Department of Transportation**Notice to Consulting Firms**

The Kansas Department of Transportation (KDOT) is seeking the services of a qualified consulting engineering firm for KDOT Project No. 106 AV-0019-27 to evaluate the pavement condition of specific public-use airports in Kansas. The airports of interest are NOT currently listed in the Federal Aviation Administration (FAA's) National Plan of Integrated Airport Systems (NPIAS), referenced as the non-NPIAS airports. There are 58 non-NPIAS, public-use airports in Kansas; 32 of these airports have paved runways to be studied. The project will be done pursuant to the current version of the FAA Advisory Circular 150/5380-7, Airport Pavement Management Program (PMP). The project is further expected to be done in one phase statewide. One year is allotted for all aspects of the project to be addressed in a scope of work: specifically, the services sought include on-site evaluation of pavement, completion of a pavement condition index (PCI) survey, and creating a PMP template for each studied airport that can be used by the airport sponsor to address how the airfield pavement may be maintained or upgraded to acceptable PCI levels. Consultant will combine current NPIAS pavement assessment data with non-NPIAS data into a single report for comparison of pavement health. Consultant's report shall also establish three alternatives courses of action that increase economic development through pavement preservation. The final deliverable is a guidance document/manual to be shared with each non-NPIAS airport sponsor to assist in the continued development of airport capital improve-

(continued)

ment plans. Existing data and reports from the NPIAS airports in Kansas can be viewed on the Kansas Aviation Portal at <http://ksaviationportal.ksdot.org>.

Requirements

Interested consulting engineering firms must: (a) be prequalified by KDOT in category 333 – Geotechnical Specialty Services (preferably with pavement condition analysis/inventory experience) and (b) submit a Letter of Interest (LOI) on or before 12:00 p.m. June 24, 2019 to David Lutgen, P.E., Contracts Engineer for KDOT, by email to kdot.designcontracts@ks.gov with the subject line reading “Non-NPIAS Airfield Pavement Management Study [Firm Name].” LOIs in the form of a PDF document (maximum size 4 pages) should express interest in the project and describe the particular qualifications for the professional services sought by KDOT, including any special expertise, skill, equipment, degree of accuracy, experience or knowledge of the firm, its employees and any sub-consultant the firm intends to utilize.

Note: Consultant firms must be capable of incurring, invoicing, and accounting for costs in conformity with generally accepted principles established in the Federal-Aid Policy Guide and the Code of Federal Regulations, Title 48, Chapter 1, Subchapter E, Part 31 (48 CFR Section 31.000 et seq.). The contract for this project is subject all applicable federal provisions, including:

- Title VI of the Civil Rights Act of 1964
- Section 520 of the Airport and Airway Improvement Act of 1982
- DOT Regulation 2 CFR Part 180 & 1200 – Government-wide Debarment and Suspension
- DOT Regulation 49 CFR Part 18.36(i) – Access to Records
- DOT Regulation 49 CFR Part 20 – Lobbying and Influencing Federal Employees
- DOT Regulation 49 CFR Part 26 – Disadvantage Business Enterprises Participation
- DOT Regulation 49 CFR Part 30 – Federal Trade Restriction Clause
- Regulation 48 CFR Part 22.17 – Combating Trafficking in Persons

If a firm is not currently prequalified by KDOT but is interested in obtaining prequalification, then please view the requirements and categories at the website address of <http://www.ksdot.org/divengdes/prequal/default.asp>. For licensure and other requirements applicable to the practice of technical professions within the State of Kansas, please consult the website of the Kansas Board of Technical Professions at <http://www.ksbtp.ks.gov/>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas and comply with applicable state and federal laws, rules and regulations.

Qualifications-Based Selection Process

No cost or pricing information shall be submitted with the LOI and will not be considered in the selection process to shortlist or rank proposals. Based on the qualifications submitted in the LOI and other information available to KDOT, on or about July 1, 2019 KDOT will shortlist up to five firms and notify all firms submitting LOIs of the names of the shortlisted firms by return email. Thereafter, KDOT will issue a Request for Proposal (RFP) to the short-

listed firms soliciting a technical proposal. At KDOT's option, shortlisted firms may be interviewed by telephone conference call or asked to attend meetings or participate in other discussions with KDOT. Technical proposals will be evaluated on the basis of the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second and third: 1) the quality of the response to the RFP; 2) qualifications and experience of consultant personnel proposed for services; 3) proposed (typical and atypical) approach to performance, data gathering, as well as efficiency and accuracy of services; and 4) past performance history. Information relevant to the evaluation criteria include recent relevant experience in airport projects and aviation system-level studies, capability to perform all aspects of the project, ability to meet schedules within budget, experience with PAVER, and knowledge of pertinent FAA/AIP standards. The highest ranked firm will be asked to enter into negotiations with KDOT for a contract, with compensation provisions for payment of actual direct costs plus fixed fee, subject to an upper limit of compensation. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Please do not call, write, or otherwise contact KDOT staff for information regarding the services in this RFQ. Email all inquiries/questions to David Lutgen at kdot.designcontracts@ks.gov.

Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU) intends to directly lease, and indirectly sublease through its affiliate corporation Wichita State Innovation Alliance, Inc., subject to all required state approvals, an approximate area of ground not to exceed 150,000 square feet with the potential for expansion for parking, for the private development of one or two partnership buildings. This private development shall be located west of Oliver, between 17th and 18th streets, on the Wichita State University main campus. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. The university intends to lease such ground for any period of time up to sixty-five years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university's educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Rental rate shall be assessed per leased or leasable square foot of the building but is negotiable based on term of lease and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization, or company and such offers will be considered until a selection is made or this notice is withdrawn. If interested, please contact Vice President for Research and Technology Transfer, Dr. John Tomblin, john.tomblin@wichita.

Public Notice

The Kansas Department of Health and Environment (KDHE) has reviewed an application from IX Ranch, Inc., to establish and operate a source-separated organic waste composting facility. Materials to be composted at this facility will be generated by businesses that produce organic waste streams. This facility is located in the NW ¼ of Section 4, Township 24S, Range 34W, Finney Coun-

ty, at 10680 W. U.S. 50, Holcomb, Kansas. KDHE has reviewed the application and found it to be in conformance with state solid waste statutes and regulations.

KDHE is providing public notice of its intent to issue a permit to IX Ranch, Inc., for the proposed source-separated organic waste composting facility described herein. A copy of the administrative record, which includes the draft permit and all information regarding this permit action, is available for public review from 8:00 a.m. to 5:00 p.m. Monday through Friday, until July 15, 2019 at the following locations:

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Federal Permit No. KS0101494

Leal Description: SW¼, S14, T27S, R1E, Sedgwick County, Kansas

Facility Location: 550 N. Hillside St., Wichita, Kansas

The proposed action is to issue a new State/NPDES permit for a new facility. This is a medical facility, which may discharge 30-60 gallons per minute of non-contact cooling water. The cooling water is used to keep MRI equipment cool, if the central plant should fail or is taken off-line for maintenance. The proposed permit contains generic language to protect the waters of the state. While this discharge would be new, an Anti-degradation study will not be required, since a discharge would only occur as a backup and would normally go to the city sanitary sewer.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612-1367.

All comments regarding the draft documents or application notices received on or before July 13, 2019, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-19-205/213, KS-AG-R-19-014, KS-Q-19-121/123) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Department of Health and Environment

Notice of Final Decision to Grant a Variance

The Kansas Department of Health and Environment (KDHE) received a Request for a Variance (Request) from provisions of the Kansas hazardous waste management regulations from the Kansas Department of Revenue, Division of Vehicles on behalf of persons in the State of Kansas who generate airbag waste.

KDHE is providing public notice of its final decision to grant the requested variance in accordance with K.A.R. 28-31-13. A copy of the Request and a copy of the Final Decision to Grant a Variance for Airbag Waste, which includes the conditions that must be met to qualify for the variance, are available at http://www.kdheks.gov/waste/p_regsandstatutes.html.

This variance will facilitate the timely removal of defective airbags, which pose a danger to the citizens of Kan-

sas. Nationally, tens of millions of airbags have been, or are scheduled to be, recalled. The tendency for rupture of these recalled airbag inflators increases with the age of the inflator and long-term exposure to high humidity, so timely removal of the airbags is critical. However, the recall effort could be slowed down because the management of airbag waste would likely result in vehicle dealers and salvage vendors becoming subject to increased regulation associated with higher hazardous waste generation rates. This variance will ensure that persons removing the defective airbags will not be subject to full hazardous waste generator requirements as long as the waste is properly managed in accordance with the variance.

This variance will go into effect on the date this notice of the final decision is published in the Kansas Register. The variance will remain in effect until it is rescinded by the Secretary of the Kansas Department of Health and Environment or until adoption of state regulations renders the variance unnecessary.

**Notice of Final Nursing Facility Medicaid Rates
for State Fiscal Year 2020;
Methodology for Calculating Rates,
and Rate Justifications;
Response to Written Comments;
Notice of Intent to Amend the Medicaid State Plan**

Under the Medicaid program, 42 U.S.C. 1396 et seq., the State of Kansas pays nursing facilities, nursing facilities for mental health, and hospital long-term care units (hereafter collectively referred to as nursing facilities) a daily rate for care provided to residents who are eligible for Medicaid benefits. The Secretary of Aging and Disability Services administers the nursing facility program, which includes hospital long-term care units, and the nursing facility for mental health program. The Secretary acts on behalf of the Kansas Department of Health and Environment Division of Health Care Finance (DHCF), the single state Medicaid agency.

As required by 42 U.S.C. 1396a(a)(13), as amended by Section 4711 of the Balanced Budget Act of 1997, P.L. No. 105-33, 101 Stat. 251, 507-08 (August 5, 1997), the Secretary of the Kansas Department for Aging and Disability Services (KDADS) is publishing the proposed Medicaid per diem rates for Medicaid-certified nursing facilities for State Fiscal Year 2020, the methodology underlying the establishment of the nursing facility rates, and the justifications for those rates. KDADS and DHCF are also providing notice of the state's intent to submit amendments to the Medicaid State Plan to the U. S. Department of Health and Human Services' Centers for Medicare and Medicaid Services (CMS) on or before September 30, 2019.

(continued)

I. Methodology Used to Calculate Medicaid Per Diem Rates for Nursing Facilities.

In general, the state uses a prospective, cost-based, facility-specific rate-setting methodology to calculate nursing facility Medicaid per diem rates, including the rates listed in this notice. The state's rate-setting methodology is contained primarily in the following described documents and authorities and in the exhibits, attachments, regulations, or other authorities referenced in them:

A. The following portions of the Kansas Medicaid State Plan maintained by DHCF are being revised:

1. Attachment 4.19D, Part I, Subpart C, Exhibit C-1, inclusive;

The text of the portions of the Medicaid State Plan identified above in section IA.1, but not the documents, authorities and the materials incorporated therein by reference, is reprinted in this notice. The Medicaid State Plan provisions set out in this notice appears in the version which the state currently intends to submit to CMS on or before September 30, 2019. The Medicaid State Plan amendment that the state ultimately submits to CMS may differ from the version contained in this notice.

Copies of the documents and authorities containing the state's rate-setting methodology are available upon written request. A request for copies will be treated as a request for public records under the Kansas Open Records Act, K.S.A. 45-215 et seq. The state may charge a fee for copies, in accordance with Executive Order 18-05. Written requests for copies should be sent to:

A.1 Attachment 4.19D, Part I, Subpart C, Exhibit C-1: Methods and Standards for Establishing Payment Rates for Nursing Facilities

Under the Medicaid program, the State of Kansas pays nursing facilities (NF), nursing facilities for mental health (NFMH), and hospital long-term care units (hereafter collectively referred to as nursing facilities) a daily rate for care provided to residents who are eligible for Medicaid benefits. The narrative explanation of the nursing facility reimbursement formula is divided into 11 sections. The sections are: Cost Reports, Rate Determination, Quarterly Case Mix Index Calculation, Resident Days, Inflation Factors, Upper Payment Limits, Quarterly Case Mix Rate Adjustment, Real and Personal Property Fee, Incentive Factors, Rate Effective Date, and Retroactive Rate Adjustments.

1) Cost Reports

The Nursing Facility Financial and Statistical Report (MS2004) is the uniform cost report. It is included in Kansas Administrative Regulation (K.A.R.) 129-10-17. It organizes the commonly incurred business expenses of providers into three reimbursable cost centers (operating, indirect health care, and direct health care). Ownership costs (i.e., mortgage interest, depreciation, lease, and amortization of leasehold improvements) are reported but reimbursed through the real and personal proper-

ty fee. There is a non-reimbursable/non-resident related cost center so that total operating expenses can be reconciled to the providers' accounting records.

All cost reports are desk reviewed by agency auditors. Adjustments are made, when necessary, to the reported costs in arriving at the allowable historic costs for the rate computations.

Calendar Year End Cost Reports:

All providers that have operated a facility for 12 or more months on December 31 shall file a calendar year cost report. The requirements for filing the calendar year cost report are found in K.A.R. 129-10-17.

When a non-arms length or related party change of provider takes place or an owner of the real estate assumes the operations from a lessee, the facility will be treated as an ongoing operation. In this situation, the related provider or owner shall be required to file the calendar year end cost report. The new operator or owner is responsible for obtaining the cost report information from the prior operator for the months during the calendar year in which the new operator was not involved in running the facility. The cost report information from the old and new operators shall be combined to prepare a 12-month calendar year end cost report.

Projected Cost Reports:

The filing of projected cost reports are limited to: 1) newly constructed facilities; 2) existing facilities new to the Medicaid program; or 3) a provider re-entering the Medicaid program that has not actively participated or billed services for 24 months or more. The requirements are found in K.A.R. 129-10-17.

2) Rate Determination

Rates for Existing Nursing Facilities

Medicaid rates for Kansas NFs are determined using a prospective, facility-specific rate-setting system. The rate is determined from the base cost data submitted by the provider. The current base cost data is the combined calendar year cost data from each available report submitted by the current provider during 2016, 2017, and 2018.

If the current provider has not submitted a calendar year report during the base cost data period, the cost data submitted by the previous provider for that same period will be used as the base cost data. Once the provider completes their first 24 months in the program, their first calendar year cost report will become the provider's base cost data.

The allowable expenses are divided into three cost centers. The cost centers are Operating, Indirect Health Care and Direct Health Care. They are defined in K.A.R. 129-10-18.

The allowable historic per diem cost is determined by dividing the allowable resident related expenses in each cost center by resident days. Before determining the per diem cost, each year's cost data is adjusted from the midpoint of that year to December 31, 2018. The resident days and inflation factors used in the rate determination will be explained in greater detail in the following sections.

The inflated allowable historic per diem cost for each cost center is then compared to the cost center upper pay-

ment limit. The allowable per diem rate is the lesser of the inflated allowable historic per diem cost in each cost center or the cost center upper payment limit. Each cost center has a separate upper payment limit. If each cost center upper payment limit is exceeded, the allowable per diem rate is the sum of the three cost center upper payment limits. There is also a separate upper payment limit for owner, related party, administrator, and co-administrator compensation. The upper payment limits will be explained in more detail in a separate section.

The case mix of the residents adjusts the Direct Health Care cost center. The reasoning behind a case mix payment system is that the characteristics of the residents in a facility should be considered in determining the payment rate. The idea is that certain resident characteristics can be used to predict future costs to care for residents with those same characteristics. For these reasons, it is desirable to use the case mix classification for each facility in adjusting provider rates.

There are add-ons to the allowable per diem rate. The add-ons consist of the incentive factor, the real and personal property fee, and per diems to cover costs not included in the cost report data. The incentive factor and real and personal property fee are explained in separate sections of this exhibit. The rate components are explained in separate subparts of Attachment 4.19D of the State Plan. The add-ons plus the allowable per diem rate equal the total per diem rate.

Rates for New Construction and New Facilities (New Enrollment Status)

The per diem rate for newly constructed nursing facilities, or new facilities to the Kansas Medical Assistance program shall be based on a projected cost report submitted in accordance with K.A.R. 129-10-17.

The cost information from the projected cost report and the first historic cost report covering the projected cost report period shall be adjusted to December 31, 2018. This adjustment will be based on the IHS Global Insight, National Skilled Nursing Facility Market Basket Without Capital Index (IHS Index). The IHS indices listed in the latest available quarterly publication will be used to adjust the reported cost data from the midpoint of the cost report period to December 31, 2018. The provider shall remain in new enrollment status until the base data period is reestablished. During this time, the adjusted cost data shall be used to determine all rates for the provider. Any additional factor for inflation that is applied to cost data for established providers shall be applied to the adjusted cost data for each provider in new enrollment status.

Rates for Facilities Recognized as a Change of Provider (Change of Provider Status)

The payment rate for the first 24 months of operation shall be based on the base cost data of the previous owner or provider. This base cost data shall include data from each calendar year cost report that was filed by the previous provider from 2016-2018. If base cost data is not available, the most recent calendar year data for the previous provider shall be used. Beginning with the first day of the 25th month of operation the payment rate shall be based on the historical cost data for the first calendar year submitted by the new provider.

All data used to set rates for facilities recognized as a change-of-provider shall be adjusted to December 31, 2018. This adjustment will be based on the IHS Index. The IHS indices listed in the latest available quarterly publication will be used to adjust the reported cost data from the midpoint of the cost report period to December 31, 2018. The provider shall remain in change-of-provider status until the base data period is reestablished. During this time, the adjusted cost data shall be used to determine all rates for the provider. Any additional factor for inflation that is applied to cost data for established providers shall be applied to the adjusted cost data for each provider in change of provider status.

Rates for Facilities Re-entering the Program (Reenrollment Status)

The per diem rate for each provider reentering the Medicaid program shall be determined from a projected cost report if the provider has not actively participated in the program by the submission of any current resident service billings to the program for 24 months or more. The per diem rate for all other providers reentering the program shall be determined from the base cost data filed with the agency or the most recent cost report filed preceding the base cost data period.

All cost data used to set rates for facilities reentering the program shall be adjusted to December 31, 2018. This adjustment will be based on the IHS Index. The IHS indices listed in the latest available quarterly publication will be used to adjust the reported cost data from the midpoint of the cost report period to December 31, 2018. The provider shall remain in reenrollment status until the base data period is reestablished. During this time, the adjusted cost data shall be used to determine all rates for the provider. Any additional factor for inflation that is applied to cost data for established providers shall be applied to the adjusted cost data for each provider in reenrollment status.

3) Quarterly Case Mix Index Calculation

Providers are required to submit to the agency the uniform assessment instrument, which is the Minimum Data Set (MDS), for each resident in the facility. The MDS assessments are maintained in a computer database.

The Resource Utilization Groups-III (RUG-III) Version 5.20, 34 group, index maximizer model is used as the resident classification system to determine all case mix indices, using data from the MDS submitted by each facility. Standard Version 5.20 (Set D01) case mix indices developed by the Centers for Medicare and Medicaid Services (CMS) shall be the basis for calculating facility average case mix indices to be used to adjust the Direct Health Care costs in the determination of upper payment limits and rate calculation. Resident assessments that cannot be classified will be assigned the lowest CMI for the State.

Each resident in the facility on the first day of each calendar quarter with a completed and submitted assessment shall be assigned a RUG-III 34 group calculated on the resident's most current assessment available on the first day of each calendar quarter. This RUG-III group shall be translated to the appropriate CMI. From the individual resident case mix indices, three average

(continued)

case mix indices for each Medicaid nursing facility shall be determined four times per year based on the assessment information available on the first day of each calendar quarter.

The facility-wide average CMI is the simple average, carried to four decimal places, of all resident case mix indices. The Medicaid-average CMI is the simple average, carried to four decimal places, of all indices for residents, including those receiving hospice services, where Medicaid is known to be a per diem payer source on the first day of the calendar quarter or at any time during the preceding quarter. The private-pay/other average CMI is the simple average, carried to four decimal places, of all indices for residents where neither Medicaid nor Medicare were known to be the payer source on the first day of the calendar quarter or at any time during the preceding quarter. Case mix indices for ventilator-dependent residents for whom additional reimbursement has been determined shall be excluded from the average CMI calculations.

Rates will be adjusted for case mix twice annually using case mix data from the two quarters preceding the rate effective date. The case mix averages used for the rate adjustments will be the simple average of the case mix averages for each quarter. The resident listing cut-off for calculating the average CMIs for each quarter will be the first day of the quarter. The following are the dates for the resident listings and the rate periods in which the average Medicaid CMIs will be used in the semi-annual rate-setting process.

<u>Rate Effective Date:</u>	<u>Cut-Off Dates for Quarterly CMI:</u>
July 1	January 1 and April 1
January 1	July 1 and October 1

The resident listings will be distributed to providers prior to the dates the semi-annual case mix adjusted rates are determined. This will allow the providers time to review the resident listings and make corrections before they are notified of new rates. The cut off schedule may need to be modified in the event accurate resident listings and Medicaid CMI scores cannot be obtained from the MDS database.

4) Resident Days

Facilities with 60 beds or less:

For facilities with 60 beds or less, the allowable historic per diem costs for all cost centers are determined by dividing the allowable resident related expenses by the actual resident days during the cost report period(s) used to establish the base cost data.

Facilities with more than 60 beds:

For facilities with more than 60 beds, the allowable historic per diem costs for the Direct Health Care cost center and for food and utilities in the Indirect Health Care cost center are determined by dividing the allowable resident related expenses by the actual resident days during the cost report period(s) used to establish the base cost data. The allowable historic per diem cost for the Operating and Indirect Health Care Cost Centers less food and utilities is subject to an 85% minimum occupancy rule. For

these providers, the greater of the actual resident days for the cost report period(s) used to establish the base cost data or the 85% minimum occupancy based on the number of licensed bed days during the cost report period(s) used to establish the base cost data is used as the total resident days in the rate calculation for the Operating cost center and the Indirect Health Care cost center less food and utilities. All licensed beds are required to be certified to participate in the Medicaid program.

There are two exceptions to the 85% minimum occupancy rule for facilities with more than 60 beds. The first is that it does not apply to a provider who is allowed to file a projected cost report for an interim rate. Both the rates determined from the projected cost report and the historic cost report covering the projected cost report period are based on the actual resident days for the period.

The second exception is for the first cost report filed by a new provider who assumes the rate of the previous provider. If the 85% minimum occupancy rule was applied to the previous provider's rate, it is also applied when the rate is assigned to the new provider. However, when the new provider files a historic cost report for any part of the first 12 months of operation, the rate determined from the cost report will be based on actual days and not be subject to the 85% minimum occupancy rule for the months in the first year of operation. The 85% minimum occupancy rule is then reapplied to the rate when the new provider reports resident days and costs for the 13th month of operation and after.

5) Inflation Factors

Inflation will be applied to the allowable reported costs from the calendar year cost report(s) used to determine the base cost data from the midpoint of each cost report period to December 31, 2018. The inflation will be based on the IHS Global Insight, CMS Nursing Home without Capital Market Basket index.

The IHS Global Insight, CMS Nursing Home without Capital Market Basket Indices listed in the latest available quarterly publication will be used to determine the inflation tables for the payment schedules processed during the payment rate period. This may require the use of forecasted factors in the inflation table. The inflation tables will not be revised until the next payment rate period.

The inflation factor will not be applied to the following costs:

- 1) Owner/Related Party Compensation
- 2) Interest Expense
- 3) Real and Personal Property Taxes

6) Upper Payment Limits

There are three types of upper payment limits that will be described. One is the owner/related party/administrator/co-administrator limit. The second is the real and personal property fee limit. The last type of limit is an upper payment limit for each cost center. The upper payment limits are in effect during the payment rate period unless otherwise specified by a State Plan amendment.

Owner/Related Party/Administrator/Co-Administrator Limits:

Since salaries and other compensation of owners are not subject to the usual market constraints, specific lim-

its are placed on the amounts reported. First, amounts paid to non-working owners and directors are not an allowable cost. Second, owners and related parties who perform resident related services are limited to a salary chart based on the Kansas Civil Service classifications and wages for comparable positions. Owners and related parties who provide resident related services on less than a full-time basis have their compensation limited by the percent of their total work time to a standard work week. A standard work week is defined as 40 hours. The owners and related parties must be professionally qualified to perform services which require licensure or certification.

The compensation paid to owners and related parties shall be allocated to the appropriate cost center for the type of service performed. Each cost center has an expense line for owner/related party compensation. There is also a cost report schedule titled, "Statement of Owners and Related Parties." This schedule requires information concerning the percent of ownership (if over five percent), the time spent in the function, the compensation, and a description of the work performed for each owner and/or related party. Any salaries reported in excess of the Kansas Civil Service based salary chart are transferred to the Operating cost center where the excess is subject to the Owner/Related Party/Administrator/Co-Administrator per diem compensation limit.

Schedule C is an array of non-owner administrator and co-administrator salaries. The schedule includes the calendar year 2018 historic cost reports in the database from all active nursing facility providers. The salary information in the array is not adjusted for inflation. The per diem data is calculated using an 85% minimum occupancy level for those providers in operation for more than 12 months with more than 60 beds. Schedule C for the owner/related party/administrator/co-administrator per diem compensation limit is the first schedule run during the rate setting.

Schedule C is used to set the per diem limitation for all non-owner administrator and co-administrator salaries and owner/related party compensation in excess of the civil service-based salary limitation schedule. The per diem limit for a 50-bed or larger home is set at the 90th percentile on all salaries reported for non-owner administrators and co-administrators. A limitation table is then established for facilities with less than 50 beds. This table begins with a reasonable salary per diem for an administrator of a 15-bed or less facility. The per diem limit for a 15-bed or less facility is inflated based on the State of Kansas annual cost of living allowance for classified employees for the rate period. A linear relationship is then established between the compensation of the administrator of the 15-bed facility and the compensation of the administrator of a 50-bed facility. The linear relationship determines the per diem limit for the facilities between 15 and 50 beds.

The per diem limits apply to the non-owner administrators and co-administrators and the compensation paid to owners and related parties who perform an administrative function or consultant type of service. The per diem limit also applies to the salaries in excess of the civil service-based salary chart in other cost centers that are transferred to the operating cost center.

Real and Personal Property Fee Limit

The property component of the reimbursement methodology consists of the real and personal property fee that is explained in more detail in a later section. The upper payment limit is 105% of the median determined from a total resident day-weighted array of the property fees in effect April 1, 2019.

Cost Center Upper Payment Limits

Schedule B is an array of all per diem costs for each of the three cost centers-Operating, Indirect Health Care, and Direct Health Care. The schedule includes a per diem determined from the base cost data from all active nursing facility providers. Projected cost reports are excluded when calculating the limit.

The per diem expenses for the Operating cost center and the Indirect Health Care cost center less food and utilities are subject to the 85% minimum occupancy for facilities over 60 beds. All previous desk review and field audit adjustments are considered in the per diem expense calculations. The costs are adjusted by the owner/related party/administrator/co-administrator limit.

Prior to the Schedule B arrays, the cost data on certain expense lines is adjusted from the midpoint of the cost report period to December 31, 2018. This will bring the costs reported by the providers to a common point in time for comparisons. The inflation will be based on the IHS Global Insight, CMS Nursing Home Without Capital Market Basket Index.

Certain costs are exempt from the inflation application when setting the upper payment limits. They include owner/related party compensation, interest expense, and real and personal property taxes.

Schedule B is the median compilations. These compilations are needed for setting the upper payment limit for each cost center. The median for each cost center is weighted based on total resident days. The upper payment limits will be set using the following:

Operating	110% of the median
Indirect Health Care	115% of the median
Direct Health Care	130% of the median

Direct Health Care Cost Center Limit:

The Kansas reimbursement methodology has a component for a case mix payment adjustment. The Direct Health Care cost center rate component and upper payment limit are adjusted by the facility average CMI.

For the purpose of setting the upper payment limit in the Direct Health Care cost center, the facility cost report period CMI and the statewide average CMI will be calculated. The facility cost report period CMI is the resident day-weighted average of the quarterly facility-wide average case mix indices, carried to four decimal places. The quarters used in this average will be the quarters that most closely coincide with the financial and statistical reporting period. For example, a 01/01/20XX-12/31/20XX financial and statistical reporting period would use the facility-wide average case mix indices for quarters beginning 04/01/XX, 07/01/XX, 10/01/XX and 01/01/XY. The statewide average CMI is the resident day-weighted average, carried to four dec-

(continued)

imal places, of the facility cost report period case mix indices for all Medicaid facilities.

The statewide average CMI and facility cost report period CMI are used to set the upper payment limit for the Direct Health Care cost center. The limit is based on all facilities with a historic cost report in the database. There are three steps in establishing the base upper payment limit.

The first step is to normalize each facility's inflated Direct Health Care costs to the statewide average CMI. This is done by dividing the statewide average CMI for the cost report year by the facility's cost report period CMI, then multiplying this answer by the facility's inflated costs. This step is repeated for each cost report year for which data is included in the base cost data.

The second step is to determine per diem costs and array them to determine the median. The per diem cost is determined by dividing the total of each provider's inflated case mix adjusted base direct health care costs by the total days provided during the base cost data period. The median is located using a day-weighted methodology. That is, the median cost is the per diem cost for the facility in the array at which point the cumulative total of all resident days first equals or exceeds half the number of the total resident days for all providers. The facility with the median resident day in the array sets the median inflated direct health care cost. For example, if there are eight million resident days, the facility in the array with the 4 millionth day would set the median.

The final step in calculating the base Direct Health Care upper payment limit is to apply the percentage factor to the median cost. For example, if the median cost is \$80 and the upper payment limit is based on 130% of the median, then the upper payment limit for the statewide average CMI would be \$104 ($D=130\% \times \80).

7) Quarterly Case Mix Rate Adjustment

The allowance for the Direct Health Care cost component will be based on the average Medicaid CMI in the facility. The first step in calculating the allowance is to determine the Allowable Direct Health Care Per Diem Cost. This is the lesser of the facility's per diem cost from the base cost data period or the Direct Health Care upper payment limit. Because the direct health care costs were previously adjusted for the statewide average CMI, the Allowable Direct Health Care Per Diem Cost corresponds to the statewide average CMI.

The next step is to determine the Medicaid acuity adjusted allowable Direct Health Care cost. The facility's Medicaid CMI is determined by averaging the facility average Medicaid CMI from the two quarters preceding the rate effective date. The facility's Medicaid CMI is then divided by the statewide average CMI for the cost data period. Finally, this result, is then multiplied by the Allowable Direct Health Care per diem cost. The result is referred to as the Medicaid Acuity Adjustment.

The Medicaid Acuity Adjustment is calculated semi-annually to account for changes in the Medicaid CMI. To illustrate this calculation, take the following situation: The facility's direct health care per diem cost is \$80.00, the Direct Health Care per diem limit is \$104.00, and these are both tied to a statewide average CMI of 1.000, and the facility's current Medicaid CMI is 0.9000. Since

the per diem costs are less than the limit the Allowable Direct Health Care Cost is \$80.00, and this is matched with the statewide average CMI of 1.0000. To calculate the Medicaid Acuity Adjustment, first divide the Medicaid CMI by the statewide average CMI, then multiply the result by the Allowable Direct Health Care Cost. In this case that would result in \$72.00 ($0.9000/1.0000 \times \80.00). Because the facility's current Medicaid CMI is less than the statewide average CMI the Medicaid Acuity Adjustment moves the direct health care per diem down proportionally. In contrast, if the Medicaid CMI for the next semi-annual adjustment rose to 1.1000, the Medicaid Acuity Adjustment would be \$88.00 ($1.1000/1.0000 \times \80.00). Again the Medicaid Acuity Adjustment changes the Allowable Direct Health Care Per Diem Cost to match the current Medicaid CMI.

8) Real and Personal Property Fee

The property component of the reimbursement methodology consists of the real and personal property fee (property fee). The property fee is paid in lieu of an allowable cost of mortgage interest, depreciation, lease expense and/or amortization of leasehold improvements. The fee is facility specific and does not change as a result of a change of ownership, change in lease, or with re-enrollment in the Medicaid program. The original property fee was comprised of two components, a property allowance and a property value factor. The differentiation of the fee into these components was eliminated effective July 1, 2002. At that time each facility's fee was re-established based on the sum of the property allowance and value factor. The providers receive the lower of the inflated property fee or the upper payment limit.

For providers re-enrolling in the Kansas Medical Assistance program or providers enrolling for the first time but operating in a facility that was previously enrolled in the program, the property fee shall be the sum of the last effective property allowance and the last effective value factor for that facility. The property fee will be inflated to 12/31/08 and then compared to the upper payment limit. The property fee will be the lower of the facility-specific inflated property fee or the upper payment limit.

Providers entering the Kansas Medical Assistance program for the first time, who are operating in a building for which a fee has not previously been established, shall have a property fee calculated from the ownership costs reported on the cost report. This fee shall include appropriate components for rent or lease expense, interest expense on real estate mortgage, amortization of leasehold improvements, and depreciation on buildings and equipment. The process for calculating the property fee for providers entering the Kansas Medical Assistance program for the first time is explained in greater detail in K.A.R. 129-10-25.

There is a provision for changing the property fee. This is for a rebasing when capital expenditure thresholds are met (\$25,000 for homes under 51 beds and \$50,000 for homes over 50 beds). The original property fee remains constant but the additional factor for the rebasing is added. The property fee rebasing is explained in greater detail in K.A.R. 129-10-25. The rebased property fee is subject to the upper payment limit.

9) Incentive Factors

An incentive factor will be awarded to both NF and NF-MH providers that meet certain outcome measures criteria. The criteria for NF and NF-MH providers will be determined separately based on arrays of outcome measures for each provider group.

Nursing Facility Quality and Efficiency Incentive Factor:

The Nursing Facility Incentive Factor is a per diem amount determined by four per diem add-ons providers can earn for various outcomes measures. Providers that maintain a case mix adjusted staffing ratio at or above the 75th percentile will earn a \$3.00 per diem add-on. Providers that fall below the 75th percentile staffing ratio but improve their staffing ratio by 10% or more will earn a \$0.50 per diem add-on. Providers that achieve a staff retention rate at or above the 75th percentile will earn a \$2.50 per diem add-on as long as contracted labor costs do not exceed 10% of the provider’s total direct health care labor costs. Providers that have a staff retention rate lower than the 75th percentile but that increase their staff retention rate by 10% or more will receive a per diem add-on of \$0.50 as long as contracted labor costs do not exceed 10% of the provider’s total direct health care labor costs. Providers that have a Medicaid occupancy percentage of 65% or more will receive a \$0.75 per diem add-on. Finally, providers that maintain quality measures at or above the 75th percentile will earn a \$1.25 per diem add-on. The total of all the per diem add-ons a provider qualifies for will be their incentive factor.

The table below summarizes the incentive factor outcomes and per diem add-ons:

Incentive Outcome	Incentive Add-Ons
CMI adjusted staffing ratio ≥ 75th percentile (5.14), or CMI adjusted staffing < 75th percentile but improved ≥ 10%	\$3.00 \$0.50
Staff retention rate ≥ 75th percentile, 72% Contracted labor < 10% of total direct health care labor costs or	\$2.50
Staff retention rate < 75th percentile but increased ≥ 10% Contracted labor < 10% of total direct health care labor costs	\$0.50
Medicaid occupancy ≥ 65%	\$0.75
Quality Measures ≥ 75th percentile (640)	\$1.25
Total Incentive Add-on Available	\$7.50

The Culture Change/Person-Centered Care Incentive Program

The Culture Change/Person-Centered Care Incentive Program (PEAK 2.0) includes six different incentive levels to recognize homes that are either pursuing culture change, have made major achievements in the pursuit of culture change, have met minimum competencies in person-centered care, have sustained person-centered care, or are mentoring others in person-centered care.

Each incentive level has a specific pay-for-performance incentive per diem attached to it that homes can earn by meeting defined outcomes. The first three levels (Level 0 – Level 2) are intended to encourage quality improvement for homes that have not yet met the minimum competency requirements for a person-centered care home. Homes can earn the Level 1 and Level 2 incentives simultaneously as they progress toward the minimum competency level.

Level 3 recognizes those homes that have attained a minimum level of core competency in person-centered care. Level 4 and Level 5 are reserved for those homes that have demonstrated sustained person-centered care for multiple years and have gone on to mentor other homes in their pursuit of person-centered care. The table below provides a brief overview of each of the levels.

Level & Per Diem Incentive	Summary of Required Nursing Home Action	Incentive Duration
Level 0 The Foundation \$0.50	Home completes the KCCI evaluation tool according to the application instructions. Home participates in all required activities noted in “The Foundation” timeline and workbook. Homes that do not complete the requirements at this level must sit out of the program for one year before they are eligible for reapplication.	Available beginning July 1 of enrollment year. Incentive granted for one full fiscal year.
Level 1 Pursuit of Culture Change \$0.50	Homes should submit the KCCI evaluation tool (annually). Home submits an action plan addressing 4 PEAK 2.0 cores in Domains 1-4. The home self-reports progress on the action planned cores via phone conference with the PEAK team. The home may be selected for a random site visit. The home must participate in the random site visit, if selected, to continue incentive payment. Homes should demonstrate successful completion of 75% of core competencies selected. A home can apply for Levels 1 & 2 in the same year. Homes that do not achieve Level 2 with three consecutive years of participation at Level 1 may return to a Level 0 or sit out for two years depending on KDADS and KSU’s recommendation.	Available beginning July 1 of enrollment year. Incentive granted for one full fiscal year.
Level 2 Culture Change Achievement \$1.00	This is a bridge level to acknowledge achievement in Level 1. Homes may receive this level at the same time they are working on other PEAK core areas at Level 1. Homes may receive this incentive for up to 3 years. If Level 3 is not achieved at the end of the third year, homes may start back at Level 0 or 1 depending on KDADS and KSU’s recommendation.	Available beginning July 1 following confirmed completion of action plan goals. Incentive is granted for one full fiscal year.
Level 3 Person-Centered Care Home \$2.00	Demonstrates minimum competency as a person-centered care home (see KDADS full criteria). This is confirmed through a combination of the following: High score on the KCCI evaluation tool. Demonstration of success in other levels of the program. Performing successfully on a Level 2 screening call with the KSU PEAK 2.0 team. Passing a full site visit.	Available beginning July 1 following confirmed minimum competency as a person-centered care home. Incentive is granted for one full fiscal year. Renewable bi-annually.

(continued)

Level & Per Diem Incentive	Summary of Required Nursing Home Action	Incentive Duration
Level 4 Sustained Person-Centered Care Home \$2.50	Homes earn person-centered care home award two consecutive years.	Available beginning July 1 following confirmation of the upkeep of minimum person-centered care competencies. Incentive is granted for two fiscal years. Renewable bi-annually.
Level 5 Person-Centered Care Mentor Home \$3.00	Homes earn sustained person-centered care home award and successfully engage in mentoring activities suggested by KDADS (see KDADS mentoring activities). Mentoring activities should be documented.	Available beginning July 1 following confirmation of mentor home standards. Incentive is granted for two fiscal years. Renewable bi-annually.

Nursing Facility for Mental Health Quality and Efficiency Incentive Factor:

The Quality and Efficiency Incentive plan for Nursing Facilities for Mental Health (NFMH) will be established separately from nursing facilities. Nursing Facilities for Mental Health serve people who often do not need the NF level of care on a long-term basis. There is a desire to provide incentive for NFMHs to work cooperatively and in coordination with Community Mental Health Centers to facilitate the return of persons to the community.

The Quality and Efficiency Incentive Factor is a per diem add-on ranging from zero to seven dollars and fifty cents. It is designed to encourage quality care, efficiency and cooperation with discharge planning. The incentive factor is determined by five outcome measures: case mix adjusted nurse staffing ratio; operating expense; staff turnover rate; staff retention rate; and occupancy rate. Each provider is awarded points based on their outcomes measures and the total points for each provider determine the per diem incentive factor included in the provider's rate calculation.

Providers may earn up to two incentive points for their case mix adjusted nurse staffing ratio. They will receive two points if their case-mix adjusted staffing ratio equals or exceeds 3.88, which is 120% of the statewide NFMH median of 3.23. They will receive one point if the ratio is less than 120% of the NFMH median but greater than or equal to 3.55, which is 110% of the statewide NFMH median. Providers with staffing ratios below 110% of the NFMH median will receive no points for this incentive measure.

NFMH providers may earn one point for low occupancy outcomes measures. If they have total occupancy less than 90% they will earn a point.

NFMH providers may earn one point for low operating expense outcomes measures. The provider will earn one point if the per diem operating expenses are below \$22.99, or 90% of the statewide median of \$25.54.

NFMH providers may earn up to two points for the turnover rate outcomes measure. Providers with direct health care staff turnover equal to or below 42%, the 75th percentile statewide, will earn two points as long as contracted labor costs do not exceed 10% of the provider's total direct health care labor costs. Providers with direct health care staff turnover greater than 42% but equal to or below 55%, the 50th percentile statewide, will earn

one point as long as contracted labor costs do not exceed 10% of the provider's total direct health care labor costs.

Finally, NFMH providers may earn up to two points for the retention rate outcomes measure. Providers with staff retention rates at or above 84%, the 75th percentile statewide will earn two points. Providers with staff retention rates below 84% but at or above 60%, the 50th percentile statewide, will earn one point.

The table below summarizes the incentive factor outcomes and points:

Quality/Efficiency Outcome	Incentive Points
CMI adjusted staffing ratio ≥ 120% (3.88) of NF-MH median (3.23), or CMI adjusted staffing ratio between 110% (3.55) and 120%	2, or 1
Total occupancy ≤ 90%	1
Operating expenses < \$22.99, 90% of NF-MH median, \$25.54	1
Staff turnover rate ≤ 75th percentile, 42% Staff turnover rate ≤ 50th percentile, 55% Contracted labor < 10% of total direct health care labor costs	2, or 1
Staff retention ≥ 75th percentile, 84% Staff retention ≥ 50th percentile, 60%	2, or 1
Total Incentive Points Available	8

Schedule E is an array containing the incentive points awarded to each NFMH provider for each quality and efficiency incentive outcome. The total of these points will be used to determine each provider's incentive factor based on the following table.

<u>Total Incentive Points:</u>	<u>Incentive Factor Per Diem:</u>
Tier 1: 6-8 points	\$7.50
Tier 2: 5 points	\$5.00
Tier 3: 4 points	\$2.50
Tier 4: 0-3 points	\$0.00

The survey and certification performance of each NF and NFMH provider will be reviewed quarterly to determine each provider's eligibility for incentive factor payments. In order to qualify for an incentive, factor a home must not have received any health care survey deficiency of scope and severity level "H" or higher during the survey review period. Homes that receive "G" level deficiencies, but no "H" level or higher deficiencies, and that correct the "G" level deficiencies within 30 days of the survey, will be eligible to receive 50% of the calculated incentive factor. Homes that receive no deficiencies higher than scope and severity level "F" will be eligible to receive 100% of the calculated incentive factor. The survey and certification review period will be the 12-month period ending one quarter prior to the incentive eligibility review date. The following table lists the incentive eligibility review dates and corresponding review period end dates.

<u>Incentive Eligibility Effective Date:</u>	<u>Review Period End Date:</u>
July 1	March 31st
October 1	June 30th
January 1	September 30th
April 1	December 31st

10) Rate Effective Date

Rate effective dates are determined in accordance with K.A.R. 129-10-19. The rate may be revised for an add-on

reimbursement factor (i.e., rebased property fee), desk review adjustment or field audit adjustment.

11) Retroactive Rate Adjustments

Retroactive adjustments, as in a retrospective system, are made for the following three conditions:

A retroactive rate adjustment and direct cash settlement is made if the agency determines that the base year cost report data used to determine the prospective payment rate was in error. The prospective payment rate period is adjusted for the corrections.

If a projected cost report is approved to determine an interim rate, a settlement is also made after a historic cost report is filed for the same period.

All settlements are subject to upper payment limits. A provider is considered to be in projection status if they are operating on a projected rate and they are subject to the retroactive rate adjustment.

II. Medicaid Per Diem Rates for Kansas Nursing Facilities

A. Cost Center Limitations: The state establishes the following cost center limitations which are used in setting rates effective July 1, 2019.

Cost Center	Limit Formula	Per Day Limit
Operating	110% of the Median Cost	\$39.13
Indirect Health Care	115% of the Median Cost	\$54.45
Direct Health Care	130% of the Median Cost	\$129.95
Real and Personal Property Fee	105% of the Median Fee	\$10.01

These amounts were determined according to the "Reimbursement Limitations" section. The Direct Health-care Limit is calculated based on a CMI of 1.0314, which is the statewide average.

B. Case Mix Index: These proposed rates are based upon each nursing facility's Medicaid CMI calculated as the average of the quarterly Medicaid CMI averages with a cutoff dates of January 1, 2019 and April 1, 2019. The CMI calculations use the July 1, 2014 Kansas Medicaid/Medikan CMI Table. In Section II.C below, each nursing facility's Medicaid average CMI is listed beside its per diem rate.

C. Rates: The following list includes the calculated Medicaid rate for each nursing facility provider currently enrolled in the Medicaid program and the Medicaid case mix index used to determine each rate.

III. Justifications for the Rates

1. The proposed rates are calculated according to the rate-setting methodology in the Kansas Medicaid State Plan and pending amendments thereto.
2. The proposed rates are calculated according to a methodology which satisfies the requirements of K.S.A. 39-708c(x) and the DHCF regulations in K.A.R. Article 129-10 implementing that statute and applicable federal law.
3. The State's analyses project that the rates:
 - a. Would result in payment, in the aggregate of 96.25% of the Medicaid day weighted average inflated allowable nursing facility costs state-wide; and
 - b. Would result in a maximum allowable rate of \$233.54 (for a CMI of 1.0314); with the total average allowable cost being \$192.00.
 - c. Average Payment rate July 1, 2019 \$192.00
 - d. Average payment rate July 1, 2018 \$190.24

(continued)

- Amount of change \$1.76
- Percent of change 0.92%
- 4. Estimated annual aggregate expenditures in the Medicaid nursing facility services payment program will increase approximately \$2.80 million.
- 5. The state estimates that the rates will continue to make quality care and services available under the Medicaid State Plan at least to the extent that care and services are available to the general population in the geographic area. The state’s analyses indicate:
 - a. Service providers operating a total of 322 nursing facilities and hospital-based long-term care units (representing 96.7% of all the licensed nursing facilities and long-term care units in Kansas) participate in the Medicaid program;
 - b. There is at least one Medicaid-certified nursing facility and/or nursing facility for mental health, or Medicaid-certified hospital-based long-term care unit in 99 of the 105 counties in Kansas;
 - c. The statewide average occupancy rate for nursing facilities participating in Medicaid is 81.89%;
 - d. The statewide average Medicaid occupancy rate for participating facilities is 57.01%; and
 - e. The rates would cover 95.96% of the estimated Medicaid direct health care costs incurred by participating nursing facilities statewide.
- 6. Federal Medicaid regulations at 42 C.F.R. 447.272 impose an aggregate upper payment limit that states may pay for Medicaid nursing facility services. The state’s analysis indicates that the methodology will result in compliance with the federal regulation.

IV. Response to Comments Received

The state did not receive formal comments to its Proposed Nursing Facility rates published on April 18, 2019 in the Kansas Register.

V. Notice of Intent to Amend the Medicaid State Plan

The state intends to submit Medicaid State Plan amendments to CMS on or before September 30, 2019.

Subject to the Notice of Bond Sale dated June 13, 2019 (the "Notice of Sale"), bids will be received by the Assistant City Manager/City Clerk of the City of Edwardsville, Kansas (the "City"), on behalf of the governing body at City Hall, 690 S. 4th St., Edwardsville, KS 66111, or, in the case of electronic proposals, via PARITY® Electronic Bid Submission System ("PARITY") until 11:00 a.m. (CST) June 24, 2019, for the purchase of \$3,840,000* principal amount of General Obligation Bonds, Series 2019 (the "Bonds"). No bid of less than 100% of the par value of the Bonds, plus accrued interest to the date of delivery, if any, will be considered. Bidders may be required to be qualified in a manner established by the City before submitting a bid.

Bond Details

The Bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The Bonds will be dated July 15, 2019 (the "Dated Date"), and will become due on December 1 in the years as follows:

Maturity	Principal Amount*	Maturity	Principal Amount*
2022	\$160,000	2031	\$220,000
2023	175,000	2032	220,000
2024	185,000	2033	230,000
2025	185,000	2034	230,000
2026	190,000	2035	230,000
2027	195,000	2036	250,000
2028	195,000	2037	250,000
2029	195,000	2038	260,000
2030	210,000	2039	260,000

The Bonds will bear interest from the Dated Date at rates to be determined when the Bonds are sold as provided in the Notice of Sale, which interest will be payable semiannually on June 1 and December 1 in each year, be-

ginning on June 1, 2020. A bidder may elect to have all or a portion of the Bonds scheduled to mature in consecutive years issued as term bonds subject to the requirements set forth in the Notice of Sale.

Paying Agent and Bond Registrar

Treasurer of the State of Kansas, Topeka, Kansas.

Good Faith Deposit

The bidder for the Bonds shall provide the City with a cashier's or certified check drawn on a bank located in the United States of America, or the wire transfer of same-day funds in accordance with the requirements set forth in the Notice of Sale, in the amount of \$76,800 for the Bonds (2% of the principal amount of the Bonds).

Delivery

The City will pay for preparation of the Bonds and will deliver the same properly prepared, executed, and registered without cost to the successful bidder on or about July 15, 2019, at the offices of The Depository Trust Company, New York, New York.

Assessed Valuation and Indebtedness

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 2018 is \$66,668,714. The total general obligation indebtedness of the City as of the date of the Bonds, including the Bonds being sold, is \$9,665,000.

Approval of Bonds

The Bonds will be sold subject to the legal opinion of Kutak Rock LLP, Kansas City, Missouri, Bond Counsel, whose approving legal opinion as to the validity of the Bonds will be furnished and paid for by the City and delivered to the successful bidder when the Bonds are delivered.

Additional Information

Additional information regarding the Bonds may be obtained from the Assistant City Manager/City Clerk; from the City's Municipal Advisor, Piper Jaffray & Co., Attn: Dustin Avey, 11635 Rosewood St., Leawood, KS 66211, phone 913-345-3375; or from Kutak Rock LLP, Bond Counsel, Attn: Tyler Ellsworth, Two Pershing Square, 2300 Main St., Suite 800, Kansas City, MO 64108-2416, phone 816-960-0090.

State of Kansas

Kansas Bureau of Investigation

**Notice of Public Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 9:00 a.m. Wednesday, August 14, 2019, in the Headquarters Main Conference Room at the Kansas Bureau of Investigation (KBI),

1620 SW Tyler, Topeka, Kansas, to consider the adoption of a proposed rule and regulation of the Kansas Bureau of Investigation (KBI), on a permanent basis.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to the Kansas Bureau of Investigation, 1620 SW Tyler, Topeka, KS 66612, or by email to Kelly.McPherron@kbi.state.ks.us. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulation during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Kelly McPherron at 785-296-8200, (or TYY 1-800-766-3777). Handicapped parking is located on the south end of the KBI building, off of Tyler Street.

Summaries of the proposed regulation and its economic impact follow. (Note: Statements indicating that a regulation is “not anticipated to have any economic impact” are intended to indicate that no economic impact on the KBI, other state agencies, state employees, or the general public has been identified.)

Copies of the proposed regulation and the Economic Impact Statement for the proposed regulation can be requested from: Kelly.McPherron@kbi.state.ks.us, or by writing to Kansas Bureau of Investigation, 1620 SW Tyler, Topeka, KS 66612 (attn: Kelly McPherron).

K.A.R. 10-22-1 – Approved field tests. This regulation lists approved field tests for controlled substances. For admission of field test results at a preliminary examination, law enforcement officers are required to use the field tests specified in this regulation. The proposed amendments provide more specific information regarding the field tests currently listed and eliminate some ambiguity. The proposed amendments also will update the list by adding new technology.

The amendments to K.A.R. 10-22-1 are not anticipated to have any economic impact.
