The Kansas Department of Transportation (KDOT) is seeking the services of a consultant firm to provide Engineering Design Services in the areas of Traffic Control Analysis and Design.

KDOT intends to award one Indefinite Delivery/Indefinite Quantity (IDIQ) contract. Services may not be required on a constant, continuous basis but rather on an as-needed basis during the term of the contract. Individual work orders will be negotiated and issued based on the fee structure provided. KDOT is not obligated for services until a work order is issued.

#### Requirements

Interested consulting firms must: (a) be pre-qualified by KDOT in category 231-Traffic Control Analysis and Design and (b) submit a Letter of Interest on or before close of business April 22, 2019, to David Lutgen, Contracts Engineer for KDOT, by email to [David.Lutgen@ks.gov](mailto:David.Lutgen@ks.gov) with subject line reading "Traffic Engineering IDIQ - [Firm Name]." Letters of interest in the form of a PDF document (maximum size 12 pages) should express interest in the project and describe particular qualifications for the professional services sought by KDOT, including any special expertise, skill, and experience or knowledge of the firm. If a firm is not currently prequalified by KDOT but is interested in obtaining prequalification, then please view the requirements and categories at <http://www.ksdot.org/divengdes/prequal/default.asp>.

Shortlisted firms will also be interviewed in person, tentatively scheduled for May 9, 2019. The highest ranked firm will be asked to enter into negotiations with KDOT to provide Traffic Engineering Design services. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Please do not call or write KDOT staff for information regarding the services in this notice. Email all inquiries/questions to [david.lutgen@ks.gov](mailto:david.lutgen@ks.gov).

#### Department of Health and Environment

##### Notice of Tentative Decision to Grant a Variance

The Kansas Department of Health and Environment (KDHE) received a Request for a Variance (Request) from provisions of the Kansas hazardous waste management regulations from the Kansas Division of Vehicles, Department of Revenue on behalf of persons in the State of Kansas who generate airbag waste.

KDHE is providing public notice of its tentative decision to grant the requested variance in accordance with K.A.R. 28-31-13. A final decision to grant the variance has not been made and KDHE will consider information gathered during the public comment period before making a final decision. A copy of the Request and a copy of the Tentative Decision to Grant a Variance for Airbag Waste, which includes the conditions that must be met to qualify for the variance, will be available for public review at

[http://www.kdheks.gov/waste/p\\_regsandstatutes.html](http://www.kdheks.gov/waste/p_regsandstatutes.html) from April 11, 2019 through May 13, 2019.

This variance will facilitate the timely removal of defective airbags, which pose a danger to the citizens of Kansas. Nationally, tens of millions of airbags have been, or are scheduled to be, recalled. The tendency for rupture of these recalled airbag inflators increases with the age of the inflator and long-term exposure to high humidity, so timely removal of the airbags is critical. However, the recall effort could be slowed down because the management of airbag waste would likely result in vehicle dealers and salvage vendors becoming subject to increased regulation associated with higher hazardous waste generation rates. This variance will ensure that persons removing the defective airbags will not be subject to full hazardous waste generator requirements as long as the waste is properly managed in accordance with the variance.

Anyone wishing to comment on the tentative decision to grant the variance should submit written comments by 5:00 p.m. May 13, 2019, to Stephanie Fackrell, Kansas Department of Health and Environment, Bureau of Waste Management, 1000 SW Jackson, Suite 320, Topeka, KS 66612-1366, by email to Stephanie.Fackrell@ks.gov, or by fax to 785-559-4252. A public meeting has not been scheduled, however, if a person requests a public meeting and explains why written comments would not suffice to communicate the person's view, KDHE may schedule a public meeting.

After consideration of all formal comments received, the Secretary of KDHE will make a final decision on whether to grant the variance. Notice of the final decision will be given to the applicant, all persons who submitted written comments, those who commented at the public hearing (if one is held), and those who requested notice of the final decision.

AN ACT creating the Eudora community library district act.

*Be it enacted by the Legislature of the State of Kansas:*

Section 1. (a) This act shall be known and may be cited as the Eudora community library district act.

(b) The purpose of this act is to allow for the city of Eudora to continue being a part of a library district previously established by the city of Eudora and the Eudora township under the provisions of K.S.A. 12-1236 et seq., as in effect in 1968, which allows cities of the third class to join with townships to form a library district. The city of Eudora was declared to be a city of the second class in 2010 and thereafter was not considered part of the library district.

Sec. 2. When used in the Eudora community library district act:

(a) "Eudora community library district" means all territory located within the boundaries of the city of Eudora and the Eudora township; and

(b) "board" means the board of directors of the Eudora community library district appointed pursuant to the provisions of this act.

Sec. 3. (a) The governing body of the city of Eudora and the Eudora township board shall adopt a joint resolution creating a library district. The joint resolution creating the Eudora community library district shall include the following provisions:

(1) The library district board shall be appointed as provided in the joint resolution;

(2) the library district board shall replace the existing Eudora township library board; and

(3) the Eudora community library district shall maintain the Eudora township public library at the discretion of the library district board.

(b) A copy of the joint resolution creating the Eudora community library district shall be filed with the county clerk.

Sec. 4. All contracts previously entered into by the Eudora township library district shall be binding on the Eudora community library district and all outstanding bonds, debts and other obligations of the Eudora township library district shall become an obligation of the Eudora community library district.

Sec. 5. (a) A library district created pursuant to this act shall be governed by a library district board. The board shall consist of five directors who shall be qualified electors of the library district and shall have terms of office as established by the joint resolution. Board members appointed by the Eudora township library board shall continue to serve in their offices as directors of the Eudora community library district board until their respective terms expire and until their successors are appointed by the city of Eudora and the Eudora township as provided in the joint resolution.

(b) Directors serving on the library district board shall receive no compensation, but shall be reimbursed for their actual and necessary expenses in attending meetings and in carrying out their duties as directors.

Sec. 6. (a) Each year the directors serving on the Eudora community library district board shall meet and organize by the election of a chairperson, secretary, treasurer and such other officers as the board may deem necessary by a majority vote. The board shall fix the date and place of its regular meetings. Special meetings may be called by the chairperson or a majority vote of the library district board. Written notice stating the time, place and purpose of any special meeting, unless waived, shall be given to each director at least two days prior to such meeting, and no business other than that stated in the notice shall be transacted at such meeting. The library district board may adopt such bylaws as the library district board may deem appropriate, consistent with the provisions of this act.

(b) The treasurer of the library district board shall give bond, in an amount fixed by the library district board. The bond shall be filed with the Douglas county clerk. Except where otherwise provided by law, the Douglas county treasurer shall pay over to the treasurer of the library district board all funds collected for the maintenance of the library or libraries within the library district, and the treasurer of the library district board shall pay out the funds on orders of the board, signed by the secretary and chairperson of the board. The treasurer of the library district board shall keep an accurate record of all moneys received and disbursed thereby and make a monthly report thereof to the library district board, or as often as the board requires.

Sec. 7. The Eudora community library district shall constitute a body corporate and politic and shall have the power to:

- (a) Enter into contracts;
- (b) sue, and be sued;
- (c) acquire, hold and convey real and personal property;
- (d) make and adopt rules and regulations for the administration of the library district;
- (e) lease a site or sites and to lease a building or buildings for library purposes;
- (f) acquire material and equipment deemed necessary by the library district board for the maintenance and extension of modern library service;
- (g) employ one or more librarians and such other employees as the library district board deems necessary;
- (h) establish and maintain a library and traveling library service within the library district or within any other municipality with which service contract arrangements have been made;
- (i) contract with other libraries or the governing body of a municipality for the furnishing of library service to the residents of the municipality and contract with any school board to furnish library service to any school library or to use the library facilities of the public school to supplement the facilities of the public library;
- (j) receive, accept and administer any moneys appropriated or granted to it by the state or the federal government;
- (k) receive and accept any gift or donation to the library district and administer the same in accordance with any provisions thereof; and

Sec. 8. (a) The library facilities shall be free for the use of the residents of the library district, subject to such reasonable rules and regulations as the library district board may adopt. The library district board may exclude from the use of a library any and all persons who shall willfully violate its rules.

(b) The library district board may extend the use and privilege of the library to nonresidents of the library district, charge nonresidents a reasonable fee therefor, and make exchanges of books with any other library upon such terms and conditions as the library district board may prescribe.

Sec. 9. (a) The library district board may issue general obligation bonds of the library district for the purpose of paying the cost of constructing, reconstructing, repairing, remodeling, furnishing and equipping any library building or additions thereto, including any sites therefor. Bonds issued pursuant to this section shall not be subject to or within any bonded debt limit of the city of Eudora or Eudora township. The library district may levy a tax sufficient to pay the principal and interest on such bonds.

(b) The question of issuing general obligation bonds shall be submitted to the qualified electors of the library district. The election shall be called and held, and the bonds issued in accordance with the provisions of the general bond law. An election may be conducted pursuant to the mail ballot election act, K.S.A. 25-431 et seq., and amendments thereto. If a majority of persons eligible to vote approve the bond issue proposition, the bonds may be issued.

(c) The bonds shall not be considered a debt obligation of the city of Eudora or the Eudora township.

Sec. 10. (a) The library district board shall prepare and publish an annual budget for the maintenance and support of the library.

(b) The board is authorized to levy a tax of not to exceed 5 mills on all tangible property in the library district to fund the budget as determined by the library district board. The tax shall be levied and collected in like manner as other taxes and shall be kept by the library district in a separate fund to be known as the library fund of the library district. The tax levy shall not be considered a tax levy of the city of Eudora or the Eudora township.

(c) The board of the library district shall have the authority to increase the mill levy authorized by subsection (b) on each dollar assessed tangible valuation for the property of the library district for the acquisition, maintenance and support of a free public library by adoption of a resolution. Such resolution shall be published once each week for two consecutive weeks in a newspaper of general circulation in the county. If within 30 days after the last publication of the resolution, a petition signed by not less than 5% of the qualified electors in the library district is filed in the office of the county election officer requesting an election on the mill levy increase from the prior year, no increase levy shall be made unless the question is submitted to and approved by a majority of the voters of the library district voting at an election. The election shall be called and held in the manner provided under the general bond law. If the question is approved, the levy shall be certified and placed on the tax rolls.

Sec. 11. This act shall take effect and be in force from and after its publication in the Kansas register.

Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Jessica Pierce at 785-296-3052 or at KSBTPadmin@ks.gov. Individuals with hearing and/or speech disabilities may contact the Kansas Relay Center at 800-776-3777 for communication accommodations. Handicapped parking is available at the south end of the Landon State Office Building, 900 SW Jackson, Topeka, KS 66612, across the street from the north entrance to the building, and on Ninth Street, just around the corner from the north entrance to the building.

A summary of the proposed new regulation and the economic impact of the regulation follows:

K.A.R. 66-7-4 will provide that conviction of a felony may disqualify an applicant from receiving a license. Civil records of a court judgement or settlement in which the applicant admitted or was found to have engaged in conduct that would constitute a violation of the technical professions statutes or regulations may not be used for more than five years to disqualify an applicant from licensure after the applicant has satisfied any judgement or restriction ordered by the court or agreed to in the settlement. An applicant may petition the board for an informal advisory opinion regarding if the civil or criminal record may disqualify the applicant from licensure. The proposed regulation is not anticipated to have any economic impact.

(1) Unless otherwise authorized by law or regulation, an individual shall not apply for or obtain more than one antlered or horned big game or wild turkey permit for each big game species or wild turkey, except when the individual is unsuccessful in a limited quota drawing and alternative permits for the species are available at the time of subsequent application or when the individual is the final recipient of a commission permit.

(2) Unless otherwise authorized by law or regulation, each big game or wild turkey permit application shall be signed by the individual applying for the permit.

(3) Subject to any priority draw system established by this regulation, if the number of permit applications of a specific species and type received by the designated application deadline exceeds the number of available permits of that species and type, a random drawing to issue permits of that species and type shall be conducted by the secretary.

(4) A hunt-on-your-own-land permit shall not be tabulated in a priority draw system if the permit would otherwise reduce the applicant's odds of receiving a big game permit through that draw system.

(b) Deer permit applications.

(1) Subject to any priority draw system established by this subsection, in awarding deer permits in units having a limited number of permits, the first priority shall be given to those applicants who did not receive, in the previous year, a deer permit that allowed the taking of an antlered deer. All other deer permit applicants shall be given equal priority.

(2) In awarding a limited number of deer permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a deer permit that allows the taking of an antlered deer.

(B) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(C) If an applicant obtains, by a priority draw system, a deer permit that allows the taking of an antlered deer, all earned points shall be lost.

(D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(E) If an individual desires to apply for a preference point for a deer permit that allows the taking of antlered deer and not receive a permit, the person may apply for and receive a preference point by paying the proper application or preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(3) If an individual is a final recipient of a commission deer permit, the individual shall not possess more than one regular antlered deer permit and one commission deer permit.

(4) Applications for nonresident limited-quota antlered deer permits shall be accepted in the Pratt office from the earliest date that applications are available through the last Friday of April each year. Any nonresident applicant may select, at the time of application, one deer management unit and up to one adjacent management unit where that permit shall be valid.

(5) Applications for resident firearms either-species, either-sex permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday of June.

(6) Applications for resident any-season white-tailed either-sex deer permits, resident archery deer permits, resident muzzleloader either-species either-sex permits, and hunt-on-your-own-land deer permits shall be accepted at designated locations from the earliest date that applications are available through December 30.

(7) Each resident applicant for either-species, either-sex muzzleloader or firearm deer permits shall select, at the time of application, the unit where the permit shall be valid. The west unit permit shall be valid in units 1, 2, 17,

and 18. The east unit permit shall be valid in units 3, 4, 5, 7, and 16.

(8) Applications for antlerless white-tailed deer permits shall be accepted at designated locations from the earliest date that applications are available through January 30 of the following year.

(9) Each nonresident applicant for a regular deer permit shall have purchased a nonresident hunting license before submitting the application or shall purchase a nonresident hunting license when submitting the application.

(c) Firearm antelope permit applications. In awarding firearm antelope permits, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(1) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining a firearm antelope permit.

(2) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(3) If an applicant obtains a firearm permit by a priority draw system, all earned points shall be lost.

(4) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(5) If an individual desires to apply for a preference point for an antelope firearms permit that allows the taking of an antelope and not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(6) Applications for resident firearm and muzzleloader permits shall be accepted in the Pratt office from the earliest date that applications are available through the second Friday of June.

(7) Applications for resident and nonresident archery permits shall be accepted at designated locations from the earliest date that applications are available through October 30.

(8) If there are any unfilled permits after all timely applications have been considered, the application period may be extended by the secretary.

(9) Any applicant unsuccessful in obtaining a permit through a drawing may apply for any permit made available during an extended application period, or any other permit that is available on an unlimited basis.

(d) Elk permit applications.

(1) An individual receiving a limited-quota elk permit shall not be eligible to apply for or receive an elk permit in subsequent seasons, with the following exceptions:

(A) An individual receiving an any-elk or a bull-only elk permit may apply for and receive an antlerless-only elk permit in subsequent seasons.

(B) An individual receiving a limited-quota, antlerless-only elk hunting permit shall not be eligible to ap-

*(continued)*

ply for or receive a limited-quota, antlerless-only elk permit for a five-year period thereafter. Subject to this subsection, however, this individual may apply for and receive an any-elk or bull-only elk permit without a waiting period.

(C) When a limited number of elk permits are awarded by a random draw system, each individual shall have an additional opportunity of drawing for each bonus point earned by the individual in addition to the current application. Bonus points shall be awarded as follows:

(i) One bonus point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a random draw system, an elk permit that allows the taking of an elk.

(ii) If an individual fails to make at least one application or purchase one bonus point within a period of five consecutive years, all earned bonus points shall be lost.

(iii) If an applicant obtains, by a random draw system, an elk permit that allows the taking of an elk, all earned points shall be lost.

(iv) If an individual desires to apply for a bonus point for an elk permit that allows the taking of elk and not receive a permit, the person may apply for and receive a bonus point by paying the proper application or bonus point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one bonus point in the same calendar year, and no individual shall apply for a bonus point in the same calendar year as the calendar year in which the individual is applying for a permit.

(D) Each individual who is the final recipient of a commission elk permit shall be eligible for a limited-quota elk permit, subject to the provisions of this subsection.

(E) Limited-quota antlerless-only elk permits and limited-quota either-sex elk permits shall be awarded from a pool of applicants who are Fort Riley military personnel and applicants who are not Fort Riley military personnel.

(2) Applications for hunt-on-your-own-land and unlimited over-the-counter elk permits shall be accepted at designated locations from the earliest date that applications are available through March 14 of the following year.

(3) Applications for limited-quota antlerless-only elk permits and limited-quota either-sex elk permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday in June.

(4) If there are leftover limited-quota antlerless-only elk permits or limited-quota either-sex permits after all timely applications have been considered, the application periods for those permits may be reopened by the secretary. Leftover permits shall be drawn and issued on a daily basis for those application periods reopened by the secretary. Any applicant unsuccessful in obtaining a permit through a drawing may apply for any leftover permit or any other permit that is available on an unlimited basis.

(5) Any individual may apply for or obtain no more than one permit that allows the taking of an elk, unless the individual is unsuccessful in a limited-quota drawing and alternative permits for elk are available at the time of

subsequent application or the individual obtains a commission permit pursuant to this subsection.

(e) Wild turkey permit applications.

(1) When awarding wild turkey permits in units having a limited number of permits, the first priority shall be given to those individuals who did not receive a permit in a limited wild turkey unit during the previous year. All other applicants shall be given equal priority.

(2) In awarding a limited number of wild turkey permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a wild turkey permit.

(B) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(C) If an applicant obtains, by a priority draw system, a wild turkey permit, all earned points shall be lost.

(D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(E) If an individual desires to apply for a preference point for a wild turkey permit and not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(3) Fall wild turkey permits for unit 1, unit 2, unit 3, unit 5, and unit 6, youth turkey permits, and game tags for unit 2, unit 3, unit 5, and unit 6 may be purchased over the counter at designated locations, from the earliest date in the year that applications are available through 5:00 p.m. on January 30 of the following year.

(4) Applications for spring wild turkey permits in unit 4 shall be accepted by the department from the earliest date that applications are available until midnight on the second Friday of February. If there are turkey permits left over after all timely applications have been considered, the application period may be reopened by the secretary. Leftover turkey permits shall be issued on a daily competitive basis until the day before the last day of the turkey season or until all turkey permits are issued.
