gifts from personal

friends when it is obvious to the person that the gift is not being given because of the person's official position; or

"(3) anything of value received by the person on behalf of the state that inures to the benefit of the state or that becomes the property of the state; or

"(4) contributions solicited on behalf of a non-profit organization which is exempt from taxation under paragraph (3) of subsection (c) of section 501 of the internal revenue code of 1986, as amended."

In Opinion 1997-47, this Commission interpreted subsection (b)(3) and determined that "items received on behalf of the state must benefit the state as a whole rather than any one individual or agency." Because the state employees you invite to this Academy will be gaining valuable information about "integrated health care (behavioral and primary care) and its benefits to patients, communities and, ultimately, the state," the registration fee will benefit the state, as a whole, thus, may be accepted by state employees. Likewise, in Opinion 2005-14, this Commission opined that "as long as [the state agency] determines that the travel serves a legitimate state purpose and ... would pay for those expenses..." state employees would be able to accept reimbursement for ground transportation.

Conclusion

1. Pursuant to K.S.A. 46-237, the Fund may underwrite the costs for state legislators to travel to Knoxville and attend the Academy without violating state governmental ethics laws.
2. Pursuant to K.S.A. 46-237a:
 - A. If the state employee's presence at the Academy serves a legitimate state purpose and that employee's agency authorizes or would authorize payment for such travel and expenses, then the state employee may accept the airfare, lodging, and transportation costs to and from the airport.
 - B. State employees may accept reimbursement for regular meals, valued at \$25 or less, not provided at the Academy.
 - C. The Fund may pay the registration fee for state employees.
 - D. The Fund may pay transportation costs for travel in Knoxville for state employees if their agency determines that it serves a legitimate state purpose and would otherwise pay those costs.
